## T.2 CONDITIONS OF TENDER

### 2.1 General

#### 2.1.1 Actions

**2.1.1.1** The City of Cape Town (hereafter referred to as the “CCT”) and each tenderer submitting a tender offer (hereinafter referred to as the “tenderer” or the “supplier”) shall comply with item T.2 of this Tender Document Goods and Services (hereinafter referred to as these “Conditions of Tender”). The tenderer and the CCT shall collectively hereinafter be referred to as the “Parties” and individually a “Party”). In their dealings with each other, the Parties shall discharge their duties and obligations as set out in these Conditions of Tender, timeously and with integrity, and behave equitably, honestly and transparently, and shall comply with all legal obligations imposed on the Parties herein and in accordance with all applicable laws.

**The Parties agree that this tender Tender Document Goods and Services (hereinafter referred to as the”Tender” / “Tender Document”), its evaluation and acceptance and any resulting contract shall also be subject to the CCT’s Supply Chain Management Policy (‘SCM Policy’) that was applicable on the date the bid was advertised and as amended from time to time. If the CCT adopts a new SCM Policy which contemplates that any clause therein would apply to the Contract emanating from this tender (hereinafter referred to as the “Contract”), such clause shall also be applicable to that Contract. Please refer to this document contained on the CCT’s website.**

**Abuse of the supply chain management system is not permitted and may result, inter alia, (1) in the tender being rejected; (2) cancellation of the contract; (3) restriction of the supplier, and/or (4) the exercise by the CCT of any other remedies available to it as provided for in the SCM Policy and/or the the Contract and/or this tender and/or any applicable laws .**

**2.1.1.2** The CCT, the tenderer and their agents and employees involved in the tender process shall avoid conflicts of interest and where a conflict of interest is perceived or known, declare any such conflict of interest, indicating the nature of such conflict. Tenderers shall declare any potential conflict of interest in their tender submissions. Employees, agents and advisors of the CCT shall declare any conflict of interest to the CCT at the start of any deliberations relating to the procurement process or as soon as they become aware of such conflict, and abstain from any decisions where such conflict exists or recuse themselves from the procurement process, as appropriate.

**2.1.1.3** The CCT shall not seek, and a tenderer shall not submit a tender, without having a firm intention and capacity to proceed with the contract.

#### 2.1.2 Interpretation

**2.1.2.1** The additional requirements contained in Annexure F to the contract (hereinafter referred to as the “returnable documents” / “Returnable Schedules”) are part of these Conditions of Tender and are specifically hereby incorporated into these Conditions of Tender.

**2.1.2.2** These Conditions of Tender and returnable Documents which are required for CCT’s tender evaluation purposes herein, shall form part of the Contract arising from the CCT’s corresponding invitation to tender.

#### 2.1.3 Communication during tender process

Verbal or any other form of communication, from the CCT, its employees, agents or advisors during site visits/clarification meetings or at any other time prior to the award of the Contract, will not be regarded as binding on the CCT, unless communicated by the CCT in writing to suppliers / tenderers by its Director: Supply Chain Management or his nominee. Similarly, any communication of the tenderer / supplier that is not reduced to writing by the tenderer / supplier, its employees, agents or advisors, shall not be regarded as binding on the CCT, unless communicated to the CCT in writing by the suppliers / tenderers, or their duly authorised representatives.

## 2.1.4 The CCT's right to accept or reject any tender offer

2.1.4.1 The CCT may accept or reject any tender offer and may cancel the corresponding tender process or reject all tender offers at any time before the formation of a contract. The CCT may, prior to the award of the tender, cancel a tender if:

- (a) due to changed circumstances, there is no longer a need for the services, works or goods requested; or
- (b) funds are no longer available to cover the total envisaged expenditure; or
- (c) no acceptable tenders are received;
- (d) there is a material irregularity in the tender process; or
- (e) the Parties are unable to negotiate market related pricing.

The CCT shall not accept or incur any liability to a tenderer for such cancellation or rejection, but will give written reasons for such action upon receiving a written request to do so.

## 2.1.5 Procurement procedures

### 2.1.5.1 General

Unless otherwise stated in the Conditions of Tender, a contract will be concluded with the tenderer who scores the highest number of tender adjudication points.

The CCT intends to appoint a tenderer (the highest ranked tenderer ("the winner") and in addition "alternative tenderers" per area for the allocation of work. If insufficient responsive bids are received, the CCT reserves the right to appoint fewer tenderers, or not to appoint any tenderers at all.

Suppliers, once appointed and subject to operational requirements, will be invited to deliver the goods or services on a "winner-takes-all" basis, whereby the order will always be offered and, if accepted, allocated to the highest ranked tenderer ("the winner"), and only if he refuses will the work be offered to the next highest ranked tenderer from the alternative tenderers).

The tenderer may bid for one or multiple areas and may only be awarded for areas tendered for.

The appointment will be as per area as indicated below.

<b>PART A</b>	
<b>Area</b>	<b>Facility</b>
West (Atlantic)	Athlone Refuse Transfer Station (ARTS) and Public Drop-Off Facility
North (Tierberg)	Bellville Refuse Transfer Station (BRTS) and Public Drop-Off Facility
East (Impuma)	Kraaifontein Waste Management Facility (KWMF) and Public Drop-Off Facility
	Faure Landfill Public Drop-Off Facility
	Helderberg Transfer Station (HRTS) and Public Drop-Off Facility (when operational)
South (Two Oceans)	Swartklip Refuse Transfer Station (SRTS) and public drop-off
	Coastal Park Transfer Station (CPRTS) and Public Drop-Off Facility (when operational)

<b>PART B – City wide movement of Household Hazardous Waste</b>				
	Athlone	Household	Hazardous	Waste Drop-off Facility
	Bellville	Household	Hazardous	Waste Drop-off Facility

***NB. The City reserves the right to add or remove sites as per operational needs during the course of the contract. The layout included under 6.6 of the Tender Specifications indicates the extent of haulage areas.***

The contract period shall be for a period of **36 months** from the commencement date of the contract.

#### **2.1.5.2 Proposal procedure using the two stage-system**

A two-stage system will not be followed.

#### **2.1.5.3 Nomination of Standby Bidder**

“Standby Bidder” means a bidder, identified by the CCT at the time of awarding a bid that will be considered for award should the contract be terminated for any reason whatsoever. In the event that a contract is terminated during the execution thereof, the CCT may consider the award of the contract, or non-award, to the Standby Bidder in terms of the procedures included its SCM Policy, as amended from time to time.

#### **2.1.6 Objections, complaints, queries and disputes/ Appeals in terms of Section 62 of the Systems Act/ Access to court**

##### **2.1.6.1 Disputes, objections, complaints and queries**

In terms of Regulations 49 and 50 of the Local Government: Municipal Finance Management Act, 56 of 2003 Municipal Supply Chain Management Regulations (Board Notice 868 of 2005):

- a) Persons aggrieved by decisions or actions taken by the CCT in the implementation of its supply chain management system, may lodge within 14 days of the decision or action, a written objection or complaint or query or dispute against the decision or action.

##### **2.1.6.2 Appeals**

- a) In terms of Section 62 of the Local Government: Municipal Systems Act, 32 of 2000 a person whose rights are affected by a decision taken by the CCT, may appeal against that decision by giving written notice of the appeal and reasons to the City Manager within 21 days of the date of the notification of the decision.
- b) An appeal must contain the following:
- i. Must be in writing
  - ii. It must set out the reasons for the appeal
  - iii. It must state in which way the Appellant’s rights were affected by the decision;
  - iv. It must state the remedy sought; and
  - v. It must be accompanied with a copy of the notification advising the person of the decision
- c) The relevant CCT appeal authority must consider the appeal and **may confirm, vary or revoke** the decision that has been appealed, but no such revocation of a decision may detract from any rights that may have accrued as a result of the decision.

##### **2.1.6.3 Right to approach the courts and rights in terms of Promotion of Administrative Justice Act, 3 of 2000 and Promotion of Access to Information Act, 2 of 2000**

The sub- clauses above do not influence any affected person’s rights to approach the High Court at any time or its rights in terms of the Promotion of Administrative Justice Act (PAJA) and Promotion of Access to Information Act (PAIA).

- 2.1.6.4** All requests referring to sub clauses 2.1.6.1 and 2.1.6.2 must be submitted in writing to:  
**The City Manager** - C/o the Manager: Legal Compliance Unit, Legal Services Department, Office of the City Manager

**Via hand delivery at:** 20<sup>th</sup> Floor, Tower Block, 12 Hertzog Boulevard, Cape Town 8001

**Via post at:** Private Bag X918, Cape Town, 8000

**Via email at:** [MSA.Appeals@capetown.gov.za](mailto:MSA.Appeals@capetown.gov.za)

**2.1.6.5** All requests referring to clause 2.1.6.3 must be submitted in writing to:

**The City Manager** - C/o the Manager: Access to Information Unit, Legal Service Department, Office of the City Manager

**Via hand delivery at:** 20<sup>th</sup> Floor, Tower Block, 12 Hertzog Boulevard, Cape Town 8001

**Via post at:** Private Bag X918, Cape Town, 8000

**Via email at:** [Access2info.Act@capetown.gov.za](mailto:Access2info.Act@capetown.gov.za)

**2.1.6.6 The minimum standards regarding accessing and 'processing' of any personal information belonging to another in terms of Protection of Personal Information Act, 2013 (POPIA).**

For purposes of this clause 2.1.6.6, the contract and these Conditions of Tender, the terms "data subject", "Personal Information" and "Processing" shall have the meaning as set out in section 1 of POPIA, and "Process" shall have the corresponding meaning.

The CCT, its employees, representatives and sub-contractors may, from time to time, Process the tenderer's and/or its employees', representatives' and/or sub-contractors' Personal Information, for purposes of, and/or relating to, the tender, the contract and these Conditions of Tender, for research purposes, and/or as otherwise may be envisaged in the CCT's Privacy Notice and/or in relation to the CCT's Supply Chain Management Policy or as may be otherwise permitted by law. This includes the Processing of the latter Personal Information by the CCT's due diligence assurance provider, professional advisors and the Appeal Authority as applicable. The CCT's justification for the processing of such aforesaid Personal Information is based on section 11(1)(b) of POPIA, i.e., in terms of which the CCT's Processing of the said Personal Information is necessary to carry out actions for the conclusion and/or performance of the contract, to which the applicable data subject (envisaged in this clause 2.1.6.6 above) is a party.

All requests relating to data protection must be submitted in writing to:

The City Manager - C/o the Information Officer, Office of the City Manager

Via hand delivery at: 20<sup>th</sup> Floor, Tower Block, 12 Hertzog Boulevard, Cape Town 8001

Via post at: Private Bag X9181, Cape Town, 8000

Via email at: [Popia@capetown.gov.za](mailto:Popia@capetown.gov.za).

**2.1.6.7 Compliance to the CCTs Appeals Policy.**

In terms of the CCT's Appeals Policy, a fixed upfront administration fee will be charged. In addition, a surcharge may be imposed for vexatious and frivolous or otherwise manifestly inappropriate tender related appeals.

The current approved administration fee is R300.00 and may be paid at any of the Municipal Offices or at the Civic Centre in Cape Town using the GL Data Capture Receipt attached as Annexure F.14: Appeal Application Form. Alternatively, via EFT into the CCT's NEDBANK Account: CITY OF CAPE TOWN and using Reference number: 198158966. You are required to send proof of payment when lodging your appeal.

The current surcharge for vexatious and frivolous or otherwise manifestly inappropriate tender related appeals will be calculated as  $\frac{1}{2}$  (Administrative cost of the tender appeal) + 0.25 % (Appellant's tender price).

Should the payment of the administration fee of R300.00 or the surcharge not be received, such fee or surcharge will be added as a Sundry Tariff to the bidder's municipal account.

In the event where the bidder does not have a Municipal account with the CCT, the fee or surcharge may be recovered in terms of the CCT's Credit Control and Debt Collection By-law, 2006 (as amended) and its Credit Control and Debt Collection Policy.

**2.1.7 CCT Supplier Database Registration**

Tenderers are required to be registered on the CCT Supplier Database as a service provider. Tenderers must register as such upon being requested to do so in writing and within the period contained in such a request, failing which no orders can be raised or payments processed from the resulting contract. In the case of Joint Venture partnerships this requirement will apply individually to each party of the Joint Venture.

Tenderers who wish to register on the CCT's Supplier Database may collect registration forms from the Supplier Management Unit located within the Supplier Management / Registration Office, 2<sup>nd</sup> Floor (Concourse Level), Civic Centre, 12 Hertzog Boulevard, Cape Town (Tel 021 400 9242/3/4/5). Registration forms and related information are also available on the CCT's website [www.capetown.gov.za](http://www.capetown.gov.za) (follow the Supply Chain Management link to Supplier registration).

It is each tenderer's responsibility to keep all the information on the CCT Supplier Database updated.

## 2.1.8 National Treasury Web Based Central Supplier Database (CSD) Registration

Tenderers are required to be registered on the National Treasury Web Based Central Supplier Database (CSD) as a service provider. Tenderers must register as such upon being requested to do so in writing and within the period contained in such a request, failing which no orders can be raised or payments processed from the resulting contract. In the case of Joint Venture partnerships this requirement will apply individually to each party of the Joint Venture.

Tenderers who wish to register on the National Treasury Web Based Central Supplier Database (CSD) may do so via the web address <https://secure.csd.gov.za>.

It is each tenderer's responsibility to keep all the information on the National Treasury Web Based Central Supplier Database (CSD) updated.

<b>Total</b>				<b>100</b>

The minimum qualifying score for functionality is **70** out of a maximum of **100**.

Where the entity tendering is a Joint Venture the tender must be accompanied by a statement describing exactly what aspects of the work will be undertaken by each party to the joint venture.

Tenderers shall ensure that all relevant information has been submitted with the tender offer in the prescribed format to ensure optimal scoring of functionality points for each Evaluation Criteria. Failure to provide all information **IN THIS TENDER SUBMISSION** could result in the tenderer not being able to achieve the specified minimum scoring.

A more detailed explanation of the functionality criteria is given below:

#### a) **Company Experience**

The tenderer needs to demonstrate experience in the transportation of waste or bulk goods or logistics environment as detailed in the key activities as described in the Scope of Works. Track record of company. Tenderers **MUST** complete Annexure F.13A to list all relevant projects.

**(b) Key Personnel**

Project Manager **MUST** have experience in management and day to day operations in waste transport or logistics planning environment (complete Annexure F.13B and provide a detailed CV)

**2.2.1.1.5 Vehicle Availability and compliance**

The Tenderer **MUST** provide details of the transportation vehicles and systems to be used for transporting, loading and unloading the containers in Annexure **F.13C for the specific facilities**. The number of containers per trip, the maximum waste payload per container (i.e. the maximum mass of waste in a 4,3 tonne reinforced closed container) must be indicated on **Annexure F.13D**. The details must demonstrate that each vehicle type complies with the relevant requirements of the National Road Traffic Act (Act 93 of 1996) and its Regulations, as amended.

A weight distribution diagram and copies of the registration documents for each combination listed per facility **MUST** be returned with the tender submission, **failure to do so will render the tenderer non-responsive**.

The weight distribution diagrams must be clearly marked with the vehicle combination no. and attached to the relevant registration documents.

Only vehicles for which the above information has been provided with the tender submission will be considered to be available for the contract.

- **Where vehicles are leased attach:**

Proof of letter of intent for **ALL** leased/hired vehicles, indicating the age, capacity, type of vehicles, and weight distribution diagram must be submitted with the tender. The proof of a dated letter of intent between Lessee and Lessor to include the tender reference number which must be signed by both contracting parties.

- **Where vehicles owned attach:**

Vehicle/s registration documents indicating the age, capacity and type of vehicle in the tenderers name must be submitted with the tender.

- **Where vehicles are to be purchased:**

Submit provisional approval of finance from an authorised financial institution/ credit facility/ funding institutions for all quotations obtained in respect of purchasing of vehicles. Proof of provisional financing made available by the authorised financial institution/ credit facility/ funding institutions must be sufficient to cover the cost of all the vehicles to be purchased. The quotation, together with the proof of available finance, will be used to measure the number of vehicles that the tenderer will be able to purchase.

**Note:**

**Combination is considered to be a Mechanical Horse or Hooklift truck and trailer combination with minimum two (2) containers.**

**Trucks provided or submitted under this tender must be dedicated and available on commencement of tender.**

**2.2.1.1.6 Waste Accreditation**

All appointed service providers are required to be accredited as waste management service providers in terms of the City of Cape Town Integrated Waste Management bylaw. Service Providers that do not comply with this requirement will not be able to provide waste management services. Accreditation must remain valid for the tenure of the contract. All tenderers are therefore required to submit proof of valid accreditation with tender submission; which accreditation must still be valid at the time of award of this tender. Tenderers whose accreditation is about to expire are strongly encouraged to re-apply for accreditation as soon as possible.

Tenderers who are not currently accredited must apply for accreditation as follows:

To apply for accreditation as a waste management service provider, please send an email to [waste.accreditation@capetown.gov.za](mailto:waste.accreditation@capetown.gov.za) or follow the link below for details:

<http://www.capetown.gov.za/City-Connect/Register/Business-and-trade/Register-as-an-accredited-waste-services-provider>.

Proofs of such applications are also to be submitted with bid submissions.

PLEASE NOTE, IN ORDER TO BE DEEMED RESPONSIVE AT THE TIME OF AWARD of this Tender, The City of Cape Town/Bid Evaluation Committee(BEC) will check the accreditation status of all responsive tenderers at the time of award of tender. This will be done by referring to the CoCT list of accredited Service Providers on the City of Cape Town's accreditation data base. All responsive tenderers whose names do not appear on this list, or whose accreditation is about to expire, will be requested via clarification letters from BEC to submit proof of valid accreditation at the time of evaluation, failure to respond to such clarification by due date or provide the City with proof of a valid accreditation, will render the tenderer non-responsive.

#### **2.2.1.1.7 Provision of samples**

Only those tenders submitted by tenderers who provided acceptable samples as stated in the Tender Specifications will be declared responsive.

#### **2.2.2 Cost of tendering**

The CCT will not be liable for any costs incurred in the preparation and submission of a tender offer, including the costs of any testing necessary to demonstrate that aspects of the offer complies with requirements.

#### **2.2.3 Check documents**

The documents issued by the CCT for the purpose of a tender offer are listed in the index of this tender document.

Before submission of any tender, the tenderer should check the number of pages, and if any are found to be missing or duplicated, or the figures or writing is indistinct, or if the Price Schedule contains any obvious errors, the tenderer must apply to the CCT at once to have the same rectified.

#### **2.2.4 Confidentiality and copyright of documents**

The tenderer shall treat as strictly confidential all matters arising in connection with the tender. Use and copy the documents issued by the CCT only for the purpose of preparing and submitting a tender offer in response to the invitation.

#### **2.2.5 Reference documents**

The tenderer shall obtain, as necessary for submitting a tender offer, copies of the latest versions of standards, specifications, Conditions of Contract and other publications, which are not attached but which are incorporated into the tender document(s) by reference.

#### **2.2.6 Acknowledge and comply with notices**

The tenderer shall acknowledge receipt of notices to the tender documents, which the CCT may issue, and shall fully comply with all instructions issued in the said notices, and if necessary, apply for an extension of the closing time stated on the front page of the tender document, in order to take the notices into account. Notwithstanding any requests for confirmation of receipt of the said notices issued, the tenderer shall be deemed to have received such notices if the CCT can show proof of transmission thereof via electronic mail,

facsimile, or registered post or other lawful means.

### **2.2.7 Clarification meeting**

The tenderer shall attend, where required, a clarification meeting at which tenderers may familiarise themselves with aspects of the proposed work, services or supply and pose questions. Details of the meeting(s) are stated in the General Tender Information (i.e., in item T.1 above).

Tenderers should be represented at the site visit/clarification meeting by a duly authorised person who is suitably qualified and experienced to comprehend the implications of the work involved.

### **2.2.8 Seek clarification**

The tenderer shall request clarification of the tender documents, if necessary, by notifying the CCT at least one week before the closing time stated in the General Tender Information (i.e., in item T.1 above), where possible.

### **2.2.9 Pricing the tender offer**

**2.2.9.1** The tenderer shall comply with all pricing instructions as stated on the Price Schedule.

### **2.2.10 Alterations to documents**

The tenderer shall not make any alterations or additions to the tender documents, except to comply with instructions issued by the CCT in writing, or necessary to correct errors made by the tenderer. All signatories to the tender offer shall initial all such alterations.

### **2.2.11 Alternative tender offers**

**2.2.11.1** Unless otherwise stated in the Conditions of Tender, the tenderers may submit alternative tender offers only if a main tender offer, strictly in accordance with all the requirements of the tender documents, is also submitted.

If a tenderer wishes to submit an alternative tender offer, he/she/it shall do so as a separate offer on a complete set of tender documents. The alternative tender offer shall be submitted in a separate sealed envelope clearly marked "Alternative Tender" in order to distinguish it from the main tender offer.

Only the alternative of the highest ranked acceptable main tender offer (that is, submitted by the same tenderer) will be considered, and if appropriate, recommended for award.

Alternative tender offers of any but the highest ranked main tender offer will not be considered.

An alternative tender offer to the highest ranked acceptable main tender offer that is priced higher than the main tender offer may be recommended for award, provided that the ranking of the alternative tender offer is higher than the ranking of the next ranked acceptable main tender offer.

