	TECHNICAL EVALUATION CRITERIA - TECHNICAL FMS			
IOTES:				
he tenderer to achi he tenderer to pass	ass both criteria in Part 1 - Mandatory Section and, eve a minimum threshold of 73% and not receive a 0% in any of the criteria in Part 2 - Qualitative Section and, s all criteria in Part 3 - Onsite Section. deemed as passed in the technical evaluation if Part 3 - Onsite Section is passed.			
	Part 2 the tenderer will need achieve a pass in Part 1. Part 3 the tenderer will need to be meet the threshold and requirement in Part 2.			
	PART 1 - Mandatory Section			
KPI	Criteria The tenderer is required to pass criteria A1 and A2 to pass Part 1 - Mandatory Section of the evaluation. The tenderer will be deemed as failed in the technical evaluation if it fails any of the 2 criteria in Part 1. The tenderer will not be evaluated further if Part 1 - Mandatory Section is failed.	Assessment Method	R	esult
	The tenderer's skills within its company is evaluated in this criterion.			
A1	The tenderer must as a minimum have an employee with any one of the specified trade, employed within the tendering company. The specified trade is a plumber or an electrician or a building works person.			
In House Skills Required	The technical evaluation returnable template must be filled in indicating the trade of the worker employed within its company. The technical evaluation returnable template must be returned as a tender returnable. Information on this template will be used to evaluate the tenderer on this criterion.			
	The tenderer has within its employ of its company a plumber or an electrician or a building works person as indicated on the technical evaluation returnable template. No information or incomplete information in the technical evaluation returnable template for the specified trade skills required in the tendering company.	Pass Fail	ł	
In House Skills	The Tenderer's workspace / facility utilised to provide the goods is evaluated in this criterion			
	The tenderer to provide proof of workspace / facility that is being used when providing the service. The proof to be supplied must be municipality invoice (not older than 3 months from tender closing date) or letter from ward councillor or a current valid lease agreement or an affidavit confirming workspace / facility location. The street address or geographic co-ordinates must be clearly specified on the document. Document must be in the Tendering company's name or any of the Tendering company's owner's name. Workspace / Facility must be within a 100km radius from any of the home centres i.e.			
A2 enderer's Workspace / Facility	-Mikondeni Complex - 1 Pertand Road, Mikondeni, Pietermaritzburg -New Germany Area Office - 25 Valley View Road, New Germany -Empangeni Area Office - 34 Volottrekker Street, Newcastle -Newcastle Area Office - 34 Voortrekker Street, Newcastle			
			1	
	Google maps will be used to verify the 100km radius based on driving distance from the home centres specified.
