To all Stake Holders

RE: The channels of reporting fraudulent and Corrupt Activities

The City of Johannesburg has a **zero-tolerance approach to Fraud, Theft, Corruption, Maladministration, and Collusion** by suppliers with employees.

To reinforce this commitment, more channels have been added to report any Fraudulent and Corrupt activities.

Instances of corporate fraud and misconduct remain a constant threat to service delivery. The City of Johannesburg took a resolution to adopt strategic interventions aimed at combatting fraud and corruption.

The City took a decision to centralize the reporting of fraudulent and corrupt activities through the establishment of an independent fraud hotline.

All people doing business with the Johannesburg Development Agency are encouraged to report any corrupt or illegal practice.

Employees are encouraged to report fraud, waste or other concerns suggestive of dishonest or illegal activities.

Anyone can report fraudulent and corrupt activities through one of the following channels:

- Toll free number: 0800-0025-87 (all official languages)
- Email Address: Hhistle@joburg.org.za
- Walk in: 48 Ameshhof Street, SAPPI Building, East Wing, 5th Floor
- Social Media Pages: Facebook (Group Forensic and investigation services GFIS) and Twitter (@cojgfs)
- Management Request and referrals: Various Departments and Entities

Let's join hands to take up the Fight against Fraud and Corruption in our society.

WE ENCOURAGE ALL PEOPLE DOING BUSINESS WITH US TO REPORT ANY CORRUPT OR ILLEGAL PRACTICE

PART T1: TENDERING PROCEDURES

T1.1 TENDER NOTICE AND INVITATION TO TENDER

CONTRACT No: JDA MC/GB/7

PANEL OF DEMOLITION CONTRACTORS (CIDB GRADE 2SE-4SE)

The Johannesburg Development Agency invites tenders for a panel of demolition contractors, registered with the CIDB Grade 2SE-4SE or Higher for Infrastructure work for a period of 36 months.

It is estimated that the tenderers should have a CIDB contractor grading designation of a minimum of 2SE- 4SE or higher. Joint ventures are eligible to submit tenders provided that they satisfy the criteria stated in the Tender Data.

Documents may be downloaded from the 14 March 2024 from the following websites:
www.jda.org.za and www.etenders.gov.za

Queries relating to the issue of these documents or the project may be addressed to Ms Lovemore Nkuna at 011 688 7800 or e-mail to: LNkuna@jda.org.za and any procurement related issues may be addressed to Ms, Kgadi Mphela at 011-688 7800 or e-mail to: KMphela@jda.org.za.

A compulsory tender briefing session with representatives of the Employer will take place at the Johannesburg Development Agency, The Bus Factory, 3 Helen Joseph Street, Newtown on 20 March 2024 starting at 11h00 to 12h00.

The closing time for receipt of tenders is 12h00 on the 18 April 2024. Telegraphic, telephonic, telex, facsimile, e-mail and late tenders will not be accepted.

Tenders must only be submitted on the tender documentation that is issued. The retyping of the tender document is not permitted. Requirements for sealing, addressing, delivery, opening and assessment of tenders are stated in the Tender Data.

The JDA's selection of qualifying tenders will be at the JDA's sole discretion and will be final. The JDA does not bind itself to accept any particular tender. Correspondence will be entered into with the successful tenderer.

“WE ENCOURAGE ALL PEOPLE DOING BUSINESS WITH US TO REPORT ANY CORRUPT OR ILLEGAL PRACTICE”

PART T1: TENDERING PROCEDURES

T1.2 TENDER DATA

The Conditions of Tender are the Standard Conditions of Tender as contained in Annex F of the CIDB Standard for Uniformity in Construction Procurement, (May 2010) as published in Government Gazette No 33239, Board Notice 86 of 2010 of 28 May 2010. (See www.cidb.org.za).

The Standard Conditions of Tender make several references to the Tender Data for details that apply specifically to this tender. The Tender Data shall have precedence in the interpretation of any ambiguity or inconsistency between it and the Standard Conditions of Tender.

Each item of data given below is cross-referenced to the clause in the Standard Conditions of Tender to which it applies.

JOHANNESBURG DEVELOPMENT AGENCY (JDA)

FORM A7: Certificate of Independent Bid Determination

I, the undersigned, in submitting the accompanying bid:

(Bid Number and Description)

in response to the invitation for the bid made by:

JOHANNESBURG DEVELOPMENT AGENCY

do hereby make the following statements that I certify to be true and complete in every respect:

I certify, on behalf of: _____ that:
(Name of Bidder)

1. I have read and I understand the contents of this Certificate;
2. I understand that the accompanying bid will be disqualified if this Certificate is found not to be true and complete in every respect;
3. I am authorized by the bidder to sign this Certificate, and to submit the accompanying bid, on behalf of the bidder;
4. Each person whose signature appears on the accompanying bid has been authorized by the bidder to determine the terms of, and to sign, the bid, on behalf of the bidder;
5. For the purposes of this Certificate and the accompanying bid, I understand that the word "competitor" shall include any individual or organization, other than the bidder, whether or not affiliated with the bidder, who:
 - (a) has been requested to submit a bid in response to this bid invitation;
 - (b) could potentially submit a bid in response to this bid invitation, based on their qualifications, abilities or experience; and
6. The bidder has arrived at the accompanying bid independently from, and without consultation, communication, agreement or arrangement with any competitor. However, communication between partners in a joint venture or consortium³ will not be construed as collusive bidding.
7. In particular, without limiting the generality of paragraphs 6 above, there has been no consultation, communication, agreement or arrangement with any competitor regarding:
 - (a) prices;
 - (b) geographical area where product or service will be rendered (market allocation)
 - (c) methods, factors or formulas used to calculate prices;
 - (d) the intention or decision to submit or not to submit, a bid;
 - (e) the submission of a bid which does not meet the specifications and conditions of the bid; or

- (f) bidding with the intention not to win the bid.
- 8. In addition, there have been no consultations, communications, agreements or arrangements with any competitor regarding the quality, quantity, specifications and conditions or delivery particulars of the products or services to which this bid invitation relates.
- 9. The terms of the accompanying bid have not been, and will not be, disclosed by the bidder, directly or indirectly, to any competitor, prior to the date and time of the official bid opening or of the awarding of the contract.
- 10. I am aware that, in addition and without prejudice to any other remedy provided to combat any restrictive practices related to bids and contracts, bids that are suspicious will be reported to the Competition Commission for investigation and possible imposition of administrative penalties in terms of section 59 of the Competition Act No. 89 of 1998 and or may be reported to the National Prosecuting Authority (NPA) for criminal investigation and or may be restricted from conducting business with the public sector for a period not exceeding ten (10) years in terms of the Prevention and Combating of Corrupt Activities Act No. 12 of 2004 or any other applicable legislation.

FORM A16: Declaration of Bidder’s Past Supply Chain Management Practices (MBD 8)

DECLARATION OF BIDDER’S PAST SUPPLY CHAIN MANAGEMENT PRACTICES

- 1 This Municipal Bidding Document must form part of all bids invited.
- 2 It serves as a declaration to be used by municipalities and municipal entities in ensuring that when goods and services are being procured, all reasonable steps are taken to combat the abuse of the supply chain management system.
- 3 The bid of any bidder may be rejected if that bidder, or any of its directors have:
 - a. abused the municipality’s / municipal entity’s supply chain management system or committed any improper conduct in relation to such system;
 - b. been convicted for fraud or corruption during the past five years;
 - c. willfully neglected, reneged on or failed to comply with any government, municipal or other public sector contract during the past five years; or
 - d. been listed in the Register for Tender Defaulters in terms of section 29 of the Prevention and Combating of Corrupt Activities Act (No 12 of 2004).
- 4 **In order to give effect to the above, the following questionnaire must be completed and submitted with the bid.**

Item	Question	Yes	No
4.1	Is the bidder or any of its directors listed on the National Treasury’s database as a company or person prohibited from doing business with the public sector? (Companies or persons who are listed on this database were informed in writing of this restriction by the National Treasury after the <i>audi alteram partem</i> rule was applied).	Yes <input type="checkbox"/>	No <input type="checkbox"/>
4.1.1	If so, furnish particulars:		
4.2	Is the bidder or any of its directors listed on the Register for Tender Defaulters in terms of section 29 of the Prevention and Combating of Corrupt Activities Act (No 12 of 2004)? (To access this Register enter the National Treasury’s website, www.treasury.gov.za, click on the icon “Register for Tender Defaulters” or submit your written request for a hard copy of the Register to facsimile number (012) 3265445).	Yes <input type="checkbox"/>	No <input type="checkbox"/>
4.2.1	If so, furnish particulars:		

Item	Question	Yes	No
4.3	Was the bidder or any of its directors convicted by a court of law (including a court of law outside the Republic of South Africa) for fraud or corruption during the past five years?	Yes <input type="checkbox"/>	No <input type="checkbox"/>
4.3.1	If so, furnish particulars:		
4.4	Does the bidder or any of its directors owe any municipal rates and taxes or municipal charges to the municipality / municipal entity, or to any other municipality / municipal entity, that is in arrears for more than three months?	Yes <input type="checkbox"/>	No <input type="checkbox"/>
4.4.1	If so, furnish particulars:		
4.5	Was any contract between the bidder and the municipality / municipal entity or any other organ of state terminated during the past five years on account of failure to perform on or comply with the contract?	Yes <input type="checkbox"/>	No <input type="checkbox"/>
4.7.1	If so, furnish particulars:

2.3 [1.1]	The site is situated in: TBA
2.4 [12.1.5]	Possession of the site : TBA
2.5 [12.2.7]	The period for the commencement of the works after the contractor takes possession of the site is 5 working days, provided that all guarantees, insurances, construction permits, etc. are in place as no extension of time will be granted to the Contractor in failing to provide these documents timeously.
2.6 [20.1]	Completion of the works in sections is required: TBA
2.7 [25.14.2]	Waiver of the contractor's lien or right on continuing possession is required: Yes
2.8 [B 7.0]	Defined restrictions to the site area: The contractor is to adhere to strict working time
2.9 [B 16.0]	Geotechnical investigation of the site has been undertaken: Yes
2.10 [B 7.0]	Existing premises will be occupied: No
2.11 [B 16.0]	Provision of temporary services is required: YES (As described below)
	Service

JOHANNESBURG DEVELOPMENT AGENCY (JDA)

Clause	Data
	Water A
	Electricity A
	Telecom A
	Ablutions A
	Note: Option A = Contractor at his cost; Option B = Employer free of charge; Option C = Employer metered (contractor cost)
2.12 [B 16.0]	Protection of existing trees and shrubs is required: Yes - to be identified on site
3.1 [10.1.1]	Contract works insurance is to be effected by the: • Contractor • For an amount of Contract Sum + 20%
3.2 [10.1.2]	Supplementary insurance: is to be effected by the • Contractor • For an amount of Contract Sum + 20%
3.3 [10.1.3]	Public liability insurance is to be effected by the • Contractor • For the sum of R10 million
4.0 [19.1.2 24.1-3]	For the works as a whole: The date for practical completion is 10 Months from date of site handover. The penalty per calendar day is R17 412.00
5.1 [5.6]	Construction documents copies to be supplied to the contractor free of charge: Three copies of the drawings
5.2 [5.4]	The priced document may be used as a specification of materials and goods and work methods: No
5.3	The contractor shall provide a schedule of rates: No (The completed Bills of Quantities must be supplied)
5.4 [3.11]	Changes made to JBCC standard document: Yes - refer to the additions, deletions and alterations to the JBCC Principal Building Agreement as listed under Clause 6.0 below.
5.5	On acceptance of the tender the priced document is to be submitted within:

Clause	Data
	Not Applicable - Fully priced BOQ to be submitted with tender
5.6 <i>[B 10.0]</i>	Work to be undertaken by direct contractors : None anticipated at present, but the Employer has the right to employ direct contractors at a later date.
5.7 <i>[19.3.3]</i>	On achievement of practical completion, the contractor is to hand over: All required manuals etc. related to the works which must include but not limited to: Electrical, Electronic, HVAC, Plumbing & Drainage, Fire Fighting, Waterproofing, etc.
5.8 <i>[25.1]</i>	The interim payment certificate: 25 th of every month
<i>[25.3.4]</i>	The contract value shall not be adjusted according to CPAP and shall be a fixed priced contract
6.0	CHANGES MADE TO THE STANDARD JBCC DOCUMENT ARE:
	<p>The JBCC Principal Building Agreement makes several references to the Contract Data for specific data, which together with these conditions collectively describe the risks, liabilities and obligations of the contracting parties and the procedures for the administration of the Contract. The Contract Data shall have precedence in the interpretation of any ambiguity or inconsistency between it and the JBCC Principal Building Agreement.</p> <p>Each item of data given below is cross-referenced to the clause in the JBCC Principal Building Agreement to which it mainly applies.</p> <p>The additions, deletions and alterations to the JBCC Principal Agreement are:</p>
1.0	<p>DEFINITIONS AND INTERPRETATION</p> <p>Clause 1.1 is deemed to be amended by the addition and amendments of the following:</p> <p>Change the Definition of "AGREEMENT" to read as follows: AGREEMENT means the agreement arising from the signing of the Form of Offer and Acceptance by the parties.</p> <p>Change the Definition of "CONSTRUCTION PERIOD" to read as follows: The period commencing on the date of site hand over and ending on the date of practical completion.</p> <p>Change the Definition of "CONTRACT DOCUMENTS" to read as follows: The agreement and all documents referenced therein. The contract documents shall be taken to be mutually explanatory of one another but in the event of ambiguity, discrepancy, divergence or inconsistency in or between them, the JBCC Principal Building Agreement as amended in the contract data shall prevail over all other contract documents.</p> <p>Change the Definition of "CONTRACT SUM" to read as follows:</p>

Clause	Data
	<p>The total of prices in the Form of Offer and Acceptance.</p> <p>EXCEPTIONALLY INCLEMENT WEATHER means weather which is not only extreme or severe but exceeding that which, on the evidence of the past ten years, could reasonably be expected.</p>
2.0	<p>LAW, REGULATIONS AND NOTICES</p> <p>Clause 2.0 is amended by the addition of the following new clauses:</p> <p>2.5 The contractor shall take all reasonable precautions to maintain the health and safety of persons in and about the execution of the works. Without limitation the contractor hereby:</p> <p>2.5.1 Accepts that the employer will appoint him as the “Principal Contractor” (as defined and provided for under the Construction Regulations 2014 (as amended), promulgated under the Occupational Health & Safety Act 85 of 1993 (as amended) (“the Construction Regulations”)) for the site and the contractor shall enter into and comply with the Occupational Health and Safety Agreement and the Agreement in terms of Section 37(2) of the Occupational Health and Safety Act No 85 of 1993 attached hereto as Annexure B ;</p> <p>2.5.2 Acknowledges and confirms that the contract sum includes a sufficient amount for proper compliance with the employer’s health and safety specification attached as Annexure C, the Construction Regulations, all applicable health & safety laws and regulations and the health and safety rules, guidelines and procedures provided for in this agreement and generally for the proper maintenance of health and safety in and about the execution of works; and</p> <p>2.5.3 Undertakes, in and about the execution of the works, to comply with the Construction Regulations, health and safety specification and with all applicable health and safety laws and regulations and rules and guidelines and procedures otherwise provided for under the agreement and shall ensure that all subcontractors, employees and others under the contractor’s direction and control, likewise observe and comply with the foregoing.</p>
4.0	<p>CESSIONS AND ASSIGNMENT</p> <p>Clause 4.1 is deleted and replaced with the following: The contractor shall not assign the whole or any part of the agreement or cede or delegate any right or obligation in or under the agreement. Any purported assignment, cession or delegation by the contractor without the prior written consent of the employer (which the employer may grant in its sole and absolute discretion) shall be null and void. The employer may, on written notice to the contractor, assign the whole or any part of the Contract or cede or delegate any right or obligation in or under the agreement.</p> <p>Clause 4.0 is amended by the addition of the following new clause as clause 4.4:</p> <p>The contractor will not be relieved of any of the contractor’s obligations under the agreement, because it has subcontracted all or part of the works to any third party. The contractor shall</p>

Clause	Data
	<p>remain responsible and liable to the employer for the acts, omissions and defaults of such third parties as if they were acts, omissions and defaults of the contractor</p>
5.0	<p>DOCUMENTS</p> <p>Amend clause 5.2 by adding the following wording to the end of clause 5.2: No variation, amendment, or consensual cancellation of the agreement or any provision or term thereof (including this clause) shall be binding or have any force or effect unless reduced to writing and signed by or on behalf of the parties (by duly authorised representatives). Without derogating from the foregoing, no agreement or purported agreement reached at any project review or other meeting, notwithstanding that it may be contained in any minute signed by or on behalf of the parties, shall constitute an amendment to the agreement unless and until incorporated in a formal addendum to the agreement signed by or on behalf of the parties (by duly authorised representatives);</p> <p>Clause 5.6 is amended by the addition of the following: Outside of this, the contractor shall be deemed to have made appropriate allowances for plotting and printing of construction information for itself and for issuing to subcontractors.</p> <p>Clause 5 is amended by the addition of a new Clause 5.7 as follows: As between the JBCC Principal Building Agreement and the special conditions, the special conditions shall prevail.</p>
6.0	<p>EMPLOYER'S AGENTS</p> <p>Clause 6.5 is deleted and replaced with the following:</p> <p>6.5 "Should the principal agent or any agent be unable to act or cease to be an agent, the employer shall inform the contractor of the new principal agent or agent appointed.</p>
7.0	<p>DESIGN RESPONSIBILITY</p> <p>Clause 7.0 is amended by the addition of the following clauses to the end thereof:</p> <p>7.4 Notwithstanding the provisions of clause 7.2, the contractor is to ensure that nominated, selected or domestic subcontractors shall simultaneously with the signing of the relevant nominated, selected or domestic sub-contract sign and deliver to the employer a design materials and workmanship warranty and undertaking in favour of the employer.</p> <p>7.5 Any subcontractor whose subcontract involves design work will be required to provide to the employer evidence of "professional indemnity" insurance for such design work.</p> <p>If the contractor fails to obtain the necessary design warranties and / or indemnities from the subcontractors, the design responsibility shall be deemed to devolve upon the contractor"</p>

Clause	Data
9.0	<p>INDEMNITIES</p> <p>Clause 9.1 is amended by the addition of the following clause to the end thereof:</p> <p>9.1.4 The contractor indemnifies and holds harmless the employer against all liability, losses, claims, damages, penalties, actions, proceedings or judgments (collectively referred to as “Losses”) arising from any infringement of letters, patent design, trademark, name, copyright or other protected rights in respect of any machine, plant, work, materials, thing, system or method of using, fixing, working or arrangement used or fixed or supplied by the contractor, but such indemnity shall not cover any use of the equipment of part thereof otherwise than in accordance with the provisions of the specification. All payments and royalties payable in one sum or by instalments or otherwise shall be included by the contractor in the price and shall be paid by him to those to whom they may be payable. The contractor shall reimburse the employer for all legal and other costs and expenses, including without limitation attorney’s fees on attorney-client scale incurred by the employer in connection with investigation, defending or settling any Losses in connection with pending or threatening litigation in which the employer is a party.</p> <p>Clause 9.2.7 is deleted.</p>
11.0	<p>SECURITY</p> <p>Clause 11.1 is deleted and replaced with the following clause:</p> <p>11.1 The contractor shall provide the security as stated in the contract data. Such security shall be provided to the employer within twenty-one (21) calendar days of acceptance of the contractor’s tender.</p> <p>Clause 11.1.2 is deleted and replaced with the following clauses:</p> <p>11.1.2 The employer has selected the security in terms of clause 11.0, which is a fixed construction guarantee and payment reduction. This guarantee is to be issued by the contractor:</p> <p>11.1.2.1 The contractor shall furnish the employer with a fixed construction guarantee equal in value to ten per cent (10%) of the contract sum within fourteen (14) calendar days from the offer of appointment date</p> <p>11.1.2.2 The fixed construction guarantee shall come into force, be administered and expire in terms of the construction guarantee form included under Part C1 Agreement and Contract Data, Clause C1.3 Construction Guarantee.</p> <p>11.1.2.3 The employer shall return the fixed construction guarantee to the contractor within fourteen (14) calendar days of its expiring.</p> <p>11.1.2.4 The payment reduction to the value certified in a payment certificate shall be made [31.8, 34.8].</p>

Clause	Data
	<p>11.1.2.5 Where the employer has a right of recovery against the contractor [33.0], the employer may issue a written demand in terms of the fixed construction guarantee or may recover from the payment reduction [33.4] or both.</p> <p>Clause 11.5 is deleted</p> <p>Clause 11.6 is deleted</p> <p>Clause 11.7 is deleted and replaced with the following:</p> <p>In the event that the contract value increases during the course of the agreement by an amount equal to ten per cent (10%) or more of the contract sum, then upon written request from the principal agent, the contractor shall, within ten (10) working days of such request, arrange to have the guaranteed sum under the guarantee for construction increased so that it equals, as applicable, ten per cent (10%) (for the variable form) or five per cent (5%) (for the fixed form) of the contract value. The approved cost of increasing the guarantee for construction shall be added to the contract value. If the contractor is so required to increase the guaranteed sum, no further amounts shall be certified or paid to the contractor until the guarantee sum has been increased as required.</p> <p>Clause 11.10 is amended by deleting the following words from the clause “on receipt of a guarantee for payment from the employer”</p>
12.0	<p>OBLIGATIONS OF THE PARTIES</p> <p>A new clause 12.4 “Principal Agent Functions” shall be inserted as follows:</p> <p>Clause 12.4.1</p> <p>Whenever the principal agent intends, in terms of the contract, to exercise any discretion, or make or issue any ruling, contract interpretation or price determination, they shall first consult with the contractor and the employer in an attempt to reach agreement. Failing agreement, the principal agent shall act impartially and make a decision in accordance with the contract, taking into account all relevant facts and circumstances.</p> <p>Clause 12.4.2</p> <p>In the event that the principal agent is required in terms of their appointment to obtain specific approval from the employer for carrying out any part of their functions or duties, such requirement shall be set out in the contract data.</p> <p>A new clause 12.5 “Rate of Progress” shall be inserted as follows:</p> <p>If, at any time:</p> <p>actual progress is too slow to complete the works on the date for practical completion; and/or progress has fallen (or will fall) behind the current programme submitted under clause 12.2.6.2 other than as a result of a cause listed in clause 23, then the principal agent may instruct the contractor to submit, a revised programme and supporting report describing the revised</p>

Clause	Data
	<p>methods which the contractor proposes to adopt in order to expedite progress and complete on the date for practical completion.</p> <p>Unless the principal agent notifies otherwise, the contractor shall adopt these revised methods, which may require increases in the working hours and/or in the numbers of contractor's personnel, at the risk and cost of the contractor. If these revised methods cause the employer to incur additional costs, such additional cost shall be deducted from the amount due to the contractor.</p> <p>A new clause 12.6 is added as follows:</p> <p>Notwithstanding anything to the contrary in the agreement, the contractor acknowledges that access to the works after the date of practical completion is subject to the prior consent of the principal agent (and in turn subject to the consent of the occupants or management of that part of the works).</p> <p>A new clause 12.7 is added as follows:</p> <p>The contractor shall comply with the social and economic development obligations (including the appointment of SMME's) as set out in Schedule A (Scope of Work). If the actual cost incurred by the contractor in complying with its social and economic development obligations is greater than the cost allocated to this aspect of the Scope of Work in the bills of quantities, the contractor will not be entitled to claim such additional cost from the employer. Furthermore, if the actual subcontract price for works and/or services to be undertaken by any of the SMME subcontractors is higher than the applicable amount allocated in the bills of quantities, the shortfall shall be solely for the contractor's account.</p>
13.0	<p>SETTING OUT</p> <p>Clause 13.2 is amended by the addition of the following:</p> <p>Notify the principal agent of any encroachments of adjoining foundations, buildings, structures, pavements, boundaries, services, etc. in order that the necessary arrangements may be made for the rectification of any such encroachments.</p> <p>Cause 13.0 is amended by the addition of the following clauses at the end thereof</p> <p>13.2 The contractor shall continuously perform tolerance control checks throughout the contract period and report on these at regular intervals to the principal agent in a format approved by the principal agent.</p> <p>Should the contractor fail to comply with this requirement to the satisfaction of the principal agent, progressively as the structure is constructed, the employer shall be entitled to commission a registered land surveyor to do so on the contractor's behalf and at the contractor's expense.</p> <p>13.3 The contractor shall provide general attendance and all reasonable assistance to the abovementioned or any other land surveyor who may be appointed by the employer.</p>

Clause	Data
16.0	<p>DIRECT CONTRACTORS</p> <p>Clause 16.1.3 is amended by the addition of the following at the end of the Clause:</p> <p>Provided that, the contractor is considered to have allowed for delays and disruptions to the works, which an experienced contractor exercising due care would have anticipated as a result of the work or other activities (including concurrent activities) of other contractors in a project of the nature of this project. The contractor is likewise considered to have allowed for the co-ordination and integration of the works with the works of direct contractors which an experienced contractor exercising due care would have allowed for in the works for a project of the nature of this project. Clause [9.2.2] and [23.2.9] shall only be applied having due regard to this provision.</p>
17.0	<p>CONTRACT INSTRUCTIONS</p> <p>Clause 17.1 is amended by the addition of the following:</p> <p>Changes to the sequence and timing of the works, including acceleration.</p>
19.0	<p>PRACTICAL COMPLETION</p> <p>Clause 19.0 is amended by the addition of the following clauses to the end thereof:</p> <p>19.8 Without derogating from the generality of the requirements for practical completion the following specific requirements shall apply:</p> <p>19.8.1 Defects occurring after the issue of the practical completion list requiring remedial work that will in the opinion of the principal agent cause disruption will cause the issue of the certificate of practical completion to be withheld until such defects have been rectified to the satisfaction of the principal agent.</p> <p>19.8.2 The following certificates of compliance shall be required (excluding others that may be required by the local / national authority) from the contractor to achieve practical completion:</p> <ul style="list-style-type: none"> a) A certificate from the contractor that all aspects of the construction regulations of 2014 have been complied with. b) A certificate from the contractor that the National Building Regulations have been complied with c) A certificate of compliance with respect to plumbing and drainage d) An electrical certificate of compliance e) A certificate of compliance and fire clearance certificate from the contractor and fire chief respectively. f) A painting guarantee. g) A mechanical certificate of compliance. h) A structural certificate of compliance. i) A waterproofing certificate of compliance. j) A glazing certificate of compliance k) Any other applicable guarantees. <p>19.8.3 A complete set of maintenance and operating manuals together with all workmanship and material warranties and guarantees are to be compiled and</p>

Clause	Data
	<p>issued to the principal agent prior to practical completion being granted. In addition to the abovementioned documentation a formal "on site" handover will be required to be conducted with every discipline in the presence of the contractor as well as the applicable services subcontractor.</p> <p>19.9 After the issue of the certificate of practical completion, entry upon the works to make good defects shall be at such reasonable times as shall be agreed by the principal agent.</p>
21.0	<p>DEFECTS LIABILITY PERIOD AND FINAL COMPLETION</p> <p>Clause 21.9 is amended as follows: the cross reference to “[21.6]” shall be deleted and replaced with “[21.6; 21.7]”</p>
22.0	<p>LATENT DEFECTS LIABILITY PERIOD</p> <p>Clause 22.1 is amended by replacing the 5-year period with a 10-year period.</p> <p>Clause 22.3.1 is amended by replacing the 5-year period with a 10-year period.</p>
23.0	<p>REVISION OF DATE OF PRACTICAL COMPLETION</p> <p>Clause 23.1.1 shall be deleted and replaced with the following:</p> <p>23.1.1 Exceptionally inclement weather</p> <p>"Exceptionally inclement weather" shall be defined as weather conditions in excess of the monthly average recorded for the past 10 (ten) years by the nearest commonly recognised weather bureau in the region of the project.</p> <p>The contractor shall be deemed to have allowed in his programme for the works and opposite this item or in his rates, for the cost of all delays as a result of weather conditions which are average.</p> <p>A delay caused by exceptionally inclement weather conditions will be regarded as a delay only if, in the opinion of the principal agent, all progress on an item or items of work on the critical path of the working programme of the contractor has been brought to a halt. Delays on working days only (based on a five-day working week) will be taken into account for the extension of time, but the contractor shall make provision in his programme of work for an expected delay of "n" working days caused by normal rainy weather, for which he will not receive any extension of time, where "n" equals 30 days. Extension of time during working days will be granted to the degree to which actual delays, as defined above, exceed the number of "n" workings days.</p> <p>The first line of clause 23.4.2 is amplified and amended to read as follows:</p> <p>Within twenty (20) working days (unless the circumstance in question is the adverse effects of weather conditions [23.1.1], in which case within five (5) working days) from the date upon which the contractor became aware, or ought reasonably to have become aware of such delay, give notice to the principal agent of the intention to submit a claim for a revision to the</p>

