

RFI NUMBER: HOACYS-HO-45268

Information is requested from appropriate role players with regards to proposals/approaches to reinstate the current signaling system (significantly less vulnerable to theft / vandalism) on the Coalline based on the current condition of the train authorization system (i.e., colourlight signaling).

SITE VISIT INFORMATION

There will be site visits at the specific depots on the Coalline during the week **4 – 8 March 2024**.

A proposed plan is detailed further below.

At the site visits, tenderers are to note the following:

- Tenderers are required to wear safety shoes, goggles, long sleeve shirts, high visibility vests and hard hats.
- Tenderers without the recommended PPE will not be allowed on the site walk.
- Tenderers and their employees, visitors, clients and customers entering Transnet Offices, Depots, Workshops and Stores will have to undergo breathalyzer testing.
- All forms of firearms are prohibited on Transnet properties and premises.
- The relevant persons attending the meeting must ensure that their identity documents, passports or drivers' licenses are on them for inspection at the access control gates.

Each depot can be visited from 4 to 8 March 2024. The tenderers that are interested to visit the sites, will meet at 8h00 at the depot at a day that will suit them. There will be a team available each day to take the bidders to site.

Please take note: The tenderers must be at the depot at 8h00, whereafter a safety Induction will be done before leaving to the various sites.

The details for the proposed sites are as follows:

Depot	Station	To meet at 8:00am at the follow addresses before departing to site:
