THE TENDER

T.1 GENERAL TENDER INFORMATION

- TENDER ADVERTISED** : **10 July 2026**
- SITE VISIT/CLARIFICATION MEETING** : Time: **10:00** on Date: **24 July 2026**
(Not compulsory, but strongly recommended)
- VENUE FOR SITE VISIT/CLARIFICATION MEETING** : [Microsoft Teams]

<https://teams.microsoft.com/meet/389709448390564?p=X7XffBjysvooaBLqyK>

Meeting ID: 389 709 448 390 564
Passcode: 5hR6xC3D
- TENDER BOX & ADDRESS** : **Tender Box 242 as per front cover** at the **Tender & Quotation Boxes Office**, 2nd Floor (Concourse Level), Civic Centre, 12 Hertzog Boulevard, Cape Town.
- : The Tender Document (which includes the Form of Offer and Acceptance) completed and signed in all respects, plus any additional supporting documents required, must be submitted in a sealed envelope with the name and address of the tenderer, the endorsement "**TENDER NO. 14G/2026/27: TENDER DESCRIPTION: THE SUPPLY, INSTALLATION, REPAIRS AND MAINTENANCE OF STEEL PLAY PARK EQUIPMENT FOR COMMUNITY SERVICES AND HEALTH DIRECTORATE**" the tender box number. and the closing date indicated on the envelope. The sealed envelope must be inserted into the appropriate official tender box before closing time.
If the tender offer is too large to fit into the abovementioned box or the box is full, please enquire at the public counter (Tender Distribution Office) for alternative instructions. It remains the tenderer's responsibility to ensure that the tender is placed in either the original box or as alternatively instructed.
- CCT TENDER REPRESENTATIVE** : Email: [SCM.Tenders25@capetown.gov.za]

TENDERERS MUST NOTE THAT WHEREVER THIS DOCUMENT REFERS TO ANY PARTICULAR TRADE MARK, NAME, PATENT, DESIGN, TYPE, SPECIFIC ORIGIN OR PRODUCER, SUCH REFERENCE SHALL BE DEEMED TO BE ACCOMPANIED BY THE WORDS "OR EQUIVALENT"

T.2 CONDITIONS OF TENDER

2.1 General

The tender consists of two parts: Part one incorporating the supply and installation of steel play equipment. Part two relates to the maintenance of existing as well as newly installed steel play equipment.

2.1.1 Actions

2.1.1.1 The City of Cape Town (hereafter referred to as the “CCT”) and each tenderer submitting a tender offer (hereinafter referred to as the “tenderer” or the “supplier”) shall comply with item T.2 of this Tender Document Goods and Services (hereinafter referred to as these “Conditions of Tender”). The tenderer and the CCT shall collectively hereinafter be referred to as the “Parties” and individually a “Party”). In their dealings with each other, the Parties shall discharge their duties and obligations as set out in these Conditions of Tender, timeously and with integrity, and behave equitably, honestly and transparently, and shall comply with all legal obligations imposed on the Parties herein and in accordance with all applicable laws.

The Parties agree that this Tender Document Goods and Services (hereinafter referred to as the “Tender” / “Tender Document”), its evaluation and acceptance and any resulting contract shall also be subject to the CCT’s Supply Chain Management Policy (‘SCM Policy’) that was applicable on the date the bid was advertised and as amended from time to time. If the CCT adopts a new SCM Policy which contemplates that any clause therein would apply to the Contract emanating from this tender (hereinafter referred to as the “Contract”), such clause shall also be applicable to that Contract. Please refer to this document contained on the CCT’s website.

Abuse of the supply chain management system is not permitted and may result, inter alia, (1) in the tender being rejected; (2) cancellation of the contract; (3) restriction of the supplier, and/or (4) the exercise by the CCT of any other remedies available to it as provided for in the SCM Policy and/or the Contract and/or this tender and/or any applicable laws .