Clause	Data
	<p>date for practical completion, failing which the contractor shall forfeit such claim.</p> <p>Clause 23.4.2 is further amplified by the addition of the following as a new paragraph (with no number) at the end of Clause 23.4.2:</p> <p>The contractor shall maintain accurate records of exceptionally inclement weather at the site in the contractor's site-daily-diary and shall, within two (2) hours of the start of any weather conditions which could cause a delay to practical completion, give notice thereof to the principal agent (together with a copy of the relevant page of the site-daily-diary).</p> <p>Clause 23.7 is amended as follows:</p> <p>The principal agent shall, within fifteen (15) working days of receipt of the claim, grant in full, reduce or refuse the workings days claimed.</p> <p>Clause 23.0 is amended by the addition of the following clauses to the end thereof:</p> <p>23.9 Revision to the date for practical completion shall only be considered when work on the critical path of the agreed programme for the works is delayed.</p> <p>23.10 Notwithstanding anything to the contrary the contractor shall not be entitled to a revision of the date for practical completion for delays arising from municipal or other interruption in energy supply to the site</p> <p>23.11 If a delay caused by a matter which is the employer's responsibility or risk is concurrent with a delay caused by a matter which is the contractor's responsibility or risk, the contractor's entitlement to a revision of the date for practical completion shall be reduced to the extent of such concurrent delay.</p> <p>23.12 Revision to the date for practical completion shall only be considered when works on the critical path of the agreed programme are delayed.</p> <p>23.13 A delay caused by exceptionally inclement weather conditions will be regarded as a delay only if, in the opinion of the principal agent, all progress on an item or items of work on the critical path of the working programme of the contractor has been brought to a halt. Delays on working days only (based on a five-day working week) will be taken into account for the extension of time, but the contractor shall make provision in his programme of work for an expected delay of "n" working days caused by normal rainy weather, for which he will not receive any extension of time, where "n" represents [x] days. Extension of time during working days will be granted to the degree to which actual delays, as defined above, exceed the number of "n" working days.</p> <p>23.14 Pandemics and Epidemics</p> <p>23.14.1 Notwithstanding any other provision in the agreement, the parties agree that if there are any restrictions, impediments or other impacts on either party's ability to perform obligations herein due to any pandemic or epidemic ("Restrictions"), then subject to Sub-Clauses 23.14.2 and 23.14.3, such Restrictions shall relieve the applicable party from its affected obligations, for so long as the applicable party is prevented from performing those obligations, but there shall be no entitlement to an adjustment of the contract value, losses or expenses in connection therewith.</p>

Clause	Data
	<p>23.14.2 Any restrictions which existed on the date of acceptance by the employer, or which were reasonably foreseeable on such date, are deemed to be within the contemplation of the parties and accordingly, shall not be taken into account for the purposes of Sub-Clause 23.14.1 and shall not constitute force majeure.</p> <p>23.14.3 The contractor shall invoke its Business Continuity Plan (as set out in Schedule B) in response to any adverse impact on the works caused by any pandemic or epidemic, or where either party considers that such an adverse impact is reasonably likely to arise. The contractor shall not be entitled to relief under Sub-Clause 23.14.1 until the measures set out in the Business Continuity Plan have been exhausted.</p> <p>23.14.4 The parties agree that the introduction of any restriction(s) shall not constitute force majeure.</p>
25.0	<p>PAYMENT</p> <p>Clause 25.2 is deleted and replaced by the following:</p> <p>25.2 The principal agent shall issue an interim payment certificate every month until the issue of the final payment certificate. The contractor is to issue his payment requisition to the quantity surveyor by the 15th of each month in preparation for the quantity surveyor to issue a valuation to the principal agent by the 23rd of each month, failure to submit a claim will entitle the quantity surveyor to submit a reasonable value for the works done. The payment certificate shall be issued on the date stated and may be for a nil or negative amount.</p> <p>Clause 25.3 is amended by adding the following as clause 23.3.12:</p> <p>“A report setting out the progress of the works”</p> <p>Clause 25.5 is amended by the deletion of the first sentence and replaced with the following:</p> <p style="padding-left: 40px;">Materials and goods shall not, as a general rule, be included in the value certified. Should the principal agent agree, such materials and goods shall be included in the value certified only where, to the satisfaction of the principal agent, the contractor has issued a bank guarantee to the employer in a format to be approved by the principal agent.</p> <p>Clause 25.10 is amended by replacing the 14-day period with a 30-day period.</p> <p>Clause 25.12 is amended as follows:</p> <p>Clause 25.12.1 is deleted and replaced with the following:</p> <p>25.12.1 Ninety per cent (90%) of such value in interim payment certificates issued up to the date of practical completion.</p> <p>Clause 25.12.2 is deleted and replaced with the following:</p> <p>25.12.2 Ninety-five per cent (95%) of such value in interim payment certificates issued on to the date of practical completion and up to but excluding the date of final completion</p>

Clause	Data
	<p>Clause 25.10 is deleted and replaced with the following:</p> <p>25.10 The employer shall pay to the contractor the amount certified in an interim payment certificate within thirty (30) calendar days of the date of receipt of the contractor's tax invoice for the amount certified.</p> <p>Clause 25.15 is deleted and replaced with the following clause:</p> <p>25.15 The employer shall pay the contractor the amount certified in the final payment certificate within thirty (30) calendar days of the date of issue of the final payment certificate subject to the contractor giving the employer a tax invoice for the amount due.</p> <p>Clause 25.16 is deleted and replaced with the following clause:</p> <p>25.16 The contractor shall accept or object to the final account within forty-five (45) calendar days of receipt thereof. On acceptance, or should the contractor not object with reasons to the final account within such period, the principal agent shall issue the final payment certificate.</p> <p>Insert the following new clause as clause 25.17:</p> <p>25.17 In respect of any amount payable to the contractor in terms of the agreement:</p> <p>25.17.1 The employer may deduct from such payment any amount to which he is entitled in terms of this agreement, or by law to set off against such payment, and shall state, in a written notice to the contractor, the reasons for such deductions.</p>
26.0	<p>ADJUSTMENT OF THE CONTRACT VALUE AND FINAL ACCOUNT</p> <p>Clause 26.6 is amended by adding the following at the end of the clause: failing which such claim shall be forfeited.</p> <p>Clause 26.7 is amended as follows:</p> <p>The principal agent shall make a fair assessment of the claim [26.6] and adjust the contract value within fifteen (15) working days of receipt of such detail.</p> <p>Clause 26.0 is amended by the addition of the following:</p> <p>26.14 Where prices are submitted by the contractor or n/s subcontractor during the progress of the works in respect of contract instructions or in regard to a claim under the terms of the agreement and notwithstanding the fact that such prices may be used in an interim payment certificate, there shall be no presumption of acceptance.</p> <p>26.15 The contractor shall carry the risk of any events or circumstances arising as a result of local pressure groups disrupting or attempting to disrupt the works and the contractor</p>

Clause	Data
	<p>shall take all necessary preventative measures, at its own cost, to minimise the risks to the site, the works and the personnel and workers of the contractor, the subcontractors and the employer, associated with such local pressure groups and their actions (whether threatened or actual). The contractor shall not be entitled to claim any relief from its obligations, any extension of time or additional payment as a result of such events or circumstances causing delay, disruption and/or damage.</p>
27.00	<p>RECOVERY OF EXPENSE AND/OR LOSS</p> <p>Clause 27.2.1 is amended by the addition of the following at the end of this clause: (including, without limitation, fines, spot fines, penalty fines, other fines, forfeit of guarantees, deposits, etc. to local authorities or other entities incurred by reason of the contractor's failure to comply with the environmental management plan or other requirements for the execution of the works).</p>
29.0	<p>TERMINATION BY THE EMPLOYER</p> <p>Clause 29.1 is amplified by the addition of the following additional paragraph: The employer may terminate this agreement by giving written notice of termination where (i) a contractor insolvency event occurs; (ii) the contractor attempts or purports, save to the extent permitted under the agreement, to cede any of its rights or delegate any of its obligations under or in terms of the agreement to any third party, (iii) the contractor has committed or commits any corrupt act in relation to the procurement, entering into or execution of this agreement or generally in connection with the works; (iv) the contractor has committed, engaged in or engages in any collusive practice in connection with this agreement or generally in connection with the works.</p> <p>Clause 29.1 is amended by the addition of the following clauses to the end thereof:</p> <p>29.1.4 The contractor's refusal or neglect to comply strictly with any of the conditions of contract.</p> <p>29.1.5 The contractor's estate being sequestrated, liquidated or surrendered in terms of the insolvency laws in force with the Republic of South Africa.</p> <p>29.1.6 The contractor, in the judgment of the employer, has engaged in corrupt or fraudulent practices in competing for or in executing the contract.</p> <p>29.1.7 The contractor fails to perform in terms of the agreement or the employer on reasonable ground believe that the contractor may not be able to comply with his obligation.</p> <p>Clause 29.13 is deleted.</p> <p>Clause 29.14.1 is deleted.</p>
30.0	<p>DISPUTE RESOLUTION</p> <p>Clause 30.3 is amended as follows:</p>

Clause	Data
	<p>The dispute shall be referred to mediation [30.8] within ten (10) working days of the expiry of the period [30.2] by means of a notice of mediation by the party (the referring party) which gave the notice of disagreement.</p> <p>Clause 30.4 is amended as follows: The notice of mediation shall clearly define the scope of the dispute and the relief sought by mediation.</p> <p>Clause 30.5 shall be amended as follows: Failure to comply with the procedure described [30.8] shall cause the dispute to be resolved by adjudication and not by mediation.</p> <p>Clause 30.8 is amended as follows: If the parties fail to resolve the dispute among themselves [30.1] parties shall refer a dispute to mediation, in which event:</p> <p>Clause 30.8.1 is deleted.</p>
31.0	<p>NEW CLAUSE – SMALL CONTRATOR AND TARGETED ENTERPRISE DEVELOPMENT</p> <p>New Clause 31.0 is added, as follows:</p> <p>The penalty for failing to achieve the monetary value of the target set by the Employer for contract participation by Targeted Enterprises and local SMME contractors in terms of Small Contractor Development of section C3.3 Particular Specifications in Part C3: Scope of Works, is as follows:</p> <p>For SMME:</p> <ul style="list-style-type: none"> • If the Contractor fails to ensure and prove that 40% of the 30% SMME Target Spend is met at the time that 50% of the total contract period is reached, the Employer may, at the Employer's discretion, step in to facilitate the Target being met for which such costs will be recovered from the Contractor through the Recovery Statement • If the Contractor fails to ensure and prove that 60% of the 30% SMME Target Spend is met at the time that 75% of the total contract period is reached, the Employer shall, at the Employer's discretion, apply a Penalty of 50% of the shortfall (shortfall = 75% of 30% Target minus Actual Proven Amount Spent) on the 30% SMME Target Spend Value • If the Contractor fails to ensure and prove that 100% of the 30% SMME Target Spend is met at the time that 95% of the total contract period is reached, the Employer shall, at the Employer's discretion, apply a Penalty of 50% of the shortfall (shortfall = 75% of 30% Target minus Actual Proven Amount Spent) on the 30% SMME Target Spend Value • Notwithstanding anything to the contrary herein, the Contractor will not be relieved of the Contractor's obligation to pay all amounts due to an SMME(s), on a fortnightly and/or monthly basis, regardless of when the Contractor receives payments from the Employer. Should the Contractor fail to fulfil this obligation the Employer shall, at the Employer's discretion, apply a penalty of 10% of the amount(s) due to the SMME(s) on a monthly basis and pay a portion of such amounts (for which such portion shall be determined at the Employer's discretion) directly to the affected SMME(s) Notwithstanding the Contractor's obligation to meet the respective Target Spends, the Contractor shall

