OBJECTIVE AND SELECTION CRITERIA

1. Objectives

In support of its mandate as an Implementing Agent on behalf of various governmental clients, TMT intends to utilize the Panel of Contractors to source construction works services in an accelerated manner that is fair, equitable, transparent, competitive and cost effective.

The following is the process for establishing and selecting contractors into the TMT Panel of Contractors:

Stage 1 – Placement on the Panel of Contractors

- ❖ Call for contractors to express interest to be placed on the TMT panel Contract for at least **21 calendar days** advertisement on the Treasury **e-Tender Portal** before the closing date,
- ❖ TMT evaluates received submissions of the panel of contractors based on functionality,
- ❖ TMT shall place successful contractors on the Panel of Contractors according to the points scored on functionality, qualifying selected CIDB grades, the capacity of the contractor to execute similar type of construction works and construction works categories such as schools and health infrastructure, housing infrastructure and civil engineering infrastructure.
- ❖ The order of the contractors listing shall be determined by the number of functionality points scored during the evaluation phase, and where two or more contractors scored equal points, the order will be determined and/or ranked according to the alphabetical order (**name of company**).
- ❖ Successful bidders will be published on e-tender portal

Stage 2 – Selection for contracting

- ❖ TMT selects contracting strategy and the most suitable form of contract from the well-known industry contracts (JBCC/GCC/NEC/FIDIC) or the Service Level Agreement)
- ❖ TMT formulates risk assessment criteria according to the size, scope, nature and complexity of the construction works project.
- ❖ TMT select pricing strategy.
- ❖ TMT invites a minimum of three (3) contractors from the Panel of Contractors for quotations based on the contractors CIDB grading for a minimum period of **7 calendar days**.
- ❖ TMT will evaluates the submissions based on price and preferential points according to the 80/20 or

90/10 formula.

- ❖ Based on the submission's evaluation on price, due diligence and risk assessment conducted, TMT shall appoint the preferred contractor and conclude the JBCC Contract.
- ❖ Once a contractor is appointed for construction works, it will not be eligible for another appointment if it is still busy with the project when the cycle recommences, that contractor will not be invited for quotations. Where the appointed contractor has completed the project when the cycle recommences, that contractor will be re-invited for quotations.
- ❖ Despite the tender offer validity period (180 days) as prescribed in CIDB's Standard for Uniformity in Construction Procurement of August 2019 (SFU), where a contractor on a TMT Panel of Contractors is appointed for a project and later terminated, TMT will go back to request quote from the panel.

For this Panel of Contractors, "**rotational or rolling basis**" means sharing opportunities by taking turns where each contractor on the TMT Panel of Contractors serves a turn in submitting a quotation, thereby ensuring that equitable participation is afforded to the first minimum of three contractors and to the next available minimum panel members of three until the last contractor on the panel is invited to submit quotation and thereafter the cycle of the group recommences.

2. *Evaluation of the PANEL OF CONTRACTORS, Establishment and Use of the Panel*

Successful contractor will be published on the e-tender portal (www.etenders.gov.za). Bidders that are not listed on the e-tender portal as stipulated above will be deemed to be unsuccessful and will not receive **Regret Letters**.

- ❖ Placement on the TMT Panel of Contractors is not a conclusion of a contract, nor does it place an obligation on TMT to procure construction work services from any contractor on the database or an obligation on the contractors to provide construction works.
- ❖ The construction work services shall be on an **As and When Required Basis** and upon TMT issuing invites for quotation, appointing the preferred contractor by issuing an appointment letter, have it accepted by the contractor and concluding the contract.
- ❖ It is the responsibility of contractors to regularly inform TMT of all changes relating to the contractor's contact information, CIDB Grading and classes of works, CSD registration, Tax compliance, NHBRC registration etc. as and when changes happen.
- ❖ TMT will not be held liable if a panel contractor that does not receive a tender or an invitation for a quotation due to the above changes and incorrect information.
- ❖ Bidders who are listed on National Treasury's Database of Restricted suppliers will not be eligible to be registered in this Panel of Contractors.