The CCT will not be bound to consider alternative tenders and shall have sole discretion in this regard.

In the event that the alternative is accepted, the tenderer warrants that the alternative offer complies in all respects with the CCT's standards and requirements as set out in the tender document.

**2.2.11.2** Acceptance of an alternative tender offer by the CCT may be based only on the criteria stated in the Conditions of Tender or applicable criteria otherwise acceptable to the CCT.

### **2.2.12 Submitting a tender offer**

- 2.2.12.1** The tenderer is required to submit one tender offer only on the original tender documents as issued by the CCT, either as a single tendering entity or as a member in a joint venture to provide the whole of the works, services or supply identified in the Conditions of Contract and described in the Specifications. Only those tenders submitted on the tender documents as issued by the CCT together with all Tender Returnable Documents duly completed and signed will be declared responsive.
- 2.2.12.2** The tenderer shall return the entire tender document to the CCT after completing it in its entirety, either electronically (if they were issued in electronic format) or by writing legibly in non-erasable ink.
- 2.2.12.3** The tenderer shall sign the original tender offer where required in terms of the Conditions of Tender. The tender shall be signed by a person duly authorised by the tenderer to do so. Tenders submitted by joint ventures of two or more firms shall be accompanied by the document of formation / founding document of the joint venture or any other document signed by all Parties, in which is defined precisely the conditions under which the joint venture will function, its period of duration, the persons authorised to represent and obligate it, the participation of the several firms forming the joint venture, and any other information necessary to permit a full appraisal of its functioning. Signatories for tenderers proposing to contract as joint ventures shall state which of the signatories is the lead partner.
- 2.2.12.4** Where a two-envelope system is required in terms of the Conditions of Tender, place and seal the returnable documents listed in the Conditions of Tender in an envelope marked “financial proposal” and place the remaining returnable documents in an envelope marked “technical proposal”. Each envelope shall state on the outside the CCT’s address and identification details stated in the General Tender Information (i.e., item T.1 above), as well as the tenderer's name and contact address.
- 2.2.12.5** The tenderer shall seal the original tender offer and copy packages together in an outer package that states on the outside only the CCT's address and identification details as stated in the General Tender Information. . If it is not possible to submit the original tender and the required copies (see 2.2.12.3) in a single envelope, then the tenderer must seal the original and each copy of the tender offer as separate packages marking the packages as “ORIGINAL” and “COPY” in addition to the aforementioned tender submission details.
- 2.2.12.6** The CCT shall not assume any responsibility for the misplacement or premature opening of the tender offer if the outer package is not sealed and marked as stated.
- 2.2.12.7** Tender offers submitted by facsimile or e-mail will be rejected by the CCT, unless stated otherwise in the Conditions of Tender.
- 2.2.12.8** By signing the offer part of the Form of Offer (**Section 5, Part A hereto**) the tenderer warrants and agrees that all information provided in the tender submission is true and correct.
- 2.2.12.9** Tenderers shall properly deposit its bid in the designated tender box (as detailed on the front page of this tender document) on or before the closing date and before the closing time, in the relevant tender box at the Tender & Quotation Boxes Office situated on the 2nd floor, Concourse Level, Civic Centre, 12 Hertzog Boulevard, Cape Town. If the tender submission is too large to fit in the allocated box, please enquire at the public counter for assistance.
- 2.2.12.10** The tenderer must record and reference all information submitted contained in other documents for example cover letters, brochures, catalogues, etc. in the Returnable Schedule titled **List of Other Documents Attached by Tenderer**.

### **2.2.13 Information and data to be completed in all respects**

Tender offers, which do not provide all the data or information requested completely and in the form required, may be regarded by the CCT as non-responsive.

### **2.2.14 Closing time**

**2.2.14.1** The tenderer shall ensure that the CCT receives the tender offer, together with all applicable documents specified herein, at the address specified in the General Tender Information herein prior to the closing time stated on the front page of the tender document.

**2.2.14.2** If the CCT extends the closing time stated on the front page of the tender document for any reason,

the requirements of these Conditions of Tender apply equally to the extended deadline.

**2.2.14.3** The CCT shall not consider tenders that are received after the closing date and time for such a tender (late tenders).

**2.2.15 Tender offer validity and withdrawal of tenders**

**2.2.15.1** The tenderer shall warrant that the tender offer(s) remains valid, irrevocable and open for acceptance by the CCT at any time for a period of 120 days after the closing date stated on the front page of the tender document.

**2.2.15.2** Notwithstanding the period stated in clause 2.2.15.1 above, bids shall remain valid for acceptance for a period of twelve (12) months after the expiry of the original validity period, unless the CCT is notified in writing of anything to the contrary by the bidder. The validity of bids may be further extended by a period of not more than six months subject to mutual agreement by the parties, administrative processes and upon approval by the City Manager, unless the required extension is as a result of an appeal process or court ruling.

In circumstances where the validity period of a tender has expired, and the tender has not been awarded, the tender process is considered "completed", despite there being no decision (award or cancellation) made. This anomaly does not fall under any of the listed grounds of cancellation and should be treated as a "non award". A "non award" is supported as a recommendation to the CCT's Bod Adjudication Committee ("BAC") for noting.

**2.2.15.3** A tenderer may request in writing, after the closing date, that its tender offer be withdrawn. Such withdrawal will be permitted or refused at the sole discretion of the CCT after consideration of the reasons for the withdrawal, which shall be fully set out by the tenderer in such written request for withdrawal. Should the tender offer be withdrawn in contravention hereof, the tenderer agrees that:

- a) it shall be liable to the CCT for any additional expense incurred or losses suffered by the CCT in having either to accept another tender or, if new tenders have to be invited, the additional expenses incurred or losses suffered by the invitation of new tenders and the subsequent acceptance of any other tender;
- b) the CCT shall also have the right to recover such additional expenses or losses by set-off against monies which may be due or become due to the tenderer under this or any other tender or contract or against any guarantee or deposit that may have been furnished by the tenderer or on its behalf for the due fulfilment of this or any other tender or contract. Pending the ascertainment of the amount of such additional expenses or losses, the CCT shall be entitled to retain such monies, guarantee or deposit as security for any such expenses or loss, without prejudice to the CCT's other rights and/or remedies available to it in accordance with any applicable laws.

**2.2.16 Clarification of tender offer, or additional information, after submission**

Tenderer's shall promptly provide clarification of its tender offer, or additional information, in response to a written request to do so from the CCT during the evaluation of tender offers within the time period stated in such request. No change in the competitive position of tenderers or substance of the tender offer is sought, offered, or permitted.

Note: This clause does not preclude the negotiation of the final terms of the contract with a preferred tenderer following a competitive selection process, should the CCT elect to do so.

Failure, or refusal, to provide such clarification or additional information within the time for submission stated in the CCT's written request may render the tender non-responsive.

**2.2.17 Provide other material**

**2.2.17.1** Tenderer's shall promptly provide, upon request by the CCT, any other material that has a bearing on the tender offer, the tenderer's commercial position (including joint venture agreements), preferencing arrangements, or samples of materials, considered necessary by the CCT for the purpose of the

evaluation of the tender. Should the tenderer not provide the material, or a satisfactory reason as to why it cannot be provided, by the time for submission stated in the CCT's request, the CCT may regard the tender offer as non-responsive.

**2.2.17.2** The tenderer shall provide, on written request by the CCT, where the transaction value inclusive of VAT **exceeds R 10 million**:

- a) audited annual financial statement for the past 3 years, or for the period since establishment if established during the past 3 years, if required by law to prepare annual financial statements for auditing;
- b) a certificate signed by the tenderer certifying that the tenderer has no undisputed commitments for municipal services towards a municipality or other service provider in respect of which payment is overdue for more than 30 days;
- c) particulars of any contracts awarded to the tenderer by an organ of state during the past five years, including particulars of any material non-compliance or dispute concerning the execution of such contract;
- d) a statement indicating whether any portion of the goods or services are expected to be sourced from outside the Republic, and, if so, what portion and whether any portion of payment from the municipality or municipal entity is expected to be transferred out of the Republic.

Each entity to a Consortium/Joint Venture bid shall submit separate certificates/statements in the above regard.

**2.2.17.3** Tenderers shall be required to undertake to fully cooperate with the CCT's external service provider appointed to perform a due diligence review and risk assessment upon receipt of such written instruction from the CCT.

## **2.2.18 Samples, Inspections, tests and analysis**

Tenderers shall provide access during working hours to premises for inspections, tests and analysis as provided for in the Conditions of Tender or Specifications.

If the Specifications requires the tenderer to provide samples, these shall be provided strictly in accordance with the instructions set out in the Specification.

If such samples are not submitted as required in the bid documents or within any further time stipulated by the CCT in writing, then the bid concerned may be declared non-responsive.

The samples provided by all successful bidders will be retained by the CCT for the duration of any subsequent contract. Bidders are to note that samples are requested for testing purposes therefore samples submitted to the CCT may not in all instances be returned in the same state of supply and in other instances may not be returned at all. Unsuccessful bidders will be advised by the Project Manager or dedicated CCT Official to collect their samples, save in the aforementioned instances where the samples would not be returned.

## **2.2.19 Certificates**

The tenderer must provide the CCT with all certificates as stated below:

### **2.2.19.1. Preference Points for Specific Goals**

In order to qualify for preference points for HDI and/or Specific Goals, it is the responsibility of the tenderer to submit documentary proof (Company registration certification, Central Supplier Database report, BBBEE certificate, Proof of Disability, Financial Statements, commissioned sworn affidavits, etc.) in support of tenderer claims for such preference for that specific goal.

Tenderers are further referred to the content of the Preference Schedule for the full terms and conditions applicable to the awarding of preference points.

### **2.2.19.2 Evidence of tax compliance**

Tenderers shall be registered with the South African Revenue Service (SARS) and their tax affairs must be in order and they must be tax compliant subject to the requirements of clause 2.2.1.1.2.h. In this regard, it is the responsibility of the Tenderer to submit evidence in the form of a valid Tax Compliance Status PIN issued by

SARS to the CCT at the Supplier Management Unit located within the Supplier Management / Registration Office, 2<sup>nd</sup> Floor (Concourse Level), Civic Centre, 12 Hertzog Boulevard, Cape Town (Tel 021 400 9242/3/4/5), or included with this tender. The tenderer must record its Tax Compliance Status PIN number on the **Details of Tenderer** pages of the tender submission.

Each party to a Consortium/Joint Venture shall submit a separate Tax Compliance Status Pin.

Before making an award the CCT must verify the bidder's tax compliance status. Where the recommended bidder is not tax compliant, the bidder should be notified of the non-compliant status and be requested to submit to the CCT, within 7 working days, written proof from SARS that they have made arrangement to meet their outstanding tax obligations. The proof of tax compliance submitted by the bidder must be verified by the CCT via CSD or e-Filing. The CCT should reject a bid submitted by the bidder if such bidder fails to provide proof of tax compliance within the timeframe stated herein.

Only foreign suppliers who have answered "NO" to all the questions contained in the Questionnaire to Bidding Foreign Suppliers section on the **Details of Tenderer** pages of the tender submission, are not required to register for a tax compliance status with SARS.

### **2.2.20 Compliance with Occupational Health and Safety Act, 85 of 1993**

Tenderers are to note the requirements of the Occupational Health and Safety Act, 85 of 1993. The Tenderer shall be deemed to have read and fully understood the requirements of the above Act and Regulations and to have allowed for all costs in compliance therewith.

In this regard the Tenderer shall submit **upon written request to do so by the CCT**, a Health and Safety Plan in sufficient detail to demonstrate the necessary competencies and resources to deliver the goods or services all in accordance with the Act, Regulations and Health and Safety Specification.

### **2.2.21 Claims arising from submission of tender**

By responding to the tender herein, the tenderer warrants that it has:

- a) Inspected the Specifications and read and fully understood the Conditions of Contract.
- b) Read and fully understood the whole text of the Specifications and Price Schedule and thoroughly acquainted himself with the nature of the goods or services proposed and generally of all matters which may influence the Contract.
- c) visited the site(s) where delivery of the proposed goods will take place, carefully examined existing conditions, the means of access to the site(s), the conditions under which the delivery is to be made, and acquainted himself with any limitations or restrictions that may be imposed by the Municipal or other Authorities in regard to access and transport of materials, plant and equipment to and from the site(s) and made the necessary provisions for any additional costs involved thereby.
- d) requested the CCT to clarify the actual requirements of anything in the Specifications and Price Schedule, the exact meaning or interpretation of which is not clearly intelligible to the Tenderer.
- e) Received any notices to the tender documents which have been issued in accordance with the CCT's Supply Chain Management Policy.

The CCT will therefore not be liable for the payment of any extra costs or claims arising from the submission of the tender.

## **2.3 The CCT's undertakings**

### **2.3.1 Respond to requests from the tenderer**

**2.3.1.1** Unless otherwise stated in the Conditions of Tender, the CCT shall respond to a request for clarification received up to one week (where possible) before the tender closing time stated on the front page of the tender document.

**2.3.1.2** The CCT's duly authorised representative for the purpose of this tender is stated on the General Tender Information page above.

### **2.3.2 Issue Notices**

If necessary, the CCT may issue addenda in writing that may amend or amplify the tender documents to each tenderer during the period from the date the tender documents are available until one week before the tender closing time stated in the Tender Data. The CCT reserves its rights to issue addenda less than one week before the tender closing time in exceptional circumstances. If, as a result a tenderer applies for an extension to the closing time stated on the front page of the tender document, the CCT may grant such extension and, shall then notify all tenderers who drew documents.

Notwithstanding any requests for confirmation of receipt of notices issued, the tenderer shall be deemed to have received such notices if the CCT can show proof of transmission thereof via electronic mail, facsimile or registered post.

### **2.3.3 Opening of tender submissions**

**2.3.3.1** Unless the two-envelope system is to be followed, CCT shall open tender submissions in the presence of tenderers' agents who choose to attend at the time and place stated in the Conditions of Tender.

Tenders will be opened immediately after the closing time for receipt of tenders as stated on the front page of the tender document, or as stated in any Notice extending the closing date and at the closing venue as stated in the General Tender Information.

**2.3.3.2** Announce at the meeting held immediately after the opening of tender submissions, at the closing venue as stated in the General Tender Information, the name of each tenderer whose tender offer is opened and, where possible, the prices indicated.

**2.3.3.3** Make available a record of the details announced at the tender opening meeting on the CCT's website (<http://www.capetown.gov.za/en/SupplyChainManagement/Pages/default.aspx>.)

### **2.3.4 two-envelope system**

**2.3.4.1** Where stated in the Conditions of Tender that a two-envelope system is to be followed, the CCT shall open only the technical proposal of tenders in the presence of tenderers' agents who choose to attend at the time and place stated in the Conditions of Tender and announce the name of each tenderer whose technical proposal is opened.

**2.3.4.2** The CCT shall evaluate the quality of the technical proposals offered by tenderers, then advise tenderers who have submitted responsive technical proposals of the time and place when the financial proposals will be opened. The CCT shall open only the financial proposals of tenderers, who have submitted responsive technical proposals in accordance with the requirements as stated in the Conditions of Tender, and announce the total price and any preference claimed. Return unopened financial proposals to tenderers whose technical proposals were non responsive.

### **2.3.5 Non-disclosure**

The CCT shall not disclose to tenderers, or to any other person not officially concerned with such processes, information relating to the evaluation and comparison of tender offers and recommendations for the award of a contract, until after the award of the contract to the successful tenderer.

### **2.3.6 Grounds for rejection and disqualification**

The CCT shall determine whether there has been any effort by a tenderer to influence the processing of tender offers and instantly disqualify a tenderer (and his tender offer) if it is established that he engaged in corrupt or fraudulent practices.

### **2.3.7 Test for responsiveness**

**2.3.7.1** Appoint a Bid Evaluation Committee and determine after opening whether each tender offer properly

received:

- a) complies with the requirements of these Conditions of Tender,
- b) has been properly and fully completed and signed, and
- c) is responsive to the other requirements of the tender documents.

**2.3.7.2** A responsive tender is one that conforms to all the terms, conditions, and specifications of the tender documents without material deviation or qualification. A material deviation or qualification is one which, in the CCT's opinion, would:

- a) Detrimentially affect the scope, quality, or performance of the goods, services or supply identified in the Specifications,
- b) Significantly change the CCT's or the tenderer's risks and responsibilities under the contract, or
- c) affect the competitive position of other tenderers presenting responsive tenders, if it were to be rectified.

Reject a non-responsive tender offer, and not allow it to be subsequently made responsive by correction or withdrawal of any material deviation or qualification.

The CCT reserves the right to accept a tender offer which does not, in the CCT's opinion, materially and/or substantially deviate from the terms, conditions, and specifications of the tender documents.

### **2.3.8 Arithmetical errors, omissions and discrepancies**

**2.3.8.1** Check the responsive tenders for:

- a) The gross misplacement of the decimal point in any unit rate;
- b) Omissions made in completing the Price Schedule; or
- c) Arithmetic errors in:
  - i) line item totals resulting from the product of a unit rate and a quantity in the Price Schedule; or
  - ii) The summation of the prices; or
  - iii) Calculation of individual rates.

**2.3.8.2** The CCT must correct the arithmetical errors in the following manner:

- a) Where there is a discrepancy between the amounts in words and amounts in figures, the amount in words shall govern.
- b) If pricing schedules apply and there is an error in the line item total resulting from the product of the unit rate and the quantity, the line item total shall govern and the rate shall be corrected. Where there is an obviously gross misplacement of the decimal point in the unit rate, the line item total as tendered shall govern, and the unit rate shall be corrected.
- c) Where there is an error in the total of the prices either as a result of other corrections required by this checking process or in the tenderer's addition of prices, the total of the prices shall govern and the tenderer will be asked to revise selected item prices (and their rates if Price Schedules apply) to achieve the tendered total of the prices.

Consider the rejection of a tender offer if the tenderer does not correct or accept the correction of the arithmetical error in the manner described above.

**2.3.8.3** In the event of tendered rates or lump sums being declared by the CCT to be unacceptable to it because they are not priced, either excessively low or high, or not in proper balance with other rates or lump sums, the tenderer may be required to produce evidence and advance arguments in support of the tendered rates or lump sums objected to. If, after submission of such evidence and any further evidence requested, the CCT is still not satisfied with the tendered rates or lump sums objected to, it may request the tenderer to amend these rates and lump sums along the lines indicated by it.

The tenderer will then have the option to alter and/or amend the rates and lump sums objected to and such other related amounts as are agreed on by the CCT, but this shall be done without altering the tender offer in accordance with this clause.

Should the tenderer fail to amend his tender in a manner acceptable to and within the time stated by the CCT, the CCT may declare the tender as non-responsive.

### 2.3.9 Clarification of a tender offer

The CCT may, after the closing date, request additional information or clarification from tenderers, in writing on any matter affecting the evaluation of the tender offer or that could give rise to ambiguity in a contract arising from the tender offer, which written request and related response shall not change or affect their competitive position or the substance of their offer. Such request may only be made in writing by the Director: Supply Chain Management using any means as appropriate.

### 2.3.10 Evaluation of tender offers

#### 2.3.10.1 General

**2.3.10.1.1** The CCT may reduce each responsive tender offer to a comparative price and evaluate them using the tender evaluation methods and associated evaluation criteria and weightings that are specified in the Conditions of Tender.

**2.3.10.1.2** For evaluation purposes only, the effects of the relevant contract price adjustment methods will be considered in the determination of comparative prices as follows:

- a) If the selected method is based on bidders supplying rates or percentages for outer years, comparative prices would be determined over the entire contract period based on such rates or percentages.
- b) If the selected method is based on a formula, indices, coefficients, etc. that is the same for all bidders during the contract period, comparative prices would be the prices as tendered for year one.
- c) If the selected method is based on a formula, indices, coefficients, etc. that varies between bidders, comparative prices would be determined over the entire contract period based on published indices relevant during the 12 months prior to the closing date of tenders.
- d) If the selected method includes an imported content requiring rate of exchange variation, comparative prices would be determined based on the exchange rates tendered for the prices as tendered for year one. The rand equivalent of the applicable currency 14 days prior to the closing date of tender will be used (the CCT will check all quoted rates against those supplied by its own bank).
- e) If the selected method is based on suppliers' price lists, comparative prices would be the prices as tendered for year one.
- f) If the selected method is based on suppliers' price lists and / or rate of exchange, comparative prices would be determined as tendered for year one whilst taking into account the tendered percentage subject to rate of exchange (see sub clause (d) for details on the calculation of the rate of exchange).

**2.3.10.1.3** Where the scoring of functionality forms part of a bid process, each member of the Bid Evaluation Committee must individually score functionality. The individual scores must then be interrogated and calibrated if required where there are significant discrepancies. The individual scores must then be added together and averaged to determine the final score.

#### 2.3.10.2 Decimal places

Score financial offers, preferences and functionality, as relevant, to two decimal places.

#### 2.3.10.3 Scoring of tenders (price and preference)

**2.3.10.3.1** Points for price will be allocated in accordance with the formula set out in this clause based on the tender sum / amount as set out in the **Price Schedule (Section C.4)** in relation to a basket of estimated quantities.

**2.3.10.3.2** Points for preference will be allocated in accordance with the provisions of **Preference Schedule** and the table in this clause.

**2.3.10.3.3** The terms and conditions of **Preference Schedule** as it relates to preference shall apply in all respects to the tender evaluation process and any subsequent contract.

**2.3.10.3.4** Applicable formula:

The 90/10 preference point system will apply to this tender or the lowest acceptable tender will be used to determine the applicable preferences

The 90/10 price/preference points system will be applied to the evaluation of responsive tenders above a Rand value of R50'000'000 (all applicable taxes included), whereby the order(s) will be placed with the tenderer(s) scoring the highest total number of adjudication points.

Price shall be scored as follows:

$$P_s = 90 \times \left( 1 - \frac{P_t - P_{min}}{P_{min}} \right)$$

Where:  $P_s$  is the number of points scored for price;  
 $P_t$  is the price of the tender under consideration;  
 $P_{min}$  is the price of the lowest responsive tender.

Preference points shall be based on the Specific Goal as per below:

**Table B2: Awards above R50 mil (VAT Inclusive)**

### 2.3.10.5 Risk Analysis

Notwithstanding compliance with regard to any requirements of the tender, the CCT will perform a risk analysis in respect of the following:

- a) reasonableness of the financial offer
- b) reasonableness of unit rates and prices
- c) the tenderer's ability to fulfil its obligations in terms of the tender document, that is, that the tenderer can demonstrate that he/she possesses the necessary professional and technical qualifications, professional and technical competence, financial resources, equipment and other physical facilities, managerial capability, reliability, capacity, experience, reputation, personnel to perform the contract, etc.; the CCT reserves the right to consider a tenderer's existing contracts with the CCT in this regard
- d) any other matter relating to the submitted bid, the tendering entity, matters of compliance, verification of submitted information and documents, etc.

The conclusions drawn from this risk analysis will be used by the CCT in determining the acceptability of the tender offer.

No tenderer will be recommended for an award unless the tenderer has demonstrated to the satisfaction of the CCT that he/she has the resources and skills required.

### 2.3.11 Negotiations with preferred tenderers

The CCT may negotiate the final terms of a contract with tenderers identified through a competitive tendering process as preferred tenderers provided that such negotiation:

- a) Does not allow any preferred tenderer a second or unfair opportunity;
- b) Is not to the detriment of any other tenderer; and
- c) Does not lead to a higher price than the tender as submitted.

If negotiations fail to result in acceptable contract terms, the City Manager (or his delegated authority) may terminate the negotiations and cancel the tender, or invite the next ranked tenderer for negotiations. The original preferred tenderer should be informed of the reasons for termination of the negotiations. If the decision is to invite the next highest ranked tenderer for negotiations, the failed earlier negotiations may not be reopened by the CCT.

Minutes of any such negotiations shall be kept for record purposes.

The provisions of this clause will be equally applicable to any invitation to negotiate with any other tenderers.

In terms of the CCT's SCM Policy, tenders must be cancelled in the event that negotiations fail to achieve a market related price with any of the three highest scoring tenderers.

**2.3.12 Acceptance of tender offer**

Notwithstanding any other provisions contained in the tender document, the CCT reserves the right to:

**2.3.12.1** Accept a tender offer(s) which does not, in the CCT's opinion, materially and/or substantially deviate from the terms, conditions, and specifications of the tender document.

**2.3.12.2** Accept the whole tender or part of a tender or any item or part of any item or items from multiple manufacturers, or to accept more than one tender (in the event of a number of items being offered), and the CCT is not obliged to accept the lowest or any tender.

**2.3.12.3** Accept the tender offer(s), if in the opinion of the CCT, it does not present any material risk and only if the tenderer(s):

- a) is not under restrictions, has any principals who are under restrictions, or is not currently a supplier to whom notice has been served for abuse of the supply chain management system, preventing participation in the CCT's procurement,
- b) can, as necessary and in relation to the proposed contract, demonstrate that he or she possesses the professional and technical qualifications, professional and technical competence, financial resources, equipment and other physical facilities, managerial capability, reliability, experience and reputation, expertise and the personnel, to perform the contract,
- c) has the legal capacity to enter into the contract,
- d) is not insolvent, in receivership, under Business Rescue as provided for in chapter 6 of the Companies Act, 2008, bankrupt or being wound up, has his affairs administered by a court or a judicial officer, has suspended his business activities, or is subject to legal proceedings in respect of any of the foregoing, complies with the legal requirements, if any, stated in the tender data, and
- e) is able, in the opinion of the CCT, to perform the contract free of conflicts of interest.

If an award cannot be made in terms of anything contained herein, the CCT reserves the right to consider the next ranked tenderer(s).

**2.3.12.4** The CCT reserves the right not to make an award, or revoke an award already made, where the implementation of the contract may result in reputational risk or harm to the CCT as a result of (inter alia):

- a) reports of poor governance or unethical behaviour, or both;
- b) association with known notorious individuals and family of notorious individuals;
- c) poor performance issues, known to the CCT;
- d) negative media reports, including negative social media reports;
- e) adverse assurance (e.g. due diligence) report outcomes; and
- f) circumstances where the relevant vendor has employed, or is directed by, anyone who was previously employed in the service of the state (as defined in clause 1.53 of the SCM Policy), where the person is or was negatively implicated in any SCM irregularity.

**2.3.12.5** The CCT reserves the right to nominate a Standby Bidder at the time when an award is made and in the event that a contract is terminated during the execution thereof, the CCT may consider the award of the contract, or non-award, to the Standby Bidder in terms of the procedures included in its SCM Policy.

**2.3.13 Prepare contract documents**

**2.3.13.1** If necessary, revise documents that shall form part of the contract and that were issued by the CCT as part of the tender documents to take account of:

- a) Notices issued during the tender period,
- b) Inclusion of some of the returnable documents, and
- c) Other revisions agreed between the CCT and the successful tenderer.

**2.3.13.2 Complete** the schedule of deviations attached to the form of offer and acceptance, if any.

**2.3.14 Notice to successful and unsuccessful tenderers**

**2.3.14.1** Before accepting the tender of the successful tenderer the CCT shall notify the successful tenderer in writing of the decision of the CCT's Bid Adjudication Committee to award the tender to the successful tenderer. No rights shall accrue to the successful tenderer in terms of this notice

**2.3.14.2** The CCT shall, at the same time as notifying the successful tenderer of the Bid Adjudication Committee's decision to award the tender to the successful tenderer, also give written notice to the other tenderers informing them that they have been unsuccessful.

**2.3.15 Provide written reasons for actions taken**

Provide upon request written reasons to tenderers for any action that is taken in applying these Conditions of Tender, but withhold information which is not in the public interest to be divulged, which is considered to prejudice the legitimate commercial interests of tenderers or might prejudice fair competition between tenderers.

## C.4 PRICE SCHEDULE

**TENDERERS MUST NOTE THAT WHEREVER THIS DOCUMENT REFERS TO ANY PARTICULAR TRADE MARK, NAME, PATENT, DESIGN, TYPE, SPECIFIC ORIGIN OR PRODUCER, SUCH REFERENCE SHALL BE DEEMED TO BE ACCOMPANIED BY THE WORDS ‘OR EQUIVALENT’**

### Pricing Instructions:

- 4.1 State the rates and prices in Rand unless instructed otherwise in the Conditions of Tender.
- 4.2 Include in the rates, prices, and the tendered total of the prices (if any) all duties, taxes (except Value Added Tax (VAT), and other levies payable by the successful tenderer, such duties, taxes and levies being those applicable 14 days before the closing time stated in the General Tender Information.
- 4.3 All prices tendered must include all expenses, disbursements and costs (e.g. transport, accommodation etc.) that may be required for the execution of the tenderer's obligations in terms of the Contract, and shall cover the cost of all general risks, liabilities and obligations set forth or implied in the Contract as well as overhead charges and profit (in the event that the tender is successful). All prices tendered will be final and binding.
- 4.4 All prices shall be tendered in accordance with the units specified in this schedule.
- 4.5 Where a value is given in the Quantity column, a Rate and Price (the product of the Quantity and Rate) is required to be inserted in the relevant columns.
- 4.6 The successful tenderer is required to perform all tasks listed against each item. The tenderer must therefore tender prices/rates on all items as per the section in the Price Schedule. **An item against which no rate is/are entered, or if anything other than a rate or a nil rate (for example, a zero, a dash or the word “included” or abbreviations thereof) is entered against an item, it will also be regarded as a nil rate having been entered against that item, i.e. that there is no charge for that item. The Tenderer may be requested to clarify nil rates, or items regarded as having nil rates; and the CCT may also perform a risk analysis with regard to the reasonableness of such rates.**
- 4.7 Provide fixed rates and prices for the duration of the contract that are not subject to adjustment except as otherwise provided for in clause 17 of the Conditions of Contract and as amplified in the Special Conditions of Contract.
- 4.8 Prices tendered below shall be subject to adjustment in accordance with **Schedule 8**. Firm prices will not be considered and the tender will be declared non-responsive if firm prices are submitted.
- 4.9 All payments relating to this contract will be based on actual quantities at the rate tendered.
- 4.10 Rates tendered for transport of waste to be per ton of waste only. Payment will not be made for the weight of the vehicle, trailer and container.
- 4.11 Rates tendered for handling and transport of Household Hazardous Drop-off waste will be based on a rate per kilogram (kg). To note the cost for beneficiation or disposal to be included in the rate tendered. Payment will be made based on actual weights, thus proof of disposal slip or safe disposal certificates indicating weights to be included with payment request.
- 4.12 Service providers to note that disposal cost will be reimbursed based on the actual cost incurred by the contractor using the City's disposal tariff as per the Solid Waste Management Tariff policy.
- 4.13 The tenderer may bid for one or multiple areas and may only be awarded for areas tendered for.

## C.5 SPECIFICATION(S)

### 5.1 DESCRIPTION OF SERVICES

The Solid Waste Services Department is responsible for the operation and management of solid waste disposal facilities and other waste management facilities within the City of Cape Town's (CCT) municipal boundaries.

The City of Cape Town requires the services of a contractor for the transport of containerised municipal solid waste and household hazardous waste from various Areas / Solid Waste Services - Disposal facilities to the Vissershok Landfill Site (VHLS).

The facilities indicated below will form part of the required services as from the date of commencement;

- Athlone Refuse Transfer Station (ARTS) including Household Hazardous Waste Drop-off
- Bellville Refuse Transfer Station (BRTS) including Household Hazardous Waste Drop-off
- Kraaifontein Waste Management Facility (KWMF)
- Swartklip Refuse Transfer Station (SRTS)
- Faure Drop-off facility

The facilities indicated below will form part of the required services as from the date of construction completion approximately in year 2027;

- Coastal Park Waste Management Facility (CPWMF), commencement approximately 2027
- Helderberg Waste Management Facility

Summary of facilities, operational information and transport services required for operational facilities indicated as per table below.

The specific information / services required per facility is outlined below:

## 5.2 ATHLONE REFUSE TRANSFER STATION (ARTS) – Section A

The Athlone RTS has a design capacity of 1000 tons per 8 hour full working shift. The facility is constructed to use waste by rail as the primary means for the transportation of containerised waste from the facility to Vissershok Landfill. The general procedure was to fill 60 containers by day at Athlone RTS which were transported to the Vissershok Landfill Site (VHLS) after hours by freight rail, and bring in the empty containers from Vissershok landfill at the same time. However due to unforeseen circumstances the rail system has been not been in operation since February 2018. Athlone RTS has since then implemented a road transport service for the containerised waste to ensure waste is moved out of the facility. In the event that the rail service is resumed, it is planned that a dual system will remain in place ie road and rail, with a possible adjustment of volumes on the 2 systems.

### FUTURE PLANNED EXPANSION AT THE FACILITY

The expansion and upgrading of the facility is planned and may include the following components;

- Alternate technology and operation for compaction of waste
- Public drop-off facility
- Material Recovery facility

The need may arise for the transport of containerized waste from any of the above mentioned facilities/activities at Athlone RTS to the Vissershok Landfill Site, with an anticipated operation by mid-2027. The containers will likely be open containers of 10m<sup>3</sup> or 30m<sup>3</sup> capacity based on the specific need. When service commences to these new facilities it will be using hooklift type vehicles. The rates for the future services will be allocated under Item A4 Adhoc movement of containers in price schedule.

### 5.2.1 SERVICES REQUIRED AT THE FACILITY

A service provider is required to transport between 600 and 750 tons of containerised municipal solid waste per day from the ARTS to the Vissershok Landfill Site (CCT owned) using road transport only. The assumption when the rail system is active again the dual system for waste transfer will be implemented with a between 150 and 200 tons that will require transport via road daily. All containerised waste compacted into containers must be removed on a daily basis and no full containers may remain on site

overnight.

At the transfer station the waste is compacted into purpose built containers and loaded by an overhead gantry crane onto the transport vehicles. The containers have a tare weight of approximately 4.2 tonnes, external dimensions which comply with the 6 meter ISO standard and a fully laden gross mass of between 16.2 and 19.2 tons each.

To ensure the optimum operation of the transfer station a minimum of **11 – 13.5 tons of waste** must be loaded into each container depending on the payload of the vehicles being utilised by the Contractor. Tenderers must therefore ensure that the vehicles which they are offering for this tender have a legal payload of **at least 13.5 tons** per container to accommodate the waste and the tare weight of the container. **Tender submissions which do not meet this requirement will not be considered.**

The receiving facility Vissershok Landfill has an offloading apron where a gantry crane will offload the full containers and load empty containers onto the transport vehicle for the return trip to Athlone RTS. Depending on the payload of the vehicles utilised, between 35 and 50 containers per day will have to be transported to Vissershok and returned to Athlone RTS.

All vehicles will be weighed on entering Athlone RTS with empty containers and again on leaving with full containers. **Payment will be made for the net mass of waste transported.**

### 5.2.2 WASTE QUANTITIES

The waste quantities will vary due to seasonal, operational and other external factors, and the Contractor is required to adjust his service level to accommodate such fluctuations within the tendered amount. In the event of substantial foreseeable changes in waste quantities occurring, 30 days advanced notice in writing will be provided to the Contractor by the Employer.

The mass of waste compacted into each container will be between 11 and 13.5 tons depending on the payload of the vehicles being utilised by the Contractor. The containers have a tare mass of 4.2 tons and hence the gross weight of a fully laden container will be between 16.2 and 19.2 tons.

All containers are weighed by the container-handling bogeys serving the RTS facility. This weighing system has been incorporated into the container-filling operation in order to achieve the optimal filling of the containers to suit the transportation contractor's requirements. Furthermore the in-coming and out-going waste transfer vehicles will be weighed at the facility to measure and record the mass of the full and empty container loads. The actual mass of the measured payloads will form the basis of measurement and payment to the Service Provider.

### 5.2.3 VEHICLES

The vehicles provided must be capable of handling 6m ISO standard containers with a gross loaded mass of **at least 16.2** tons each loaded and off loaded by an overhead gantry crane. Vehicles must be compatible with the layout of the loading and off-loading areas and heights must be compatible with applicable building door heights and overhead clearances. The loaded containers must be secured with twist locks to the vehicle in a level position.

Sufficient vehicles must be provided to ensure that all containerised waste is removed on a daily basis and no full containers remain on site overnight. Penalties, as set out in Clause 22 of the GCC, will be applied should the Contractor not comply with this requirement.

All vehicles utilised for this contract must not be older than 7 years at the date of closure of tender, vehicles older than 7 years will not be considered. Annexure F.13C to be completed to illustrate the vehicles that will be allocated for the services and in addition Annexure F.13D to be completed to illustrate the Daily Logistics Plan for vehicle movement.

Notwithstanding the multiple weighing system that has been installed at ARTS, the Contractor will at all times be responsible for ensuring that the vehicle loading (maximum loading and axle loading), length, height and all other legal requirements is within the legal road ordinance limits. In addition, the Contractor must ensure that all other Road Traffic Act requirements are met.

**NB: CCT will not accept liability for any overloading or other contraventions that may arise during the contract.**

## 5.2.4 LOCATION OF FACILITY AND TRANSPORT ROUTE

The Athlone Refuse Transfer Station is located in Bhunga Avenue, off the N2, Langa (GPS co-ordinates -33° 56' 57.78" S 18° 30' 56.25" E).

The Vissershok Landfill Site is located to the north of Dunoon and is accessed via the N7 (GPS co-ordinates -33° 46' 26.32" S 18° 32' 40.78" E).

The suggested transport route is via the N2, M5 south, N1 and N7 is approximately 27 Km in extent.

## 5.2.5 WORKING HOURS

As the contractor will be reliant on the City for the loading and off-loading of the containers the transporting schedule will have to coincide with the City's working hours which currently are as follows:

### Athlone Refuse Transfer Station:

08:00 – 16:00 Monday – Friday & Public Holidays

08:00 – 15:30 Saturdays (closed Sundays), closed one Saturday per month for Maintenance)

### Public Drop-off

Summer times

Winter Times

08:00 – 18:30

08:00 – 17:00 – Monday to Friday

08:00 – 17:00

08:00 – 16:00 – Saturday

09:00 – 14:00

09:00 – 13:00 – Sunday

08:00 – 17:00

08:00 – 16:00 – Public Holidays

### Vissershok Landfill Sites :

07:45 – 15:30 Monday – Friday

07:30– 15:00 Saturdays & Public Holidays (closed Sundays)

The Contractor will be given due notice of any substantive changes to these hours at any time during the contract period.

When called upon to do so by the Employer, the Contractor shall provide the required transport services outside of the above working hours and if necessary in excess of normal working hours (i.e. overtime).

## 5.3 BELLVILLE REFUSE TRANSFER STATION (BRTS)

The Bellville RTS has a design capacity of 1000 tons per 8 hour full working shift. The facility consists of a Refuse Transfer Station (RTS) and a public drop-off facility.

In compliance with the Authority Operating Permit, all containerised waste received must be removed on a 24-hour post-filling basis and no full containers may remain on site overnight unless agreed to in writing by the Employer's BRTS facility manager (e.g. in the event that the Refuse Transfer Station (RTS) operates over extended hours). Penalties, as set out in Clause 22 of the GCC, will be applied should the Contractor not comply with this requirement.

The incoming waste is compacted into purpose-built hook-lift containers and the loaded containers are transported by the CCT by means of hook-lift slave-vehicles to a container-handling yard at the facility. There are 60 reinforced compaction containers dedicated to BRTS, with external dimensions 6374mm long by 2538mm wide by 2700mm high and having an empty gross mass of approximately 4,3 tonnes for containerised waste.

The containers will be filled and compacted with municipal solid waste to a payload mass that will optimise the transport contractor's vehicle configuration load-carrying capacity i.e. to within the legal constraints and requirements of the Road Ordinance Regulations. The container filling operations are controlled by means of a weighing system to ensure that optimal payloads can be reasonably achieved.

The designated container handling area is situated at the Visserhok North Landfill site, to the north of

Frankdale Road where the full containers are to be unloaded and the empty containers loaded onto the transport vehicle for the return trip to BRTS. The CCT will be responsible for the moving, emptying and return of the empty closed containers to the designated container handling area for collection by the Transportation Contractor. At BRTS the transportation contractor will be required to undertake the container loading and unloading operations at the designated container handling area using his own plant/equipment.

The Transportation Contractor will be required to pick up and load the full containers onto his vehicles/trailers using his own loading equipment (e.g. hook-lifts fitted to the transportation vehicles or slave-vehicles fitted with a hook-lift system). Similarly, the Contractor will be required to unload empty containers at a designated container-handling area at the BRTS site.

Weighbridges dedicated to the transfer of wastes by the transportation contractor have been installed at the access control station serving the BRTS facility. One weighbridge will measure and record the gross mass of vehicles with empty containers entering the facility, with the second weighbridge measuring the outward bound vehicles with full container loads.

### **5.3.1 SERVICES REQUIRED AT THE FACILITY**

A service provider is required to transport between 400 and 500 tons of containerised municipal solid waste per day from the Bellville Refuse Transfer Station (BRTS) and in addition bulky waste and rubble in open topped containers from the public drop-off facility to the Vissershok Landfill Site.

#### **5.3.1.1 WASTE TRANSPORT FROM RTS**

The containers are filled and compacted with municipal solid waste, between 11 and 13.5 tons, to a payload mass required by the Service Provider that will optimise the transport contractor's vehicle configuration load-carrying capacity i.e. to within the legal constraints and requirements of the Road Ordinance Regulations. The container filling operations are controlled by means of a weighing system to ensure that optimal payloads can be reasonably achieved.

To ensure the optimum operation of the transfer station a minimum of **11 tons of waste** must be loaded into each container. Tenderers must therefore ensure that the vehicles which they are offering for this tender have a legal payload of **at least 11 - 13.5 tons** per container to accommodate the waste and the tare weight of the container. **Tenders which do not meet this requirement will not be considered.**

Approximately 24 containers will have to be transported to Vissershok and returned to BRTS per day , depending on payload capacities and the daily throughput at the RTS facility.

#### **5.3.1.2 WASTE TRANSPORT FROM PUBLIC DROP-OFF FACILITY**

The BRTS has a public drop-off facility operated by the City where 30m<sup>3</sup> and 10m<sup>3</sup> open top containers are filled with loose waste, bulky items, green waste or builders waste. The service provider will be required to load the full containers onto his/her vehicles/trailers using his/her own loading equipment (e.g. hook-lifts fitted to the transportation vehicles or slave-vehicles fitted with a hook-lift system). Similarly, the service provider will be required to empty the full containers the Vissershok Landfill active workface area and return the empty containers to BRTS.

The approximate empty gross masses of the 10m<sup>3</sup> container is 1.9 tons and the 30m<sup>3</sup> containers 3.2 tons.

