NOTE: Failure to adhere to the pricing instructions may lead to your tender being disqualified

Note: It is the Tenderer's responsibility to ensure that the contactable references provided are accurate and reachable. The Employer reserves the right, at its discretion, to verify references for tenderers who meet the minimum qualifying score, including conducting checks on selected references where deemed necessary for due diligence purposes. The Contactable Reference will have 5 working days from time of request by Johannesburg Water to confirm, in writing, the information on the Contactable Reference letter. Failure to confirm the reference by the Tenderer's reference contact within the stipulated time will result in the points for contactable reference not being allocated to the Tenderer.

Stage 4: Demonstration Evaluation (See attached Annexures)

The Proposal Presentation forms part of the formal technical evaluation process. Bidders meeting the minimum 75 qualifying score on stage 3 technical evaluation will be invited for a presentation. Bidders will be required to present and demonstrate their proposed software solution virtually, on Teams. The purpose of the demonstration is to validate the functionality, performance, and compliance of the proposed system against the mandatory and functional requirements stipulated in the tender documentation. Bidders must clearly demonstrate system capabilities, integration potential, reporting functionality, user interface, security features, and overall alignment with JW's operational requirements. Presentations will take place virtually on a scheduled date and will be evaluated using the Demonstration Evaluation Checklist. The outcome will contribute to the final technical assessment and tender adjudication. Shortlisted bidders will be given at least five (5) working days' notice prior to the scheduled presentation date.
