Dear Sir / Madam

**RAILWAY LINE SIDING MAINTENANCE**  
**ENQUIRY NO: MPMAJ11002GX**  
**MAJUBA POWER STATION**

After a clarification request from one of the suppliers with regards to our requested grading for the above enquiry, clarification was requested from CIDB. CIDB have indicated that **Regulations 25(1B)** states that if the contract is on an 'as and when required basis', routine based i.e. maintenance, grouped into similar components; that the annual amount is to be used to determine the CIDB grading.

This means that our criteria for CIDB on the Road maintenance contract is too high, and that we will need to have a follow up mandatory site meeting for suppliers who may not have attended the first meeting because they did not meet the CIDB requirements.

Please note the following changes:

- A second mandatory meeting will be arranged (for suppliers who attended the first meeting, attendance will not be mandatory)
- The tender submission date will be extended
- The CIDB requirements will be adjusted

Yours faithfully,

**M Prinsloo**  
**Official Procurement**