### **5.3.2 WASTE QUANTITIES**

The waste quantities will vary due to seasonal, operational and other external factors, and the Contractor is required to adjust his service level to accommodate such fluctuations within the tendered amount. In the event of substantial foreseeable changes in waste quantities occurring, 30 days advanced notice in writing will be provided by the Employer.

The mass of waste compacted into each container will be between 11 and 13.5 tons depending on the payload of the vehicles being utilised by the Contractor. The containers have a tare mass of 4.3 tons and hence the gross weight of a fully laden container will be between 16.2 and 19.2 tons.

All containers are weighed by the container-handling magazines serving the RTS facility. This weighing system has been incorporated into the container-filling facility in order to achieve the optimal filling of the containers to suit the transportation contractor's requirements.

Furthermore, 24m long weighbridges dedicated to both the incoming and outgoing waste transfer vehicles

will measure and record the mass of the full and empty container loads. The actual mass of the measured payloads will form the basis of measurement and payment to the Contractor. **Payment will be made for the net mass of waste transported.** Rates tendered for Transport of waste to be per ton of waste. Payment will not be made for the weight of the vehicle, trailer and container.

### 5.3.3 VEHICLES

The vehicles provided for the services must be capable of handling 6m ISO standard containers with a gross loaded mass of **at least 16.2** tons. The service provider will be required to load the full containers onto his/her vehicles/trailers using his/her own loading equipment (e.g. hook-lifts fitted to the transportation vehicles or slave-vehicles fitted with a hook-lift system). Similarly, the service provider will be required to unload full containers onto, and load empty containers from, a designated container-handling area at the Vissershok Landfill site.

It is estimated that, for the compacted waste containers, a payload of between 11-13.5 tonnes per container will be achieved, depending upon the Contractor's vehicle combination/configuration limitations. Approximately 24 containers will thus have to be transported to Vissershok and returned to BRTS per day depending on payload capacities and the daily throughput at the RTS facility.

Sufficient vehicles must be provided to ensure that all containerised waste is removed on a daily basis and no full containers remain on site overnight. All vehicles utilised for this contract must not be older than 7 years at the date of closure of tender. Vehicles older than 7 years will not be considered. Annexure F.13C to be completed to illustrate the vehicles that will be allocated for the services and in addition Annexure F.13D to be completed to illustrate the Daily Logistics Plan for vehicle movement.

The Contractor will at all times be responsible for ensuring that the vehicle loading (maximum loading and axle loading), length, height and all other legal requirements is within the legal road ordinance limits. In addition, the Contractor must ensure that all other requirements of the Road Traffic Act and relevant Regulations. NB: CCT will not accept liability for any overloading or other contraventions that may arise during the contract.

### 5.3.4 LOCATION OF SITES AND TRANSPORT ROUTE

The BRTS incorporating the RTS and Public Drop-off is accessed via Sacks Circle and Rotterdam Road, (GPS co – ordinates 33° 55' 53.90" S 18° 38' 53.64" E).

The Vissershok Landfill Site is located to the north of Dunoon and is accessed via the N7 (GPS co – ordinates -33° 46' 26.32" S 18° 32' 40.78" E).

A suggested transport route from the BRTS is via Robert Sobukwe, Tienie Meyer By-Pass, Mike Pienaar, the N1 and then the N7 to the Vissershok Landfill Site and is approximately 30 kilometers in extent.

The Service Provider will be required to determine a suitable own haul route, in compliance with all regulatory and authority requirements.

### 5.3.5 WORKING HOURS

As the contractor will be reliant on the City for the weighing, of the containers the transporting schedule will have to coincide with the City's working hours which currently are as follows:

Bellville Waste Management Facility:

08:00 – 16:00 Monday – Friday & Public Holidays

08:00 – 15:30 Saturdays (closed Sundays)

Public Drop-off

Summer times

Winter Times

08:00 – 18:30

08:00 – 17:00 – Monday to Friday

08:00 – 17:00

08:00 – 16:00 – Saturday

09:00 – 14:00

09:00 – 13:00 – Sunday

08:00 – 17:00

08:00 – 16:00 – Public Holidays

Vissershok Landfill Sites :

07:45 – 15:30 Monday – Friday

07:30– 15:00 Saturdays & Public Holidays (closed Sundays)

The Contractor will be given due notice of any substantive changes to these hours at any time during the contract period.

When called upon to do so by the Employer, the Contractor shall provide the required transport services outside of the above working hours and if necessary in excess of normal working hours (i.e. overtime)

#### 5.4 KRAAIFONTEIN WASTE MANAGEMENT FACILITY (KWMF)

The Kraaifontein WMF has a design capacity of 750 tons per 8 hour full working-day shift. KWMF consists of a Refuse Transfer Station (RTS), a Materials Recycling Facility (MRF) and a public drop-off facility.

To ensure compliance with the facilities Operating Permit, all containerised waste received must be removed on a 24-hour post-filling basis and no full containers may remain on site overnight unless agreed to in writing by the Employer's KWMF facility manager (e.g. in the event that the Refuse Transfer Station (RTS) operates over extended hours). Penalties, as set out in Clause 22 of the GCC, will be applied should the Contractor not comply with this requirement.

At the Kraaifontein RTS the waste is compacted into purpose-built containers and the loaded containers are transported by the CCT by means of hook-lift slave-vehicles to a container-handling yard at the facility. There are 60 reinforced compaction containers dedicated to KWMF, with external dimensions 6440mm long by 2462mm wide by 2816mm high and having an empty gross mass of approximately 4,5 tonnes each.

The containers will be filled and compacted with municipal solid waste to a payload mass that will optimise the transport contractor's vehicle configuration load-carrying capacity i.e. to within the legal constraints and requirements of the Road Ordinance Regulations. The container filling operations are controlled by means of a weighing system to ensure that optimal payloads can be reasonably achieved.

KWMF will furthermore load bulky and other wastes not suitable for compaction, into 30m<sup>3</sup> open top containers which are to be transported to the Vissershok Landfill site.

In addition, the KWMF site has a public drop-off facility operated by the City where 30m<sup>3</sup> and 10m<sup>3</sup> open top containers are filled and need to be transported to the Vissershok landfill site

Two weigh-bridges dedicated to the transfer of wastes have been installed at the access control station serving the KWMF facility. One weigh-bridge will measure and record the gross mass of vehicles with empty containers entering the facility, with the second weigh-bridge measuring the outward bound vehicles with full container loads.

The designated container handling area at the Vissershok landfill sites, where the full containers are to be unloaded and the empty containers loaded onto the transport vehicle for the return trip to KWMF, is situated at the Vissershok North Landfill site. The CCT will be responsible for the moving, emptying and return of the empty closed containers to the designated container handling area for collection by the Transportation Contractor. As at KWMF site, the Transportation Contractor will be required to undertake the container loading and unloading operations at the designated container handling area using his own plant/equipment.

##### 5.4.1 SERVICES REQUIRED AT THE FACILITY

A service provider is required to transport between 400 and 600 tons of containerised municipal solid waste per day from the Kraaifontein Waste Management Facility (KWMF) and waste in open topped containers from the public drop-off facility to the Vissershok Landfill Site.

##### 5.4.1.1 WASTE TRANSPORT FROM RTS

The containers are filled and compacted with municipal solid waste, between 11 and 13.5 tons, to a payload mass required by the Service Provider that will optimise the transport contractor's vehicle configuration load-carrying capacity i.e. to within the legal constraints and requirements of the Road Ordinance Regulations. The container filling operations are controlled by means of a weighing system to ensure that optimal payloads can be reasonably achieved.

To ensure the optimum operation of the transfer station a minimum of **11 tons of waste** must be loaded into each container. Tenderers must therefore ensure that the vehicles which they are offering for this tender have a legal payload of **at least 11 - 13.5 tons** per container to accommodate the waste and the

tare weight of the container. **Tenders which do not meet this requirement will not be considered.**

#### 5.4.1.2 WASTE TRANSPORT FROM PUBLIC DROP-OFF FACILITY

The KWMF has a public drop-off facility operated by the City where 30m<sup>3</sup> and 10m<sup>3</sup> open top containers are filled with loose waste, bulky items and builders waste. The service provider will be required to load the full containers onto his/her vehicles/trailers using his/her own loading equipment (e.g. hook-lifts fitted to the transportation vehicles or slave-vehicles fitted with a hook-lift system). Similarly, the service provider will be required to empty the full containers at the Vissershok Landfill active workforce area and return the empty containers to KWMF.

The approximate empty gross masses of the 10m<sup>3</sup> container is 1.9 tons and the 30m<sup>3</sup> containers 3.2 tons.

KWMF will furthermore load bulky and other wastes not suitable for compaction, into 30m<sup>3</sup> containers which are to be transported to the Vissershok Landfill site.

#### 5.4.2 WASTE QUANTITIES

The waste quantities will vary due to seasonal, operational and other external factors, and the Contractor is required to adjust his service level to accommodate such fluctuations within the tendered amount. In the event of substantial foreseeable changes in waste quantities occurring, 30 days advanced notice in writing will be provided by the Employer.

The mass of waste compacted into each container will be between 11 and 13.5 tons depending on the payload of the vehicles being utilised by the Contractor. The containers have a tare mass of 4.5 tons and hence the gross weight of a fully laden container will be between 16.2 and 19.2 tons.

All containers are weighed by the container-handling magazines serving the RTS facility. This weighing system has been incorporated into the container-filling facility in order to achieve the optimal filling of the containers to suit the transportation contractor's requirements.

Furthermore, 22m long weighbridges dedicated to both the incoming and outgoing waste transfer vehicles will measure and record the mass of the full and empty container loads. The actual mass of the measured payloads will form the basis of measurement and payment to the Contractor. **Payment will be made for the net mass of waste transported.** Rates tendered for Transport of waste to be per ton of waste. Payment will not be made for the weight of the vehicle, trailer and container.

#### 5.4.3 VEHICLES

The vehicles provided for the services must be capable of handling 6m ISO standard containers with a gross loaded mass of **at least 16.2** tons. The service provider will be required to load the full containers onto his/her vehicles/trailers using his/her own loading equipment (e.g. hook-lifts fitted to the transportation vehicles or slave-vehicles fitted with a hook-lift system). Similarly, the service provider will be required to unload full containers onto, and load empty containers from, a designated container-handling area at the Vissershok Landfill site.

It is estimated that, for the compacted waste containers, a payload of between 11-13.5 tonnes per container will be achieved, depending upon the Contractor's vehicle combination/configuration limitations. Between 30 and 55 containers per day (an average, say, of 42 containers/day) will therefore have to be transported to Vissershok and returned to KWMF, depending on payload capacities and the daily throughput at the RTS facility.

Sufficient vehicles must be provided to ensure that all containerised waste is removed on a daily basis and no full containers remain on site overnight. All vehicles utilised for this contract must not be older than 7 years at the date of closure of tender, vehicles older than 7 years will not be considered. Annexure F.13C to be completed to illustrate the vehicles that will be allocated for the services and in addition Annexure F.13D to be completed to illustrate the Daily Logistics Plan for vehicle movement.

Notwithstanding the multiple weighing system that has been installed at KWMF, the Contractor will at all times be responsible for ensuring that the vehicle loading (maximum loading and axle loading), length, height and all other legal requirements is within the legal road ordinance limits. In addition, the Contractor must ensure that all other Road Traffic Act requirements are met. NB: CCT will not accept liability for any overloading or other contraventions that may arise during the contract.

#### 5.4.4 LOCATION OF SITES AND TRANSPORT ROUTE

The Kraaifontein Waste Management Facility (KWMF), incorporating the RTS, Public Drop-off and Materials Handling Facility (MRF), is accessed via the N1 and is located in Kraaifontein at the intersection of Maroela and Sandringham Roads (GPS co-ordinates -33°50' 19.52" S 18°44' 20.63" E).

The Vissershok Landfill Site is located to the north of Du Noon and is accessed via the N7 (GPS co-ordinates -33° 46' 26.32" S 18° 32' 40.78" E).

A suggested transport route from the KWMF to Vissershok is via Maroela off ramp onto N1, to N7 off ramp, past Dunoon on N7 north to site, approximate distance 33 kilometers.

The Service Provider will be required to determine a suitable own haul route, in compliance with all regulatory and authority requirements.

#### **5.4.5. WORKING HOURS**

As the contractor will be reliant on the City for the loading and off loading of the containers the transporting schedule will have to coincide with the City's working hours which currently are as follows:

Kraaifontein Waste Management Facility:

08:00 – 16:00 Monday – Friday & Public Holidays

07:45 – 15:30 Monday – Friday

07:30– 15:00 Saturdays & Public Holidays (closed Sundays)

The Contractor will be given due notice of any substantive changes to these hours at any time during the contract period.

When called upon to do so by the Employer, the Contractor shall provide the required transport services outside of the above working hours and if necessary in excess of normal working hours (i.e. overtime)

#### **5.5 SWARTKLIP RTS**

The Swartklip Transfer Station has a maximum capacity of 1000 tons per 8 hour shift. Currently 400 - 600 tons are being processed daily.

To ensure compliance with the facilities Operating Permit, all containerised waste received must be removed on a 24-hour post-filling basis and no full containers may remain on site overnight unless agreed to in writing by the Employer's SRTS facility manager (e.g. in the event that the Refuse Transfer Station (RTS) operates over extended hours). Penalties, as set out in Clause 22 of the GCC, will be applied should the Contractor not comply with this requirement.

At the transfer station the waste is compacted into purpose built containers and loaded by an overhead gantry crane onto the transport vehicles. The containers have a tare weight of 4.2 tonnes, external dimensions which comply with the 6 meter ISO standard and a fully laden gross mass of between 16.2 and 19.2 tons each.

#### **5.5.1 SERVICES REQUIRED AT THE FACILITY**

A service provider is required to transport between 400 and 600 tons of containerised municipal solid waste per day from the Swartklip Refuse Transfer Station to the Vissershok Landfill Site (CCT owned).

At the transfer station the waste is compacted into purpose built containers and loaded by an overhead gantry crane onto the transport vehicles. The containers have a tare weight of 4.2 tonnes and have external dimensions which comply with the 6 meter ISO standard and a fully laden gross mass of between 16.2 and 19.2 tons each.

To ensure the optimum operation of the transfer station a minimum of **11 tons of waste** must be loaded into each container. Tenderers must therefore ensure that the vehicles which they are offering for this tender have a legal payload of **at least 11 - 13.5 tons** per container to accommodate the waste and the tare weight of the container. **Tenders which do not meet this requirement will not be considered.**

At the Vissershok Landfill there is an offloading apron where a gantry crane will offload the full containers and load empty containers onto the transport vehicle for the return trip to the Swartklip Transfer Station. Depending on the payload of the vehicles utilised, between 35 and 50 containers per day will have to be transported to Vissershok and returned to Swartklip.

To ensure the optimum operation of the transfer station a minimum of **11 tons of waste** must be loaded into each container. Tenderers must therefore ensure that the vehicles which they are offering for this tender have a legal payload of **at least 16.2 tons** per container to accommodate the waste and the tare weight of the container. **Tenders which do not meet this requirement will not be considered.**

### 5.5.2 WASTE QUANTITIES

The waste quantities will vary due to seasonal, operational and other external factors, and the Contractor is required to adjust his service level to accommodate such fluctuations within the tendered amount. In the event of substantial foreseeable changes in waste quantities occurring, 30 days advanced notice in writing will be provided to the Contractor by the CCT (City of Cape Town).

The mass of waste compacted into each container will be between 11 and 13.5 tons depending on the payload of the vehicles being utilised by the Contractor. The containers have a tare mass of 4.5 tons and hence the gross weight of a fully laden container will be between 16.2 and 19.2 tons.

All containers are weighed by the container-handling magazines serving the RTS facility. This weighing system has been incorporated into the container-filling facility in order to achieve the optimal filling of the containers to suit the transportation contractor's requirements.

Furthermore, 22m long weighbridges dedicated to both the incoming and outgoing waste transfer vehicles will measure and record the mass of the full and empty container loads. The actual mass of the measured payloads will form the basis of measurement and payment to the Contractor. **Payment will be made for the net mass of waste transported.** Rates tendered for Transport of waste to be per ton of waste. Payment will not be made for the weight of the vehicle, trailer and container.

### 5.5.3 VEHICLES

The vehicles provided must be capable of handling 6m ISO standard containers with a gross loaded mass of **at least 16.2 tons** each loaded and off loaded by an overhead gantry crane. Vehicles must be compatible with the layout of the loading and off-loading areas and heights must be compatible with applicable building door heights and overhead clearances. The loaded containers must be secured with twist locks to the vehicle in a level position.

To ensure the optimum operation of the transfer station a minimum of **11 tons of waste** must be loaded into each container. Tenderers must therefore ensure that the vehicles which they are offering for this tender have a legal payload of **at least 11 - 13.5 tons** per container to accommodate the waste and the tare weight of the container. **Tenders which do not meet this requirement will not be considered.**

Sufficient vehicles must be provided to ensure that all containerised waste is removed on a daily basis and no full containers remain on site overnight. All vehicles utilised for this contract must not be older than 7 years at the date of closure of tender, vehicles older than 7 years will not be considered. Annexure F.13C to be completed to illustrate the vehicles that will be allocated for the services and in addition Annexure F.13D to be completed to illustrate the Daily Logistics Plan for vehicle movement.

Notwithstanding the multiple weighing system that has been installed at KWMMF, the Contractor will at all times be responsible for ensuring that the vehicle loading (maximum loading and axle loading), length,

height and all other legal requirements is within the legal road ordinance limits. In addition, the Contractor must ensure that all other Road Traffic Act requirements are met.

NB: The CCT will not accept liability for any overloading or other contraventions that may arise during the contract.

#### **5.5.4 LOCATION OF SITES AND TRANSPORT ROUTE**

The Swartklip Refuse Transfer Station is located between Mitchell's Plain and Khayelitsha off Swartklip Road (GPS co-ordinates -34° 02' 56.16" S 18° 38' 58.61" E).

The Vissershok Landfill Site is located to the north of Dunoon and is accessed via the N7 (GPS co-ordinates -33° 46' 26.32" S 18° 32' 40.78" E)

The suggested route is via Swartklip Road, Spine Road, Mew Way, N2, Vanguard Drive (M7) and the N7 is approximately 41Km in extent.

The Service Provider will be required to determine a suitable own haul route, in compliance with all regulatory and authority requirements.

#### **5.5.5 WORKING HOURS**

As the contractor will be reliant on the City for the loading and off-loading of the containers the transporting schedule will have to coincide with the City's working hours which currently are as follows:

Swartklip Refuse Transfer Station:

08:00 – 16:00 Monday – Friday & Public Holidays

08:00 – 15:30 Saturdays (closed Sundays) ),(closed one Saturday per month for Maintenance)

Public Drop-off

08:00 – 17:00 – Monday to Friday

08:30 – 17:00

08:30 – 17:00 – Saturday

09:00 – 13:00

09:00 – 13:00 – Sunday

08:00 – 17:00

08:00 – 16:00 – Public Holidays

Closed on Christmas, New Year and Good Friday

Vissershok Landfill Sites

07:45 – 15:45 Monday – Friday

07:30– 15:30 Saturdays & Public Holidays (closed Sundays)

The Contractor will be given due notice of any substantive changes to these hours at any time during the contract period.

When called upon to do so by the Employer, the Contractor shall provide the required transport services outside of the above working hours and if necessary in excess of normal working hours (i.e. overtime).

#### **5.6 COASTAL PARK WMF**

The Coastal Park WMF may only be operational by 2027, however the interim need will be for the service provider to supply services for the public drop-off area that will be in operation at the facility prior to RTS commencement.

As and when required the rates for haulage of containerised waste from Coastal Park to Vissershok will be accommodated under the E4: Adhoc allocation of Two Oceans area.

##### **5.6.1 SERVICES REQUIRED AT THE FACILITY**

A service provider is required to supply, maintain and transport of open top containers 30m3 and 10m3/15m3 from the Coastal Park to the Vissershok Landfill Site (CCT owned).

### 5.6.2 WASTE QUANTITIES

The waste quantities will vary due to seasonal, operational and other external factors, and the Contractor is required to adjust his service level to accommodate such fluctuations within the tendered amount. In the event of substantial foreseeable changes in waste quantities occurring, 30 days advanced notice in writing will be provided to the Contractor by the CCT (City of Cape Town).

Furthermore, 22m long weighbridges dedicated to both the incoming and outgoing waste transfer vehicles will measure and record the mass of the full and empty container loads. The actual mass of the measured payloads will form the basis of measurement and payment to the Contractor. **Payment will be made for the net mass of waste transported.** Rates tendered for Transport of waste to be per ton of waste. Payment will not be made for the weight of the vehicle, trailer and container.

### 5.6.3 VEHICLES

Sufficient vehicles must be provided to ensure that all waste is removed on a daily basis and no full containers remain on site overnight. All vehicles utilised for this contract must not be older than 7 years at the date of closure of tender, vehicles older than 7 years will not be considered. Annexure F.13C to be completed to illustrate the vehicles that will be allocated for the services and in addition Annexure F.13D to be completed to illustrate the Daily Logistics Plan for vehicle movement.

Notwithstanding the multiple weighing system that has been installed at CPRTS the Contractor will at all times be responsible for ensuring that the vehicle loading (maximum loading and axle loading), length, height and all other legal requirements is within the legal road ordinance limits. In addition, the Contractor must ensure that all other Road Traffic Act requirements are met.