Clause	Data
	<p>provide a status report on the progress of meeting this target in the requisite Progress Reports.</p> <p>Furthermore, it is a condition of this tender that the successful contractor is required to take full responsibility of managing all appointed Sub-contractors and the quality of their works. This includes ensuring that approved invoices of Sub-contractors are paid within seven days. Failure to paid Sub-contractors within seven days of approving their invoices, the JDA reserves the right to pay the Sub-contractors directly and recovery all the cost from the Contractor.</p> <p>31.10 The contractor shall give the principal agent reasonable prior written notice of the identity of all proposed domestic subcontractors (i.e. all subcontractors other than nominated and selected subcontractors), and the principal agent shall be entitled, acting reasonably, to raise concerns regarding the experience, skills and/or reputation of such subcontractors. The contractor shall take such concerns into account, but the decision on the appointment of such subcontractors shall remain solely the contractor's.</p> <p>31.20 All work or installations and the associated risks related to domestic subcontractors shall be the sole responsibility of the contractor, whether or not the principal agent raises any concerns pursuant to Clause 31.1.</p>
32.0	<p>NEW CLAUSE – PROGRESS REPORTS AND PROGRAMME UPDATES</p> <p>New Clause 32.0 is added, as follows:</p> <p>The Contractor is to generate progress reports and programme updates in the format to be provided by the Employer failing which Penalties will be applied as follows:</p> <ul style="list-style-type: none"> • EPWP Targets & Reporting - The Contractor shall ensure that EPWP Targets and Reporting requirements are met at all times. Reporting shall be in the format to be provided by the Employer and at intervals prescribed by the Employer. The penalty for failure, on the part of the Contractor, to submit any EPWP Reports (including all requisite back-up documentation) on the 20th day of each month (or the previous working day should the 20th fall on a non-working day) until the issue of the Certificate of Practical Completion shall be subject to a penalty of R1000.00 per report per calendar day, until the report is submitted and shall not be reversible. The Contractor shall report on the progress of all aspects relating to the Contract as requested in the report format to be provided by the Employer. • Monthly Progress Reporting: The penalty for failure, on the part of the Contractor, to submit any monthly progress report on the 20th day of each month (or the previous working day should the 20th fall on a non-working day) until the issue of the Certificate of Practical Completion shall be subject to a penalty of R1000.00 per report per calendar day, until the report is submitted and shall not be reversible. The Contractor shall report on the progress of all aspects relating to the Contract as requested in the report format to be provided by the Employer. Progress reports shall further include a report on SMME's and Targeted Enterprise for the JDA that includes the following: <ul style="list-style-type: none"> ○ SMME resources on the site, i.e. supervisors, labour, plant tools and equipment

Clause	Data
	<ul style="list-style-type: none"> ○ SMME progress of works on site ○ SMME Sub-contractor quality control on site ○ SMME expenditure on the Project versus target expenditure ○ Copies of minutes of the SMME Sub-contractor Contractor progress meetings ○ SMME training on the Project ○ Concerns and improvements to be made <ul style="list-style-type: none"> ● Interim Progress Reporting: The penalty for failure, on the part of the Contractor, to submit any interim progress report on the 10th day of each month (or the previous working day should the 10th fall on a non-working day) until the issue of the Certificate of Practical Completion shall be subject to a penalty of R500.00 per report per calendar day, until the report is submitted and shall not be reversible. The Contractor shall report on the progress of all aspects relating to the Contract as requested in the report format to be provided by the Employer. Progress reports shall further include a report on SMME's for the JDA that includes the following: <ul style="list-style-type: none"> ○ SMME resources on the site, i.e. supervisors, labour, plant tools and equipment ○ SMME progress of works on site ○ SMME quality control on site ○ SMME expenditure on the Project versus target expenditure ○ Copies of minutes of the SMME Sub-contractor and Contractor progress meetings ○ SMME training on the Project Concerns and improvements to be made
	<p>Refer to the Preliminaries Section in the Bill of Quantities for any additional amendments to the Standard JBCC Document.</p>
<p>33.00</p>	<p>CONFIDENTIALITY</p> <p>33.10 Neither party shall at any time, whether before or after the completion or (if applicable) termination of the agreement, without the consent of the other divulge or permit or suffer his officers employees agents contractors or sub-contractors to divulge to any person (other than to any of his or their advisers officers or employees who require it to enable them properly to carry out their duties) any of the details of the agreement or its performance (including information relating to costs, methods of construction, supervisory staff or numbers of labour) or any information concerning the business contracts or the commercial or financial affairs or any confidential information or any of the other party. For the purposes of this clause confidential information means information that:</p> <ul style="list-style-type: none"> (a) is by its nature confidential; (b) is designated by that Party as confidential; or (c) the other Party knows or ought to know it is confidential. <p>33.2 Paragraph 33.1 shall not apply to the disclosure of any information:</p> <p>33.2.1 Which is now or hereafter comes into the public domain otherwise than as a result of a breach of any undertaking of confidentiality or which is obtainable with no more than</p>

Clause	Data
	<p>reasonable diligence from sources other than the parties hereto; or to the extent necessary to comply with any court ruling or applicable laws.</p> <p>33.3 Without prejudice to the provisions of paragraphs 33.1 and 32.2 above, neither party shall without the prior written agreement of the other publish alone or in conjunction with any other person any information relating to any dispute arising under the agreement.</p> <p>33.4 The provisions of this clause 32 shall survive the expiry or termination of the agreement.</p>
34.00	<p>INDEPENDENT STATUS</p> <p>34.10 Each party is independent, solely responsible for its own employees, contractors or agents and not in partnership or in a joint venture or an agent or employee of the other party, and will not hold itself out as, or give any person reason to believe otherwise or represent that it is under the control of or has any authority to represent or bind the other party as to any matters.</p>
35.00	<p>DATA PROTECTION</p> <p>35.10 Each party acknowledges that it may obtain direct and/or indirect access to personal information of the other party and various persons from the other party under this agreement, and may act as a “responsible party” or an “operator ” (as each term is defined in the Protection of Personal Information Act, 4 of 2013 (POPIA)) in respect of that personal information.</p> <p>Accordingly, each Party warrants that it will at all times:</p> <p>35.10.1 Comply with applicable laws relating to data protection and privacy, including but not limited to POPIA; and</p> <p>35.10.2 Where a party acts as an operator, comply with all obligations placed on an operator under applicable laws in relation to any personal information that it processes as operator under or in connection with this agreement and it shall establish and maintain adequate security measures to secure the integrity and confidentiality of any personal information that it processes, in accordance with the requirements in section 19 of POPIA.</p> <p>35.3 A breach of this clause 36 will be a material breach for the purposes of this agreement entitling the non-breaching party to terminate this agreement immediately on written notice to the breaching party.</p> <p>35.4 The terms of this agreement are in addition to, and do not relieve, remove or replace, a party’s obligations under applicable laws.</p> <p>35.5 The provisions of this Clause 36 shall survive the expiry or termination of the agreement for as long as any party retains in its possession or control any personal information of the other party or any other person from the other party under this agreement.</p>
36.00	<p>ANTI-CORRUPTION</p> <p>36.1 The Contractor represents and undertakes that it has taken all reasonable measures to:</p>

Clause	Data
	<p>36.1.1 Comply with all anti-bribery, anti-corruption and anti-money laundering laws and regulations to which it is subject, including those in the Republic of South Africa or of any jurisdiction where it conducts business;</p> <p>36.1.2 Have adequate anti-corruption compliance programmes, policies and procedures (“Anti-Corruption Programme”) in place to enable compliance with all anti-bribery, anti-corruption and anti-money laundering laws and regulations to which it is subject, including but not limited to the Anti-Bribery Regulations;</p> <p>36.1.3 Ensure that neither it nor any of its employees has ever been subject to any anti-bribery, anti-corruption and anti-money laundering sanctions imposed by any country;</p> <p>36.1.4 Ensure that neither it nor any of its employees nor any other person on its behalf, has ever engaged in any corrupt activities; or directly or indirectly paid, given or offered to pay or give any money, gift or anything else of value to attempt to influence any act or decision (including a decision not to act) of any person, including but not limited to a public officer, governmental employee, or any political party or political party official, or candidate for political office, in his/her official capacity or to induce an official to use his/her influence to affect a decision so as to assist in obtaining or retaining business or directing business to any person/entity or to secure any improper advantage.</p> <p>36.2 For the duration of the Agreement, the Contractor undertakes, on behalf of itself and its employees, to take all reasonable steps:</p> <p>36.2.1 To comply with all anti-bribery, anti-corruption and anti-money laundering laws and regulations to which it is subject, including those in the Republic of South Africa or of any jurisdiction where it conducts business;</p> <p>36.2.2 To implement and enforce its Anti-Corruption Programme;</p> <p>36.2.3 Not to engage in any corrupt activities, or participate (directly or indirectly) in bribery, extortion, fraud, deception, collusion, cartels, abuse of power, embezzlement, money laundering, use of insider information, the possession of illegally obtained information or any other criminal activity; and</p> <p>36.2.4 Not to directly or indirectly pay, give or offer to pay or give any money, gift or anything else of value to attempt to influence any act or decision (including a decision not to act) of any person, including but not limited to a public officer or any political party or political party official, or candidate for political office, in his/her official capacity or to induce an official to use his/her influence to affect a decision so as to assist the Contractor in obtaining or retaining business or directing business to any person/entity or to secure any improper advantage.</p> <p>36.3 The Contractor undertakes to notify the Employer immediately upon becoming aware that any of the representations and/or undertakings in clause 37.2 is false or that it has failed to comply with any of its obligations in clause 37.3 and the Employer shall be entitled to terminate this Agreement with immediate effect.</p>
37	<p>LABOUR</p> <p>37.1 The parties agree that the contractor is (and any subcontractor will be) an independent contractor. No employment relationship will exist or come into existence by virtue of the works, and under no circumstance does this agreement entail any employment relationship, between the employer and the contractor, or any subcontractor, or</p>

Clause	Data
	<p>between the employer and the staff of the contractor or any subcontractor, as the case may be.</p> <p>37.2 The contractor shall ensure, at all times, that its employees and those of its subcontractors who may be assigned to the provision of the works from time to time, are employed in accordance with all applicable labour laws, including without limitation, the Basic Conditions of Employment Act, 1997, the OHS Act, the Compensation for Occupational Injuries and Diseases Act, 1993 and the Unemployment Insurance Contributions Act, 2002, as well as all collective agreements that may apply to the contractor's employees from time to time. Without limiting the generality of the foregoing, the contractor warrants that as at the date of this agreement, its employees are registered with the Unemployment Insurance Fund and that their remuneration is fully paid.</p> <p>37.3 The contractor undertakes to provide to the employer, by no later than ten (10) days following a request from the employer, reasonable proof of being up to date with its employment and social security obligations in respect of its employees. The contractor shall ask its subcontractors for identical proof, if so requested by the employer.</p> <p>37.4 The contractor shall ensure that the works are executed by persons who are deemed to be physically fit and competent in terms of the OHS Act and who are adequately trained for the job, in the safe use of all equipment and machinery used in executing the works, in general safe working practices and in any other aspects of the job which may present a hazard to either the employer's or the contractor's employees, or any other personnel on the site.</p> <p>37.5 The contractor shall ensure that the execution of the works in terms of this agreement is done under strict supervision, and that no unsafe or unhealthy work practices are permitted. Discipline regarding health and safety matters shall be strictly enforced against any of its employees regarding non-compliance by such employee with any health and safety matters. The contractor shall further ensure that its employees report to it all unsafe or unhealthy work situations immediately after they become aware of the same, and that the contractor in turn immediately reports these to the principal agent and the employer.</p> <p>37.6 The contractor undertakes to indemnify, hold harmless and defend the employer, or its/their directors, employees or agents, from and against:</p> <p>37.6.1 Any loss, damage, expense (including attorney's fees), civil liability, penalties or fines suffered by, or any jurisdictional order or other claims made against, the employer arising from the contractor's (or any subcontractor's) failure to comply with applicable labour laws, including the OHS Act;</p> <p>37.6.2 Any and all claims which may be brought against the employer arising out of the employment by the contractor (or any subcontractor) of any staff or the termination by the contractor (or any subcontractor) of any such employment and regardless of whether such claims arise in the agreement, delict, statute or otherwise. In particular, the contractor indemnifies the employer against any claims in relation to any alleged unfair dismissal, automatically unfair dismissal, unfair labour practice and/or unfair discrimination.</p> <p>37.7 Whenever an actual or potential labour dispute is delaying or threatens to delay performance of the works, the contractor shall immediately notify the principal agent</p>

Clause	Data
	<p>and shall forthwith furnish written notice thereof to the employer. Such notice shall include all relevant information concerning such delay. The contractor shall be responsible for addressing any actual or potential disputes and, if required, for assigning suitable alternative staff to execute the works, upon request by the employer. The employer shall not be responsible for the contractor failing to fully investigate and understand the local labour conditions, which includes, working conditions and minimum terms and conditions of employment.</p>

C1.2 CONTRACT DATA

PART 1: Data Provided by the Employer

The Conditions of Contract are the *JBCC Series 2000 Principal Building Agreement (May 2018, Edition 6.2)*, published by the Joint Building Contracts Committee. Copies of these documents may be obtained from the Association of South African Quantity Surveyors (011-3154140), the Master Builders Association (011-205-9000) the South African Association of Consulting Engineers (011-4632022) or the South African Institute of Architects (011-4860684).

Each item of data given below is cross-referenced to the clause in the Conditions of Contract to which it mainly applies.

PART 2: Data Provided by the Contractor

The Contractor is advised to read the *JBCC Series 2000 Principal Building Agreement (July 2007, Edition 5.0-reprint)* and section 3.0 *Payment and adjustment of preliminaries* contained in the associated *Contract Data CE*, published by the Joint Building Contracts Committee, in order to understand the implications of this Data which is required to be completed. Copies of these documents may be obtained from the Association of South African Quantity Surveyors (011-3154140), the Master Builders Association (011-205-9000) the South African Association of Consulting Engineers (011-4632022) or the South African Institute of Architects (011-4860684)

Each item of data given below is cross-referenced to the clause in the Conditions of Contract to which it mainly applies.

PART C3: SCOPE OF WORK

C3.1. Description of the Works

- C3.1.1. Employer's objectives
- C3.1.2. Overview of the works
- C3.1.3. Location of the works
- C3.1.4. Temporary works
- C3.1.5. Access and working areas

C3.2. Engineering

- C3.2.1. Design services and activity matrix
- C3.2.2. Employer's design
- C3.2.3. Design brief
- C3.2.4. Drawings
- C3.2.5. Design procedures

C3.3. Procurement

- C3.3.1. Requirements
- C3.3.2. Small contractor development

C3.4. Construction

- C3.4.1. Works specifications
- C3.4.2. Plant and Materials
- C3.4.3. Construction Equipment
- C3.4.4. Existing services
- C3.4.5. Site establishment
- C3.4.6. Site usage
- C3.4.7. Permits and way leaves
- C3.4.8. Alterations, additions, extensions and modifications to existing works
- C3.4.9. Inspection of adjoining properties
- C3.4.10. Water for construction purposes
- C3.4.11. Survey control and setting out of the works
- C3.4.12. Features requiring special attention

C3.5. Management

- C3.5.1. Health and safety specification
- C3.5.2. Environmental specifications

PART C3: SCOPE OF WORK

C3.1 DESCRIPTION OF THE WORKS

C3.1.1 Employer's objectives

The Johannesburg Development Agency has been appointed by the City of Johannesburg for the implementation of various capital projects.