2.1.1.2 The CCT, the tenderer and their agents and employees involved in the tender process shall avoid conflicts of interest and where a conflict of interest is perceived or known, declare any such conflict of interest, indicating the nature of such conflict. Tenderers shall declare any potential conflict of interest in their tender submissions. Employees, agents and advisors of the CCT shall declare any conflict of interest to the CCT at the start of any deliberations relating to the procurement process or as soon as they become aware of such conflict and abstain from any decisions where such conflict exists or recuse themselves from the procurement process, as appropriate.

2.1.1.3 The CCT shall not seek, and a tenderer shall not submit a tender, without having a firm intention and capacity to proceed with the contract.

2.1.2 Interpretation

2.1.2.1 The additional requirements contained in the returnable documents are part of these Conditions of Tender.

2.1.2.2 These Conditions of Tender and returnable schedules which are required for tender evaluation purposes, shall form part of the contract arising from the invitation to tender.

2.1.3 Communication during tender process

Verbal or any other form of communication, from the CCT, its employees, agents or advisors during site visits/clarification meetings or at any other time prior to the award of the Contract, will not be regarded as binding on the CCT, unless communicated by the CCT in writing to suppliers by its Director: Supply Chain Management or his nominee.

2.1.4 The CCT’s right to accept or reject any tender offer

2.1.4.1 The CCT may accept or reject any tender offer and may cancel the tender process or reject all tender offers at any time before the formation of a contract. The CCT may, prior to the award of the tender, cancel a tender if:

- (a) due to changed circumstances, there is no longer a need for the services, works or goods requested; or
- (b) funds are no longer available to cover the total envisaged expenditure; or
- (c) no acceptable tenders are received;
- (d) there is a material irregularity in the tender process; or
- (e) the parties are unable to negotiate market related pricing.

The CCT shall not accept or incur any liability to a tenderer for such cancellation or rejection but will give written reasons for such action upon receiving a written request to do so.

2.1.5 Procurement procedures

2.1.5.1 General

Unless otherwise stated in the tender conditions, a contract will be concluded with the tenderer who scores the highest number of tender adjudication points.

The City reserves the right to award to the highest ranked responsive tenderer.

For the purposes of this tender, TWO regions within the City of Cape Town municipal area have been identified and are outlined in the table below.

Region	Work Areas
Region North	Work Areas will be anywhere within a region. Refer to the drawings for the boundaries of each region (where ambiguity exists as to the exact location of the boundary, i.e. if the boundary is shown as being directly on a road, then the boundary shall always be either to the north or the east of the road in question).
Region South	

The Employer intends to appoint two tenderers the highest ranked tenderer (“the winner”) and one alternative per region for the allocation of work. If insufficient responsive bids are received, the Employer reserves the right to appoint fewer tenderers, or not to appoint any tenderers at all.

Tenderers may elect to tender for all regions or less, as indicated by them in the schedule titled **Regions of Preference in schedule F.13A**

Where a tenderer is identified as the winner for a region, they cannot be recommended as a winner or an alternative in another region.

The contract period shall be for a period of **36 months** from the commencement date of the contract.

2.1.5.2 Proposal procedure using the two stage-system

A two-stage system will **not** be followed.

2.1.5.3 Nomination of Standby Bidder

“Standby Bidder” means a bidder, identified at the time of awarding a bid, that will be considered for award should the contract be terminated for any reason whatsoever. In the event that a contract is terminated during the execution thereof, the CCT may consider the award of the contract, or non-award, to the Standby Bidder in terms of the procedures included its SCM Policy.

2.1.6 Objections, complaints, queries and disputes/ Appeals in terms of Section 62 of the Systems Act/ Access to court

2.1.6.1 Disputes, objections, complaints and queries

In terms of Regulations 49 and 50 of the Local Government: Municipal Finance Management Act, 56 of 2003 Municipal Supply Chain Management Regulations (Board Notice 868 of 2005):

- a) Persons aggrieved by decisions or actions taken by the CCT in the implementation of its supply chain management system, may lodge within 14 days of the decision or action, a written objection or complaint or query or dispute against the decision or action.

