ERRATUM

RFP No. 3729/08/06/2026- Request for Proposal (RFP): Provision of Underwater Measurement Capabilities and Technical Expertise Related to the Development and Testing of Maritime Technology and Underwater Sensors for the CSIR for a Period of Five (5) Years

On Friday, 08 May 2026, the Council for Scientific and Industrial Research (CSIR) invited suitably qualified and experienced service providers to submit tenders for the above-mentioned Request for Proposal (RFP).

- The closing date has been extended in response to requests from prospective bidders for additional time to prepare and submit comprehensive proposal.

Kindly note the following amendment to the advertised tender documents:

- The current closing date is **10 July 2026 at 16H30**
- The revised closing date for submission of tenders is **30 July 2026 at 16H30**.

The CSIR appreciates your interest in this RFP and encourages you to submit a response. We apologise for any inconvenience that this amendment may have caused.