The types of projects expected to be executed include, but not limited to;

Libraries, Clinics, Multi-Purpose centres, Public Transport Facilities, Bus Depots, Swimming Pools and Recreational facilities.

The Johannesburg Development Agency (JDA)'s objective is to deliver projects using labour intensive methods. Labour-intensive works comprise the various activities which are to be performed by hand, and its associated specification data. Such works shall be constructed using local workers who are temporarily employed in terms of this Scope of Work. Whilst the work is both plant and labour intensive, the successful bidder must optimally utilise labour intensive methods to maximise employment opportunities for the local community in line with the JDA requirements.

Where parts of the contract are to be constructed using SMME's, the relevant items have been separated in the Bills of Quantities.

C3.1.2 Overview of the works

In general the scope of works is buildings, support buildings, guard houses, domestic waste connections, electrical and mechanical installation, external works which will entail; civil works, roads and paving related works.

C3.1.3 Location of the works

TBC

C3.1.4 Temporary works

The contractor is to design, supply, construct, demolish and spoil at his own cost any temporary works required for the construction of the works.

C3.1.5 Access and working areas

Working space is sometimes restricted. The construction method used in these restricted areas largely depends on the Contractor's Plant. Notwithstanding, measurement and payment will be strictly according to the specified cross-sections and dimensions irrespective of the method used, and the rates and prices tendered will be deemed to include full compensation for any difficulties encountered by the Contractor while working in restricted areas. No extra payment nor any claim for payment due to these difficulties will be considered.

C3.2 ENGINEERING

C3.2.1 Design Services & Activity Matrix

The following parties are responsible for the various design stages of the project.

DESCRIPTION	RESPONSIBLE
Concept, feasibility and overall process	Employers Agents / Professional Team
Basic Principal Agent and Preliminary Design	Employers Agents / Professional Team
Final design to approval for construction stage	Employers Agents / Professional Team
Temporary Works	Contractor
Preparation of as built drawings	Employers Agents / Professional Team / Contractor

C3.2.2 Employers Design

All permanent works required for construction shall be designed by the employer and his appointed agents / professional team.

C3.2.3 Design Brief

The Employer has briefed the consultants as to the design requirements.

Only figured dimensions shall be used and drawings are not to be scaled unless so instructed by the principal agent. The principal agent will supply any figured dimensions, which may have been omitted from the drawings.

All drawings and documents are to be considered the sole property of the Consultants and are to be returned to them on completion of the Works.

The drawings, etc., are to be used by the Contractor for the purpose of this Contract only. All drawings must be properly cared for, protected and kept in good condition.

Should any part or parts of the Drawings, Specifications or Bills of Quantities not be clearly intelligible to the Contractor, or the material or articles to be used in the execution of the Works be considered insufficiently described or the manner in which the work is to be carried out not be clear, the Contractor must obtain from the Principal Agent the necessary information to clarify such Drawings, Specification, Bills of Quantities or instructions which request shall be in writing.

The Contractor shall be held solely responsible for and shall, at his own expense, rectify any errors arising out of incorrect interpretation of the Drawings, Specifications, Bills of Quantities or instructions.

Part C3.5: Management

Upon receipt of detail drawings for any work, the Contractor shall, before putting that work in hand, ascertain that the dimensions given on the detail drawings correspond with the dimensions of any work already built and which governs the sizes of any work for which details are now issued.

In the event of the detail drawings not agreeing with the works already built, the discrepancy shall be brought to the Principal Agent's attention timeously and the detail drawings shall be returned at once for alterations.

All dimensions will be figured on the drawings or may be calculated from figured dimensions and are always to be followed. No dimensions shall be obtained by scaling.

C3.2.5 Design Procedures

Where the Contractor is required to design any sub-contract or specialist works, the relevant professional indemnity must be taken out at the contractor's costs. All shop drawings must be issued timeously for approval by the Principal Agent. A late issue of shop drawings by the Contractor will not constitute a valid claim for extension of time.

C3.3 PROCUREMENT

C3.3.1 Requirements

The contractor shall be required to adopt labour based techniques through the full spectrum of the works with the proviso that the Client's specific objectives regarding time and quality are not compromised. Maximisation of employment shall be of the essence on this contract.

Together with their tenders, all Tenderers are required to submit a comprehensive implementation plan clearly stating the labour content and number of jobs that shall be created. The employment of labour shall be reflected in a programme in sufficient details to enable the Project Manager to monitor and compare it with the implementation plan.

The Contractor shall be required to submit employment data on a monthly basis to the Project Manager.

Tenderers are to also note that it is an explicit condition of this tender that all unskilled labourers on the Project are to be employed from the local community. The Contractor shall, in general, maximise the involvement of the local community.

C3.3.2 Small Contractor Development

C3.3.2.1 Definitions and Applicable Legislation

(A) Definitions

Unless inconsistent with the context, in these specifications the following terms, words or expressions shall have the meanings hereby assigned to them:

Start-up Enterprises

An enterprise that has been in existence and operating for less than two years.

Small Enterprises

An enterprise that has a CIDB grading designation of 1 or 2.

Micro Enterprises

An enterprise that has a CIDB grading designation of 3.

Locally based SMMEs

Enterprises that have their operational base in the ward in which the Project is to be executed or, alternatively, the members of the enterprise are resident in the particular ward.

Should suitable locally based SMME contractors as defined above not be available in the particular ward, then they shall be sourced from adjacent wards.

Black Business Enterprise

Black Business Enterprise is a legal entity which adheres to statutory labour practices, is registered with SARS and is a continuing and independent Enterprise, providing a Commercially Useful Function:

- a) Whose management and daily business operations are in the control of one or more Black Persons, and
- b) Which is at least 50,1% owned by one or more Black Persons who are Principals.”

Contract Participation

Contract Participation in terms of this contract is a process by which the Employer implements Government’s objectives by setting a target relating to small contractor development which the Contractor shall achieve as a minimum.

Contract Participation Goal (CPG)

Contract Participation Goal is the monetary value of the target set by the Employer in the Contract Participation process.

Contract Participation Performance (CPP)

Contract Participation Performance is the measure of the Contractor’s progress in achieving the CPG.

(B) Applicable Legislation

The following Acts, as amended from time to time, are predominant amongst those which apply to the construction industry and are listed here for reference purposes only:

- The Constitution of South Africa;
- Preferential Procurement Regulation Act of 2022;
- The POPI Act;
- Construction Industry Development Board Act No. 38 of 2000;
- Broad-Based Black Economic Empowerment Act No. 53 of 2003.

C3.3.2.2 Participation and Advancement of Start-Up, Small and Micro Enterprises

The City of Johannesburg has identified job creation and access to procurement opportunities by Start-ups, Small and Micro enterprises (SMMEs) as an essential requirement towards building an economically viable City.

It is a condition of this tender that the successful contractor is required to subcontract a minimum value of work to **SMME's** equal to **30%** of the contract sum.

If it is established that the SMMEs are sufficiently resourced to execute the proposed works as a complete package the Contractor may conclude full subcontract agreements with locally based SMMEs to a minimum value of **30%**.

The form of contract to be used with SMMEs is the MBSA Domestic Subcontract Agreement or a JDA approved form of contract. The Contract Data must record the specific requirements in respect of penalties, retention and payment. With regard to the latter, the Contractor is to allow for fortnightly certificates from the SMMEs and for payment to the SMMEs to be effected within 7 days of certification. In order to achieve the goals of this policy and to ensure that the SMMEs are treated fairly and given every opportunity to advance their business whilst delivering a successful Project, the Contractor is to note the following and provide for any cost that may be associated therewith.

1. The Contractor shall subcontract the local SMME works at the Contractor's tendered rates.
2. The Contractor will be expected to have clearly specified the programme dates to the SMME contractors and these dates are to be included in the contract of agreement between the two parties.

The Contractor is to monitor the SMME contractor's progress against the programme and hold progress meetings with the SMME contractors where minutes are to be kept and signed off by both parties.

3. The Contractor is to assess the skills of the SMME contractor and provide the relevant support and training where it is necessary in order for the SMME contractor to complete the works to programme, budget and specification. The Managing Contractor will be expected to provide on-site training to the SMME contractors that will ensure that the SMME contractor's staff is suitably trained to execute the works and that they receive sufficient relevant experience on the Project.

4. The Contractor is responsible for safety compliance on the Project and will assist the SMME contractors in all aspects to achieve safety compliance, that will include:
 - a) Assisting the SMME contractors with developing their safety files, legal appointments, etc.
 - b) Assisting the SMME contractors with achieving safety on site.
 - c) Having tool box talks with the SMME contractor's employees on a daily basis.
 - d) Providing all safety equipment and signage.
 - e) Providing safety training where necessary.

5. Contractor is to provide all the necessary equipment for the timeous monitoring and the checking of the quality of works as carried out by the SMME contractors. The Contractor will be expected to monitor the SMME contractor's works for quality compliance and provide all the necessary support to the SMME contractors in order to achieve quality requirements. The Contractor is to ensure that if the SMME contractor's quality of works does not achieve specification the Contractor will assist the SMME contractors to achieve specification and not allow the works to continue until the quality requirements are achieved.

6. The Contractor is to generate monthly reports for the JDA that includes the following:
 - a) SMME contractor resources on the site, ie supervisors, labour, plant tools and equipment
 - b) SMME contractor progress of works on site.
 - c) SMME contractor quality control on site.
 - d) SMME contractor expenditure on the Project versus target expenditure.
 - e) Copies of minutes of the SMME contractor and Contractor progress meetings.
 - f) Concerns and improvements to be made.

The Tenderers are to price the works to achieve full compliance with the above requirements. Failure of the Contractor to achieve these requirements may result in the JDA enforcing compliance by appointing 3rd parties if necessary to assist and deducting all reasonable costs for achieving compliance from money due to the Contractor.

Following from the above, the SMME's to be contracted on the Project must be selected from the provided database which is attached on this document contract. The data base includes SMME that are youth, women owned, disabled and ex-combats. The contractor will be expected to give preference to SMME's that comply with all/most of these groups. The following information must be provided by said contractor on the date of tender closure.

1. Detailed approach and methodology on the employment of local SMME's
2. SMME/s company name/s to be employed on the Project.
3. SMME contact persons
4. Works to be executed by SMME/s
5. Programme (anticipated start, duration and end dates) applicable to the works defined in item 4 above.
6. Estimated value of the works identified in item 4 above.

JDA reserves the right to withdraw our acceptance of offer, should the appointed contractor fail to satisfactorily address the above requirements (1 to 6) within 14 days of the commencement date of the contract. Approved documentation will form part of the contract.

(a) Contract Participation Goal (CPG)

The CPG is the monetary value of the target set by the Employer and will be calculated as follows:

$CPG = \text{final contract value (excluding CPA and VAT)} \times (\text{target \% set by the Employer for Targeted Enterprises and local SMME contractors})$

The final contract value is the total value of certified work measured at the date of issue of the Certificate of Completion.

It is the Contractor's responsibility to ensure that the CPG target is achieved.

(b) Contract Participation Performance (CPP)

The CPP is the monetary value of the Contractor's actual progress towards achievement of the CPG calculated as follows:

$CPP = \text{total value (excluding CPA and VAT) of contribution by Targeted Enterprises and local SMME contractors}$

The Contractor's Contract Participation Performance will be measured monthly in order to monitor the extent to which he is striving to reach the CPG. The basis of monitoring shall be the levels of the individual contributions for Targeted Enterprises and local SMME contractors. Monthly returns, in a format approved by the Employer, are required from the Contractor and shall be submitted with each interim payment certificate. Failure to adhere to this requirement shall result in the delay

of any payment due until the Employer's Agent confirms that the information has been received.

To assist in the measurement of CPP, the Contractor shall include in his contract programme details of how he will achieve the CPG. This shall include CPG achievement details for both the specific work indicated for CPG in terms of this contract for completion by Targeted Enterprises and local SMME contractors as well as details for any other work that the Contractor may use towards achieving the CPG. The detail shall be provided not later than one month after the Employer's Agent has accepted the original construction programme and shall be updated with every subsequent revision of the programme.

In the event that the Contractor fails to substantiate that any failure to achieve the Contract Participation Goal (CPG) is due to quantitative under runs, the elimination of items contracted to Targeted Enterprises and local SMME contractors, or any other reason beyond the Contractor's control which may be acceptable to the Employer, the Contractor shall be liable for a penalty as prescribed in Clause JBCC 43.0 and 44.0 of the Contract Data.

C3.4 CONSTRUCTION

C3.4.1 Works specifications

Applicable national and international standards

For preambles refer to “General Specification of Materials and Methods used for Building Contracts” (GP/ASC)

Particular / generic specifications

Works are to be carried out in accordance with the construction drawings and according to the Johannesburg Development Agency, Johannesburg Roads Agency and City of Johannesburg’s norms and standards.

Certification by recognized bodies

None Applicable.

C3.4.2 Plant and Materials

The contactor shall ensure that adequate plant and materials are procured at his own cost and available as required in order to complete the works as specified in line with the contract programme. The contractor shall supply a report to the Principal Agent on a fortnightly basis as to the plant and materials on site (or on order), and their utilization in relation to the construction programme.

There is no guarantee given or implied that the Contractor will be permitted to utilise any or all of the plant he proposes to use in the construction of the Works.

C3.4.3 Construction Equipment

The contactor shall ensure that adequate construction equipment is available at his own cost as required in order to complete the works as specified in line with the contract programme. The contractor shall supply a report to the Principal Agent on a fortnightly basis as to the construction equipment on site and their utilization in relation to the construction programme.

There is no guarantee given or implied that the Contractor will be permitted to utilise any or all of the equipment he proposes to use in the construction of the Works.

