CONDITIONS AND INSTRUCTION TO THE BIDDER

- a) The Bid forms should not be retyped or redrafted, but photocopies may be prepared and used.
- b) Only documents completed in black ink will be accepted. (Black ink should be used when completing Bid documents).
- c) Bidders should check the numbers of the pages to satisfy themselves that none is missing or duplicated. SANParks will accept NO liability in regard to anything arising from the fact that pages are missing or duplicated.
- d) Counter Conditions: SANParks draws bidders' attention that amendments to any of the Bid Conditions or setting of counter conditions by bidders will result in the invalidation of such bids.
- e) Response preparation costs: SANParks is NOT liable for any costs incurred by a bidder in the process of responding to this Bid Invitation, including on-site presentations.
- f) Cancellation prior to awarding: SANParks reserves the right to withdraw and cancel the Bid Invitation prior to making an award. The cancellation grounds include insufficient funds, where the award price is outside of the objective determined fair market-related price range or any process impropriety.
- g) Collusion, fraud, and corruption: Any effort by Bidder/s to influence evaluation, comparisons, or award decisions in any manner will result in the rejection and disqualification of the bidder concerned.
- h) Fronting: SANParks, in ensuring that bidders conduct themselves in an honest manner will, as part of the bid evaluation processes where applicable, conduct or initiate the necessary enquiries/investigations to determine the accuracy of the representation made in the bid documents. Should SANParks establish any of the fronting indicators as contained in the Department of Trade and Industry's "Guidelines on Complex Structures and Transactions and Fronting" during such inquiry/investigation, the onus is on the bidder to prove that fronting does not exist. Failure to do so within a period of 7 days from date of notification will invalidate the bid/contract and may also result in the restriction of the bidder to conduct business with the public sector for a period not exceeding 10 years, in addition to any other remedies SANParks may have against the bidder concerned.

NB: BIDDERS TERMS AND CONDITIONS ARE NOT ACCEPTABLE.

INTENTION TO SELL

Is the bidder in the process of selling the bidding company?	<input type="checkbox"/> YES <input type="checkbox"/> NO
Does the bidder have any intension of selling the bidding company within the next 12 months?	<input type="checkbox"/> YES <input type="checkbox"/> NO
Does the bidder have any intension of selling the bidding company within the next 12 months to 60 months?	<input type="checkbox"/> YES <input type="checkbox"/> NO

SANParks reserves the right not to award to any bidder who answers any of the questions above “yes” should the bidder be the overall highest points scorer. However, the decision not to award will be on a case-by-case basis.

DISCLAIMERS

SANParks has produced this document in good faith. SANParks, its agents, and its employees and associates do not warrant its accuracy or completeness. To the extent that SANParks is permitted by law, SANParks will not be liable for any claim whatsoever and how so ever arising (including, without limitation, any claim in contract, negligence or otherwise) for any incorrect or misleading information contained in this document due to any misinterpretation of this document. SANParks makes no representation, warranty, assurance, guarantee or endorsements to any provider/bidder concerning the document, whether with regard to its accuracy, completeness or otherwise and SANParks shall have no liability towards the responding service providers or any other party in connection therewith.

NB: Important Notice: *Bidders are to be aware of scammers who pose as SANParks employees selling bid documents or offering monetary gratuity in exchange for information or awarding of bids.*

SANParks is in no way selling the bid document, all documents shall be found on the SANParks website and National Treasury eTender Portal and awarded bids are notified through the website under “bids awarded” and SANParks shall never ask any bidder for monetary gratuity in exchange for information or manipulating outcome of bids.

BID DOCUMENTS

Number of ORIGINAL bid documents for contract signing	TWO
Electronic Copy of the original document in PDF (flash drive)	ONE
<p>Bid documents must contain two original documents, initialed on each page thereof and signed where required (<u>two separate folders: one for Pricing and the other for Technical document</u>).</p> <p>A digital version on USB/Memory stick containing the bid document and all other supporting documents (fully submitted bid proposal with its attachments) must be provided of all tender documentation within the bid envelope. These serve as the original sets of bid documents and form part of the contract.</p>	

RETURNABLE DOCUMENTS - COMPLIANCE AND GOVERNANCE VERIFICATION DOCUMENTS (Standard Bidding Documents)

The verification during this stage is to review bid responses for purposes of assessing compliance with the RFB requirements, whereby a bidder may be disqualified if they do not fully comply, with the requirements which include the following:	
Invitation to Bid (SBD 1) must be fully completed and signed.	
Submission of fully completed Pricing Schedule (SBD 3.3)	
Submission of fully completed SBD 4 (Bidder's disclosure).	(Refer to Annexure A)
Submission of fully completed SBD 6.1 (Preference points Claim Certificate), accompanied by the original or certified B-BBEE Status Level Verification Certificate or certified B-BBEE Sworn Affidavit. (Downloaded from DTIC or CIPC)	(Refer to Annexure A)
General Conditions of Contract	(Refer to Annexure A)
SBD7.2(Contract Form)	(Refer to Annexure A)

CENTRAL SUPPLIER DATABASE – MANDATORY COMPLIANCE

Bidders are required to be registered on the Central Supplier Database (CSD) of National Treasury. Failure to submit the requested information may lead to disqualification. (Please provide proof of registration on the Central Supplier Database).

PROTECTION OF PERSONAL INFORMATION ACT, 4 of 2013 (POPIA)

SANParks adheres to the Protection of Personal Information Act, 4 of 2013 (POPIA) requirements regarding personal information which came into effect 1 July 2021.

As SANParks, we are committed to protecting your privacy and ensuring that personal information collected is used properly, lawfully and transparently.

THE BIDDING SELECTION PROCESS

It is expected that a small team of high-quality service providers with the following experience, technical, general, and behavioural competencies will be required:

- Carbon project development experience, including the production of Project Development Documents for carbon standards.
- Technical carbon forecast modelling expertise to quantify net GHG emissions reductions and removals. Please note that the detailed carbon modelling will be done by The Nature Conservancy (TNC) and the service provider only needs to review and recommend changes and improvements to this work.
- Carbon project structuring expertise, including how best to engage with the private and public sectors.
- Public Finance Management Act (PFMA), Treasury's Public Private Partnership (PPP) Guidelines, and procurement expertise, in advising public entities on how to optimally structure revenue-generating projects within regulatory parameters.
- Thorough understanding of the conservation sector in SA / other relevant countries and of SANParks specifically.
- Thorough understanding of the regulatory and legal requirements of carbon projects, with ability to engage the regulator around securing support for SANParks to generate and sell carbon credits on the SANParks PAN (current and future) as a strategy to resource improved management and expansion, and any necessary exclusions or endorsements, to avoid contradiction with existing & future Nationally Determined Contributions (NDCs) or bilateral/multilateral commitments.
- Experience in developing costing estimates and financial models for projects of this nature.
- The team should demonstrate the following general and behavioural competencies:
 - Understanding of the South Africa context, specifically the institutional set-up in the environmental and carbon sectors across the public and private sectors.
 - The ability to identify workable solutions and to think laterally.
 - The ability to develop structured and realistic plans for delivering agreed outcomes.
 - Process management in public, private & NPO sectors.
 - Ability to execute & deliver agreed outcomes.
 - Excellent writing skills.

Evaluation phases

Phase 1: Mandatory evaluation criteria

The bidder must indicate its compliance / non-compliance to the requirements and should substantiate its response with supporting evidence. If more space is required to justify compliance, please ensure that the substantiation is attached and **clearly cross-referenced to the relevant requirement**.

Failure to comply with Mandatory Requirements will lead to the bidder being disqualified, and not considered for further evaluation on the Price and Preference requirements.

Description of mandatory requirements	Indicate COMPLY / NOT COMPLY	Comment or reference to where evidence is contained in Bidders proposal
GENERAL		
1. At least one example of an approved Carbon Project Design / Development Document in a conservation, nature-based solutions or agriculture related field that is listed in a Carbon Standard's Registry for which a member of the Bidder's team was primarily responsible.		
2. At least one example of a project/report on biodiversity or protected areas in SA for which a member of the Bidder's team was primarily responsible.		

Phase 2a: Technical / Functional evaluation criteria

In this phase all bids that met all the requirements in terms of the submitted proposal per the above set of mandatory requirements will be evaluated as follows:

Qualification Threshold – Bidders must achieve **80%** as per all the criteria for consideration to the next phase. Bidders who fail to comply with the set minimum threshold of 80% per the technical requirements will be eliminated.

REASONS FOR DISQUALIFICATION

SANParks reserves the right to disqualify any bidders who do not comply with one or more of the following bid requirements and may take place without prior notice to the bidder:

- Bidder whose tax matters are not in order (Instruction Note 09 of 2017/2018 Tax Compliance Status will apply).
- Submitted incomplete information and documentation according to the requirements of this RFB document.
- Submitted information that is fraudulent, factually untrue or inaccurate information.
- Received information not available to other potential bidders through fraudulent means.
- Failed to comply with **technical requirements** as stipulated in the RFB document.
- Misrepresented or altered material information in whatever way or manner.
- Promised, offered or made gifts, benefits to any SANParks employee.
- Canvassed, lobbied in order to gain unfair advantage.
- Committed fraudulent acts; and
- Acted dishonestly and/or in bad faith etc.

No bidder will be excluded from potential downstream work that may arise as a result of the Feasibility Report.

TERMS OF REFERENCE – SANPARKS CARBON FEASIBILITY STUDY

PURPOSE

SANParks aims to improve their management and protection of the existing SANParks' National Parks and expanded SANParks Protected Areas Network (PAN), through increasing revenue for SANParks and associated partners (private landowners, communal communities & NGOs) generated through the sale of carbon credits. These must result in conservation actions on the ground that both improve biodiversity management and sequesterate/reduce carbon.

As a step towards achieving this objective SANParks seeks to contract a service provider to undertake a SANParks Carbon Feasibility Study that will provide:

- Project Description including scope of carbon project and approach; best fit standards, methodologies, and activities; additionality argument; compliance with laws, regulatory and policy frameworks; and identifying safeguards and risks.
- Review and consolidation into the feasibility, of a detailed technical Carbon Opportunity and Feasibility Assessment of the entire SANParks estate (existing and expansion footprint), and subsequent further assessment of representative prioritised focal project areas, resulting in quantification of the net GHG emission reductions and removals project potential. This work will be done by The Nature Conservancy (TNC).
- Project structuring options, procurement / implementation modality options, and project costing & financial modelling.
- Way forward, outlining next steps, roles & responsibilities, indicative timeframes, and related costs.

INTRODUCTION TO SANPARKS

SANParks is SA's premium conservation authority, a Schedule 3A public entity governed by a Board. It functions under the National Environmental Management: Protected Areas Act 57 of 2003 with an ecological, environmental and tourism promotion mandate. It has the mandate to conserve; protect; control; and manage national parks and other defined protected areas and their biodiversity). As a public entity, SANParks is also governed by the Public Finance Management Act, Act 1 of 1999 (as amended by Act 29 of 1999), and it is listed as Schedule 3 Part A: public entity (there are 150 public entities in SA).

SANParks makes significant contributions to employment through directly employing 4 720 fulltime staff, and to local communities through 4 741 full time equivalents via public works initiatives, and 2 100 by SANParks concessionaires as well as game meat sales and promotion of nature-based enterprises and their value chain. SANParks has a proud and clean history of unqualified audits. It has achieved an exemplary level of adherence to the Public Finance Management Act, implementing successful Private Public Partnerships and preferential procurement strategies. SANParks has for over a decade generated about 80% of its annual required income of R3billion, primarily from ecotourism.

Our vision is to have a world class system of sustainable National Parks reconnecting and inspiring society.

Our mission is to develop, expand, manage and promote a system of sustainable national parks that represents biodiversity and heritage assets, and to deliver socio-economic benefits to our neighbouring communities, through innovation and best practice for the just and equitable benefit of current and future generations.

The Parks under the management of SANParks are divided into 6 regions:

Region	Regional Office	Parks managed
Arid	Upington	Kgalagadi, Augrabies, Richtersveld, Namaqua, Mokala, Meerkat
Cape	Cape Town	Table Mountain, Agulhas, West Coast, Tankwa Karoo, Bontebok
Garden Route	Knysna	Stormsriver Mouth (Tsitsikamma), Knysna Forests, Wilderness, Knysna Estuary
Frontier	Port Elizabeth	Addo Elephant, Camdeboo, Mountain Zebra, Karoo
North	Pretoria, Head Office	Golden Gate, Marakele, Mapungubwe,
Kruger National Park	Skukuza	35 Various Camps
Administrative		Groenkloof (Head Office) Kimberley, Graspan/Vaalbos

Furthermore, SANParks oversees the management of the parks and provide strategic guidance and support from its Head Office in Pretoria.

BUSINESS UNIT RESPONSIBLE FOR THE BID

The Park Planning and Development division, located under the Managing Executive: Conservation, has been mandated by the SANParks EXCO to drive this carbon project forward in collaboration with an internal Reference Group that provides strategic oversight.

The SANParks Carbon Reference Group will comprise representatives from the following divisions - Park Planning and Development, Finance, Sustainability, Park Management, Scientific Services (Climate Change) and an external advisor.

The appointment of a service provider for this Carbon Feasibility will be managed by the Resource Economist: Park Planning.

CONTEXT OF THIS PROCUREMENT

The objective of this Carbon Feasibility study is to support SANParks' move towards its aim of improving management & protection of the existing SANParks' National Parks and expanded SANParks Protected Areas Network (PAN), through increasing revenue for SANParks and associated partners (private landowners, communal communities & NGOs) through the sale of carbon credits. These must result in conservation actions on the ground that both improve biodiversity management and sequester/reduce atmospheric carbon.

SANParks has, for over a decade, generated about 80% of its annual required income of R3billion, primarily from ecotourism. The current legal entity and business model is, however, no longer conducive to delivery, sustainability and growth. Additionally, SANParks has a mandate to ambitiously expand National Parks and conservation areas in line with national and global targets linked to the Global Biodiversity Framework 30x30 vision.

SANParks is actively investigating and developing additional potential conservation finance streams to resource both the existing and proposed expanded Protected Area Network (PAN)¹.

SANParks conducted a high-level carbon prefeasibility investigation which found that, on a pilot area of 468,000ha (of approved expansion footprint and some existing NP), SANParks could sequester about 840,000tCO₂e a year and generate about R100 million in revenue a year, over 30 years, from carbon credits net of transaction costs involved in carbon credit sales. This net revenue is based on an average carbon sequestration potential of 1.09tCO₂e per hectare, per year, and carbon price of R159/tCO₂e.

The reason why SANParks has the potential to generate and sell carbon credits is because:

- It is a large landowner/manager of land and sea that has the potential to sequester additional carbon from the atmosphere through targeted management activities, and thereby to generate carbon credits; and
- There is a local and global carbon market where carbon credits are being bought and sold; and

¹ The current PAN includes terrestrial and marine National Parks (declared and in process of being declared), contractual stewardship sites including Protected Environments. The expanded footprint may include other categories of protected area such as Nature Reserve plus the full range of stewardship and OECM areas for which SANParks may have a role in managing, directly or via oversight.

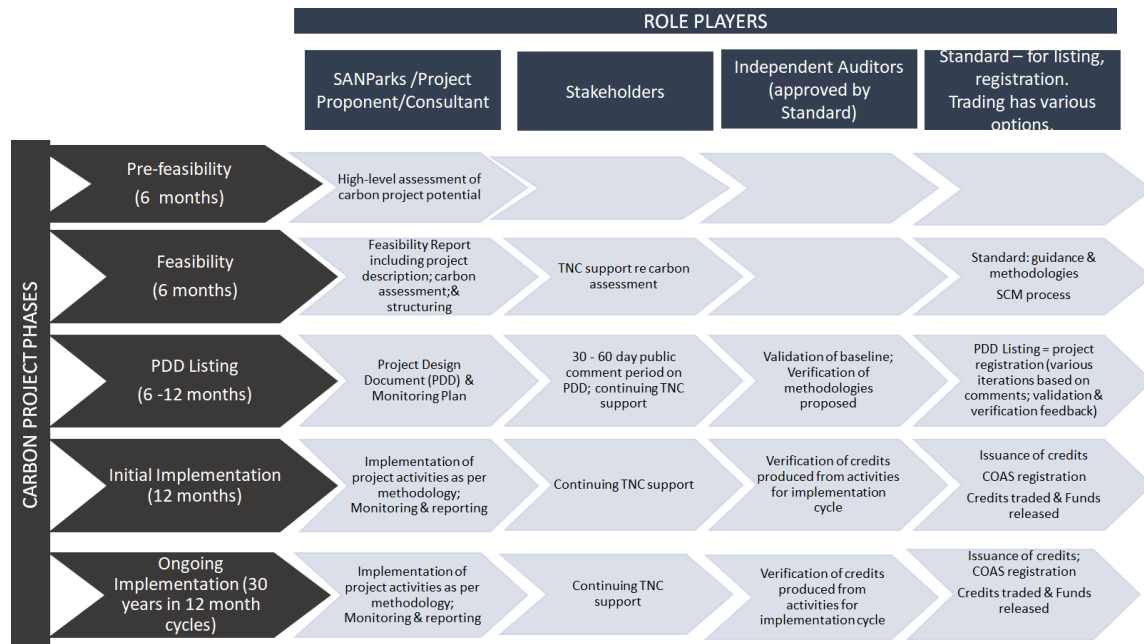

- The potential quantum of additional carbon credits that can be generated through targeted PA management activities, and the annual additional finance through their sale, is high enough to be of value to SANParks.

The carbon market has developed because of global, domestic, and corporate commitments and ambitions towards addressing climate change. The carbon market in South Africa is largely enabled through South Africa's global commitment to the United Nations Convention on Climate Change (UNFCCC) and corresponding legally binding Paris Agreement signed in 2016.

Under the Paris Agreement, SA has committed to Nationally Determined Contribution (NDC) targets in which domestic GHG emissions peak by 2025, decline to between 350m-420m tCO₂e by 2030, and approach net-zero by 2050. A core piece of national legislation that the SA government has put in place to help achieve our NDCs is the Carbon Tax Act (2019) with its corresponding Carbon Offset Administration System (COAS) (2020) to manage carbon offset allowances and trading under the carbon tax regime. The resultant demand for carbon credits in SA far exceeds the current and projected supply, with a growing demand for carbon credits generated from large scale nature-based solution (NBS) projects in particular. This presents an opportunity for SANParks.

SANParks has an existing terrestrial estate of over 4m ha in National Parks and 30,000ha in Protected Environment, and an additional marine estate of 370,000ha: collectively this is called the current Protected Area Network (PAN). The approved terrestrial expansion footprint is 1.75m ha, with much larger long term expansion ambitions linked to the 30x30 global target. Based on this expansive estate, SANParks envisages significant carbon sequestration and storage potential, particularly in landscapes of thicket, grassland and savannah vegetation; in estuarine areas, and marine areas of tidal wetland & seagrass; and through targeted and improved management activities around restoration, grazing & stocking management, and burning regimes.

SANParks has identified the following Carbon Phases, with this work being in the second: Feasibility Phase.

SANParks is being supported in this Feasibility Study by The Nature Conservancy (TNC) who will be undertaking the technical assessment of the carbon potential which will determine the total estimated carbon stock & sequestration potential on both the existing 4.4million ha of PAN and approved expansion footprint of 1.75million hectares. This important part of the Feasibility will not be undertaken by the service provider appointed to do this work, but the service provider will need to review and validate the assessment done by the TNC of the total estimated carbon stock and credit generation potential and engage with TNC in the selection and further assessment of representative prioritised focal project areas.

CONTRACT PERIOD

The contract period commences from the date that both parties sign the contract's signature page. The contract will be for a period of **six (6) months'** work. If the project occurs over December/January then a month of no work should be included, i.e., the timespan of the project will be 6 months over a 7-month period.

SPECIFICATIONS / SCOPE OF WORK

SANParks aims to improve management and protection of the existing National Parks and expanded SANParks Protected Areas Network (PAN), through increasing revenue for SANParks and associated partners (private landowners, communal communities & NGOs) generated through the sale of carbon credits. These must result in conservation actions on the ground that both improve biodiversity management and sequesterate/reduce carbon.

As a step towards achieving this objective SANParks seeks to contract a service provider to undertake a SANParks Carbon Feasibility Study that will provide:

- Project Description including scope of carbon project and approach; best fit standards, methodologies, and activities; additionality argument; compliance with laws, regulatory and policy frameworks; and identifying safeguards and risks.
- Review and consolidation into the feasibility, of a detailed technical Carbon Opportunity and Feasibility Assessment of the entire SANParks estate (existing and expansion footprint), and subsequent further assessment of representative prioritised focal project areas, resulting in quantification of the net GHG emission reductions and removals project potential. This work will be done by The Nature Conservancy (TNC).
- Project structuring options, procurement / implementation modality options, and project costing & financial modelling.
- Way forward, outlining next steps, roles & responsibilities, indicative timeframes, and related costs.

This study should deliver a **Feasibility Report** that covers the following:

1. Project Description

1.1. Objective

1.2. Scope of project and approach

1.2.1. Existing SANParks PAN

1.2.2. Expansion footprint (1.75m ha)

1.2.2.1. Expansion via land acquisition

1.2.2.2. Expansion via stewardship mechanisms

1.3. Project boundaries and locations

1.3.1. Large scale

1.3.2. Project samples/focal areas

- 1.4. Identification and recommendation of the Carbon Standard/s that SANParks should consider.
- 1.5. Carbon Methodologies and Activities - identification and recommendation that SANParks could and should use. In determining this, the following should be addressed:
 - 1.5.1. Methodologies need to involve conservation actions on the ground that both improve biodiversity management and sequesterate/reduce atmospheric carbon or avoid carbon emissions.
 - 1.5.2. SANParks must be able to prove additionality.
 - 1.5.3. In some situations, for example on the existing SANParks estate where the additionality threshold is harder to meet, advice should be provided to SANParks as to whether they should seek a deviation to an existing carbon methodology explaining the feasibility of such an approach.
 - 1.5.4. The relationship between the appropriate/eligible Methodologies and the EPWP/BSP that SANParks currently undertakes should be unpacked (particularly with respect to additionality and implementation).
 - 1.5.5. Engagement with relevant Park Managers around ground truthing Methodologies and Activities.
- 1.6. Compliance with laws, regulatory and policy frameworks
 - 1.6.1. SANParks' legal ownership/tenure/carbon rights and obligations
 - 1.6.2. Regulator - Secure written confirmation from the regulator (Government = DMRE and DFFE) that the SA Government supports SANParks in generating and using carbon credits from the SANParks PAN (current and future) as a strategy to resource improved management and PAN expansion, and provide any necessary exclusions or endorsements, to avoid contradiction with existing & future Nationally Determined Contributions (NDCs) or bilateral/multilateral commitments.
- 1.7. Safeguards and risks
 - 1.7.1. No net harm.
 - 1.7.2. Safeguards
 - 1.7.3. Risk
- 1.8. Approach to stakeholder consultation
- 1.9. Additional information relevant to the project

2. Review and consolidation into the overall Feasibility Report, the technical Carbon Opportunity Assessment (April to June 2024) and detailed Carbon Assessment at Focal Project level (August 24 – January 2025), both to be done by The Nature Conservancy and not included in the consultant's scope of work.

2.1. Carbon Opportunity Assessment (April to June 2024), including from the entire SANParks Protected Area Network (PAN) (current 4.4 million ha + expansion area of 1.75 million ha), and considering:

2.1.1. CO₂ Sequestration – Sustainable grassland management: Within non-forest areas – Calculation of the CO₂ sequestration potential via enhanced rangeland management. (Applicable methodologies VM0032 and VM0042)

2.1.2. CO₂ Sequestration – Thicket Regeneration (VM0047)

2.1.3. Avoided Emissions via Avoided unplanned Deforestation & Degradation (Applicable methodologies VM0015 or VM0048)

2.1.4. Blue CO₂ Sequestration – blue carbon restoration (VM33 Tidal Wetland and Seagrass Restoration)

2.1.5. Net GHG Emission Reductions and Removals for sample project & extrapolated to entire existing and expanded PAN.

2.1.6. Identification of priority carbon projects/focal areas, both on the existing PAs and expansion areas.

2.1.7. Next steps

2.2. Further Detailed Carbon Assessment of prioritised specific projects/focal areas identified (August 2024 – January 2025). TNC will engage with the service provider in completion of this task, which will include:

2.2.1. Application of Methodology at a high level (for each of the sample project areas)

2.2.1.1. Title and Reference of Methodology

2.2.1.2. Project AFOLU Category

2.2.1.3. Applicability of Methodology

2.2.1.4. Carbon pools and their inclusion in Baseline and Project Scenarios

2.2.1.5. Sources of emissions within the project region under project parameters

2.2.1.6. Baseline Scenario and additionality assessment

2.2.1.7. Possible Methodology Deviations

- 2.2.2. Quantification of GHG Emission Reductions and Removals
 - 2.2.2.1. Baseline - Estimation of Carbon Stock Changes and GHG Emissions in Baseline
 - 2.2.2.2. Project Emissions - Estimation of emissions under project scenarios
 - 2.2.2.3. Leakage & Risk buffer
 - 2.2.2.4. Net GHG Emission Reductions and Removals
 - 2.2.3. Recommendations for further refining credit yield forecasts in the next phase of project development
 - 2.3. Project Activity Monitoring Plan
 - 2.4. *The Service Provider will need to review the above, engage and coordinate with the TNC and incorporate their findings into the consolidated Feasibility Report.*
- 3. Project structuring and implementation modality options / procurement approaches, and financial modelling that will include:**
- 3.1. Structuring Options - setting out pros and cons of how SANParks could and should structure the project, considering the difference between the existing SANParks PAN, the expansion footprint, and whether expansion is achieved through the stewardship mechanism or SANParks acquisition, considering:
 - 3.1.1. SANParks' direct implementation, including building in-house capacity.
 - 3.1.2. Partnership with an experienced conservation NGO.
 - 3.1.3. Partnership with an experienced private sector operator.
 - 3.1.4. Other partnerships e.g., Independent Trust option etc.
 - 3.1.5. A combination of the above, depending on the status of the land (existing PAN, expansion acquired land or expansion stewardship mechanism).
 - 3.2. For each option, the procurement / partnership process to be followed and its compliance with the PFMA and Treasury PPP guidelines must be analysed.
 - 3.3. High level financial model
 - 3.3.1. High level costing for SANParks, based on assumptions provided by SANParks, to implement carbon project/s, that will include:
 - 3.3.1.1. Upfront and future investments (project initiation, expansion, and annual management)
 - 3.3.1.2. Expected revenues over time (based on high level assumptions)
 - 3.3.1.3. Revenue sharing options/scenarios (basic allocation of revenues to project & partners/beneficiaries/implementers)

3.3.2. Net financial benefit to SANParks.

3.3.2.1. Project facilitation/management

3.3.2.2. Project implementation

4. **Way forward** that will include evaluation of:

4.1. The next carbon project development phases and steps for SANParks.

4.2. How SANParks should move forward to deliver Project Development Document/s that comply with all the requirements for Listing a project on a Standard/s.

4.3. High level costs of the next phase for SANParks.

The work provided by the service providers must be:

- Practical and implementable.
- Fundable.
- Supportable.

Bidders must propose a small team with the required experience and track record to deliver this report, covering all the functional areas set out in the Technical / Functional Evaluation Criteria. A Project Leader will be responsible for driving and pulling together the Feasibility Report and process.

RESPONSIBILITIES OF SANPARKS

SANParks shall:

- Provide strategic oversight and direction via the Carbon Reference Group and through ongoing engagement with the Resource Economist: Park Planning and External Advisor.
- Provide all necessary technical information that the service provider needs to undertake the work. For the technical assessment of the carbon potential, the information provided by TNC and shared with the service provider will include Description and quantification of the area of extent of different ecosystems and different land/seagrass cover within the project areas, ensuring such descriptions match provided spatial data clearly identifying different ecosystem types, land cover and habitat condition within the project areas.
- For the existing PAN: Provide access to Park Management Plans and relevant Park staff within the project areas, to assess the practical feasibility of Park staff

being able to implement the required Activities that meet the Methodology requirements for carbon credits to be generated.

- For the expansion footprint: Provide access to information re SANParks' proposed expansion footprint and the Stewardship approach so that how carbon projects on stewardship sites should be tackled can be assessed.
- Review, debate, and provide feedback to the service provider on all key deliverables so that high quality deliverables are finalised by the service provider.
- Effecting payment within 30 days from date of receipt of original tax invoices.

RESPONSIBILITIES OF THE BIDDER

- Provide high quality timeous Deliverables and Invoices as set out in the Deliverables and Payment Schedule Table below. The Bidder is requested to either confirm these timelines or propose revisions, as long as the due date for Final Deliverables remains 14 February 2025.

**PREFERENCE POINTS CLAIM FORM IN TERMS OF THE PREFERENTIAL
PROCUREMENT REGULATIONS 2022**

This preference form must form part of all tenders invited. It contains general information and serves as a claim form for preference points for specific goals.

NB: BEFORE COMPLETING THIS FORM, TENDERERS MUST STUDY THE GENERAL CONDITIONS, DEFINITIONS AND DIRECTIVES APPLICABLE IN RESPECT OF THE TENDER AND PREFERENTIAL PROCUREMENT REGULATIONS, 2022

1. GENERAL CONDITIONS

1.1 The following preference point systems are applicable to invitations to tender:

- the 80/20 system for requirements with a Rand value of up to R50 000 000 (all applicable taxes included).

1.2 To be completed by the organ of state

- a) The applicable preference point system for this tender is the 80/20 preference point system.
- b) The 80/20 preference point system will be applicable in this tender. The lowest/ highest acceptable tender will be used to determine the accurate system once tenders are received.

1.3 Points for this tender (even in the case of a tender for income-generating contracts) shall be awarded for:

- (a) Price; and
- (b) Specific Goals.

1.4 To be completed by the organ of state:

The maximum points for this tender are allocated as follows:

	POINTS
PRICE	80
SPECIFIC GOALS	20
Total points for Price and SPECIFIC GOALS	100

- 1.5 Failure on the part of a tenderer to submit proof or documentation required in terms of this tender to claim points for specific goals with the tender, will be interpreted to mean that preference points for specific goals are not claimed.
- 1.6 The organ of state reserves the right to require of a tenderer, either before a tender is adjudicated or at any time subsequently, to substantiate any claim in regard to preferences, in any manner required by the organ of state.

2. DEFINITIONS

- (a) “**tender**” means a written offer in the form determined by an organ of state in response to an invitation to provide goods or services through price quotations, competitive tendering process or any other method envisaged in legislation.
- (b) “**price**” means an amount of money tendered for goods or services, and includes all applicable taxes less all unconditional discounts.
- (c) “**rand value**” means the total estimated value of a contract in Rand, calculated at the time of bid invitation, and includes all applicable taxes.
- (d) “**tender for income-generating contracts**” means a written offer in the form determined by an organ of state in response to an invitation for the origination of income-generating contracts through any method envisaged in legislation that will result in a legal agreement between the organ of state and a third party that produces revenue for the organ of state, and includes, but is not limited to, leasing and disposal of assets and concession contracts, excluding direct sales and disposal of assets through public auctions; and
- (e) “**the Act**” means the Preferential Procurement Policy Framework Act, 2000 (Act No. 5 of 2000).

3. FORMULAE FOR PROCUREMENT OF GOODS AND SERVICES

3.1. POINTS AWARDED FOR PRICE

3.1.1 THE 80/20 PREFERENCE POINT SYSTEMS

A maximum of 80 points is allocated for price on the following basis:

80/20

$$Ps = 80 \left(1 - \frac{Pt - Pmin}{Pmin} \right)$$

Where

Ps = Points scored for price of tender under consideration

Pt = Price of tender under consideration

Pmin = Price of lowest acceptable tender

4. POINTS AWARDED FOR SPECIFIC GOALS

- 4.1. In terms of Regulation 4(2); 5(2); 6(2) and 7(2) of the Preferential Procurement Regulations, preference points must be awarded for specific goals stated in the tender. For the purposes of this tender the tenderer will be allocated points based on the goals stated in table 1 below as may be supported by proof/ documentation stated in the conditions of this tender:
- 4.2. In cases where organs of state intend to use Regulation 3(2) of the Regulations, which states that, if it is unclear whether the 80/20 or 90/10 preference point system applies, an organ of state must, in the tender documents, stipulate in the case of—

- (a) any other invitation for tender, that either the 80/20 or 90/10 preference point system will apply and that the lowest acceptable tender will be used to determine the applicable preference point system,

then the organ of state must indicate the points allocated for specific goals for both the 90/10 and 80/20 preference point system.

Table 1: Specific goals for the tender and points claimed are indicated per the table below.

Note to tenderers: The tenderer must indicate how they claim points for each preference point system.)

The specific goals allocated points in terms of this tender	Number of points allocated (80/20 system) (To be completed by the organ of state)	Number of points claimed (80/20 system) (To be completed by the tenderer)
Goal 1: Enterprises owned by 51% black people or more	Total Points 10 90% to 100% Black Owned = 10 70 to 89% Black Owned = 8 51% to 69% Black Owned = 6 40% to 50% = 4 30% to 39% = 2 Less than 30% = 0	
Goal 2: Exempted Micro Enterprise (EMEs) or Qualifying Small Enterprise (QSEs)	Total Points: 10 EME/QSE: 10 Other: 2	
Total Points	20	

N.B In order to claim points on above specific goals, the bidder must submit:

a) An original or **valid BBBEE certificate** issued by SANAS accredited service provider or a **valid** Sworn Affidavit signed by the Commissioner of Oath. A bidder not qualifying with any of the specific goals above will score zero points for that specific goal.

	<p>4.1. The goods supplied shall conform to the standards mentioned in the bidding documents and specifications.</p>
GCC5	5. Use of contract documents and information
	<p>5.1. The supplier shall not disclose, without the purchaser’s prior written consent, the contract, or any provision thereof, or any specification, plan, drawing, pattern, sample, or information furnished by or on behalf of the purchaser in connection</p>