NB: The CCT will not accept liability for any overloading or other contraventions that may arise during the contract.

### 5.6.4 LOCATION OF SITES AND TRANSPORT ROUTE

The Coastal Park WDF Station is located between off Baden Powel Drive, Muizenberg Area (GPS co-ordinates -34° 05' 32.82" S 18° 30' 6.65" E).

The Vissershok Landfill Site is located to the north of Dunoon and is accessed via the N7 (GPS co-ordinates -33° 46' 26.32" S 18° 32' 40.78" E)

The suggested route is via Prince George Drive / M5, N1 and the N7 is approximately 45 km in extent.

The Service Provider will be required to determine a suitable own haul route, in compliance with all regulatory and authority requirements.

### 5.6.5 WORKING HOURS

As the contractor will be reliant on the City for the loading and off-loading of the containers the transporting schedule will have to coincide with the City's working hours which currently are as follows:

Coastal Park Landfill :

08:00 – 16:00 Monday – Friday & Public Holidays

08:00 – 15:30 Saturdays (closed Sundays) ,(closed one Saturday per month for Maintenance)

Public Drop-off

Summer times

08:00 – 18:30

08:00 – 17:00

09:00 – 14:00

08:00 – 18:30

Winter Times

08:00 – 17:00 – Monday to Friday

08:00 – 17:00 – Saturday

09:00 – 14:00 – Sunday

08:00 – 17:00 – Public Holidays

Vissershok Landfill Site:

07:45 – 15:45 Monday – Friday

07:30– 15:30 Saturdays &amp; Public Holidays (closed Sundays)

The Contractor will be given due notice of any substantive changes to these hours at any time during the contract period.

When called upon to do so by the Employer, the Contractor shall provide the required transport services outside of the above working hours and if necessary in excess of normal working hours (i.e. overtime).

**5.7 FAURE DROP-OFF FACILITY**

The Faure drop-off form part of the closed landfill site and require services for the clearance of waste as disposed by public at the drop-off area.

**5.7.1 LOCATION OF SITES AND TRANSPORT ROUTE**

The Faure drop-off is located in Old Faure Road, Blue Downs area (GPS co-ordinates -34° 0' 57.60" S 18° 41' 54.22" E).

The Vissershok Landfill Site is located to the north of Dunoon and is accessed via the N7 (GPS co-ordinates -33° 46' 26.32" S 18° 32' 40.78" E)

The suggested route is via N2, Jakes Gerwel Drive towards N7 is approximately 40 km in extent.

The Service Provider will be required to determine a suitable own haul route, in compliance with all regulatory and authority requirements.

**5.7.2 SERVICES REQUIRED AT THE FACILITY**

A service provider is required to supply, maintain and transport of open top containers 30m<sup>3</sup> and 10m<sup>3</sup>/15m<sup>3</sup> from the Faure Drop-off to the Vissershok Landfill Site (CCT owned).

**5.7.3 WASTE QUANTITIES**

The waste quantities will vary due to seasonal, operational and other external factors, and the Contractor is required to adjust his service level to accommodate such fluctuations within the tendered amount. In the event of substantial foreseeable changes in waste quantities occurring, 30 days advanced notice in writing will be provided to the Contractor by the CCT (City of Cape Town).

To note, the Faure Drop-off facility do not have weighbridges, thus weighing of tonnages will need to be performed at Vissershok Landfill site that have 22m long weighbridges dedicated to both the incoming and outgoing waste transfer vehicles will measure and record the mass of the full and empty container loads. The actual mass of the measured payloads will form the basis of measurement and payment to the Contractor. **Payment will be made for the net mass of waste transported.** Rates tendered for Transport of waste to be per ton of waste. Payment will not be made for the weight of the vehicle, trailer and container.

**5.7.4 VEHICLES**

Sufficient vehicles must be provided to ensure that all waste is removed on a daily basis and no full containers remain on site overnight. All vehicles utilised for this contract must not be older than 7 years at the date of closure of tender, vehicles older than 7 years will not be considered. Annexure F.13C to be completed to illustrate the vehicles that will be allocated for the services and in addition Annexure F.13D to be completed to illustrate the Daily Logistics Plan for vehicle movement.

The Contractor will at all times be responsible for ensuring that the vehicle loading (maximum loading and axle loading), length, height and all other legal requirements is within the legal road ordinance limits. In addition, the Contractor must ensure that all other Road Traffic Act requirements are met.

NB: The CCT will not accept liability for any overloading or other contraventions that may arise during the contract.

**5.7.5 WORKING HOURS**

As the contractor will be reliant on the City for the loading and off-loading of the containers the transporting schedule will have to coincide with the City's working hours which currently are as follows:

Faure Drop-off Facility :

08:00 – 16:00 Monday – Friday & Public Holidays

08:00 – 15:30 Saturdays (closed Sundays) ,(closed one Saturday per month for Maintenance)

Public Drop-off

Summer times

Winter Times

08:00 – 18:30

08:00 – 17:00 – Monday to Friday

08:00 – 17:00

08:00 – 17:00 – Saturday

09:00 – 14:00

09:00 – 14:00 – Sunday

08:00 – 18:30

08:00 – 17:00 – Public Holidays

Vissershok Landfill Site:

07:45 – 15:45 Monday – Friday

07:30– 15:30 Saturdays & Public Holidays (closed Sundays)

The Contractor will be given due notice of any substantive changes to these hours at any time during the contract period.

When called upon to do so by the Employer, the Contractor shall provide the required transport services outside of the above working hours and if necessary in excess of normal working hours (i.e. overtime).

5.8 The CCT shall be responsible for:

- The provision and cleaning of the containers owned by the CCT.
- The charging and discharging of solid waste into and from the closed containers referring to compacted containerised waste.
- The weighing of the containers and combinations across the weighbridges.
- The regular calibration of the weighbridges
- The loading and offloading of containers on contractors vehicles by overhead crane at facilities where required (ARTS and SRTS).
- The placement of the full containers onto designated hardened container-handling areas at the facilities (KWMF, BRTS & CPWMF) and the empty closed containers onto designated hardened container-handling areas at the Vissershok North Landfill site.

5.9 The Service Provider shall be responsible for;

- The provision 10/15 or 30m3 open top containers for drop-off facilities
- Cleaning, clearing and maintenance of own containers.
- All open top containers to have a net cover placed over load prior to movement off site.
- Supply of all required vehicles for haulage of open top and containerised waste containers.
- The charging and discharging of mix waste, waste, rubble or greens at landfill site.
- The placement of the full containers at designated hardened container-handling areas at the facilities (KWMF and BRTS)
- The empty of closed containers (Hooklift Type) at Landfill as and when required.
- Ensure all containers area secured prior to leaving facilities.

## 5.10 ADHOC MOVEMENT OF CONTAINERS

### 5.10.1. Transportation of Closed Containers (Compacted Waste)

Tenderers must submit a **rate per ton** of containerised waste transported. The rate must include all costs for the provision of all labour, materials, plant, vehicles and equipment for the transporting of full containers from the specified facilities to Vissershok Landfill, for the loading and unloading of containers and shall include for the return of the empty containers from the Vissershok Landfill Site to the facilities. The compacted waste containers of Tierberg, Impuma and Two Oceans will be offloaded by the service provider using own hooklift mechanism at the dedicated platform area of the landfill, whereas the compacted waste containers of ARTS and SRTS will be offloaded by CCT staff using a overhead gantry crane.

Note that the operation for the emptying of compacted waste containers at the Vissershok site will be undertaken by the Employer.

The Tenderer must provide details in Annexure F.13C of the transportation vehicles and systems to be used for transporting, loading and unloading the containers. The number of containers per trip, the maximum waste payload per container (i.e. the maximum mass of waste in a 4,3 tonne reinforced closed container) must be indicated on Annexure F.13D.

The transportation contractor will be required to determine the container payload for the vehicle combination and system employed. Containers that are over-loaded during the container loading operations will be identified on the loading magazine and dealt with separately by the CCT before the container is placed on the container-handling apron or loaded.

Containers that are under-loaded during the container loading operations will be similarly identified on the loading magazine and dealt with separately by the CCT before the container is placed on the container-handling apron or loaded.

In the event of failure of the weighing systems, payment shall be calculated based on the average payload per container as computed for the preceding twenty containers.

### 5.10.2. Transportation of Open Containers (30m<sup>3</sup> and 10m<sup>3</sup> / 15m<sup>3</sup> Containers)

Open, top-filled 30m<sup>3</sup> and 10 m<sup>3</sup> / 15m<sup>3</sup> capacity containers will also be used for residual waste disposal from Transfer Stations or from the public drop-off facilities within the various regions as identified in the tender document. The transportation contractor will be required to transport the full containers from any of the Transfer Stations to the Vissershok Landfill Site, empty the waste at the landfill site workface and to return the empty containers to the respective facilities.

Items have been provided in the Pricing Schedule for the loading and offloading and transportation of full 30 m<sup>3</sup> (mix waste) and 10 m<sup>3</sup> (builders rubble) capacity containers and the return of empty containers. It is envisaged that approximately six (6) 30 m<sup>3</sup> and three (3) 10 m<sup>3</sup> capacity containers will be filled with bulky, residual and drop-off wastes per working day at any of the facilities.

Tenderers must submit a rate on a per ton per km of waste transported basis. To note the rate per ton per kilometre (km) will only apply to distance travelled from the collection point to the landfill thus the return distance from the landfill to the point of origin to return empty containers cannot be claimed. The rate must include all costs for the provision of all labour, materials, plant, vehicles and equipment for the loading and unloading of containers, for the transporting of full containers from a specific Transfer Stations to the Vissershok Landfill Site, the discharge of waste at the working cell of Vissershok Landfill return of the empty containers to the collection point where containers were loaded.

### 5.10.3 Supply of Open Top Containers (30m<sup>3</sup> and 10m<sup>3</sup> / 15m<sup>3</sup>)

Where required the contractor may be requested to supply and place open top containers 30m<sup>3</sup> and 10m<sup>3</sup> / 15m<sup>3</sup> at the facilities where containers are required for waste or builders rubble storage at drop-of areas or any other operational area of the facilities as identified by the Employer.

The rate required in the pricing schedule should include the supply, placement and maintenance of the containers including the monthly rate for hire.

### 5.10.4 Transport for movement of empty containers

During the contract period there may be a need to transport empty containers between facilities within the

regions as indicated in the tender document. Tenderers are required to provide a rate per km for the transport of such containers. The rate must include all costs for the provision of all labour, materials, plant, vehicles and equipment for the loading and unloading of containers.

#### **5.10.5 Transport for movement of shipping containers**

During the contract period there may be a need to transport shipping containers between facilities or collection of shipping containers for disposal of waste contents at landfill and return of shipping containers within the regions as indicated in the tender document. Tenderers are required to provide a rate per ton per kilometre (km) for the transport of such shipping containers. The rate must include all costs for the provision of all labour, materials, plant, vehicles and equipment for the loading and unloading of containers.

#### **5.10.6 Loading of containers and emptying at landfill**

To accommodate for any major breakdowns of CCT plant and equipment there may be a need to source external equipment in terms of hooklifts trucks or container carriers to assist with the loading and emptying of compacted waste containers at the landfill area and returning empty containers to respective apron areas. Tenderers are required to provide a wet rate per hour for the services. The wet rate must include all costs associated with site establishment, labour or operator costs, transport of the containers, including the return of the empty container to the apron area.

It is not envisaged that extensive use will be made of this option, as it will be limited to emergency use only; after all other options have been considered.

#### **5.10.7 Hire of a water tanker**

During the contract period there may be a need to source the services of tankers with a approximate capacity of 30 000 litres for the pumping and transport of liquids for example waste water, contaminated surface water, raw leachate or treated leachate from any of the facilities in the various regions and discharge at approved waste water treatment facilities. Tenderers are required to provide a wet rate per hour for the services. The wet rate must include all costs associated with site establishment, labour or driver costs, portable pump (3 or 4 inch) and hoses and any related costs to deliver the services.

All proposed tankers will be required to have all necessary signage and clearances in terms of road regulations for the transport of hazardous liquids.

The Employer will source all the necessary approval or effluent discharge permit and will cover the costs for discharge at approved waste water treatment plants.

#### **5.10.8 Overtime**

In the event that the Contractor is specifically called upon by CCT to operate vehicles in excess of City normal working hours, the Contractor shall be paid for such overtime. The tendered rate shall include all the Contractor's additional costs in this regard. All claims for overtime must be accompanied by a statement detailing the date and time such overtime was worked. All overtime must be pre-approved by CCT.

Overtime will not be approved in instances where the Contractor must work overtime in order to catch up on any backlog caused by factors outside of the Employer's control.

#### **5.11. Disposal of waste to landfill**

The contractor will be responsible for the payment of all disposal charges. Disposal coupons must be purchased in advance at Municipal Offices of the City of Cape Town, prior to commencement of services. Disposal coupons are to be used in all instances to enter disposal sites. No claims for additional amounts due to the availability of any of the existing transfer or disposal sites changing during the contract period will be considered. For the correctness of the disposal cost allocation, refer to the relevant City of Cape Town's Tariff Policy Disposal unit cost. The disposal cost will be reimbursed in full based on proof of safe disposal. In the event that the tenderer uses the private landfill site, the tenderer

will be reimbursed based on the City's disposal tariffs should the costs for disposal at the private landfill be higher than the City's cost. Service providers to note that disposal cost will be reimbursed based on the actual cost incurred by the contractor using the City's disposal tariff as per the Solid Waste Management Tariff policy.

### 5.11.1 SUPPLY AND COMPOSITION OF WASTE

The types of waste received at the facilities shall be general waste such as recyclables, garden waste, builder's rubble, mixed waste and limited domestic household waste. No hazardous waste is permitted on site. The city reserves the right to increase and or decrease the volumes of any of the waste streams at any facility during the contract. The CCT accepts no responsibility for any changes to the waste composition that may occur in the future for waste delivered to the facility. Any changes that may occur in the future shall not be grounds for the Contractor to seek any amendment to the terms of any contract agreement that is entered.

### 5.12 HISTORICAL ANNUAL TONNAGES TRANSPORTED

Facility	Containerised Waste		Drop-off Area – open top containers		
	Historical Annual containerised waste (tons) transported to Vissershok	Transport vehicles required per day for containerised waste	Historical annual mixed waste (tons) transported from the facilities and drop-off area to Vissershok (30m3)	Historical annual builders waste (tons) transported from drop-off area to Vissershok (10m3)	Transport vehicles required per day for drop-off waste

### 6. HOUSEHOLD HAZARDOUS WASTE DROP-OFF FACILITIES

Household hazardous waste (HHW) forms a segment of less than 3% of general, residential household waste. The HHW generally consists of empty/near empty containers that held cleaning chemicals; used batteries; old paints; spent solvents used to clean paint brushes; agricultural remedy/ pesticides waste; mixed chemicals from swimming pool and household maintenance; odd pieces of non-friable asbestos cement waste; used electronic waste; used CFLs and fluorescent tubes; used oils, etc.

Household medical waste including old pharmaceuticals, contaminated dressings, diabetic needles and sharps will not be accepted. Radioactive waste, pressurised gas containers, highly flammable, reactive or explosive waste will not be accepted.

The public is expected to bring HHW to the dedicated drop-off facilities during operational hours. The HHW should be in safe, non-corroded containers.

Acceptance, handling and storage of HHW received at the Athlone Refuse Transfer Facility (ARTS) and Bellville Refuse Transfer Station (BRTS) will be managed by City of Cape Town staff. The transport, treatment and final disposal of HHW will be managed by the tenderer. Management of the HHW should be according to the National environmental management act (NEMA) Principles, National Environmental Management: Waste Act (NEM:WA) regulations and Department of Water Affairs & Forestry, 1998. Waste Management Series. Minimum Requirements for the Handling, Classification and Disposal of Hazardous Waste, Second Edition.

The contracted HHW removal service will operate during the same hours of operation as the CCT waste management facilities as stated below. The services will include supply of storage containers, handling and

transport of HHW for further re-use, recycling, treatment and/or final disposal in a responsible manner and in accordance with the relevant legislation.

SOLID WASTE SERVICES	COCT Facility	Physical Address
Disposal	ARTS	Off Bunga Drive along the N2, Athlone area
	BRTS	Off Sacks Circle in Bellville South Area
AD HOC Disposal Facilities (existing and new)	Each individual facility will be quoted on a collection rate per km, based on the km radius.	
AD HOC Collections facilities (existing and new)		

## 6.1 SERVICES REQUIRED

The City of Cape Town therefore intends appointing a contractor(s) to provide the following services:

- Supply of required storage drums, containers or skips for various HHW waste types;
- Collection, handle, re-use/recycling through beneficiation, transport, and disposal of HHW waste;
- HHW for further treatment, or final **disposal** in accordance with relevant legislation.
- Disposal rates to accommodate all costs related to handling, transport and any pre treatment that may be required to the HHW waste prior to disposal.
- No pretreatment of HHW waste will be allowed at the CCT facilities.
- Recycle/re-use most of the solvents and other recyclable HHW, if possible.
- An ad hoc service to collect small loads of HHW received at any CCT drop off and transport these to the nearest HHW drop off for storage/ processing.
- The total volume of all HHW on site must not exceed 50 m<sup>3</sup> or 50 ton per site at any time.
- The Contractor(s) must comply with all Hazardous Installation legislation (OSHA/ NEM:WA).
- Compliance with all National, Provincial and Local legislation, regulations and standards as well as the CoCT by-laws.
- Employ DEA&DP approved re-use/recycling methodology, as well as DEA&DP approved treatment/disposal methodology, where relevant.
- Only credible and registered sub-contractors approved by CCT (Department: Solid Waste Management) may be used for the purpose or re-use, recycling and mechanical treatment such as crushing of CFL tubes.
- The management of asbestos products may be outsourced to a registered asbestos handling contractor (with Department of Labour), which is also accredited as a waste management service provider with the City of Cape Town.
- All waste loads must be weighed and signed off by the CoCT senior superintendent before leaving the site.
- The contractor(s) must ensure that bins are emptied once filled. A CoCT official must sign off on all full skips and outgoing mass before removal from site.
- The contractor(s) must issue waste manifests with relevant SDS pamphlets for every load transported from the drop-off facility (for treatment, beneficiation or disposal) for each waste type in the load, immaterial of the quantity.
- The contractor(s) must supply proof of disposal /beneficiation in the form of a weighbridge slip or other approved documentation, as well as specific detail of the disposal/beneficiation facility used. Proof will be used to verify invoices and information on Safe Disposal Certificates. The beneficiation cost includes the disposal of any residual matter and payment will be included in the Treatment and/or Final Disposal rate. **Payment will only be made on proof of disposal.**
- All payments for Ad hoc HHW services will be based on rates for services as indicated in the tender documents

- Waste destined for general landfill must be disposed at CoCT owned Vissershok Landfill Site. Hazardous waste must be disposed at the private Vissershok Landfill Site.
- The contractor(s) must be an accredited service provider with the City of Cape Town for all the waste management services provided and use accredited service providers for the transport of waste if subcontracted.
- The contractor's staff may under no circumstances interfere with the RTS and public drop-off activities operated by CoCT or subcontractors employed by CoCT.

## **6.2 DETAILS OF CONTRACTOR'S VEHICLE, PLANT AND EQUIPMENT**

## **6.4 Waste Accreditation**

All appointed service providers are required to be accredited as waste management service providers in

terms of the City of Cape Town Integrated Waste Management bylaw. Service Providers that do not comply with this requirement will not be able to provide waste management services. Accreditation must remain valid for the tenure of the contract. All tenderers are therefore required to submit proof of valid accreditation with tender submission; which accreditation must still be valid at the time of award of this tender. Tenderers whose accreditation is about to expire are strongly encouraged to re-apply for accreditation as soon as possible.

Tenderers who are not currently accredited must apply for accreditation as follows:

To apply for accreditation as a waste management service provider, please send an email to [waste.accreditation@capetown.gov.za](mailto:waste.accreditation@capetown.gov.za) or follow the link below for details:

<http://www.capetown.gov.za/City-Connect/Register/Business-and-trade/Register-as-an-accredited-waste-services-provider>.

Proofs of such applications are also to be submitted with bid submissions.

PLEASE NOTE, IN ORDER TO BE DEEMED RESPONSIVE AT THE TIME OF AWARD of this Tender, The City of Cape Town/BEC will check the accreditation status of all responsive tenderers at the time of award of tender. This will be done by referring to the CoCT list of accredited Service Providers on the City of Cape Town's accreditation data base. All responsive tenderers whose names do not appear on this list, or whose accreditation is about to expire, will be requested via clarification letters from BEC to submit proof of valid accreditation at the time of evaluation, failure to respond to such clarification by due date or provide the City with proof of a valid accreditation, will render the tenderer non-responsive.

