INTRODUCTION

This Request for Information is for Integrated waste management and waste dumping prevention solutions for the Mpumalanga, Free State, Limpopo and Gauteng air quality offsets programme

Controlled Disclosure

When downloaded from the document management system, this document is uncontrolled and the responsibility rests with the user to ensure it is in line with the authorized version on the system. No part of this document may be reproduced in any manner or form by third parties without the written consent of Eskom Holdings SOC Ltd, © copyright Eskom Holdings SOC Ltd, Reg No 2002/015527/30

	Request for Information (RFI) Template	Document Identifier	240-72663051	Rev	4
		Effective Date	17 June 2025		
		Review Date	June 2030		
		RFI Number	E3117GXN		

BACKGROUND

The Air Quality Offset Programme stems from Eskom’s Atmospheric Emissions Licenses under the National Environmental Management Act.

Eskom is required to implement offset programmes to reduce particulate matter around its power stations as part of compliance.

OBJECTIVE

The purpose of this Request for Information is:

Eskom requires **holistic, integrated solutions** that address the entire waste management value chain:

- Waste generation at household level
- Waste separation, temporary storage, and collection
- Transport systems
- Sorting, recycling, reuse and beneficiation
- Final disposal (where required)
- Community behaviour change
- Governance and monitoring systems
- Substitution or supplementation of municipal waste collection
- Long-term sustainability without recurring dumping

This RFI is open to all parties with the capability, experience or technology to design, operate or support integrated waste (non- hazardous solid waste) value chain systems capable of delivering sustainable results within Mpumalanga (Gert Sibande District Municipality and Nkangala District Municipality), Free State (Fezile Dabi District Municipality), Limpopo (Waterberg District Municipality) and Gauteng (Sedibeng District Municipality) communities.

Eskom welcomes innovative technologies, decentralised waste processing systems, circular economy models, and community-based operational approaches that can deliver long-term, financially viable outcomes.

It is important to note that after receiving responses to this RFI, Eskom will formulate a Closed Procurement Strategy which will be to issue a closed RFP only to Suppliers who have responded to this RFI.

SUBMISSION GUIDELINES

To ensure the receipt of communication with regard to this request for information process, kindly complete Appendix A – Acknowledgement Form and return it by email as indicated on the form within five days of publication of this RFI.

REQUIREMENTS OF YOUR SUBMISSION

This submission will not be considered unless it is -

- Received on or before the time and date as indicated
- Eskom reserves the right to cancel this RFI process at any time and will not accept or incur any liability for such cancellation.

IMPORTANT NOTES

- Please note that this enquiry is not a Request for Quotation/Proposal but a Request for information only and therefore non-committal and does not constitute a guarantee of business, or an agreement to negotiate a binding agreement.
- Due to the specific need that this RFI process has to fulfil, Eskom wishes to clarify that this invitation is not intended to impede, amend or replace any current or future procurement process that Eskom has engaged in or will engage in.
- This RFI is a stand-alone information-gathering and market-testing exercise, intended only to inform and assist Eskom's further decisions. No respondent, through submission of information will gain any right to participate in any future process and participates herein on the basis that it is providing information voluntarily to strengthen a potentially beneficial process for all stakeholders. In addition, no participant shall be prevented or excluded from participation in the bidding process due to submission of information in response to this RFI.

Any information provided pursuant to this RFI process and any subsequent processes and/or engagement is not confidential, but Eskom will use the information only in the course of its process for Fabrication steelwork for Transmission Lines in Eskom Holdings SOC Limited.

- Through making a submission, a respondent accepts the terms and conditions which govern this process.
- All participants responding to this RFI process need to ensure that they have received all information and remain solely responsible for satisfying themselves as to the information required in responding hereto and are fully responsible for all costs incurred in relation hereto and under no circumstances will any resultant cost be borne by Eskom.
- Eskom reserves the right not to proceed with any further engagements on the requirements presented.
