Dear Sir/Madam

<b>Request for Enquiry Number</b>	<b>E2996GXPOU</b>
<b>Description / Project Title</b>	<b>Supply of Motors to various Peaking Power Stations for a period of Five (5) years</b>
<b>Tender Questions Closing Date</b>	<b>5 working days before tender closing</b>

Item	Questions	Answers	Clarity Published Dates
1.	Would it be possible to submit the certificate as we are a permit holder of SANS 10242 where we can show evidence of our quality management system being audited on the latest ISO 9001 specified standards regularly.	This should be acceptable. The point is to require verifiable evidence from the tenderers, not to place undue burden on them. Whatever evidence is provided must please also be clearly indicated that it is meant to fulfil specific evaluation requirements, such as the ISO 9001 requirement in this case.	18 June 2026
2.	In the event that the bidding company does not possess an ISO 9001 certificate, would Eskom permit the submission of a documented Quality Management System (QMS) that is aligned with the principles and requirements of ISO 9001 as evidence of compliance?	Unfortunately, this would not be acceptable as ISO 9001 will be mandatory by contract award. While we can allow alternative means to prove ISO 9001 accredited QMS systems, we cannot accept a QMS that is only aligned with the principles and requirements thereof but not appropriately accredited.	18 June 2026
3.	Please note we will require the motor voltage and mountings for each motor, On the MV motors please share the motors name plates in order for us to quote accurately.	The SAP number on page 25 - 35 corresponds with the ERP number on pages 37 – 58 which will provide you with a detailed description of each item.	18 June 2026
