Dear Sir/Madam

Request for Enquiry Number	E2026NTCSAMWP
Description / Project Title	THE ESTABLISHMENT OF A PANEL OF CONTRACTORS FOR CIVIL WORKS FOR NTCSA PROJECTS DELIVERY
Tender Questions Closing Date	19 November 2025

Item	Questions	Answers	Clarity Published Dates
1.	I am writing due to not understanding the eligibility criterion. I would like to know why are contractors that are on the NTCSA not permitted to partake on this current procurement process of this tender Reason for asking the clarity seeking question, is because even on the Substation Panels, we still have to bid just as other contractors.	This Clause is Amended as follows: <i>Current suppliers that are on the OE Panel, Line Panel and Substation Panels will be considered for this panel, but during the execution of the panel, the conflict of interest that may arise from Concept to construction stage will be assessed and should a supplier be found to be conflicted, they will be disqualified for the work in question".</i>	06 November 2025

		Review Date	July 2027		

	By allowing the contractors on the other panel, we believe that NTCSA will have a bigger pool of contractors to choose from.		
2.	We wish to express our interest in tendering for the referenced RFQ. However, we are presently in the process of applying for the CIDB CE grading. I would like to clarify our eligibility to participate in this RFQ under the aforementioned circumstances.	<i>Please note that only those tenderers that are registered with the Construction Industry Development Board or are capable of being so registered within twenty-one (21) working days from the closing date for submission of tenders in a contractor grading designation as stipulated in the tender data and are eligible to submit tenders.</i> <i>Tenderers to submit proof of CIDB application at tender closing date.</i>	06 November 2025