C3.4.4 Existing Services

All known existing services and those services which require relocation and protection, are shown on the services plans. The Contractor’s attention is drawn to the fact that such services information is based on information supplied by others, and accuracy and completeness of this information has not been confirmed. The contractor will therefore be required to proceed with extreme caution in order to avoid damage to existing services.

In general, the engineer may call upon the contractor to re-excavate trenches previously dug and backfilled by others where in the opinion of the engineer such work is necessary to ensure the stability of any other works over such trenches. This in no way relieves the contractor of his responsibilities in term of the works.

C3.4.5 Site Establishment

The Contractor shall make available temporary facilities necessary for providing the works which are not provided by the Employer including telecommunications, security services, medical, fire protection, sanitation and toilets, waste disposal, etc.

The contractor shall not make any changes to the senior management relative to the agreement without the principal agent's express written approval.

Services and Facilities Provided by the Employer:

- Nil

Facilities Provided by the Contractor:

- The contractor is to provide facilities, necessary to complete the project as specified.
- The contractor is to provide suitable hoarding to the entire site for the entire duration of the project to meet the Principal Agent's requirements. Including any necessary making good upon completion.

Storage and Laboratory Facilities:

- The contractor is to provide facilities, necessary to complete the project as specified.

Other Facilities and Services:

- The contractor is to provide facilities, necessary to complete the project as specified.

Vehicles and Equipment:

- The contractor is to provide vehicles and equipment necessary to complete the project as specified.

Advertising Rights:

- The contractor may not place any advertising boards or the like on the site or in any public area without the express written permission of the employer.

Notice Boards:

- The contractor must place a contract notice board outside his site camp as specified by the employer.

Office Accommodation for Meeting Room:

- The contractor must provide a meeting room to accommodate a maximum of 20 people. The meeting room is to be air-conditioned.

C3.4.6 Site Usage

The contractor will have unlimited access to the site, however all construction activities are to comply with the City of Johannesburg's by laws. The accommodation of vehicular and pedestrian traffic on the site is to be maintained at all times.

The contractor is to allow for the accommodation and diversion of pedestrian traffic in his preliminaries & general items all in accordance with the South African Road Traffic Signs Manual, The Occupational Health & Safety Act & The Construction Regulations as amended, including on-going liaison with the traffic authorities and management of traffic, alterations to kerbing and landscaping, barricading road entrances, temporary signage, dust screens, painting of lines, etc. The traffic accommodation proposal shall be approved by the Principal Agent prior to the execution of the works.

The contractor is to maintain temporary accesses to all businesses during business hours and to all residential properties outside of business hours. In the event that the contractor cannot maintain access to residents' properties for vehicular parking and the like, the contractor is to provide alternative secure parking for residents at his own cost. Similarly, should residents be forced to park on the street due to construction activities, the contractor shall provide security personnel to guard the resident's vehicles.

The cost hereof shall be included in the contractor's preliminaries & general items.

C3.4.7 Permits and way leaves

Way leaves shall be supplied by the contractor. Contractors are to comply with the terms and conditions of the way leaves as supplied by the various service provider departments.

C3.4.8 Alterations, additions, extensions and modifications to existing works

Care must be taken not to affect the structures stability and props must be installed if there is any doubt as to the structural integrity of the building. All rubble must be removed in a manner acceptable to the Principal Agent.

The works at tender stage are not finalised and are subject to change.

The Architect will prepare a handover document including photographs of the existing building.

C3.4.9 Inspection of Adjoining Properties

Contactors are to ensure that adequate inspections of adjoining properties are carried out (and records are kept thereof) to ensure that any claims received from adjoining properties due to damage can be dealt with decisively. The settlement of any claims in this regard shall be dealt with in terms of the policies in place by the City of Johannesburg. Photographs must be taken to document the inspection.

C3.4.10 Water and Electricity for Construction Purposes

The cost for temporary water and electricity would be for the contractor's account.

C3.4.11 Survey Control and setting out of the works

By the Contractor

C3.4.12 Features requiring special attention

(a) Site maintenance

During progress of the work and upon completion thereof, the Site of the Works shall be kept and left in a clean and orderly condition. The Contractor shall store materials and

equipment for which he is responsible in an orderly manner, and shall keep the Site free from debris and obstructions.

(b) Testing and quality control

(i) Contractor to Engage Services of an Independent Laboratory

Notwithstanding the requirements of the Specifications pertaining to testing and quality control, the Contractor shall engage the services of an approved independent laboratory to undertake all testing of materials, the results of which are specified in, or may reasonably be inferred from, the Contract. These results will be taken into consideration by the Principal Agent in deciding whether the quality of materials utilised and workmanship achieved by the Contractor comply with the requirements of the Specifications. .

The Contractor shall be responsible for arranging with the independent testing laboratory for the timeous carrying out of all such testing specified in the Contract, at not less than the frequencies and in the manner specified. The Contractor shall promptly provide the Principal Agent with copies of the results of all such testing carried out by the independent laboratory.

For the purposes of this clause, an "independent laboratory" shall mean an "approved laboratory" which is not under the management or control of the Contractor and in which the Contractor has no financial interest, nor which has any control or financial interest in the Contractor.

(ii) Costs of Testing

(a) Costs of Testing

The costs of all testing carried out by the independent laboratory shall be borne by the Contractor and shall be deemed to be included in the bided rates and prices for the respective items of work as listed in the Schedule of Quantities and which require testing in terms of the Specifications. No separate payments will be made by the Employer to the Contractor in respect of any testing carried out.

Where, as a result of the consistency of the materials varying or as a result of failure to meet the required specifications for the work, it becomes necessary to carry out additional tests (e.g. re-tests on rectified work and/or replacement materials), the costs of such additional testing shall be for the Contractor's account.

(b) Additional Tests Required by the Principal Agent

Additional testing required by the Principal Agent, shall be reimbursed to the Contractor against substitution of the Provisional Sum allowed therefore in the Schedule of Quantities; provided always that the costs of any such additional tests ordered by the Principal Agent, the results of which indicate that the quality of the materials utilised and/or the standard of workmanship achieved are/is not in accordance with the specifications, shall not be reimbursable to the Contractor.

(c) Subcontractors

All matters pertaining to subcontractors (including Nominated Subcontractors) and the work executed by them shall be dealt with directly between the Principal Agent and the Contractor in the context of all subcontract work being an integral part of the Works for which the Contractor is responsible.

Part C3.5: Management

The Principal Agent will not liaise directly with any subcontractors nor will he issue instructions concerning the subcontract works directly to any subcontractor.

All matters arising from the subcontract agreements shall be dealt with directly between the Contractor and the subcontractors and the Principal Agent will not become involved.

C3.5 MANAGEMENT

C3.5.1 HEALTH AND SAFETY SPECIFICATIONS

This part of C3.5 Management contains specifications for Health and Safety matters not covered by C3.4 Construction Specifications.

The number of each clause in this specification is prefixed with an E to differentiate these clauses and items.

SECTION E1000: HEALTH AND SAFETY REQUIREMENTS

CONTENTS

SECTION	DESCRIPTION	PAGE
E1001	SCOPE	378
E1002	DEFINITIONS	378
E1003	INTERPRETATION	380
E1004	REQUIREMENTS	380

E1001 SCOPE

This health and safety specification establishes the overarching framework within which a contractor is required to satisfy general requirements for occupation health and safety in an engineering and construction works contract.

Note: (1)This specification establishes general requirements to enable the employer and the contractor to satisfy the Occupational Health and Safety Act, 1993 (Act No. 85 of 1993) and the Construction Regulations, 2014.

(2)The Construction Regulations, 2014, require an employer to stop any contractor from executing construction work which is not in accordance with the contractor’s health and safety plan for the site or which poses a threat to the health and safety of persons.

E1002 DEFINITIONS

Act: the Occupational Health and Safety Act, 1993 (Act No. 85 of 1993).

competent person: any person having the knowledge, training and experience specific to the work or task being performed.

ergonomics: the application of scientific information concerning humans to the design of objects, systems and the environment for human use in order to optimize human well-being and overall system performance.

hazard: a source of or exposure to danger.

Part C3.5: Management

incident: an event or occurrence occurring at work or arising out of or in connection with the activities of persons at work, or in connection with the use of plant or machinery, in which, or in consequence of which:

- (a) any person dies, becomes unconscious, suffers the loss of a limb or part of a limb or is otherwise injured or becomes ill to such a degree that he is likely either to die or to suffer a permanent physical defect or likely to be unable for a period of at least 14 days either to work or to continue with the activity for which he was employed or is usually employed;
- (b) a major incident occurred; or
- (c) the health or safety of any person was endangered and where:
 - (i) a dangerous substance was spilled;
 - (ii) the uncontrolled release of any substance under pressure took place;
 - (iii) machinery or any part thereof fractured or failed resulting in flying, falling or uncontrolled moving objects; or machinery ran out of control.

health and safety plan: a documented plan which addresses hazards identified and includes safe work procedures to mitigate, reduce or control the hazards identified.

health and safety specification: a documented specification of all health and safety requirements pertaining to the associated works on a construction site, so as to ensure the health and safety of persons.

inspector: a person designated as such under section 28 of the Act.

major incident: an occurrence of catastrophic proportions, resulting from the use of plant or machinery, or from activities at a workplace.

reasonably practicable: practicable having regard to:

- (a) the severity and scope of the hazard or risk concerned;
- (b) the state of knowledge reasonably available concerning that hazard or risk and of any means of removing or mitigating that hazard or risk;
- (c) the availability and suitability of means to remove or mitigate that hazard or risk; and
- (d) the cost of removing or mitigating that hazard or risk in relation to the benefits deriving therefrom.

risk: the probability that injury or damage will occur.

safe: free from any hazard.

scaffold: any temporary elevated platform and supporting structure used for providing access to and supporting workmen or materials or both.

specification data: data, provisions and variations that make this specification applicable to a particular contract.

Structure:

- (a) any building, steel or reinforced concrete structure (not being a building), railway line or siding, bridge, waterworks, reservoir, pipe or pipeline, cable, sewer, sewage works, fixed vessels, road, drainage works, earthworks, dam, wall, mast, tower, tower crane, batching plants, pylon, surface and underground tanks, earth retaining structure or any structure designed to preserve or alter any natural feature, and any other similar structure;
- (b) any formwork, false work, scaffold or other structure designed or used to provide support or means of access during construction work; or
- (c) any fixed plant in respect of work which includes the installation, commissioning, decommissioning or dismantling and where any such work involves a risk of a person falling two meters or more.

substance: any solid, liquid, vapour, gas or aerosol, or combination thereof.

suitable: capable of fulfilling or having fulfilled the intended function or fit for its intended purpose.

E1003 INTERPRETATION

E3.1 The Act and its associated regulations shall have precedence in the interpretation of any ambiguity or inconsistency between it and this specification.

E3.2 Compliance with the requirements of this specification does not necessarily result in compliance with the provisions of the Act.

E1004 REQUIREMENTS

E4.1 General requirements

- E4.1.1 The contractor shall execute the works in a manner that complies with all the requirements of the Act and all its associated regulations, and in so doing, minimize the risk of incidents occurring.
- E4.1.2 The contractor shall with respect to the site and the engineering and construction works that are contemplated:
 - a) Identify the hazards and evaluate the risks associated with such work constituting a hazard to the health and safety of such employees and the steps that need to be taken to comply with the Act
 - b) As far as is reasonably practicable, prevent the exposure of such employees to the hazards concerned or, where prevention is not reasonably practicable, minimize such exposure.
- E4.1.3 The contractor shall as far as is reasonably practicable, cause every employee to be made conversant with the hazards to his health and safety attached to any work which he has to perform, any article or substance which he has to produce, process, use, handle, store or transport and any plant or machinery which he is required or permitted to use, as well as with the precautionary measures which should be taken and observed with the respect to those hazards.

Part C3.5: Management

- E4.1.4 The contractor shall ensure that all employees under his or her control are:
- (a) informed, instructed and trained by a competent person regarding any hazard and the related work procedures before any work commences, and thereafter at such times as may be determined in the risk assessment
 - (b) issued with proof of health and safety induction training issued by a competent person and carry proof of such induction when working on site.
- E4.1.5 The contractor shall not allow or permit any employee to enter any site, unless such person has undergone health and safety induction training pertaining to the hazards prevalent on the site at the time of entry.
- E4.1.6 The contractor shall ensure that each visitor to a construction site, save where such visitor only visits the site office and is not in direct contact with the construction work activities:
- (a) Undergoes health and safety instruction pertaining to the hazards prevalent on the site; and
 - (b) Is provided with the necessary personal protective equipment.
- E4.1.7 The contractor shall provide suitable on-site signage to alert workers and visitors to health and safety requirements.
- E4.1.8 The contractor shall not permit any person who is or who appears to be under the influence of intoxicating liquor or drugs, to enter or remain at a workplace.

E4.2 Health and safety representatives

- E4.2.1 The contractor shall appoint in writing one health and safety representative for every 50 employees of the contractor working on the site, whenever there are more than 20 employees on the site; to:
- (a) review the effectiveness of health and safety measures;
 - (b) identify potential hazards and potential major incidents;
 - (c) in collaboration with his employer, examine the causes of incidents;
 - (d) investigate complaints by any employee of the contractor relating to that employee's health or safety on the site;
 - (e) make representations to the contractor on matters arising from a), b), c) or d) or on general matters affecting the health or safety of the employees at the workplace;
 - (f) inspect the site with a view to the health and safety of employees, at regular intervals;
 - (g) participate in consultations with inspectors at the workplace and accompany inspectors on inspections of the workplace; and
 - (h) participate in any internal health or safety audit.

Part C3.5: Management

- E4.2.2 The contractor shall inform the relevant safety representative:
- (a) beforehand of inspections, investigations or formal inquiries of which he has been notified by an inspector; and
 - (b) as soon as reasonably practicable of the occurrence of an incident on the site.
- E4.2.3 The contractor shall convene health and safety meetings whenever more than two health and safety representatives have been appointed for the site. These meetings shall be attended by all health and safety representatives and shall be convened at least once every month to:
- (a) make recommendations to the employer regarding any matter affecting the health or safety of persons on the site; and
 - (b) discuss any incident on the site in which or in consequence of which any person was injured, became ill or died.
- E4.2.4 The contractor shall consult with the health and safety committee on the development, monitoring and review of the risk assessment.

