The NPO must score a total of **90 points** for due diligence to qualify for participation in the EPWP NSS NPO Programme for the 2026/27– 2028/29 financial years. Only NPOs that pass due diligence evaluation will be recommended to participate in the programme.

SECTION D: TERMS OF REFERENCE

3 PROGRAMME BACKGROUND

The Expanded Public Works Programme (EPWP) was introduced in 2004 as one of the measures to reduce the negative impacts of high and persistent levels of unemployment. The programme aims to provide the unemployed with an opportunity to work and an avenue to contribute towards the development of communities and ultimately the country.

To achieve this the Department of Public Works and Infrastructure (DPWI) appointed the Independent Development Trust (IDT) as the implementing agent for EPWP Non-State Sector Non Profit Organisations (NPO) programme. The EPWP NSS NPO programme phase IV is a continuation of the EPWP phase I which commenced in 2004 aimed at enlisting unemployed people in meaningful work. The programme is currently in year three of Phase V. The programme is implemented through the establishment of partnerships with Non-Profit Organisations (NPOs).

The purpose of these terms of reference is to guide the NPOs in all the provinces of South Africa towards bidding for appointment to create work opportunities for the unemployed people as part of the EPWP Phase V Non- State Sector (NSS) NPO Programme Year 3 to Year 5 of Phase of V (2026/27 - 2028/29 financial years).

3.1 PROGRAMME OBJECTIVES

The main objective of the programme is:

“To provide the unemployed poor with meaningful work opportunities through the delivery of community assets and services, and actively build economic inclusion mechanisms that empower sustainable livelihood and contribute to the country’s development agenda”

NPO Services	• The NPO will be expected to perform the following services:

4.2 EPWP NON-STATE SECTOR NPO PROGRAMME RECOMMENDED FOCUS AREAS IN PHASE V

The EPWP Phase 5 Non-State Sector NPO Programme is comprised of the following projects that NPOs are advised to select.

4.3 NPO SELECTED FOCUS

NPOs are advised to select and bid for focus areas that they are competent to deliver utilizing their own resources:

No.	Focus Area	Tick Relevant Focus Area that the Bidder (Mark with an X)
1	Cleaning and maintenance of public facilities	
2	Cleaning, beautification of public and open spaces	
3	Road maintenance - cleaning of storm water channels, kerb cleaning, potholes, grass cutting	
4	Waste management projects – recycling & waste processing	
5	Energy-related projects	
6	Art and craft – specifically for People with Disabilities (PWD)	
7	Food security and farming support programme	
8	Gender Based Violence and Femicide programme	

4.3.1 CLEANING AND MAINTENANCE OF PUBLIC FACILITIES

Some Government Social Infrastructure and other public facilities such as government offices, schools, clinics, parks, sports fields, cemeteries and other facilities are found to be in a poor state of maintenance. The government-owned buildings are found to be in poor condition. The majority of the buildings are those that are used by the Department of Defense, Police, Health, Correctional Services, Department of Justice and other departments. Commonly, those buildings have maintenance plans but remain unfunded as such, this results in the dilapidation of the portfolio in the country.

Existing partnerships so far include the South African Police Services (SAPS) Western Cape, and the Department of Correctional Services (DCS) national. However, NPOs can identify any government building and conduct the necessary due diligence and preparation for placement into the programme.

Objectives of the public facility maintenance project

The IDT proposed the Programme of Preservation and Maintenance of Government and Public Facilities support entails applying the principles of EPWP to recruit and place beneficiaries in the programme to maintain government and public facilities. Key objectives of the programme:

- To create work opportunities through the cleaning and maintaining government and public buildings targeting mainly women and youths with different skill levels.
- To use government and public facilities (**schools, hospitals, government buildings etc.**) as catalysts for artisanal development in such areas as **landscaping, land management & preservation, electrical, plumbing, boiler makers, building, plastering, and painting.**

Tender Requirements:

NPOs are expected to fulfil the following requirements:

- Identification of suitable government and public facilities that require maintenance in consultation with the Local Municipality and or relevant institution.
- Provide details of the identified sites and the extent/size of the site(s) in hectares
- Obtain permission to work in the facility with the relevant department or institution.
- Define the nature of work that the NPO will be doing in the targeted facility(ies)
- Indicate the total number of targeted work opportunities to be created in the project/s.

NB: Among the success factors is the identification of sites and obtaining permission to implement.

NB: Government and public facilities where there are maintenance plans. In the absence of that, NPOs shall develop a high-level maintenance plan signed by the designated personnel in the targeted public office.

Name of the Department/ Municipality/ Facility	Project location (Province, municipalities and the ward)	Scope of work / activities/nature of work to be done	Number and extent of targeted site/buildings targeted (attach permission to use)	Prove capacity to deliver the project	Total number of targeted work opportunities

4.3.2 CLEANING, BEAUTIFICATION OF PUBLIC AND OPEN SPACES

The project entails the identification of the public places that need bush clearing, beautification and landscaping among others.

The objective: is to create work opportunities through the cleaning and beautification of the public and open spaces through bush clearing and landscaping among others.

Tender Requirements:

The requirements for participation in the IDT Cleaning, Rehabilitation & Waste Recycling Programme shall cover the following:

- Identification of the public places that require cleaning and rehabilitation (Municipality, towns/townships and ward no)
- Obtain permission/partnership with the affected Municipalities and/or departments
- Describe the scope and the activities and the size of the area/s where the NPO will be working.
- Number of Work Opportunities to be created in the project.

NB: The ability to provide details of the identified site and the permission to work on, are the critical success factors.

Project Location (Province)	Metro / District / Municipalities and the ward	Scope of work / activities/nature of work to be done	The extent of targeted road in KMs (attach permission)	Prove capacity to deliver the project	Total number of targeted work opportunities

4.3.3 ROAD MAINTENANCE - CLEANING OF STORMWATER CHANNELS, KERB CLEANING, POTHOLES, GRASS CUTTING

The aim of this focus area to create work opportunities through contracting NPOs that will recruit participants to be involved in the maintenance of roads and fixing of potholes. Implementation of the Road Maintenance and fixing of potholes will require extra equipment and the NPO interested in the project will have to prove capacity and partnerships such as the municipality and the Department of Roads and Transport that is responsible for the service. NPOs are advised to select and bid for focus areas that they are competent to deliver utilizing their own resources: (IDT Funds are meant for participants' stipends only)