	<p>therewith, to any person other than a person employed by the supplier in the performance of the contract. Disclosure made to any such employed person is in confidence and shall extend only as far as may be necessary for purposes of such performance.</p> <p>5.2. The supplier shall not make, without the purchaser’s prior written consent, use of any document or information mentioned in GCC clause 5.1 except for purposes of performing the contract.</p> <p>5.3. Any document, other than the contract itself mentioned in GCC clause 5.1 shall remain the property of the purchaser and shall be returned (all copies) to the purchaser on completion of the supplier’s performance under the contract if so required by the purchaser.</p> <p>5.4. The supplier shall permit the purchaser to inspect the supplier’s records relating to the performance of the supplier and to have them audited by auditors appointed by the purchaser, if so required by the purchaser.</p>
GCC6	6. Patent rights
	<p>6.1. The supplier shall indemnify the purchaser against all third-party claims of infringement of patent, trademark, or industrial design rights arising from use of the goods or any part thereof by the purchaser.</p>
GCC7	7. Performance security
	<p>7.1. Within thirty days (30) of receipt of the notification of contract award, the successful bidder shall furnish to the purchaser the performance security of the amount specified in SCC.</p> <p>7.2. The proceeds of the performance security shall be payable to the purchaser as compensation for any loss resulting from the supplier’s failure to complete his obligations under the contract.</p> <p>7.3. The performance security shall be denominated in the currency of the contract, or in a freely convertible currency acceptable to the purchaser and shall be in one of the following forms:</p> <p>7.3.1. bank guarantee or an irrevocable letter of credit issued by a reputable bank located in the purchaser’s country or abroad, acceptable to the purchaser, in the form provided in the bidding documents or another form acceptable to the purchaser; or</p> <p>7.3.2 a cashier’s or certified cheque</p> <p>7.4. The performance security will be discharged by the purchaser and returned to the supplier within thirty (30) days following the date of completion of the supplier’s performance obligations under the</p>

	contract, including any warranty obligations, unless otherwise specified in SCC.
GCC8	8. Inspections, tests and analyses
	<p>8.1. All pre-bidding testing will be for the account of the bidder.</p> <p>8.2. If it is a bid condition that supplies to be produced or services to be rendered should at any stage during production or execution or on completion be subject to inspection, the premises of the bidder or contractor shall be open, at all reasonable hours, for inspection by a representative of the purchaser or an organization acting on behalf of the purchaser.</p> <p>8.3. If there are no inspection requirements indicated in the bidding documents and contract makes no mention, but during the contract period, it is decided that inspections shall be carried out, the purchaser shall itself make the necessary arrangements, including payment arrangements with the testing authority concerned.</p> <p>8.4. If the inspections, tests and analyses referred to in clauses 8.2 and 8.3 show the supplies to be in accordance with the contract requirements, the cost of the inspections, tests and analyses shall be defrayed by the purchaser.</p> <p>8.5. Where the supplies or services referred to in clauses 8.2 and 8.3 do not comply with the contract requirements, irrespective of whether such supplies or services are accepted or not, the supplier shall defray the cost in connection with these inspections, tests, or analyses.</p> <p>8.6. Supplies and services referred to in clauses 8.2 and 8.3 and which do not comply with the contract requirements may be rejected.</p> <p>8.7. Any contract supplies may on or after delivery be inspected, tested or analysed and may be rejected if found not to comply with the requirements of the contract. Such rejected supplies are held at the cost and risk of the supplier who shall, when called upon, remove them immediately at his own cost and forthwith substitute them with supplies, which do comply with the requirements of the contract. Failing such removal, the rejected supplies shall be returned at the suppliers cost and risk. Should the supplier fail to provide the substitute supplies forthwith, the purchaser may, without giving the supplier further opportunity to substitute the rejected supplies, purchase such supplies as may be necessary at the expense of the supplier.</p> <p>8.8. The provisions of clauses 8.4 to 8.7 shall not prejudice the right of the purchaser to cancel the contract because of a breach of the</p>

	conditions thereof, or to act in terms of Clause 23 of GCC.
GCC9	9. Packing
	<p>9.1. The supplier shall provide such packing of the goods as is required to prevent their damage or deterioration during transit to their final destination, as indicated in the contract. The packing shall be sufficient to withstand, without limitation, rough handling during transit and exposure to extreme temperatures, salt, and precipitation during transit, and open storage. Packing, case size and weights shall take into consideration, where appropriate, the remoteness of the goods' final destination and the absence of heavy handling facilities at all points in transit.</p> <p>9.2. The packing, marking, and documentation within and outside the packages shall comply strictly with such special requirements as shall be expressly provided for in the contract, including additional requirements, if any, specified in SCC, and in any subsequent instructions ordered by the purchaser.</p>
GCC10	10. Delivery and Documentation
	<p>10.1. The supplier in accordance with the terms specified in the contract shall make delivery of the goods/services. The SCC specifies the details of shipping and/or other documents furnished by the supplier.</p> <p>10.2. Documents submitted by the supplier are specified in SCC.</p>
GCC11	11. Insurance
	<p>11.1. The goods supplied under the contract are fully insured in a freely convertible currency against loss or damage incidental to manufacture or acquisition, transportation, storage and delivery in the manner specified in the SCC.</p>
GCC12	12. Transportation
	<p>12.1. Should a price other than an all-inclusive delivered price be required, this shall be specified in the SCC.</p>
GCC13	13. Incidental services
	<p>13.1. The supplier may be required to provide any or all of the following services, including additional services, if any, specified in SCC:</p> <p>13.1.1. Performance or supervision of on-site assembly and/or commissioning of the supplied goods;</p>

	<p>13.1.2. Furnishing of tools required for assembly and/or maintenance of the supplied goods;</p> <p>13.1.3. Furnishing of a detailed operations and maintenance manual for each appropriate unit of the supplied goods;</p> <p>13.1.4. Performance or supervision or maintenance and/or repair of the supplied goods, for a period of time agreed by the parties, provided that this service shall not relieve the supplier of any warranty obligations under this contract; and</p> <p>13.1.5. Training of the purchaser’s personnel, at the supplier’s plant and/or on-site, conducted in assembly, start-up, operation, maintenance, and/or repair of the supplied goods.</p> <p>13.2. Prices charged by the supplier for incidental services, if not included in the contract price for the goods, shall be agreed upon in advance by the parties and shall not exceed the prevailing rates charged to other parties by the supplier for similar services.</p>
GCC14	<p>14. Spare parts</p>
	<p>14.1. As specified in SCC, the supplier may be required to provide any or all of the following materials, notifications, and information pertaining to spare parts manufactured or distributed by the supplier:</p> <p>14.1.1. Such spare parts as the purchaser may elect to purchase from the supplier, provided that this election shall not relieve the supplier of any warranty obligations under the contract; and</p> <p>14.1.2. In the event of termination of production of the spare parts:</p> <p>14.1.2.1. Advance notification to the purchaser of the pending termination, in sufficient time to permit the purchaser to procure needed requirements; and</p> <p>14.1.2.2. Following such termination, furnishing at no cost to the purchaser, the blueprints, drawings, and specifications of the spare parts, if requested.</p>
GCC15	<p>15. Warranty</p>
	<p>15.1. The supplier warrants that the goods supplied under the contract are new, unused, of the most recent or current models and those they incorporate all recent improvements in design and materials unless provided otherwise in the contract. The supplier further warrants that all goods supplied under this contract shall have no</p>