E4.3 Appointment of construction supervisor and safety officers

- E4.3.1 The contractor shall appoint a full-time competent employee designated in writing as the construction supervisor for the site, with the duty of supervising the performance of the work falling within the scope of the contract and may appoint one or more competent employees to assist the appointed construction supervisor.
- E4.3.2 A contractor may having considered the size of the Project, the degree of dangers likely to be encountered or the accumulation of hazards or risks on the site, appoint a full-time or part-time construction safety officer in writing, who has in the contractor's opinion the necessary competencies and resources, to assist the contractor in the control of all safety related aspects on the site.
- E4.3.3 The contractor shall ensure that the construction supervisor is in possession of the most recently updated version of the fall protection plan.
- E4.3.4 The contractor shall ensure that the construction supervisor is in possession of the most recently updated version of the fall protection plan.
- E4.3.5 The contractor shall ensure that the following activities, as relevant, are carried out under the supervision of a competent person and that such persons are appointed in writing:
- (a) all formwork and support work operations;
 - (b) excavation work;
 - (c) demolition work;
 - (d) scaffolding work operations;
 - (e) suspended platform work operations;
 - (f) operation of batch plants; and

- (g) the stacking and storage of articles on the site.

E4.4 Risk assessment

- E4.4.1 The contractor performing work falling within the contract shall, before the commencement of any such work and during construction work, cause a risk assessment to be performed by a competent person appointed in writing. Such an assessment shall as a minimum:
- (a) identify the risks and hazards to which persons may be exposed to;
 - (b) analyse and evaluate the identified risks and hazards;
 - (c) document a plan of safe work procedures to mitigate, reduce or control the risks and hazards that have been identified;
 - (d) provide a monitoring plan; and
 - (e) provide a review plan.

Note: A risk assessment is an important step in protecting workers as well as complying with the law. It helps you focus on the risks that really matter in a particular workplace – the ones with the potential to cause real harm. Workers and others have a right to be protected from harm caused by a failure to take reasonable control measures. The following four steps are recommended:

Identify the hazards by looking at what could reasonably be expected to cause harm, ask employees or their representatives what they think, obtain advice from trade associations or publications on health and safety, check manufacturer’s instructions or data sheets for chemicals and equipment as they can be very helpful in spelling out the hazards and putting them in their true perspective, review accident and ill-health records, think about long-term hazards to health (e.g. high levels of noise or exposure to harmful substances) as well as safety hazards etc.

Identify who may be harmed and how by identifying how groups of people might be harmed i.e. what type of injury or ill health might occur.

Evaluate the risks and decide on precautions by doing everything ‘reasonably practicable’ to protect people from harm i.e. by looking at how things are done, what controls are in place and how the work is organised and comparing this against good practice to see if more can be done to bring practices up to standard. Consider if the hazard can be got rid of all together, and if not how can the risks be controlled so that harm is unlikely, e.g. try a less risky option (e.g. switch to using a less hazardous chemical); prevent access to the hazard (e.g. by guarding); organise work to reduce exposure to the hazard (e.g. put barriers between pedestrians and traffic); issue personal protective equipment (e.g. clothing, footwear, goggles etc.); and provide welfare facilities (eg first aid and washing facilities for removal of contamination).

Record the findings by writing down the findings of the risk assessment.

- E4.4.2 The contractor shall ensure that as far as is reasonably practicable, ergonomic related hazards are analysed, evaluated and addressed in the risk assessment.
- E4.4.3 The contractor shall require a competent person to prepare a fall protection plan in compliance with the requirements of the Construction Regulations.

Part C3.5: Management

- E4.4.4 Notwithstanding the provisions of the fall protection plan, the contractor shall ensure that:
- (a) all unprotected openings in floors, edges, slabs, hatchways and stairways are adequately guarded, fenced or barricaded or that similar means are used to safeguard any person from falling through such openings;
 - (b) no person works in an elevated position, unless such work is performed safely as if working from a scaffold or ladder;
 - (c) notices are conspicuously placed at all openings where the possibility exists that a person might fall through such openings;
 - (d) fall prevention and fall arrest equipment is:
 - (i) suitable and of sufficient strength for the purpose or purposes for which it is being used having regard to the work being carried out and the load, including any person, it is intended to bear; and
 - (ii) securely attached to a structure or plant and the means of attachment thereto is suitable and of sufficient strength and stability for the purpose of safely supporting the equipment and any person who is liable to fall; fall arrest equipment is only used where it is not reasonably practicable to use fall prevention equipment; and
 - (e) suitable and sufficient steps are taken to ensure, as far as is reasonably practicable, that in the event of a fall by any person, the fall arrest equipment or the surrounding environment does not cause injury to the person.

E4.4.5 Where roof work is being performed on a construction site, the contractor shall ensure that it is indicated in the fall protection plan that:

the roof work has been properly planned;

the roof erectors are competent to carry out the work;

no employees are permitted to work on roofs during inclement weather conditions or if weather conditions are a hazard to the health and safety of the employees;

prominent warning notices are to be placed where all covers to openings are not of sufficient strength to withstand any imposed loads and where fragile material exists;

the areas mentioned in paragraph (d) are to be barricaded off to prevent persons from entering;

suitable and sufficient platforms, coverings or other similar means of support have been provided to be used in such a way that the weight of any person passing across or working on or from fragile material is supported; and there is suitable and sufficient guard-rails or barriers and toe-boards or other similar means of protection to prevent, so far as is reasonably practicable, the fall of any person, material or equipment.

E4.4.6 The contractor shall ensure that:

- (a) all reasonably practicable steps are taken to prevent the uncontrolled collapse of any new or existing structure or any part thereof, which may become unstable or is in a temporary state of weakness or instability due to the carrying out of construction work;
- (b) no structure or part of a structure is loaded in a manner which would render it unsafe; and

Part C3.5: Management

- (c) specification data prepared by the designer of the structure is taken into account in the risk assessment;

Note: The specification data provided by the designer should outline known or anticipated dangers or hazards relating to the works and make available all information required for the safe execution of the work. It should provide as relevant, geotechnical information (or make reference to reports provided in the site information), the loading the structure is designed to withstand, the methods and sequence of construction.

E4.5 Health and safety plans

E4.5.1 The contractor shall prior to commencing the works to which this specification applies, submit to the employer for approval a suitable and sufficiently documented health and safety plan, based on this specification and the risk assessment that is conducted.

E4.5.2 The health and safety plan shall as a minimum provide:

- (a) the information contained in Table 1 in respect of each of the hazards associated with work falling within the scope of the contract (see Figure 1); and

Table 1: Example of the format of a health and safety plan

What are the hazards?	Who might be harmed and how?	What are the safe work procedures for the site?	What further action is necessary (monitoring and review)?	Action by whom	Action by when

- (b) an outline of the manner in which the contractor intends complying with the requirements of this specification.

E4.5.3 The contractor shall discuss the submitted health and safety plan with the employer’s representative, modify such plan in the light of the discussions and resubmit the modified plan for approval.

E4.5.4 The contractor shall apply the approved health and safety plan from the date of commencement of and for the duration of the works to which this specification applies.

E4.5.5 The contractor shall conduct periodic audits for compliance with the approved health and safety plan at intervals agreed upon with the employer, but at least once every month.

E4.5.6 The contractor shall update the health and safety plan whenever changes to the works are brought about.

E4.6 Subcontractors

E4.6.1 The contractor may only subcontract work in terms of a written subcontract and shall only appoint a Sub-contractor should he be reasonably satisfied that such a Sub-contractor has the necessary competencies and resources to perform the work falling within the scope of the contract safely. Such a subcontract shall require that the Sub-contractor shall:

- (a) co-operate with the contractor as far as is necessary to enable both the contractor and Sub-contractor to comply with the provisions of the Act; and

- (b) as far as is reasonably practicable, promptly provide the contractor with any information which might affect the health and safety of any person at work carrying out work or any person who might be affected by the work of such a person at work or which might justify a review of the health and safety plan.

E4.6.2 The contractor shall provide any Sub-contractor who is submitting a tender or appointed to perform a sub-contract falling within the scope of the contract, with the relevant sections of this specification and associated specification data which might be pertinent to the sub-contract.

E4.6.3 The contractor shall take reasonable steps as are necessary to ensure:

- (a) co-operation between all Sub-contractors to enable each of those Sub-contractors to comply with the requirements of the Act and associated regulations; and
- (b) that each Sub-contractor's health and safety plan is implemented.

E4.6.4 The contractor shall conduct periodic audits for compliance with the approved health and safety plan of each and every Sub-contractor working on the site at intervals agreed upon with such contractors, but at least once per month.

E4.6.5 The contractor shall stop any contractor from executing construction work which is not in accordance with the contractor's or Sub-contractor's health and safety plan for the site or which poses a threat to the health and safety of persons.

E4.6.6 The contractor shall ensure that where changes to the works occur, sufficient health and safety information and appropriate resources are made available to the Sub-contractor to execute the work safely.

E4.6.7 The contractor shall ensure that:

- (a) every Sub-contractor is registered and in good standing with the compensation fund or with a licensed compensation insurer prior to work commencing on site;
- (b) potential Sub-contractors submitting tenders have made provision for the cost of health and safety measures during the construction process; and
- (c) every Sub-contractor has in place a documented health and safety plan prior to commencing any work on site which falls within the scope of the contract.

E4.6.8 The contractor shall receive, discuss and approve health and safety plans submitted by Sub-contractors.

E4.6.9 The contractor shall ensure that all Sub-contractors are informed regarding any hazard as stipulated in the risk assessment before any work commences, and thereafter at such times as may be determined in the risk assessment.

E4.6.10 The contractor shall reasonably satisfy himself that all employees of Sub-contractors are informed, instructed and trained by a competent person regarding any hazard and the related work procedures before any work commences, and thereafter at such times as may be determined in the risk assessment. The contractor shall satisfy himself and ensure that all Sub-contractor employees deployed in the site are:

- a) informed, instructed and trained by a competent person regarding any hazard and the related work procedures before any work commences, and thereafter at such times as may be determined in the risk assessment; and

- b) issued with proof of health and safety induction training issued by a competent person and carry proof such induction when working on site.

E4.7 Reporting of incidents

The contractor shall notify the employer's representative of any incident as soon as possible after it has occurred and report such incidence to an inspector.

E4.8 Administration

E4.8.1 Notification of intention to commence construction work

The contractor shall notify the Provincial Director of Labour in writing using a form similar to that contained in Annexure A of the Construction Regulations issued in terms of the Act before construction work commences and retain a copy of such notification in the health and safety file where such work:

involves the demolition of a structure exceeding a height of 3m;

involves the use of explosives to perform construction work;

involves the dismantling of fixed plant at a height greater than 3m;

exceeds 30 days or will involve more than 300 person days of construction work; and includes:

- (a) excavation work deeper than 1m; or
- (b) working at a height greater than 3 m above ground or a landing.

E4.8.2 Health and safety file

E4.8.2.1 The contractor shall maintain on site a health and safety file on site which contains copies of the following, as relevant:

- (a) the notification made to the Provincial Director of Labour in terms of 4.4.1;
- (b) the letters of appointment of health and safety representatives;
- (c) the minutes of all health and safety meetings;
- (d) a comprehensive and updated list of all the Sub-contractors (nominated, selected or domestic) employed on site by the contractor, indicating the type of work being performed by such Sub-contractors;
- (e) a copy of each and every subcontract agreement;.
- (f) the contractor's health and safety plan;
- (g) the health and safety plans of all the contractor's Sub-contractors who are required to provide such plans;
- (h) the recommendations made to the contractor by the health and safety committee referred to in 4.2.3

Part C3.5: Management

- (i) any report made to an inspector by the health and safety committee referred to in 4.2.3; and
- (j) the findings of all audit reports made regarding the implementation of the contractor's or a Sub-contractor's health and safety plan;
- (k) proof that the contractor and every Sub-contractor is registered and in good standing with the compensation fund or with a licensed compensation insurer;
- (l) the inputs of the safety officer, if any, into the health and safety plan;
- (m) a copy of risk assessments made by competent persons;
- (n) details of induction training conducted whenever it is conducted;
- (o) proof of all Sub-contractor's induction training whenever it is conducted;
- (p) letters of appointments for competent persons to supervise prescribed activities;
- (q) proof of the following where suspended platforms are used:
 - (i) a certificate of system design issued by a professional engineer, professional certificated engineer or a professional engineering technologist;
 - (ii) proof of competency of erectors;
 - (iii) proof of compliance of operational design calculations with requirements of the system design certificate;
 - (iv) proof of performance test results;
 - (v) sketches indicating the completed system with the operational loading capacity of the platform;
 - (vi) procedures for and records of inspections having been carried out;
 - (vii) procedures for and records of maintenance work having been carried out;
 - (viii) proof that the prescribed documentation has been forwarded to the provincial director;
- (r) records of the register of inspections made by a competent person immediately before and during the placement of concrete or any other load on formwork; and
- (s) the names of the first aiders on site and copies of the first aid certificates of competency.

E4.8.2.2 The health and safety file shall be made available for inspection by any inspector, Sub-contractor, employer's representative, employer's agent, health and safety representative or employee of the contractor upon the request of such persons.

E4.8.2.3 The contractor shall hand over the health and safety file to the employer upon completion of the contract together with a record of all drawings, designs, materials used and other similar information concerning the completed structure.

E4.9 First aid, emergency equipment and procedures

The contractor shall where more than five employees are employed at a workplace, provide a first aid box or boxes at or near the workplace which shall be available and accessible for the treatment of injured persons at that workplace. Such first aid boxes shall contain suitable first aid equipment.

The contractor shall ensure that where there are more than 10 employees employed on the site that for every group of up to 50 employees at that workplace, at least one person is readily available during normal working hours, who is in possession of a valid certificate of competency in first aid.

