Bidders' attention is drawn to the amendments made in the document. Please complete and acknowledge receipt of addendum and send [chantel.kearns@erwat.co.za](mailto:chantel.kearns@erwat.co.za) or [Phumzile.mdlalose@erwat.co.za](mailto:Phumzile.mdlalose@erwat.co.za) (Supply Chain Management). This is not compulsory.

The following amendments are made in the tender document:

1. It is formally communicated that the tender briefing held on **11<sup>th</sup> June 2026 at 10:30** on Microsoft Teams was affected by a Technical Settings that locked the meeting at a certain point in time. Therefore, some of the bidders who got disconnected could not re-connect, and some who registered could not be connect at all. Our procurement processes promote fairness and inclusivity, therefore, as mitigation measure, ERWAT is formally scheduling a second tender briefing meeting with all the bidders who registered for the first tender briefing. The second tender briefing is scheduled for the **26<sup>th</sup> June 2026 at 10:00 AM**.
2. Bidders shall note that it is a requirement in this tender that service providers interested in bidding should attend the compulsory tender briefing meeting. The bid evaluation process will recognise the two tender briefing sessions, and service providers must **participate in at least one** of the tender briefing meetings to be considered for evaluation. It is emphasised that only those bidders who registered for the first briefing meeting will be eligible to attend the second tender briefing meeting. **The second tender briefing meeting is optional to those that attended the first briefing session and were not affected by the disconnection.**
3. The tender closing date and time is officially extended from **25<sup>th</sup> June 2026 to 16<sup>th</sup> July 2026 at 12h00** noon because of the technical error and mitigations mentioned above.

**NOTE TO BIDDERS:**

1. **All bidders who were affected by the first tender briefing are urged to attend.**
2. Bidders must submit the support documents along with the bid document. Preferably have a separate file for support documents and include an index that details the location of each

support document. ERWAT will not be held liable for any omissions including page omissions from the tender document.

3. It is the responsibility of all bidders to verify that their names are captured correctly for both sessions.
4. The bid document should be sealed and deposited in the public tender box at our offices. No late submissions will be accepted.