	<p>defect, arising from design, materials, or workmanship (except when the design and/or material is required by the purchaser's specifications) or from any act or omission of the supplier, that may develop under normal use of the supplied goods in the conditions prevailing in the country of final destination.</p> <p>15.2. This warranty shall remain valid for twelve (12) months after the goods, or any portion thereof as the case may be, have been delivered to and accepted at the final destination indicated in the contract, or for eighteen (18) months after the date of shipment from the port or place of loading in the source country, whichever period concludes earlier, unless specified otherwise in SCC.</p> <p>15.3. The purchaser shall promptly notify the supplier in writing of any claims arising under this warranty.</p> <p>15.4. Upon receipt of such notice, the supplier shall, within the period specified in SCC and with all reasonable speed, repair or replace the defective goods or parts thereof, without costs to the purchaser.</p> <p>15.5. If the supplier, having been notified, fails to remedy the defect(s) within the period specified in SCC, the purchaser may proceed to take such remedial action as may be necessary, at the supplier's risk and expense and without prejudice to any other rights, which the purchaser may have against the supplier under the contract.</p>
GCC16	16. Payment
	<p>16.1. The method and conditions of payment to be made to the supplier under this contract shall be specified in SCC.</p> <p>16.2. The supplier shall furnish the purchaser with an invoice accompanied by a copy of the delivery note and upon fulfilment of other obligations stipulated in the contract.</p> <p>16.3. Payments shall be made promptly by the purchaser, but in no case later than thirty (30) days after submission of an invoice or claim by the supplier.</p> <p>16.4. Payment will be made in Rand unless otherwise stipulated in SCC</p>
GCC17	17. Prices
	<p>17.1. Prices charged by the supplier for goods delivered and services performed under the contract shall not vary from the prices quoted by the supplier in his bid, with the exception of any price adjustments authorized in SCC or in the purchaser's request for bid validity extension, as the case may be.</p>
GCC18	18. Contract amendment

	<p>18.1. No variation in or modification of the terms of the contract shall be made except by written amendment signed by the parties concerned.</p>
GCC19	<p>19. Assignment</p>
	<p>19.1. The supplier shall not assign, in whole or in part, its obligations to perform under the contract, except with the purchaser's prior written consent.</p>
GCC20	<p>20. Subcontract</p>
	<p>20.1. The supplier shall notify the purchaser in writing of all subcontracts awarded under this contract if not already specified in the bid. Such notification, in the original bid or later, shall not relieve the supplier from any liability or obligation under the contract</p>
GCC21	<p>21. Delays in supplier's performance</p>
	<p>21.1. Delivery of the goods and performance of services shall be made by the supplier in accordance with the time schedule prescribed by the purchaser in the contract.</p> <p>21.2. If at any time during performance of the contract, the supplier or its subcontractor(s) should encounter conditions impeding timely delivery of the goods and performance of services, the supplier shall promptly notify the purchaser in writing of the fact of the delay, its likely duration, and its cause(s). As soon as practicable after receipt of the supplier's notice, the purchaser shall evaluate the situation and may at his discretion extend the supplier's time for performance, with or without the imposition of penalties, in which case the extension shall be ratified by the parties by amendment of contract.</p> <p>21.3. No provision in a contract shall be deemed to prohibit the obtaining of supplies or services from a national department, provincial department, or a local authority.</p> <p>21.4. The right is reserved to procure outside of the contract small quantities or to have minor essential services executed if an emergency arises, the supplier's point of supply is not situated at or near the place where the supplies are required, or the supplier's services are not readily available.</p> <p>21.5. Except as provided under GCC Clause 25, a delay by the supplier in the performance of its delivery obligations shall render the</p>

	<p>supplier liable to the imposition of penalties, pursuant to GCC Clause 22, unless an extension of time is agreed upon pursuant to GCC Clause 21.2 without the application of penalties.</p> <p>21.6. Upon any delay beyond the delivery period in the case of a supplies contract, the purchaser shall, without cancelling the contract, be entitled to purchase supplies of a similar quality and up to the same quantity in substitution of the goods not supplied in conformity with the contract and to return any goods delivered later at the supplier's expense and risk, or to cancel the contract and buy such goods as may be required to complete the contract and without prejudice to his other rights, be entitled to claim damages from the supplier.</p>
GCC22	22. Penalties
	<p>22.1. Subject to GCC Clause 25, if the supplier fails to deliver any or all of the goods or to perform the services within the period(s) specified in the contract, the purchaser shall, without prejudice to its other remedies under the contract, deduct from the contract price, as a penalty, a sum calculated on the delivered price of the delayed goods or unperformed services using the current prime interest rate calculated for each day of the delay until actual delivery or performance. The purchaser may also consider termination of the contract pursuant to GCC Clause 23.</p>
GCC23	23. Termination for default
	<p>23.1. The purchaser, without prejudice to any other remedy for breach of contract, by written notice of default sent to the supplier, may terminate this contract in whole or in part:</p> <p>23.1.1. If the supplier fails to deliver any or all of the goods within the period(s) specified in the contract, or within any extension thereof granted by the purchaser pursuant to GCC Clause 21.2;</p> <p>23.1.2. If the Supplier fails to perform any other obligation(s) under the contract; or</p> <p>23.1.3. If the supplier, in the judgment of the purchaser, has engaged in corrupt or fraudulent practices in competing for or in executing the contract.</p> <p>23.2. In the event the purchaser terminates the contract in whole or in part, the purchaser may procure, upon such terms and in such manner as it deems appropriate, goods, works or services similar to those undelivered, and the supplier shall be liable to the purchaser for any excess costs for such similar goods, works or</p>

	<p>services. However, the supplier shall continue performance of the contract to the extent not terminated.</p> <p>23.3. Where the purchaser terminates the contract in whole or in part, the purchaser may decide to impose a restriction penalty on the supplier by prohibiting such supplier from doing business with the public sector for a period not exceeding 10 years.</p> <p>23.4. If a purchaser intends imposing a restriction on a supplier or any person associated with the supplier, the supplier will be allowed a period of not more than fourteen (14) days to provide reasons why the envisaged restriction should not be imposed. Should the supplier fail to respond within the stipulated fourteen (14) days the purchaser may regard the intended penalty as not objected against and may impose it on the supplier.</p> <p>23.5. Any restriction imposed on any person by the Accounting Officer / Authority will, at the discretion of the Accounting Officer / Authority, also be applicable to any other enterprise or any partner, manager, director or other person who wholly or partly exercises or exercised or may exercise control over the enterprise of the first-mentioned person, and with which enterprise or person the first-mentioned person, is or was in the opinion of the Accounting Officer / Authority actively associated.</p> <p>23.6. If a restriction is imposed, the purchaser must, within five (5) working days of such imposition, furnish the National Treasury, with the following information:</p> <p>23.6.1. The name and address of the supplier and / or person restricted by the purchaser;</p> <p>23.6.2. The date of commencement of the restriction</p> <p>23.6.3. The period of restriction; and</p> <p>23.6.4. The reasons for the restriction.</p> <p>These details will be loaded in the National Treasury's central database of suppliers or persons prohibited from doing business with the public sector.</p> <p>23.7. If a court of law convicts a person of an offence as contemplated in sections 12 or 13 of the Prevention and Combating of Corrupt Activities Act, No. 12 of 2004, the court may also rule that such person's name be endorsed on the Register for Tender Defaulters. When a person's name has been endorsed on the Register, the person will be prohibited from doing business with the public sector for a period not less than five years and not more than 10 years. The National Treasury is empowered to determine the period of restriction and each case will be dealt with on its own merits. According to section 32 of the Act the Register must be open to the public. The Register can be perused on the National</p>