C3.5.2 ENVIRONMENTAL SPECIFICATIONS

This part of C3.5 Management contains specifications for Environmental matters not covered by C3.4 Construction Specifications.

The number of each clause in this specification is prefixed with an F to differentiate these clauses and items.

SECTION F1000 : ENVIRONMENTAL MANAGEMENT

CONTENTS

SECTION	DESCRIPTION	PAGE
F1001	SCOPE	390
F1002	ENVIRONMENTAL MANAGEMENT PLAN	390
F1003	REHABILITATION	394
F1004	EMERGENCY PLANS	395
F1005	ENVIRONMENTAL AUDITING AND PENALTIES	395

F1001 SCOPE

The Contractor is required to comply with the requirements of the detailed EMP throughout construction.

The following are standardised additional specifications applicable. They are intended to assist the appointed Contractors to fulfill the environmental requirements of the Project. The objective of the EMP is to ensure that the potential impacts upon the environment are minimised, and that upon completion of each section of work the area is left in a clean and sustainable condition.

Overall the environmental impacts of the Project are considered to be low as long as the listed procedures are followed. These are given in the EMP.

The Contractor is advised that there are cost implications to the EMP and these must be factored into the tendered price.

F1002 ENVIRONMENTAL MANAGEMENT PLAN

F2.1 Objectives

The prime objective of the EMP is to minimise or avoid significant environmental impacts by using a pro-active approach and planning procedures.

The second objective is to have a plan in place to rehabilitate areas that have been impacted upon and, thirdly,

To have a plan in place for emergency situations that arise and are detrimental to the environment e.g. fuel or bitumen spills.

The Contractor will be responsible for the day-to-day implementation of the EMP, by himself and all other Sub-contractors. During the course of construction regular compliance audits will be undertaken. This environmental auditing will be conducted by qualified environmental practitioners.

F2.2 Environmental Control

The Contractor will oversee the environmental aspects of the construction phase of the Project in consultation with the Engineer.

The Contractor will report back to the bi-weekly site meetings with regards to compliance to the environmental specifications.

F2.3 Environmental Awareness Programme

The Engineer will implement an Environmental Awareness Programme for the Contractor, his staff, Sub-contractors and all people working on the Project. The initial session will be immediately prior to construction commencing.

F2.4 Method Statements

The Contractor shall submit written method statements for activities that are identified by the Engineer, as being potentially harmful to the environment, or for work that is to be undertaken in areas identified as being environmentally sensitive.

Such activities include dewatering of excavations, pumping, working with cement, erection of construction camps and fuel stores, etc.

The Method Statement shall cover applicable details with regard to:

- construction procedures,
- materials and equipment to be used,
- getting the equipment to and from site,
- how the equipment/ material will be moved while on site,
- how and where material will be stored,
- the containment (or action to be taken if containment is not possible) of leaks or spills of any liquid or material that may occur,
- timing and location of activities,
- compliance/ non-compliance with the Specifications, and
- any other information deemed necessary by the Engineer.

Method statements shall be submitted at least 7 days prior to commencing work on the activity to give the Engineer time to study the method statement and consult with contractor and specialists and to obtain written approval of the method statements. The Contractor shall not commence on that activity until such time as the method statement has been agreed to in writing by the Engineer. This will be done within this 10 day period.

Any changes required to the method statements once construction has commenced must be agreed upon in writing with the Engineer before being instituted.

F2.5 Working Areas

Regardless of the extent of the work, the following applies to all of these areas:

Part C3.5: Management

- All materials must be stockpiled or stored in a designated area (at each site) avoiding sensitive areas.
- No materials must be left on site once work is completed neither may they be dumped at any other place on site.
- Litter bins and containers for waste materials must be provided by the Contractor at each site. Bins should be weatherproof and scavenger proof.
- All waste must be placed in the bins and containers. No waste may be left lying on the site.
- Visible anti-litter signs must be displayed around the waste collection points and all employees must be encouraged to observe site rules pertaining to solid waste management practices. A concerted effort should be made to collect and dispose of materials suitable for recycling, separately from the other solid waste.
- No burning or burial of waste is permitted.
- Any soils contaminated by the contractor must be removed or rehabilitated. If a significant amount of soil has to be removed fresh soil must be imported and the site rehabilitated by grading and planting vegetation.
- All waste must be removed to an authorised landfill site, or taken to a facility for recycling.
- Any excess road building materials must either be:
 - taken to a site for stockpiling and future re-use,
 - used for localised rehabilitation, or
 - removed from site by the contractor for disposal.
- The contractor shall provide waste bins for solid waste collection and storage. Such bins should be placed at designated areas within the site. The refuse collected from the site must be removed for landfill disposal at least once a week.
- Vehicles may not park in the road reserve except with the prior permission of the Engineer.
- Every care should be taken to avoid damaging vegetation or land when vehicles are in use.
- Fuel tanks, pumps, and all equipment using oil, diesel, etc. must have drip trays. The drip trays must have sufficient capacity to contain liquids that will spill in the case of failure of the tanks, etc. The waste liquids taken from the trays must be disposed of at a landfill which permits disposing of liquid wastes.
- Only emergency repairs to vehicles and equipment may take place on site. Where emergency repairs take place it is the responsibility of the contractor to ensure that all waste (e.g. spare parts and oils) are removed from site as soon as possible. All other repairs must take place at a yard off-site, where facilities are suitable and waste facilities are appropriate.
- Whenever practical a tarpaulin should be laid down, prior to emergency repairs taking place, to protect the environment from contamination.
- No natural vegetation may be gathered, removed or destroyed in the course of the Project, except where agreed to by the landowner.
- No hunting is permitted.

- Fires are prohibited.
- Erosion control measures must be implemented if the need arises.
- Pollution of water courses by any means must be avoided.
- No defacement of any natural or other features will be allowed; this includes markings for road works, unless markings are restricted to the road surface.
- Dust suppression measures should be implemented if and when required.
- Chemical toilets must be provided at all sites and must be within walking distance of the workers. They must be serviced on a regular basis in order to be kept clean and hygienic. The toilets must be placed in a sheltered place and should be locked after working hours if they are outside a camp area. Alternative arrangements to use existing toilets with owners' written consent may be allowed when submitted in writing.
- All waste from toilets must be disposed of at a permitted landfill or waste treatment works.

F2.6 On-site Workers Camp

F2.6.1 Site Camp

The campsite selection should be carried out in consultation with the landowner or relevant authority.

The site must be selected with due regard to the environment. Due care should be taken to avoid areas where sensitive vegetation and habitats occur.

When the site selection process has been completed, the contractor will define the boundaries of the site and erect a fence with a controlled access around it if practical.

All activities associated with the camp must be restricted to the demarcated area.

It is the responsibility of the contractor to ensure the safety of all personnel within the boundaries of the site. The contractor should have an on-site contingency plan detailing measures to be observed in the case of a health, safety or environmental emergency.

The contractor should ensure that all employees, employed by him and/or employed by Sub-contractors, have a clear understanding of safety regulations and procedures.

F2.6.2 Water, wastewater, and storm water

Site occupants must have access to safe drinking water.

If water is stored on site a clear distinction should be made between drinking water and multi-purpose water storage facilities.

All water used on site must be taken from a legal source and comply with recognised standards for potable and other uses.

Wastewater that is contaminated with soaps, detergents and other undesirable materials, such as grease and oils, should be collected in conservancy tanks and disposed of safely in a wastewater treatment facility.

It is illegal to discharge water into a public stream if the quality does not conform with required health standards.

In all camps storm water must be managed to prevent erosion.

Run-off will be diverted to control ponds so that silt may settle and any pollutants are trapped.

Subsequently, any pollutants must be treated, or removed and disposed of at a permitted landfill site or recycling facility.

All materials should be protected from the rain to prevent them being washed into stormwater channels.

F2.6.3 Ablution Facilities

The contractor shall provide proper and adequate sanitary facilities for all site employees.

These facilities shall be maintained in good and working condition at all times. Odours emanating from these facilities should be controlled within acceptable levels.

F2.6.4 Fires and Cooking Facilities

Fires will not be allowed.

The contractor must supply cooking facilities that are suitable for the environment and are not liable to cause the outbreak of fires. Fire-fighting equipment must be supplied by the Contractor at suitable locations.

F2.7 Plant and Equipment Storage Facility

F2.7.1 Plant

At the end of the shift all plant should be driven or transported back to the campsite for proper and safe overnight storage.

The contractor should ensure that equipment left elsewhere is stored in a manner that will not impact negatively upon the environment.

The plant should be regularly inspected for fuel and oil leaks that may be harmful to the environment, and/or aquatic life if washed into a stream or river.

F2.7.2 Hazardous Materials

Hazardous materials should be stored under lock and key in designated areas with properly displayed and visible warning signs.

All storage of hazardous materials must comply with legislation and regulations.

(c) F1003 REHABILITATION

Upon completion of each section of work the site must be cleared of all equipment, waste and any rehabilitation work must be undertaken. This may include local grading of soils and re-vegetation where sites have been disturbed.

Immediately after the demolition of the campsite, the contractor shall restore the site to its original state, paying particular attention to its appearance relative to the general landscape.

It is imperative that any potential erosion problems are addressed. This may require subsequent site visits to monitor the efficacy of erosion control measures.

(d) F1004 EMERGENCY PLANS

The onus is on the contractor to assess the potential risks to the environment as a result of the Project. For example, accidental spillage of materials may pollute the soil or any water body.

The contractor must draw up a suitable emergency plan to contain such pollution. The emergency plans and procedures must be taught to all the workers on site, so that everyone is prepared to cope with an emergency.

Appropriate equipment must be available to carry out the emergency plans.

(e) F1005 ENVIRONMENTAL AUDITING AND PENALTIES

On a regular basis, a qualified auditor will carry out a site audit to ascertain and verify the contractor's level of compliance with the requirements of the EMP.

Transgression will be treated as a contravention of the contractual agreement.

Deviation from these prescribed requirements will be met with penalties that are intended to enforce compliance.

It is a requirement that the contractor keep concise records of mitigatory measures undertaken at each site to minimise environmental impacts.

Any emergency situations that impact upon the environment should be recorded by the contractor together with the action that was taken to rehabilitate and remediate the site.

A copy of all completed environmental audits will be given to the contractor and the employer by the auditor.

Any public complaints regarding the environment must be recorded and discussed with the Engineer to determine an appropriate course of action.

The contractor will be responsible for all costs incurred in the rehabilitation of sites.

The contractor will be responsible for all costs incurred where emergency procedures are implemented to deal with accidents that impact upon the environment.

The contractor will be responsible for ensuring that all procedures required to rehabilitate all sites are implemented.

If third parties are called to the site to perform clean up and rehabilitation procedures, the contractor will be responsible for all costs.

Penalties will be imposed for contravention of the EMP, as specified in the EMP:

PART C4: SITE INFORMATION

Information Only

All data and descriptions contained in this section of the contract documents are given for information purposes only and cannot be interpreted as prescriptive despite the fact that the text may give the opposite perspective. If any conflict arises between the content of this section and other sections of the contract documents, the latter take precedence.

C4.1 LOCALITY PLAN

Not required at this point

C4.2 CONDITIONS ON SITE: GEOTECHNICAL REPORT

Not required at this point

C4.3 DRAWINGS

Not required at this point

G. Price and Specific Goals

- will then be evaluated in accordance with the prescripts of the Preferential Procurement Policy Framework Act (PPPFA) and the associated Preferential Procurement Regulations of 2022, which stipulate an 80/20 preference point system is applicable and will be calculated with a rand value up to R50 million (all applicable taxes included).
- A valid SANAS B-BBEE Status Level Verification certificate or a B-BBEE certificate issued by the Companies and Intellectual Property Commission, with the exception of EME's and QSE's who are required to submit sworn affidavit in terms of Code of Good Practice. The sworn affidavit must be signed by the EME representative and attested by a Commissioner of oath.
- As bids are only invited for requirements with a rand value up to R50 000 000.00, the 80/20 system shall be applicable and will be calculated as follows:

ITEM	COMPONENT	POINTS
1.	Price:	80
2.	Preferential points: Specific goals	20
TOTAL:		100

Preference points shall be based on the Specific Goal as per below:

The specific goals allocated points in terms of this tender	Number of points allocated (80/20 system) (To be completed by the organ of state)	Number of points claimed (80/20 system) (To be completed by the tenderer)	Evidence
Business owned by 51% or more - Black People	5		· B-BBEE certificate or QSE/EME Affidavit; · Company Registration Certification · Certified Identification Documentation. · CSD report
Business owned by 51% or more — Women	5		· Company Registration Certification · Certified Identification Documentation · CSD report

SMME (EME or QSE)	5		<ul style="list-style-type: none"> • BBBEE Certificate / Affidavit • CSD registration
Locality within City of Johannesburg	5		Municipal Account or Proof of Residence sign by local councillor
Total Points	20		Failure to attach evidence will lead to scoring zero points

H. Risk Tolerance

The JDA has adopted a Risk Tolerance Framework (RTF) which enjoins the JDA to consider its risk exposure to contractors / service providers in terms of the number of contracts awarded to a single contractor / service provider in a particular year.

In terms of the Risk Tolerance Framework, the JDA determines the risk exposure as excessive in instances where the value of the contracts for individual professional service providers (e.g. project managers / engineers / quantity surveyors / consultants) is either :

The greater of R8 million or four contracts / projects in the current financial year or

The greater of R12 million or six contracts / projects over two financial years (current year and previous financial year)

And in instances where the value of contracts for multi-disciplinary professional service providers (e.g. more than one discipline / service is provided by the same bidder) is either:

The greater of R12 million or six contracts / projects in the current financial year or

The greater of R20 million or nine contracts / projects over two financial years (current year and previous financial year)

A risk analysis shall be undertaken on the bidder with the highest number of points obtained, to determine whether the tenderer does not exceed the JDA's risk framework criteria as stated above. In other words, whether it falls within the ambit of the Risk Tolerance Framework as acceptable.