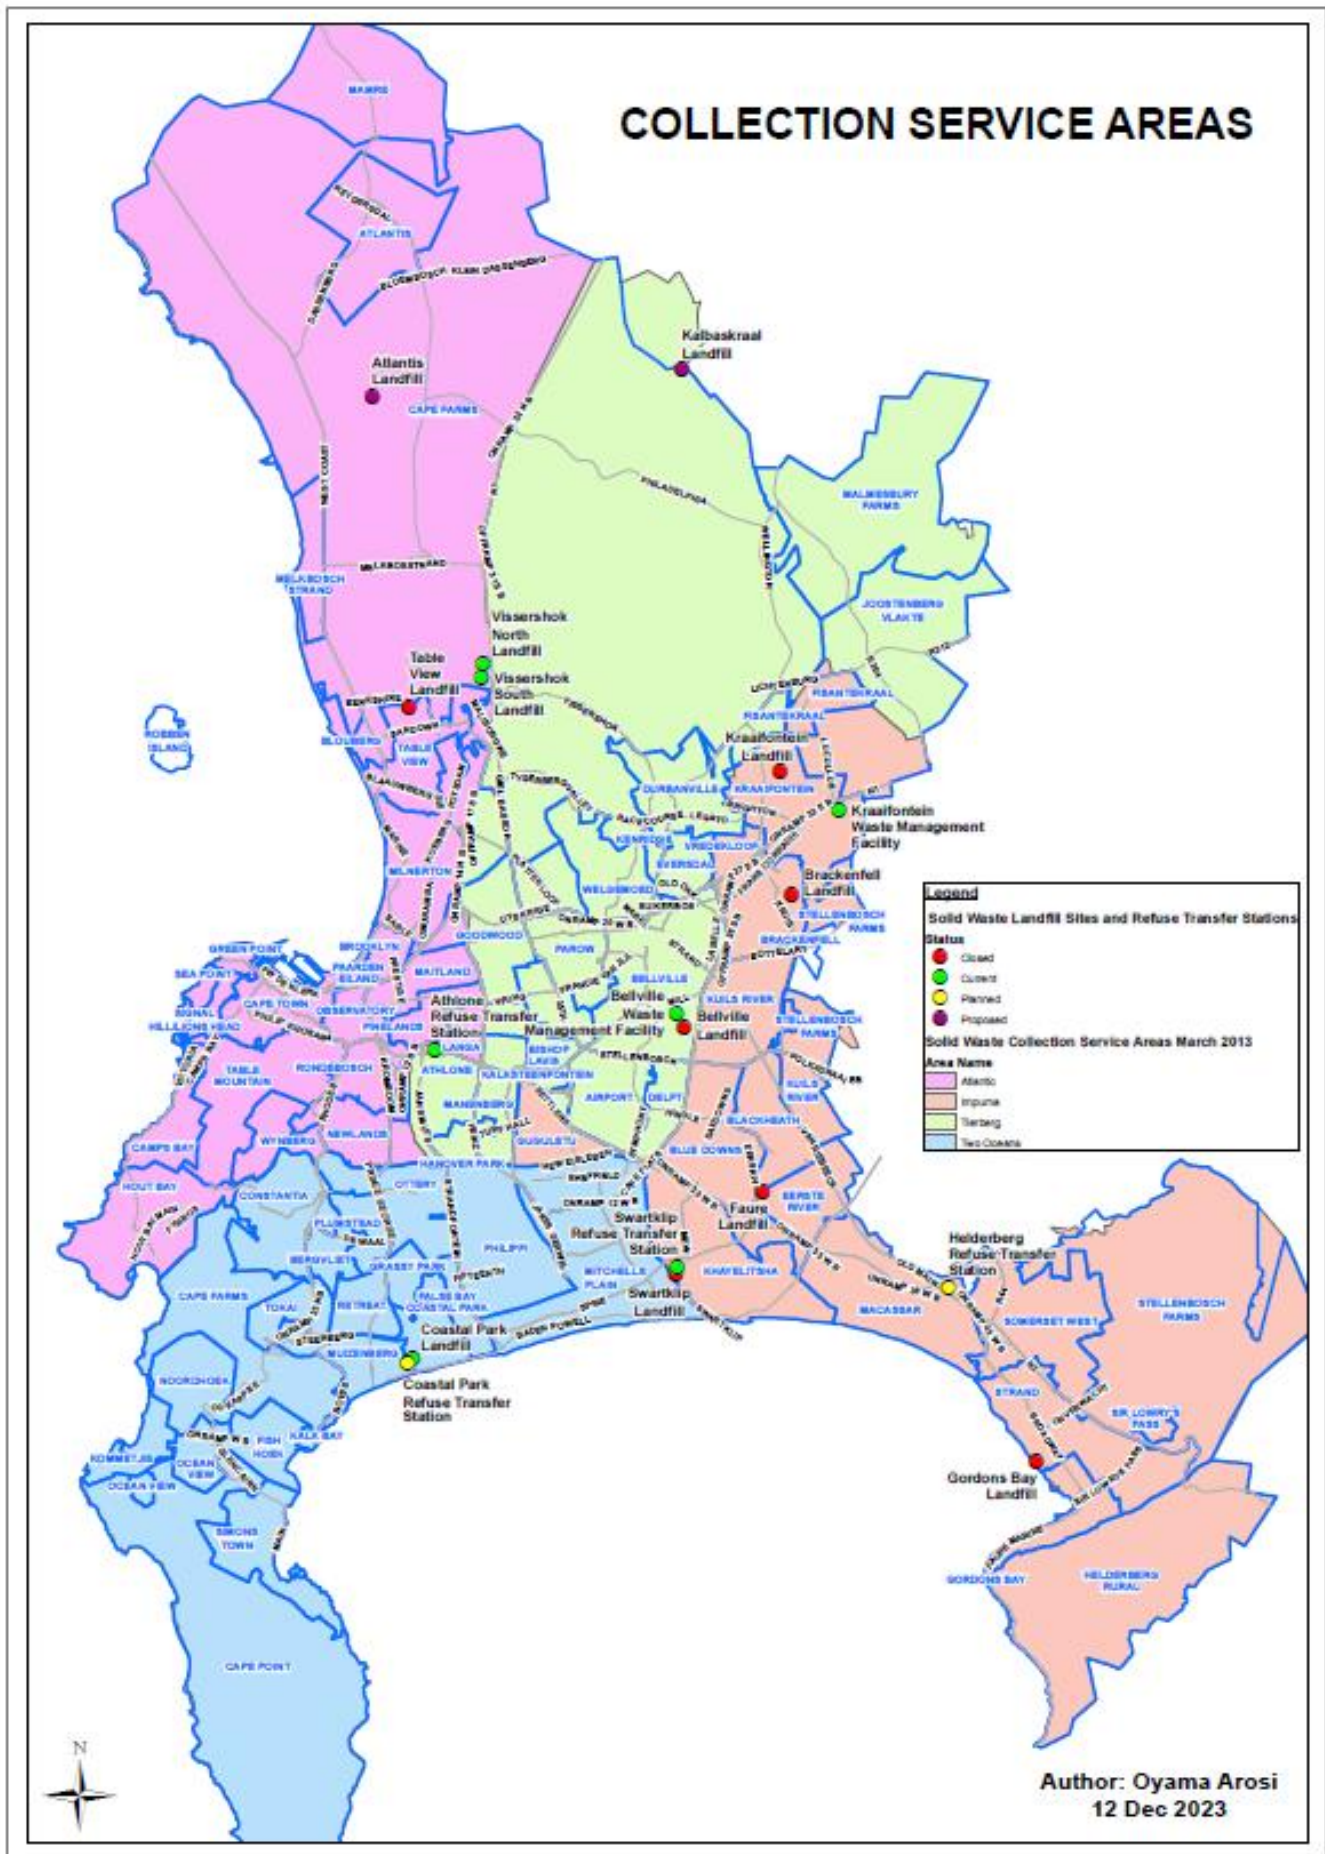

#### **6.5 CONTRACTORS RESPONSIBILITY IN TERMS OF THE OHS ACT**

The Contractor shall be responsible for complying with the Occupational Health and Safety Act 85 of 1993 and associated regulations issued in term of the Act. The following project specific hazards and risks have been identified:

- a. *Landfill Gas* – The decomposition of waste can produce flammable gases which may accumulate in confined spaces or filter through the waste pile at any location. Smoking is not permitted.
- b. *Leachate* – Leachate is a contaminated fluid formed when liquid filters through the waste pile dissolving chemicals and accumulating bacteria in the process. The Contractor shall take all precautions necessary to ensure the personnel do not come into direct physical contact with leachate.

These project specific hazards have been identified to assist the Contractor, but do not relieve the Contractor of his obligations in terms of the OHS Act to identify all hazards which may be present.

  - 5.8.2 The Supplier hereby assigns to the Purchaser, all Intellectual Property created, developed or otherwise brought into existence by it for the purposes of the agreement, unless the Parties expressly agree otherwise in writing.
  - 5.8.3 The Supplier shall, and warrants that it shall:
    - 5.8.3.1 Not be entitled to use the Purchaser's Intellectual Property for any purpose other than as contemplated in the agreement;
    - 5.8.3.2 not modify, add to, change or alter the Purchaser's Intellectual Property, or any information or data related thereto, nor may the Supplier produce any product as a result of, including and/or arising from any such information, data and Intellectual Property, and in the event that it does produce any such product, the product shall be, and be deemed in law to be, owned by the Purchaser;
    - 5.8.3.3 Not apply for or obtain registration of any domain name, trademark or design which is similar to any Intellectual Property of the Purchaser;

- 5.8.3.4 Comply with all reasonable directions or instructions given to it by the Purchaser in relation to the form and manner of use of the CCT Intellectual Property, including without limitation, any brand guidelines which the Purchaser may provide to the Supplier from time to time;
- 5.8.3.5 Ensure that its employees, directors, members and contractors comply strictly with the provisions of this Clause 5.8.4 above unless the Purchaser expressly agrees to the contrary, in writing and only after obtaining due internal authority for such agreement.
- 5.8.4 The Supplier represents and warrants to the Purchaser that, in providing Goods and/or Services for the duration of the agreement it will not infringe or make unauthorised use of the Intellectual Property rights of any third party and hereby indemnifies the Purchaser from any claims, liability, loss, damages, costs, and expenses arising from the infringement or unauthorised use by the Supplier of any third party's Intellectual Property rights.
- 5.8.5 Upon expiry of the contract period and in the event that the Contract is terminated, ended or is declared void, any and all of the Purchaser's Intellectual Property, and any and all information and data related thereto, shall be immediately handed over to the Purchaser by the Supplier and no copies thereof shall be retained by the Supplier unless the Purchaser expressly and in writing, after obtaining due internal authority, agrees otherwise.

*Add the following after clause 5.8:*

5.9 **Protection of Personal Information Act of 2013**

By submitting a tender to the Purchaser, (and by concluding any ensuing related agreement with the City of Cape Town, if applicable), the Tenderer thereby acknowledges and unconditionally agrees:

- 5.9.1 that the tenderer has been informed of the purpose of the collection and processing of its personal information as defined in the Protection of Personal Information Act of 2013 ("POPIA"), which, for the avoidance of doubt is for, and in relation to, the tender process and the negotiation, conclusion, performance and enforcement of the ensuing agreement, if applicable, as well as for the City of Cape Town's reporting purposes;
- 5.9.2 to the collection and processing of the tenderer's personal information by the City of Cape Town and agrees to make available to the City of Cape Town, all information reasonably required by the City of Cape Town for the above purposes;
- 5.9.3 that the personal information the City of Cape Town collects from the tenderer or about the tenderer may be further processed for other activities and/or purposes which are lawful, reasonable, relevant and not excessive in relation to the purposes set out above, for which it was originally collected;
- 5.9.4 that, the tenderer indemnifies the City of Cape Town and its officials, employees, and directors and undertakes to keep the City of Cape Town and its officials, employees, and directors indemnified in respect of any claim, loss, demands, liability, costs and expenses of whatsoever nature which may be made against the City of Cape Town (including the costs incurred in defending or contesting any such claim) in relation to the tenderer or the tenderer's employees', representatives' and/or sub-Suppliers' non-compliance with POPIA and/or the City of Cape Town's failure to obtain the tenderer's consent or to notify the tenderer of the reason for the processing of the tenderer's personal information;
- 5.9.5 to the disclosure of the tenderer's personal information by the City of Cape Town to any third party, where the City of Cape Town has a legal or contractual obligation to disclose such personal information to the third party (or a legitimate interest exists therein);
- 5.9.6 that, under POPIA, the tenderer may request to access, confirm, request the correction, destruction, or deletion of, or request a description of, personal information held by the City of Cape Town in relation to you, subject to applicable law; and

that under POPIA, subject to applicable law, the tenderer also has the right to be notified of a personal information breach and the right to object to, or restrict, the City of Cape Town's processing of its personal information.

5.10 **PERFORMANCE MONITORING**

- 5.10.1 As required by section 116(2)(b) of the Local Government: Municipal Financial Management Act 56 of 2003, the CCT shall monitor the performance of the Supplier on at least a monthly basis, and the Supplier agrees to provide the CCT with its full cooperation in this regard.

## **7. Performance Security**

*Delete clause 7.1 and replace with the following:*

- 7.1 Within 14 (fourteen) days of Commencement Date the Supplier shall furnish to the Purchaser the performance security:
- 7.1.1 For the Guarantee Sum equal to being 3% percent of the Contract price or such other applicable amount.
- 7.1.2 The Performance Security/Guarantee furnished shall be issued by an Approved Financial Institution listed in the Pro Forma Performance Security/Guarantee as at [ insert date] (being institutions approved for issue of contract guarantees by the Purchaser).

*Delete Clause 8.2 and substitute with the following:*

- 8.2 If it is a bid condition that Goods and/or Services to be produced or services to be rendered should at any stage during production or execution or on completion be subject to inspection, the premises of the bidder or Supplier shall be open, at all reasonable hours, for inspection by a representative of the Purchaser or an organisation acting on behalf of the Purchaser.

## **10. Delivery and documents**

*Delete clauses 10.1 and 10.2 and replace with the following:*

- 10.1 Delivery of the goods shall be made by the Supplier in accordance with the terms specified in the contract. The time for Delivery of the goods shall be the date as stated on the Purchase Order. In the case of agreements for Delivery of goods in terms of framework or panel agreements, Purchase Orders for the supply and delivery of goods may be raised up until the expiry of a framework or panel agreement, provided that the goods can be delivered within 30 (thirty) days of expiry of the framework or panel agreement. In this context, the "goods" does not include services and carries its ordinary meaning. All Purchase Orders other than for the supply and Delivery of goods (i.e. supply of services, professional services or constructions works), must be completed prior to the expiry of the contract period.
- 10.2 The Purchaser shall determine, in its sole discretion, whether the Goods and/or Services have been delivered in compliance with the Contract, alternatively in such a state that it can be properly used for the purpose for which it was intended. When the Purchaser determines that the Goods and/or Services have been satisfactorily delivered, the Purchaser must issue an appropriate certification, or written approval, to that effect. Invoicing may only occur, and must be dated, on or after the date of such written acceptance of the Goods.

## **11. Insurance**

*Add the following after clause 11.1:*

- 11.2 Without limiting the obligations of the Supplier in terms of this Contract, the Supplier shall effect and maintain the following additional insurances:

- 11.2.1 Public liability insurances, in the name of the Supplier, covering the Supplier and the Purchaser against liability for the death of or injury to any person, or loss of or damage to any property, arising out of or in the course of this Contract, in an amount not less than **[R20 million]** for any single claim;
- 11.2.2 Motor Vehicle Liability Insurance, in respect of all vehicles owned and / or leased by the Supplier, comprising (as a minimum) "Balance of Third Party" Risks including Passenger Liability Indemnity;
- 11.2.3 Registration / insurance in terms of the Compensation for Occupational Injuries and Disease Act, Act 130 of 1993. This can either take the form of a certified copy of a valid Letter of Good Standing issued by the Compensation Commissioner, or proof of insurance with a licenced compensation insurer, from either the Supplier's broker or the insurance company itself (see the Pro Forma Insurance Broker's Warranty).
- 11.2.5 In the event of under insurance or the insurer's repudiation of any claim for whatever reason, the Purchaser will retain its right of recourse against the Supplier.
- 11.3 The Supplier shall be obliged to furnish the Purchaser with proof of such insurance as the Purchaser may require from time to time for the duration of this Contract. Evidence that the insurances have been effected in terms of this clause, shall be either in the form of an insurance broker's warranty worded precisely as per the pro forma version contained in the Pro forma Insurance Broker's Warranty or copies of the insurance policies.

## **15. Warranty**

*Add to Clause 15.2:*

- 15.2 The warranty for this Contract shall remain valid for six (6) months from date of Delivery of the Goods and/or Services.

## **16. Payment**

*Delete Clause 16.1 in its entirety and replace with the following:*

- 16.1 Payment of invoices will be made:

16.1.1 Within 30 (thirty) days of receiving the relevant invoice or statement from the Supplier, unless otherwise prescribed for certain categories of expenditure or specific contractual requirements in accordance with any other applicable policies of the Purchaser.

16.1.2 Notwithstanding anything contained above, the Purchaser shall not be liable for payment of any invoice that pre-dates the date of delivery of any Goods and/or Services.

*Delete Clause 16.2 in its entirety and replace with the following:*

- 16.2 The Supplier shall furnish the purchaser's Accounts Payable Department with an original tax invoice, clearly showing the amount due in respect of each and every claim for payment.

## **17. Prices**

*Add the following after clause 17.1*

17.2 If as a result of an award of a contract beyond the original tender validity period, the contract execution will be completed beyond a period of twelve (12) months from the expiry of the original tender validity period, then the contract may be subject to contract price adjustment for that period beyond such twelve (12) months. An appropriate contract price adjustment formula will be determined by the Purchaser delegated authority if such was not included in the bid documents.

17.3 If as a result of any extension of time granted, the contract execution will be completed beyond a period of twelve (12) months from the expiry of the original tender validity period, then contract price adjustment may apply to that period beyond such twelve (12) months. An appropriate contract price adjustment formula will be determined by the Director: Supply Chain Management if such was not included in the bid documents.

17.4 The prices for the goods and/or Services delivered and services performed shall be subject to contract

price adjustment in terms of Schedule F.1 Contract Price Adjustment and/or Rate of Exchange Variations and the following conditions will be applicable:

## **18. Contract Amendments**

*Delete the heading of clause 18 and replace with the following:*

### **18. Contract Amendments and Variations**

*Add the following to clause 18.1:*

Variations means changes to the Goods and/or Services, extension of the contract period or increases in the value of the Contract as a result of written instructions issued by the Purchaser to the Supplier. Such changes are subject to prior approval by the Purchaser's delegated authority. Should the Supplier deliver any Goods not described in a written instruction from the Purchaser, the Purchaser's liability for payment shall no arise until such time as the change has been duly approved and such approval communicated to the Purchaser.

## **20. Subcontracts**

*Add the following after clause 20.1:*

- 20.2 The Supplier shall be liable for the acts, defaults and negligence of any subcontractor, his agents or employees as fully as if they were the acts, defaults or negligence of the Supplier.
- 20.3 Any appointment of a subcontractor shall not amount to a contract between the Purchaser and the subcontractor, or a responsibility or liability on the part of the Purchaser to the subcontractor and shall not relieve the Supplier from any liability or obligation under the Contract.

## **21. Delays in the supplier's performance**

*Delete Clause 21.2 in its entirety and replace with the following:*

- 21.2 If at any time during the performance of obligations contained in the Contract the Supplier or its subcontractors should encounter conditions beyond their reasonable control which impede the timely delivery of the Goods and/or Services, the Supplier shall notify the Purchaser in writing, within 7 (seven) days of first having become aware of these conditions, of the facts of the delay, its cause(s) and its probable duration. As soon as practicable after receipt of the Supplier's notice, the Purchaser shall evaluate the situation, and may at his discretion extend the time for Delivery.

Where additional time is granted, the Purchaser shall also determine whether or not the Supplier is entitled to payment for additional costs in respect thereof. The principle to be applied in this regard is that where the Purchaser or any of its agents are responsible for the delay, reasonable costs shall be paid. In respect of delays that were beyond the reasonable control of both the Supplier and the Purchaser, additional time only (no costs) will be granted.

The Purchaser shall notify the Supplier in writing of his decision(s) in the above regard.

- 21.3 No provision in this Contract shall be deemed to prohibit the obtaining of Goods and/or Services from a national department, provincial department, or a local authority.

## **22. Penalties**

*Delete clause 22.1 and replace with the following:*

- 22.1 Subject to GCC Clause 25, if the Supplier fails to deliver any or all of the Goods and/or Services within the period(s) specified in the Contract, the Purchaser shall, without prejudice to its other remedies under the Contract, deduct from amounts payable, as a penalty, a sum as stated herein for each day of the delay until actual Delivery or performance.

The penalty for this contract shall be as follows;

### **Penalty 1 : Failure to provide minimum truck allocation**

The penalty amount will be R2 000.00 per truck each day not provided. This penalty will apply after 24hrs has passed without remedy after written notice of such non compliance.

After 72 hrs without remedy the City will activate the alternative service provider and the main service provider will be liable for the additional cost incurred by the City. i.e. the difference in rates will be recovered as the penalty.

**Penalty 2: Failure to transport the planned waste using the minimum trucks.**

The penalty amount will be 10% of the rate per ton of rate tendered for the planned waste not transported for the day as a result of poor performance. This penalty will apply after 24hrs has passed without remedy after written notice of such non compliance.

**Penalty 3: Failure to return empty containers**

The penalty amount will be R 500.00 per incident where the non-return of empty containers have an impact on the waste filling and waste transfer operation at the facilities.If container returned after the normal working hours will be for contractor cost

**Penalty 4: Failure to clear household hazardous waste**

The penalty amount will be R 1 500.00 per incident where the removal and disposal of household hazardous waste containers are not performed within the stipulated period.

