2. BACKGROUND INFORMATION

Mozal S.A. (“Mozal”) is an aluminium smelter domiciled in Mozambique. It was placed on care and maintenance in March 2026 following the failure to secure an affordable and sustainable electricity supply. The IDC, which is a 32.48% shareholder in Mozal S.A., is considering its options which includes considering whether to:

- Acquire the shares from the majority shareholder either by exercising its pre-emptive rights or by making an offer to purchase the shares.
- Facilitate an alternative shareholding structure which might involve partnering with other interested parties.
- Facilitate an alternative shareholding structure which might involve disposing of all or part of its shareholding in Mozal.

Following the failure to secure an affordable and sustainable electricity supply contract, production was suspended and the smelter was placed on care and maintenance from 15 March 2026. This development reflects the structural unviability of the smelter under prevailing electricity pricing and contracting conditions, rather than technical or market failure. Accordingly, any decision to resume operations will have to be accompanied by a long-term affordable and sustainable electricity supply solution.

It is against this background that IDC requires independent, comprehensive assessment and investment-grade advice to determine whether Mozal can be returned to sustainable operations and an affordable and sustainable electricity supply solution can be secured.

Note on pricing:

Disbursements (incidental expenses other than professional fees e.g., travel and accommodation, printing costs, etc.) must be clearly defined, outlining all assumptions. It is of utmost importance to submit clear and comprehensive cost proposals to allow the IDC to fairly compare bid price / cost proposals. If there is no additional fee envisaged for Disbursements, then the bidder must clearly indicate “No Charge / Free of Charge”. Failure to clearly indicate this, would result in IDC penalising your bid response by taking the cost of the highest bidder and adding 50% thereto and apply this rate for purposes of price comparisons. Bidders are therefore requested to respond clearly and comprehensively on this aspect of their bid response.
