MEMO

Good Day,

TENDER CLARIFICATION MEETING ADDENDA.

INVITATION TO TENDER No. E2922GXMPKUS

**Supply and Delivery of Spares (Boiler spares) for Replenishment at
Kusile Power Station (Once-off)**

QUESTIONARES

1. Despite the commitment from you on Monday, there is still no addendum attached to the bid and the time has really run out. Could you please check if you could please give an extension to this?
2. Please note that we can't find the full descriptions on the bulletin as promised.
3. May we kindly ask for extension on the closing date with at least 1 week, the clarification meeting was only held today, and we have a few other tenders closing on the same day
4. The question was do we price the BOQ in full?

ANSWERS

1. The Extension is granted the new closing date is the 09 June 2026 at 10H00
2. The new BOQ has been loaded on tender bulletin as some of the items especially the OEM items have been removed.
3. Yes the BOQ has to be priced in full as the **Invitation to tender** states, and since the OEM items are being removed don't leave any space.
4. The detailed Request for quotation has been loaded on portals for description clarification, so you can also price on it.
5. Price on both BOQ and RFQ