22.2 The Purchaser shall, without prejudice to its other remedies under the contract, deduct from amounts payable, financial penalties as contained on the Preference Schedule for breaches of the conditions upon which preference points were awarded.

**23. Termination for default**

*Delete the heading of clause 23 and replace with the following:*

**23. Termination**

*Add the following to the end of clause 23.1:*

If the Supplier fails to remedy the breach in terms of such notice.

*Add the following after clause 23.7:*

23.8 In addition to the grounds for termination due to default by the Supplier, the Contract may also be terminated:

23.8.1 Upon the death of the Supplier who was a Sole Proprietor, or a sole member of a Close Corporation, in which case the contract will terminate forthwith.

23.8.2 If the Parties, by mutual agreement, terminate the Contract.

23.8.3 If a material irregularity vitiates the procurement process leading to the conclusion of the Contract, rendering the procurement process and the conclusion of the resulting Contract unfair, inequitable, non-transparent, uncompetitive or not cost-effective the Contract may be terminated by the Purchaser (upon conclusion of applicable processes by the City Manager as described in the Purchaser's SCM Policy).

23.8.4 Reputational risk or harm to the Purchaser

The Purchaser, without prejudice to any other remedy for breach of contract, by written notice of default sent to the Supplier, may terminate the contract if the implementation of the contract may result in reputational risk or harm to the Purchaser as a result of (inter alia):

- a) reports of poor governance and/or unethical behaviour;
- b) association with known notorious individuals and family of notorious individuals;
- c) poor performance issues, known to the Purchaser
- d) negative social media reports;
- e) adverse assurance (e.g. due diligence) report outcomes; or

- f) circumstances where the relevant vendor has employed, or is directed by, anyone who was previously employed in the service of the state (as defined in clause 1.53), where the person is or was negatively implicated in any SCM irregularity.

By or in relation to the Supplier, the Contract may be terminated by the Purchaser after providing notice to the Supplier.

- 23.9 If the Contract is terminated in terms of clause 23.8, all obligations that were due and enforceable prior to the date of the termination, must be performed by the relevant Party.

## 26. Termination for insolvency

*Delete clause 26.1 and replace with the following:*

- 26.1 In the event of the Supplier becoming bankrupt or otherwise insolvent the Purchaser may elect to:
- 26.1.1 At any time, terminate the Contract by giving written notice to the Supplier; or
- 26.1.2 Accept a Supplier's proposal (via the liquidator) to render delivery utilising the appropriate contractual mechanisms or takes steps to ensure its rights are protected and any negative impact on service delivery is mitigated.
- 26.2 In the event of the Purchaser electing to cancel the Contract in accordance with clause 26.1.1 above, the Purchaser shall make payment of all verified and signed off invoices. In the event of there being any dispute in respect of any outstanding invoices such dispute shall be dealt with in accordance with the dispute resolution mechanism in the Contract.

## 27. Settlement of Disputes

*Amend clause 27.1 as follows:*

- 27.1 If any dispute or difference of any kind whatsoever, with the exception of termination in terms of clause 23 arises between the Purchaser and the Supplier in connection with or arising out of the Contract, the Parties shall make every effort to resolve such dispute or difference amicably, by mutual consultation.

*Delete Clause 27.2 in its entirety and replace with the following:*

- 27.2 Should the Parties fail to resolve any dispute by way of mutual consultation, either party shall be entitled to refer the matter for mediation before an independent and impartial person appointed by the City Manager in accordance with Regulation 50(1) of the Local Government: Municipal Finance Management Act, 56 of 2003 – Municipal Supply Chain Management Regulations (Notice 868 of 2005). Such referral shall be done by either party giving written notice to the other of its intention to commence with mediation. No mediation may be commenced unless such notice is given to the other party.

Irrespective whether the mediation resolves the dispute, the Parties shall bear their own costs concerning the mediation and share the costs of the mediator and related costs equally.

The mediator shall agree the procedures, representation and dates for the mediation process with the Parties. The mediator may meet the Parties together or individually to enable a settlement.

Where the Parties reach settlement of the dispute or any part thereof, the mediator shall record such agreement and on signing thereof by the Parties the agreement shall be final and binding.

Save for reference to any portion of any settlement or decision which has been agreed to be final and binding on the Parties, no reference shall be made by or on behalf of either party in any subsequent court proceedings, to any outcome of an amicable settlement by mutual consultation, or the fact that any particular evidence was given, or to any submission, statement or admission made in the course of amicable settlement by mutual consultation or mediation.

## 28. Limitation of Liability

*Delete clause 28.1 (a) and (b) and replace with the following:*

- (a) notwithstanding any provision to the contrary contained in this contract, neither the supplier nor any of its officers, directors, employees, agents contractors, consultants or other representatives shall be liable to the purchaser, whether in contract, tort, or otherwise, for any indirect, incidental, special or consequential loss or damage of any kind, including without limitation the loss of use, loss of production, or loss of profits or interest costs, loss of goodwill, lost or damaged data or software, costs of substitute products/services and/or loss of business or business opportunities (whether foreseeable or unforeseeable), provided that this exclusion shall not apply to any obligation of the supplier to pay penalties and/or damages to the purchaser;
- (b) the aggregate liability of the Supplier to the Purchaser, whether under the Contract, in tort or otherwise, shall not exceed the sums insured in terms of clause 11 in respect of insurable events, or where no such amounts are stated, to an amount equal to twice the Contract price, provided

that this limitation shall not apply to the cost of repairing or replacing defective equipment.

Add the following after clause 28.1:

28.2 Without detracting from, and in addition to, any of the other indemnities in this Contract, the Supplier shall be solely liable for and hereby indemnifies and holds harmless the Purchaser against all claims, charges, damages, costs, actions, liability, demands and/or proceedings and expense in connection with:

- a) personal injury or loss of life to any individual;
- b) loss of or damage to property;

arising from, out of, or in connection with the performance by the Supplier in terms of this Contract, save to the extent caused by the gross negligence or wilful misconduct of the Purchaser.

28.3 The Supplier and/or its employees, agents, concessionaires, suppliers, sub-contractors or customers shall not have any claim of any nature against the purchaser for any loss, damage, injury or death which any of them may directly or indirectly suffer, whether or not such loss, damages, injury or death is caused through negligence of the Purchaser or its agents or employees.

28.4 Notwithstanding anything to the contrary contained in this Contract, under no circumstances whatsoever, including as a result of its negligent (including grossly negligent) acts or omissions or those of its servants, agents or contractors or other persons for whom in law it may be liable, shall any party or its servants (in whose favour this constitutes a *stipulatio alteri*) be liable for any indirect, extrinsic, special, penal, punitive, exemplary or consequential loss or damage of any kind whatsoever, whether or not the loss was actually foreseen or reasonably foreseeable), sustained by the other party, its directors and/or servants, including but not limited to any loss of profits, loss of operation time, corruption or loss of information and/or loss of contracts.

28.5 Each party agrees to waive all claims against the other insofar as the aggregate of compensation which might otherwise be payable exceeds the aforesaid maximum amounts payable.

### 31. Notices

Delete clauses 31.1 and 31.2 and replace with the following:

31.1 Any notice, request, consent, approvals or other communications made between the Parties pursuant to the Contract shall be in writing and forwarded to the addresses specified in the Contract and may be given as set out hereunder and shall be deemed to have been received when:

- a) hand delivered – on the day delivery of delivery or the next Working Day,
- b) sent by registered mail – five (5) Working Days after mailing,
- c) sent by email or telefax – one (1) Working Day after transmission.

### 32. Taxes and Duties

Delete the final sentence of 32.3 and replace with the following:

. In this regard, it is the responsibility of the Tenderer to submit evidence in the form of a valid Tax Compliance Status PIN issued by SARS to the CCT at the Supplier Management Unit located within the Supplier Management / Registration Office, 2nd Floor (Concourse Level), Civic Centre, 12 Hertzog Boulevard, Cape Town (Tel 021 400 9242/3/4/5), or included with this tender.

Add the following after clause 32.3:

32.4 The VAT registration number of the CCT is 4500193497.

## ADDITIONAL CONDITIONS OF CONTRACT

Add the following Clause after Clause 34:

### 35. Reporting Obligations

35.1 The Supplier shall complete, sign and submit with each delivery note, all the documents as required in the Specifications including Monthly Project Labour Reports (Annexure B). Any failure in this regard may result in a delay in the processing of payments.

### 1. Definitions

1. The following terms shall be interpreted as indicated:

- 1.1 'Closing time' means the date and hour specified in the bidding documents for the receipt of bids.
- 1.2 'Contract' means the written agreement entered into between the purchaser and the supplier, as recorded in the contract form signed by the Parties, including all attachments and appendices thereto and all documents incorporated by reference therein.
- 1.3 'Contract price' means the price payable to the supplier under the contract for the full and proper performance of his or her contractual obligations.
- 1.4 'Corrupt practice' means the offering, giving, receiving, or soliciting of anything of value to influence the action of a public official in the procurement process or in contract execution.
- 1.5 'Countervailing duties' are imposed in cases in which an enterprise abroad is subsidised by its government and encouraged to market its products internationally.

- 1.6 'Country of origin' means the place where the goods were mined, grown or produced or from which the services are supplied. Goods are produced when, through manufacturing, processing or substantial and major assembly of components, a commercially recognised new product results that is substantially different in basic characteristics or in purpose or utility from its components.
- 1.7 'Day' means calendar day.
- 1.8 'Delivery' means delivery in compliance with the conditions of the contract or order.
- 1.9 'Delivery ex stock' means immediate delivery directly from stock actually on hand.
- 1.10 'Delivery into consignee's store or to his site' means delivered and unloaded in the specified store or depot or on the specified site in compliance with the conditions of the contract or order, the supplier bearing all risks and charges involved until the supplies are so delivered and a valid receipt is obtained.
- 1.11 'Dumping' occurs when a private enterprise abroad markets its goods on its own initiative in the RSA at lower prices than that of the country of origin, and which action has the potential to harm the local industries in the RSA.
- 1.12 'Force majeure' means an event beyond the control of the supplier, not involving the supplier's fault or negligence, and not foreseeable. Such events may include, but are not restricted to, acts of the purchaser in its sovereign capacity, wars or revolutions, fires, floods, epidemics, quarantine restrictions and freight embargoes.
- 1.13 'Fraudulent practice' means a misrepresentation of facts in order to influence a procurement process or the execution of a contract to the detriment of any bidder, and includes collusive practice among bidders (prior to or after bid submission) designed to establish bid prices at artificial, non-competitive levels and to deprive the bidder of the benefits of free and open competition.
- 1.14 'GCC' means the General Conditions of Contract.
- 1.15 'Goods' means all of the equipment, machinery, and/or other materials that the supplier is required to supply to the purchaser under the contract.
- 1.16 'Imported content' means that portion of the bidding price represented by the cost of components, parts or materials which have been or are still to be imported (whether by the supplier or his subcontractors) and which costs are inclusive of the costs abroad, plus freight and other direct importation costs such as landing costs, dock dues, import duty, sales duty or other similar tax or duty at the South African place of entry as well as transportation and handling charges to the factory in the Republic where the supplies covered by the bid will be manufactured.
- 1.17 'Local content' means that portion of the bidding price which is not included in the imported content, provided that local manufacture does take place.
- 1.18 'Manufacture' means the production of products in a factory using labour, materials, components and machinery, and includes other, related value-adding activities.
- 1.19 'Order' means an official written order issued for the supply of goods or works or the rendering of a service.
- 1.20 'Project site', where applicable, means the place indicated in bidding documents.
- 1.21 'Purchaser' means the organisation purchasing the goods.
- 1.22 'Republic' means the Republic of South Africa.
- 1.23 'SCC' means the Special Conditions of Contract.

1.24 'Services' means those functional services ancillary to the supply of the goods, such as transportation and any other incidental services, such as installation, commissioning, provision of technical assistance, training, catering, gardening, security, maintenance, and other such obligations of the supplier covered under the contract.

1.25 'Written' or 'in writing' means handwritten in ink or any form of electronic or mechanical writing.

## **2. Application**

2.1 These general conditions are applicable to all bids, contracts and orders, including bids for functional and professional services, sales, hiring, letting and the granting or acquiring of rights, but excluding immovable property, unless otherwise indicated in the bidding documents.

2.2 Where applicable, special conditions of contract are also laid down to cover specific supplies, services or works.

2.3 Where such special conditions of contract are in conflict with these general conditions, the special conditions shall apply.

## **3. General**

3.1 Unless otherwise indicated in the bidding documents, the purchaser shall not be liable for any expense incurred in the preparation and submission of a bid. Where applicable, a non-refundable fee for documents may be charged.

3.2 With certain exceptions, invitations to bid are only published in the Government Tender Bulletin. The Government Tender Bulletin may be obtained directly from the Government Printer, Private Bag X85, Pretoria 0001, or accessed electronically from [www.treasury.gov.za](http://www.treasury.gov.za).

## **4. Standards**

4.1 The goods supplied shall conform to the standards mentioned in the bidding documents and specifications.

## **5. Use of contract documents and information; inspection.**

5.1 The supplier shall not, without the purchaser's prior written consent, disclose the contract, or any provision thereof, or any specification, plan, drawing, pattern, sample, or information furnished by or on behalf of the purchaser in connection therewith, to any person other than a person employed by the supplier in the performance of the contract. Disclosure to any such employed person shall be made in confidence and shall extend only as far as may be necessary for the purposes of such performance.

5.2 The supplier shall not, without the purchaser's prior written consent, make use of any document or information mentioned in GCC clause 5.1, except for purposes of performing the contract.

5.3 Any document, other than the contract itself, mentioned in GCC clause 5.1 shall remain the property of the purchaser and shall be returned (all copies) to the purchaser on completion of the supplier's performance under the contract if so required by the purchaser.

5.4 The supplier shall permit the purchaser to inspect the supplier's records relating to the performance of the supplier and to have them audited by auditors appointed by the purchaser, if so required by the purchaser.

## **6. Patent rights**

6.1 The supplier shall indemnify the purchaser against all third-party claims of infringement of patent, trademark, or industrial design rights arising from the use of the goods or any part thereof by the purchaser.

## **7. Performance Security**

7.1 Within 30 (thirty) days of receipt of the notification of contract award, the successful bidder shall furnish to the purchaser the performance security of the amount specified in the SCC.

- 7.2 The proceeds of the performance security shall be payable to the purchaser as compensation for any loss resulting from the supplier's failure to complete his obligations under the contract.
- 7.3 The performance security shall be denominated in the currency of the contract or in a freely convertible currency acceptable to the purchaser, and shall be in one of the following forms:
- a) a bank guarantee or an irrevocable letter of credit issued by a reputable bank located in the purchaser's country or abroad, acceptable to the purchaser, in the form provided in the bidding documents or another form acceptable to the purchaser; or
  - b) A cashier's or certified cheque.
- 7.4 The performance security will be discharged by the purchaser and returned to the supplier not later than 30 (thirty) days following the date of completion of the supplier's performance obligations under the contract, including any warranty obligations, unless otherwise specified in the SCC.

## **8. Inspections, tests and analyses**

- 8.1 All pre-bidding testing will be for the account of the bidder.
- 8.2 If it is a bid condition that supplies to be produced or services to be rendered should at any stage during production or execution or on completion be subject to inspection, the premises of the bidder or contractor shall be open, at all reasonable hours, for inspection by a representative of the Department or an organisation acting on behalf of the Department.
- 8.3 If there are no inspection requirements indicated in the bidding documents and no mention of such is made in the contract, but during the contract period it is decided that inspections shall be carried out, the purchaser shall itself make the necessary arrangements, including payment arrangements with the testing authority concerned.
- 8.4 If the inspections, tests and analyses referred to in clauses 8.2 and 8.3 show the supplies to be in accordance with the contract requirements, the cost of the inspections, tests and analyses shall be defrayed by the purchaser.
- 8.5 Where the supplies or services referred to in clauses 8.2 and 8.3 do not comply with the contract requirements, irrespective of whether such supplies or services are accepted or not, the cost in connection with these inspections, tests or analyses shall be defrayed by the supplier.
- 8.6 Supplies and services which are referred to in clauses 8.2 and 8.3 and which do not comply with the contract requirements may be rejected.
- 8.7 Any contract supplies may on or after delivery be inspected, tested or analysed and may be rejected if found not to comply with the requirements of the contract. Such rejected supplies shall be held at the cost and risk of the supplier, who shall, when called upon, remove them immediately at his own cost and forthwith substitute them with supplies which do comply with the requirements of the contract. Failing such removal, the rejected supplies shall be returned at the suppliers cost and risk. Should the supplier fail to provide the substitute supplies forthwith, the purchaser may, without giving the supplier further opportunity to substitute the rejected supplies, purchase such supplies as may be necessary at the expense of the supplier.
- 8.8 The provisions of clauses 8.4 to 8.7 shall not prejudice the right of the purchaser to cancel the contract on account of a breach of the conditions thereof, or to act in terms of Clause 23 of the GCC.

## **9. Packing**

- 9.1 The supplier shall provide such packing of the goods as is required to prevent their damage or deterioration during transit to their final destination, as indicated in the contract. The packing shall be sufficient to withstand, without limitation, rough handling during transit and exposure to extreme temperatures, salt and precipitation during transit, and open storage. Packing, case size and weights shall take into consideration, where appropriate, the remoteness of the goods' final destination and the absence of heavy handling facilities at all points in transit.
- 9.2 The packing, marking, and documentation within and outside the packages shall comply strictly with such special requirements as shall be expressly provided for in the contract, including additional requirements, if any, specified in the SCC, and in any subsequent instructions ordered by the purchaser.

## 10. Delivery and documents

10.1 Delivery of the goods shall be made by the supplier in accordance with the terms specified in the contract. The details of shipping and/or other documents to be furnished by the supplier are specified in the SCC.

10.2 Documents to be submitted by the supplier are specified in the SCC.

## 11. Insurance

11.1 The goods supplied under the contract shall be fully insured, in a freely convertible currency, against loss or damage incidental to manufacture or acquisition, transportation, storage and delivery in the manner specified in the SCC.

## 12. Transportation

12.1 Should a price other than an all-inclusive delivered price be required, this shall be specified in the SCC.

## 13. Incidental Services

13.1 The supplier may be required to provide any or all of the following services, including additional services (if any) specified in the SCC:

- (a) performance or supervision of on-site assembly, and/or commissioning of the supplied goods;
- (b) furnishing of tools required for the assembly and/or maintenance of the supplied goods;
- (c) furnishing of a detailed operations and maintenance manual for each appropriate unit of the supplied goods;
- (d) performance or supervision or maintenance and/or repair of the supplied goods, for a period of time agreed by the Parties, provided that this service shall not relieve the supplier of any warranty obligations under this contract; and
- (e) training of the purchaser's personnel, at the supplier's plant and/or on-site, in assembly, start-up, operation, maintenance, and/or repair of the supplied goods.

13.2 Prices charged by the supplier for incidental services, if not included in the contract price for the goods, shall be agreed upon in advance by the Parties and shall not exceed the prevailing rates charged to other Parties by the supplier for similar services.

## 14. Spare parts

14.1 As specified in the SCC, the supplier may be required to provide any or all of the following materials, notifications, and information pertaining to spare parts manufactured or distributed by the supplier:

- (a) such spare parts as the purchaser may elect to purchase from the supplier, provided that this election shall not relieve the supplier of any warranty obligations under the contract; and
- (b) in the event of termination of production of the spare parts:
  - (i) Advance notification to the purchaser of the pending termination, in sufficient time to permit the purchaser to procure needed requirements; and
  - (ii) following such termination, furnishing at no cost to the purchaser, the blueprints, drawings, and specifications of the spare parts, if requested.

## 15. Warranty

15.1 The supplier warrants that the goods supplied under the contract are new, unused, of the most recent or current models, and that they incorporate all recent improvements in design and materials unless provided otherwise in the contract. The supplier further warrants that all goods supplied under this contract shall have no defect arising from design, materials, or workmanship (except when the design and/or material is required by the purchaser's specifications), or from any act or omission of the supplier, that may develop under normal use of the supplied goods in the conditions prevailing in the country of final destination.

15.2 This warranty shall remain valid for 12 (twelve) months after the goods, or any portion thereof, as the case may be, have been delivered to and accepted at the final destination indicated in the contract, or for 18 (eighteen) months after the date of shipment from the port or place of loading in the source country, whichever period concludes earlier, unless specified otherwise in the SCC.

15.3 The purchaser shall notify the supplier promptly, in writing, of any claims arising under this warranty.

15.4 Upon receipt of such notice, the supplier shall, within the period specified in the SCC and with all reasonable speed, repair or replace the defective goods or parts thereof, without costs to the purchaser.

15.5 If the supplier, having been notified, fails to remedy the defect(s) within the period specified in the SCC, the purchaser may proceed to take such remedial action as may be necessary, at the supplier's risk and expense and without prejudice to any other rights which the purchaser may have against the supplier under the contract.

## **16. Payment**

16.1 The method and conditions of payment to be made to the supplier under this contract shall be specified in the SCC.

16.2 The supplier shall furnish the purchaser with an invoice accompanied by a copy of the delivery note and upon fulfilment of any other obligations stipulated in the contract.

16.3 Payments shall be made promptly by the purchaser, but in no case later than 30 (thirty) days after submission of an invoice or claim by the supplier.

16.4 Payment will be made in Rand unless otherwise stipulated in the SCC.

## **17. Prices**

17.1 Prices charged by the supplier for goods delivered and services performed under the contract shall not vary from the prices tendered by the supplier in his bid, with the exception of any price adjustments authorized in the SCC or in the purchaser's request for bid validity extension, as the case may be.