GCC24	24. Anti-dumping and countervailing duties and rights
	<p>24.1. When, after the date of bid, provisional payments are required, or anti-dumping or countervailing duties are imposed, or the amount of a provisional payment or anti-dumping or countervailing right is increased in respect of any dumped or subsidized import, the State is not liable for any amount so required or imposed, or for the amount of any such increase. When, after the said date, such a provisional payment is no longer required or any such anti-dumping or countervailing right is abolished, or where the amount of such provisional payment or any such right is reduced, any such favourable difference shall on demand be paid forthwith by the contractor to the State or the State may deduct such amounts from moneys (if any) which may otherwise be due to the contractor in regard to supplies or services which he delivered or rendered, or is to deliver or render in terms of the contract or any other contract or any other amount which may be due to him</p>
GCC25	25. Force Majeure
	<p>25.1. Notwithstanding the provisions of GCC Clauses 22 and 23, the supplier shall not be liable for forfeiture of its performance security, damages, or termination for default if and to the extent that his delay in performance or other failure to perform his obligations under the contract is the result of an event of force majeure.</p> <p>25.2. If a force majeure situation arises, the supplier shall promptly notify the purchaser in writing of such condition and the cause thereof. Unless otherwise directed by the purchaser in writing, the supplier shall continue to perform its obligations under the contract as far as is reasonably practical and shall seek all reasonable alternative means for performance not prevented by the force majeure event.</p>
GCC26	26. Termination for insolvency
	<p>26.1. The purchaser may at any time terminate the contract by giving written notice to the supplier if the supplier becomes bankrupt or otherwise insolvent. In this event, termination will be without compensation to the supplier, provided that such termination will not prejudice or affect any right of action or remedy which has accrued or will accrue thereafter to the purchaser.</p>

GCC27	27. Settlement of disputes
	<p>27.1. If any dispute or difference of any kind whatsoever arises between the purchaser and the supplier in connection with or arising out of the contract, the parties shall make every effort to resolve amicably such dispute or difference by mutual consultation.</p> <p>27.2. If, after thirty (30) days, the parties have failed to resolve their dispute or difference by such mutual consultation, then either the purchaser or the supplier may give notice to the other party of his intention to commence with mediation. No mediation in respect of this matter may be commenced unless such notice is given to the other party.</p> <p>27.3. Should it not be possible to settle a dispute by means of mediation, it may be settled in a South African court of law.</p> <p>27.4. Mediation proceedings shall be conducted in accordance with the rules of procedure specified in the SCC.</p> <p>27.5. Notwithstanding any reference to mediation and/or court proceedings herein,</p> <p>27.5.1. The parties shall continue to perform their respective obligations under the contract unless they otherwise agree; and</p> <p>27.5.2. The purchaser shall pay the supplier any monies due the supplier.</p>
GCC28	28. Limitation of liability
	<p>28.1. Except in cases of criminal negligence or wilful misconduct, and in the case of infringement pursuant to Clause 6;</p> <p>28.1.1. The supplier shall not be liable to the purchaser, whether in contract, tort, or otherwise, for any indirect or consequential loss or damage, loss of use, loss of production, or loss of profits or interest costs, provided that this exclusion shall not apply to any obligation of the supplier to pay penalties and/or damages to the purchaser; and</p> <p>28.1.2. The aggregate liability of the supplier to the purchaser, whether under the contract, in tort or otherwise, shall not exceed the total contract price, provided that this limitation shall not apply to the cost of repairing or replacing defective equipment.</p>
GCC29	29. Governing language
	<p>29.1. The contract shall be written in English. All correspondence and other documents pertaining to the contract that is exchanged by the parties shall also be written in English.</p>

GCC30	30. Applicable law
	30.1. The contract shall be interpreted in accordance with South African laws, unless otherwise specified in SCC.
GCC31	31. Notices
	31.1. Every written acceptance of a bid shall be posted to the supplier concerned by registered or certified mail and any other notice to him shall be posted by ordinary mail to the address furnished in his bid or to the address notified later by him in writing and such posting shall be deemed to be proper service of such notice 31.2. The time mentioned in the contract documents for performing any act after such aforesaid notice has been given, shall be reckoned from the date of posting of such notice
GCC32	32. Taxes and duties
	32.1. A foreign supplier shall be entirely responsible for all taxes, stamp duties, license fees, and other such levies imposed outside the purchaser's country. 32.2. A local supplier shall be entirely responsible for all taxes, duties, license fees, etc., incurred until delivery of the contracted goods to the purchaser. 32.3. No contract shall be concluded with any bidder whose tax matters are not in order. Prior to the award of a bid, the SANParks must be in possession of a tax clearance certificate, submitted by the bidder. This certificate must be an original issued by the South African Revenue Services
GCC33	33. National Industrial Participation Programme
	33.1. The NIP Programme administered by the Department of Trade and Industry shall be applicable to all contracts that are subject to the NIP obligation.
GCC34	34. Prohibition of restrictive practices
	34.1. In terms of section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, an agreement between, or concerted practice by, firms, or a decision by an association of firms, is prohibited if it is between parties in a horizontal relationship and if a bidder (s) is / are or a contractor(s) was / were involved in collusive bidding (or bid rigging).

	<p>34.2. If a bidder(s) or contractor(s), based on reasonable grounds or evidence obtained by the purchaser, has/have engaged in the restrictive practice referred to above, the purchaser may refer the matter to the Competition Commission for investigation and possible imposition of administrative penalties as contemplated in the Competition Act No. 89 of 1998.</p> <p>34.3. If a bidder(s) or contractor(s), has / have been found guilty by the Competition Commission of the restrictive practice referred to above, the purchaser may, in addition and without prejudice to any other remedy provided for, invalidate the bid(s) for such item(s) offered, and / or terminate the contract in whole or part, and / or restrict the bidder(s) or contractor(s) from conducting business with the public sector for a period not exceeding ten (10) years and / or claim damages from the bidder(s) or contractor(s) concerned.</p>
	<p>Contracted Party Due Diligence SANParks reserves the right to conduct supply chain due diligence including site visits and inspections at any time during the contract period.</p>
	<p>Jigs, Tools, and Templates, where applicable Unless otherwise agreed, all jigs, tools, templates, and similar equipment necessary for the execution of this contract is property of SANParks, if SANParks has paid for these. On completion or cancellation of the contract, the contractor delivers all SANParks property to SANParks premises, properly marked with the contract and the relevant code number as supplied by SANParks.</p>
	<p>Copyright and Intellectual Property All background intellectual property (existing prior to this contract) invests in and remains the sole property of the contributing party to this contract and/or the contracted discloses the same to SANParks at the commencement of this contract. The contracted supplier grants SANParks a fully paid up, irrevocable, non-exclusive, and transferable licence to use its background intellectual property including the right to sub-licence to third parties in perpetuity and to the extent that SANParks requires for the exploitation of the contract intellectual property and to enable SANParks to obtain the full benefit of the contract intellectual property.
