

Technical drawing of a road cross-section. The road width is 15m. A drainage ditch with a width of 300W is shown on the right side. The offset from the road edge to the ditch centerline is ±6000mm. The drawing includes a scale bar and a north arrow.

The figure consists of two cross-sectional diagrams of a highway. The left diagram shows a cross-section with a 150 Y shoulder, a 300 W travel lane, and a 6756 FOR 1:15 slope. The right diagram shows a cross-section with a 150 Y shoulder, a 300 W travel lane, and a 9000 FOR 1:15 slope. Both diagrams include labels for 'SHOULDER', 'EXIT POINT', and 'I.P.'.