## **18. Contract Amendments**

18.1 No variation in or modification of the terms of the contract shall be made except by written amendment signed by the Parties concerned.

## **19. Assignment**

19.1 The supplier shall not assign, in whole or in part, its obligations to perform under the contract, except with the purchaser's prior written consent.

## **20. Subcontracts**

20.1 The supplier shall notify the purchaser in writing of all subcontracts awarded under this contract if not already specified in the bid. Such notification, in the original bid or later, shall not relieve the supplier from any liability or obligation under the contract.

## **21. Delays in the supplier's performance**

21.1 Delivery of the goods and performance of services shall be made by the supplier in accordance with the time schedule prescribed by the purchaser in the contract.

21.2 If at any time during the performance of the contract, the supplier or its subcontractor(s) should encounter conditions impeding timely delivery of the goods and performance of services, the supplier shall promptly notify the purchaser in writing of the fact of the delay, its likely duration and its cause(s). As soon as practicable after receipt of the supplier's notice, the purchaser shall evaluate the situation and may at his or her discretion extend the supplier's time for performance, with or without the imposition of penalties, in which case the extension shall be ratified by the Parties by amendment of contract.

21.3 No provision in a contract shall be deemed to prohibit the obtaining of supplies or services from a national department, provincial department, or a local authority.

21.4 The right is reserved to procure, outside of the contract, small quantities of supplies; or to have minor essential services executed if an emergency arises, or the supplier's point of supply is not situated at or near the place where the supplies are required, or the supplier's services are not readily available.

21.5 Except as provided under GCC Clause 25, a delay by the supplier in the performance of its delivery obligations shall render the supplier liable to the imposition of penalties, pursuant to GCC Clause 22, unless an extension of time is agreed upon pursuant to GCC Clause 21.2 without the application of penalties.

21.6 Upon any delay beyond the delivery period in the case of a supplies contract, the purchaser shall, without cancelling the contract, be entitled to purchase supplies of a similar quality and up to the same quantity in substitution of the goods not supplied in conformity with the contract and to return any goods delivered later at the supplier's expense and risk, or to cancel the contract and buy such goods as may be required to complete the contract and, without prejudice to his other rights, be entitled to claim damages from the supplier.

## **22. Penalties**

22.1 Subject to GCC Clause 25, if the supplier fails to deliver any or all of the goods or to perform the services within the period(s) specified in the contract, the purchaser shall, without prejudice to its other remedies under the contract, deduct from the contract price, as a penalty, a sum calculated on the delivered price of the delayed goods or unperformed services, using the current prime interest rate, calculated for each day of the delay until actual delivery or performance. The purchaser may also consider termination of the contract pursuant to GCC Clause 23.

## **23. Termination for default**

23.1 The purchaser, without prejudice to any other remedy for breach of contract, by written notice of default sent to the supplier, may terminate this contract in whole or in part:

- (a) if the supplier fails to deliver any or all of the goods within the period(s) specified in the contract, or within any extension thereof granted by the purchaser pursuant to GCC Clause 21.2;
- (b) if the supplier fails to perform any other obligation(s) under the contract; or
- (c) if the supplier, in the judgment of the purchaser, has engaged in corrupt or fraudulent practices in competing for or in executing the contract.

23.2 In the event the purchaser terminates the contract in whole or in part, the purchaser may procure, upon such terms and in such manner as it deems appropriate, goods, works or services similar to those undelivered, and the supplier shall be liable to the purchaser for any excess costs for such similar goods, works or services. However, the supplier shall continue performance of the contract to the extent not terminated.

23.3 Where the purchaser terminates the contract in whole or in part, the purchaser may decide to impose a restriction penalty on the supplier by prohibiting such supplier from doing business with the public sector for a period not exceeding 10 years.

23.4 If a purchaser intends imposing a restriction on a supplier or any person associated with the supplier, the supplier will be allowed a time period of not more than 14 (fourteen) days to provide reasons why the envisaged restriction should not be imposed. Should the supplier fail to respond within the stipulated 14 (fourteen) days the purchaser may regard the intended penalty as not objected against and may impose it on the supplier.

23.5 Any restriction imposed on any person by the Accounting Officer/Authority will, at the discretion of the Accounting Officer/Authority, also be applicable to any other enterprise or any partner, manager, director or other person who wholly or partly exercises or exercised or may exercise control over the enterprise of the first-mentioned person, and with which enterprise or person the first-mentioned person is or was, in the opinion of the Accounting Officer/Authority, actively associated.

23.6 If a restriction is imposed, the purchaser must, within 5 (five) working days of such imposition, furnish the National Treasury with the following information:

- (i) the name and address of the supplier and/or person restricted by the purchaser;
- (ii) the date of commencement of the restriction;
- (iii) the period of restriction; and
- (iv) the reasons for the restriction.

These details will be loaded in the National Treasury's central database of suppliers or persons prohibited from doing business with the public sector.

23.7 If a court of law convicts a person of an offence as contemplated in sections 12 or 13 of the Prevention and Combating of Corrupt Activities Act, Act 12 of 2004, the court may also rule that such person's name be endorsed on the Register for Tender Defaulters. When a person's name has been endorsed on the Register, the person will be prohibited from doing business with the public sector for a period of not less than five years and not more than 10 years. The National Treasury is empowered to determine the period of restriction, and each case will be dealt with on its own merits. According to section 32 of the Act the Register must be open to the public. The Register can be perused on the National Treasury website.

#### **24. Anti-dumping and countervailing duties and rights**

24.1 When, after the date of bid, provisional payments are required, or anti-dumping or countervailing duties are imposed, or the amount of a provisional payment or anti-dumping or countervailing right is increased in respect of any dumped or subsidised import, the State is not liable for any amount so required or imposed, or for the amount of any such increase. When, after the said date, such a provisional payment is no longer required or any such anti-dumping or countervailing right is abolished, or where the amount of such provisional payment or any such right is reduced, any such favourable difference shall, on demand, be paid forthwith by the contractor to the State, or the State may deduct such amounts from moneys (if any) which may otherwise be due to the contractor in regard to supplies or services which he or she delivered or rendered, or is to deliver or render in terms of the contract or any other contract or any other amount which may be due to him or her.

#### **25. Force majeure**

25.1 Notwithstanding the provisions of GCC Clauses 22 and 23, the supplier shall not be liable for forfeiture of its performance security, damages, or termination for default if, and to the extent that, his delay in performance or other failure to perform his obligations under the contract is the result of an event of force majeure.

25.2 If a force majeure situation arises, the supplier shall notify the purchaser promptly, in writing, of such condition and the cause thereof. Unless otherwise directed by the purchaser in writing, the supplier shall continue to perform its obligations under the contract as far as is reasonably practical, and shall seek all reasonable alternative means for performance not prevented by the force majeure event.

#### **26. Termination for insolvency**

26.1 The purchaser may at any time terminate the contract by giving written notice to the supplier if the supplier becomes bankrupt or otherwise insolvent. In this event, termination will be without compensation to the supplier, provided that such termination will not prejudice or affect any right of action or remedy which has accrued or will accrue thereafter to the purchaser.

#### **27. Settlement of Disputes**

27.1 If any dispute or difference of any kind whatsoever arises between the purchaser and the supplier in connection with or arising out of the contract, the Parties shall make every effort to resolve such dispute or difference amicably, by mutual consultation.

27.2 If, after 30 (thirty) days, the Parties have failed to resolve their dispute or difference by such mutual consultation, then either the purchaser or the supplier may give notice to the other party of his intention to commence with mediation. No mediation in respect of this matter may be commenced unless such notice is given to the other party.

27.3 Should it not be possible to settle a dispute by means of mediation, it may be settled in a South African court of law.

27.4 Mediation proceedings shall be conducted in accordance with the rules of procedure specified in the SCC.

27.5 Notwithstanding any reference to mediation and/or court proceedings herein,

- (a) the Parties shall continue to perform their respective obligations under the contract unless they otherwise agree; and
- (b) the purchaser shall pay the supplier any monies due to the supplier.

#### **28. Limitation of Liability**

- 28.1 Except in cases of criminal negligence or wilful misconduct, and in the case of infringement pursuant to Clause 6:
- (a) the supplier shall not be liable to the purchaser, whether in contract, tort, or otherwise, for any indirect or consequential loss or damage, loss of use, loss of production, or loss of profits or interest costs, provided that this exclusion shall not apply to any obligation of the supplier to pay penalties and/or damages to the purchaser; and
  - (b) the aggregate liability of the supplier to the purchaser, whether under the contract, in tort or otherwise, shall not exceed the total contract price, provided that this limitation shall not apply to the cost of repairing or replacing defective equipment.

## **29. Governing language**

- 29.1 The contract shall be written in English. All correspondence and other documents pertaining to the contract that is exchanged by the Parties shall also be written in English.

## **30. Applicable Law**

- 30.1 The contract shall be interpreted in accordance with South African laws, unless otherwise specified in the SCC.

## **31. Notices**

- 31.1 Every written acceptance of a bid shall be posted to the supplier concerned by registered or certified mail, and any other notice to him shall be posted by ordinary mail, to the address furnished in his bid or to the address notified later by him in writing; and such posting shall be deemed to be proper service of such notice.
- 31.2 The time mentioned in the contract documents for performing any act after such aforesaid notice has been given, shall be reckoned from the date of posting of such notice.

## **32. Taxes and Duties**

- 32.1 A foreign supplier shall be entirely responsible for all taxes, stamp duties, licence fees, and other such levies imposed outside the purchaser's country.
- 32.2 A local supplier shall be entirely responsible for all taxes, duties, licence fees, etc., incurred until delivery of the contracted goods to the purchaser.
- 32.3 No contract shall be concluded with any bidder whose tax matters are not in order. Prior to the award of a bid the Department must be in possession of a tax clearance certificate submitted by the bidder. This certificate must be an original issued by the South African Revenue Services.

## **33. National Industrial Participation (NIP) Programme**

- 33.1 The NIP Programme administered by the Department of Trade and Industry shall be applicable to all contracts that are subject to the NIP obligation.

## **34 Prohibition of Restrictive practices**

- 34.1 In terms of section 4 (1) (b) (iii) of the Competition Act, Act 89 of 1998, as amended, an agreement between or concerted practice by firms, or a decision by an association of firms, is prohibited if it is between Parties in a horizontal relationship and if a bidder(s) is/are or a contractor(s) was/were involved in collusive bidding (or bid rigging).
- 34.2 If a bidder(s) or contractor(s), based on reasonable grounds or evidence obtained by the purchaser, has/have engaged in the restrictive practice referred to above, the purchaser may refer the matter to the Competition Commission for investigation and possible imposition of administrative penalties as contemplated in the Competition Act, Act 89 of 1998.
- 34.3 If a bidder(s) or contractor(s) has/have been found guilty by the Competition Commission of the restrictive practice referred to above, the purchaser may, in addition and without prejudice to any other remedy provided for, invalidate the bid(s) for such item(s) offered, and/or terminate the contract in whole or part, and/or restrict the bidder(s) or contractor(s) from conducting business with the public sector for a period not exceeding 10 (ten) years and/or claim damages from the bidder(s) or contractor(s) concerned.

## Annexure F - Tender Returnable Documents

### Schedule F.1: Contract Price Adjustment

#### 1. Pricing Instructions:

- 1.1 The Contract Price Adjustment mechanism contained in this schedule is compulsory and binding on all tenderers.
- 1.2 Tenderers are not permitted to amend, vary, alter or delete this schedule or any part thereof unless otherwise stated in this schedule, failing which the tender offer shall be declared non-responsive.
- 1.3 Tenderers are not permitted to offer firm prices except as provided for in the Price Schedule, and if the tenderer offers firm prices in contravention of this clause the tender offer shall be declared non-responsive.
- 1.4 All requests for price variations must be submitted in writing to:

Director: Supply Chain Management, City of Cape Town  
P O Box 655. Cape Town, 8000

Or by email to CPA.Request@capetown.gov.za

When submitting a claim for contract price adjustment a supplier shall indicate the actual amount claimed for each item. A mere notification of any price variation will not be considered under any circumstances as valid and no relevance will be attached to such a claim. Such notifications will not be responded to by the City.

- 1.5 All requests for price variations must be submitted in writing prior to the month upon which the price adjustment would become effective.
- 1.6 The CCT reserves the right to withhold payment of any claim for contract price adjustment while only provisional figures are available and until the final (revised) figures are issued by the relevant authority.
- 1.7 The CCT reserves the right to request the supplier to submit auditor's certificates or such other documentary proof as it may require in order verifying a claim for contract price adjustment. Should the supplier fail to submit such auditor's certificates or other documentary proof to the CCT within a period of 30 (thirty) days from the date of the request, it shall be presumed that the supplier has abandoned his claim.
- 1.8 The prices indicated in the pricing schedule shall remain firm for the first 12 months (from commencement of contract) and no claims for contract price adjustment will be considered for the first 12 months.

Subject to the above, Contract Price Adjustment will only be applicable as commencement of the 13 month of the contract period as follows:

**90%** of the tendered price will be subject to adjustment annually based on the average Consumer Price Index (CPI) as follows:

- **From the start of 13th month to the end of the 24th month:** Subject to contract price adjustment in accordance with the Consumer Price Index (P0141–Table B). **Base month** for the price adjustment shall be two (2) calendar months prior to the date of commencement. The **end month** shall be two (2) calendar months prior to the 13<sup>th</sup> month.
- **From start of 25th month to end of the contract:** Subject to the contract price adjustment in

accordance with the Consumer Price Index (P0141-Table B). **Base month** for the price adjustment shall be two (2) calendar months prior to the 13th month. The **end month** shall be two (2) calendar months prior to 24th month.

- The average CPI calculated, the base month to the end month (both included) divided by the number of months.
- The claim will be based on the average between the “base month” and the “end month” e.g.:  $7+6+9+6 = 28$  ( $28/4 = 7$ ) therefore the claim will be 7%.
- **10%** of the rate will remain fixed.

- 1.9 Tenderers shall be entitled to claim contract price adjustment for the drivers as per the determination (i.e. National Bargaining Council for the Road Freight and Logistics Industry (NBRCFLI). (For drivers provided for in bid submission).
- 1.10 Tenderers shall be entitled to claim contract price adjustment of the basic minimum wage of the workers as determined by the Department of Labour for the cleaning sector. ( For labour provided for in bid submission).
- 1.11 Contract price adjustment on fuel cost fluctuations will be applicable. Producer Price Index (PPI) for “Coal and Petroleum Products - Diesel”, as published in the Statistical News Release P0142.1: Table 1 –PPI for final manufactured goods of Statistics South Africa Adjusted six monthly.

## Schedule F.4: Preference Points Claim Form In Terms Of the Preferential Procurement Regulations 2022

### 1. GENERAL CONDITIONS

- 1.1 The following preference point systems are applicable to invitations to tender:
- the 80/20 system for requirements with a Rand value of up to R50 000 000 (all applicable taxes included); and
  - the 90/10 system for requirements with a Rand value above R50 000 000 (all applicable taxes included).

#### 1.2 To be completed by the organ of state

The applicable preference point system for this tender is the 90/10 preference point system.

- 1.3 Points for this tender (even in the case of a tender for income-generating contracts) shall be awarded for:
- (a) Price; and
  - (b) Specific Goals.

#### 1.4 To be completed by the organ of state:

The maximum points for this tender are allocated as follows:

	<b>POINTS</b>
<b>PRICE</b>	90
<b>SPECIFIC GOALS</b>	10
<b>Total points for Price and SPECIFIC GOALS</b>	<b>100</b>

- 1.5 Failure on the part of a tenderer to submit proof or documentation required in terms of this tender to claim points for specific goals with the tender, will be interpreted to mean that preference points for specific goals are not claimed.
- 1.6 The organ of state reserves the right to require of a tenderer, either before a tender is adjudicated or at any time subsequently, to substantiate any claim in regard to preferences, in any manner required by the organ of state.

### 2. DEFINITIONS

The following definitions shall apply to this schedule:

- (a) "tender" means a written offer in the form determined by an organ of state in response to an invitation to provide goods or services through price quotations, competitive tendering process or any other method envisaged in legislation;
- (b) "price" means an amount of money tendered for goods or services, and includes all applicable taxes less all unconditional discounts;
- (c) "rand value" means the total estimated value of a contract in Rand, calculated at the time of bid invitation, and includes all applicable taxes;
- (d) "tender for income-generating contracts" means a written offer in the form determined by an organ of state in response to an invitation for the origination of income-generating contracts through any method envisaged in legislation that will result in a legal agreement between the organ of state and a third party that produces revenue for the organ of state, and includes, but is not limited to, leasing and disposal of assets and concession contracts, excluding direct sales and disposal of assets through public auctions; and
- (e) "The Act" means the Preferential Procurement Policy Framework Act, 2000 (Act No. 5 of 2000).

**3. FORMULAE FOR PROCUREMENT OF GOODS AND SERVICES****POINTS AWARDED FOR PRICE****THE 90/10 PREFERENCE POINT SYSTEMS**

A maximum of 90 points is allocated for price on the following basis:

90/10

$$Ps = 90 \left( 1 + \frac{Pt - P_{max}}{P_{max}} \right)$$

Where

- Ps = Points scored for price of tender under consideration  
 Pt = Price of tender under consideration  
 Pmin = Price of lowest acceptable tender

**4. POINTS AWARDED FOR SPECIFIC GOALS**

4.1 In terms of Regulation 4(2); 5(2); 6(2) and 7(2) of the Preferential Procurement Regulations, preference points must be awarded for specific goals stated in the tender. For the purposes of this tender the tenderer will be allocated points based on the goals stated in table 1 below as may be supported by proof/documentation stated in the conditions of this tender:

4.2 In cases where organs of state intend to use Regulation 3(2) of the Regulations, which states that, if it is unclear whether the 80/20 or 90/10 preference point system applies, an organ of state must, in the tender documents, stipulate in the case of—

- (a) an invitation for tender for income-generating contracts, that either the 80/20 or 90/10 preference point system will apply and that the highest acceptable tender will be used to determine the applicable preference point system; or  
 (b) any other invitation for tender, that either the 80/20 or 90/10 preference point system will apply and that the lowest acceptable tender will be used to determine the applicable preference point system,

then the organ of state must indicate the points allocated for specific goals for both the 90/10 and 80/20 preference point system.

**Table 1: Specific goals for the tender and points claimed are indicated per the table below.**

(Note to organs of state: Where either the 90/10 or 80/20 preference point system is applicable, corresponding points must also be indicated as such.

Note to tenderers: The tenderer must indicate how they claim points for each preference point system.)

## Schedule F.9: Certificate of Independent Tender Determination

I, the undersigned, in submitting this tender number **243S/2023/24** and tender description: **CITY WIDE MOVEMENT OF CONTAINERISED SOLID WASTE AND HOUSEHOLD HAZARDOUS WASTE** in response to the tender invitation made by THE CCT, do hereby make the following statements, which I certify to be true and complete in every respect:

I certify, on behalf of: \_\_\_\_\_ (Name of tenderer) that:

1. I have read and I understand the contents of this Certificate;
2. I understand that this tender will be disqualified if this Certificate is found not to be true and complete in every respect;
3. I am authorised by the tenderer to sign this Certificate, and to submit this tender, on behalf of the tenderer;
4. Each person whose signature appears on this tender has been authorised by the tenderer to determine the terms of, and to sign, the tender on behalf of the tenderer;
5. For the purposes of this Certificate and this tender, I understand that the word 'competitor' shall include any individual or organisation other than the tenderer, whether or not affiliated with the tenderer, who:
  - (a) has been requested to submit a tender in response to this tender invitation;
  - (b) could potentially submit a tender in response to this tender invitation, based on their qualifications, abilities or experience; and
  - (c) provides the same goods and services as the tenderer and/or is in the same line of business as the tenderer.
6. The tenderer has arrived at this tender independently from and without consultation, communication, agreement or arrangement with any competitor. However, communication between partners in a joint venture or consortium<sup>1</sup> will not be construed as collusive price quoting.
7. In particular, without limiting the generality of paragraphs 5 and 6 above, there has been no consultation, communication, agreement or arrangement with any competitor regarding:
  - (a) prices;
  - (b) geographical area where product or service will be rendered (market allocation);
  - (c) methods, factors or formulas used to calculate prices;
  - (d) the intention or decision to submit or not to submit a tender;
  - (e) the submission of a tender which does not meet the specifications and conditions of the tender; or
  - (f) tendering with the intention not to win the contract.
8. In addition, there have been no consultations, communications, agreements or arrangements with any competitor regarding the quality, quantity, specifications and conditions or delivery particulars of the products or services to which this tender invitation relates.
9. The terms of this tender have not been and will not be disclosed by the tenderer, directly or indirectly, to any competitor, prior to the date and time of the official tender opening or of the awarding of the contract.
10. I am aware that, in addition and without prejudice to any other remedy provided to combat any restrictive practices related to tenders and contracts, tenders that are suspicious will be reported to the Competition Commission for investigation and possible imposition of administrative penalties in terms of section 59 of the Competition Act, Act 89 of 1998, and/o/r may be reported to the National Prosecuting Authority (NPA) for criminal investigation, and/or may be restricted from conducting business with the public sector for a period not exceeding 10 (ten) years in terms of the Prevention and Combating of Corrupt Activities Act, Act 12 of 2004, or any other applicable legislation.
