PRICING INSTRUCTION

1. For evaluation purposes, bidders are required to quote for every item listed in this document's pricing schedule.
2. The transaction fee must be a fixed amount per service. It must be linked to the cost of delivering the service and not a percentage of the value or cost of the service provided by third-party service providers.
3. The George Municipality reserves the right to negotiate special package deals with other bidders on the panel, specifically when bulk orders are required, and it would be more practical and cost-effective for the Municipality to order in bulk.
4. Additional items not stipulated in the pricing schedule of this document may be required from time to time; therefore, the prices will only be obtained from the bidders appointed on the panel.
5. Pricing Instructions mean the criteria as set out below, read together with all Parts of this contract document, which it will be assumed in the contract that the tenderer has taken into account when developing his prices.
6. The short descriptions and category numbers given in the pricing schedule below are brief descriptions used to identify the activities for which prices are required.
7. While it is entirely at the tenderer's discretion as regards to the pricing schedule below, guideline tariffs of fees or indicative time-based fee rates are gazetted annually, which are useful documents that will give tenderers some idea of industry norms against which they may compare their rates, sums, percentage fees and/or prices as applicable.
8. For the purpose of the pricing schedule, the following words shall have the meanings hereby assigned to them:
 - Unit: The unit of measurement for each item.
 - Quantity: The number of units of work for each item.
 - Rate: The agreed payment per unit of measurement.

- Amount: The product of the quantity and the agreed rate for an item.
9. Each item in the pricing schedule must be assigned a rate, sum, percentage fee, and/or price as applicable. An item against which no price is entered will be considered a no-offer, and the bidder will not be evaluated.
 10. The rates, sums, percentage fees and prices in the pricing schedule are to be fully inclusive as described under the several items. Such prices and rates are to cover all costs and expenses that may be required in and for the execution of the work described and shall cover the cost of all general risks, liabilities, and obligations set forth or implied in the Contract Data, as well as overhead charges and profit.
 11. Where quantities are given in the pricing schedule, these are provisional and do not necessarily represent the amount of work to do. The quantities of work accepted and certified for payment will be used for determining payments due, not the quantities given in the pricing schedule. In respect of time-based services, the allocation of staff must be agreed upon with the employer before such services are rendered.
 12. All rates, sums, percentage fees, or prices (as applicable) tendered in the pricing schedule shall be final and binding and shall not be subject to any variation throughout the contract period.
 13. For evaluation purposes, the total amount for will be used to calculate the points for price, therefore bidders **MUST** quote on every item in the pricing schedule. **Failure to quote on every item in the pricing schedule will not be evaluated and the bidder will be deemed as non-responsive.**

CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Municipal Bidding Document (MBD) must form part of all bids¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Municipal Supply Regulation 38(1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
 - a. take all reasonable steps to prevent such abuse;
 - b. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
 - c. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.
- 4 This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (MBD9) must be completed and submitted with the bid:
 - 1 **Includes price quotations, advertised competitive bids, limited bids and proposals.**
 - 2 **Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.**

21.4 Except as provided under GCC Clause 25, a delay by the supplier in the performance of its delivery obligations shall render the supplier liable to the imposition of penalties, pursuant to GCC Clause 22, unless an extension of time is agreed upon pursuant to GCC Clause 22.2 without the application of penalties.

However, the supplier shall continue performance of the contract to the extent not terminated.
- 23.3 Where the purchaser terminates the contract in whole or in part, the purchaser may decide to impose a restriction penalty on the supplier by prohibiting such supplier from doing business with the public sector for a period not exceeding 10 years.