2.1.6.2 Appeals

- a) In terms of Section 62 of the Local Government: Municipal Systems Act, 32 of 2000 a person whose rights are affected by a decision taken by the CCT, may appeal against that decision by giving written notice of the appeal and reasons to the City Manager within 21 days of the date of the notification of the decision.
- b) An appeal must contain the following:
 - i. Must be in writing
 - ii. It must set out the reasons for the appeal
 - iii. It must state in which way the Appellant's rights were affected by the decision.
 - iv. It must state the remedy sought; and
 - v. It must be accompanied with a copy of the notification advising the person of the decision
- c) The relevant CCT appeal authority must consider the appeal and **may confirm, vary or revoke** the decision that has been appealed, but no such revocation of a decision may detract from any rights that may have accrued as a result of the decision.

2.1.6.3 Right to approach the courts and rights in terms of Promotion of Administrative Justice Act, 3 of 2000 and Promotion of Access to Information Act, 2 of 2000

The sub- clauses above do not influence any affected person's rights to approach the High Court at any time or its rights in terms of the Promotion of Administrative Justice Act (PAJA) and Promotion of Access to Information Act (PAIA).

- 2.1.6.4** All requests referring to sub clauses 2.1.6.1 and 2.1.6.2 must be submitted in writing to:
The City Manager - C/o the Manager: Legal Compliance Unit, Legal Services Department, Office of the City Manager
Via hand delivery at: 20th Floor, Tower Block, 12 Hertzog Boulevard, Cape Town 8001
Via post at: Private Bag X918, Cape Town, 8000
Via email at: MSA.Appeals@capetown.gov.za

- 2.1.6.5** All requests referring to clause 2.1.6.3 must be submitted in writing to:
The City Manager - C/o the Manager: Access to Information Unit, Legal Service Department, Office of the City Manager
Via hand delivery at: 20th Floor, Tower Block, 12 Hertzog Boulevard, Cape Town 8001
Via post at: Private Bag X918, Cape Town, 8000
Via email at: Access2info.Act@capetown.gov.za

2.1.6.6 The minimum standards regarding accessing and 'processing' of any personal information belonging to another in terms of Protection of Personal Information Act, 2013 (POPIA).

For purposes of this clause 2.1.6.6, the contract and these Conditions of Tender, the terms "data subject", "Personal Information" and "Processing" shall have the meaning as set out in section 1 of POPIA, and "Process" shall have the corresponding meaning.

The CCT, its employees, representatives and sub-contractors may, from time to time, Process the tenderer's and/or its employees', representatives' and/or sub-contractors' Personal Information, for purposes of, and/or relating to, the tender, the contract and these Conditions of Tender, for research purposes, and/or as otherwise may be envisaged in the CCT's Privacy Notice and/or in relation to the CCT's Supply Chain Management Policy or as may be otherwise permitted by law. This includes the Processing of the latter Personal Information by the CCT's due diligence assurance provider, professional advisors and the Appeal Authority as applicable. The CCT's justification for the processing of such aforesaid Personal Information is based on section 11(1)(b) of POPIA, i.e., in terms of which the CCT's Processing of the said Personal Information is necessary to carry out actions for the conclusion and/or performance of the contract, to which the applicable data subject (envisaged in this clause 2.1.6.6 above) is a party.

All requests relating to data protection must be submitted in writing to:
The City Manager - C/o the Information Officer, Office of the City Manager
Via hand delivery at: 20th Floor, Tower Block, 12 Hertzog Boulevard, Cape Town 8001
Via post at: Private Bag X9181, Cape Town, 8000
Via email at: Popia@capetown.gov.za.

2.1.6.7 Compliance to the CCTs Appeals Policy.

Tender No:14G/2026/27

In terms of the CCT's Appeals Policy, a fixed upfront administration fee will be charged. In addition, a surcharge may be imposed for vexatious and frivolous or otherwise manifestly inappropriate tender related appeals.

The current approved administration fee is R300.00 and may be paid at any of the Municipal Offices or at the Civic Centre in Cape Town using the GL Data Capture Receipt attached as Annexure F.14: Appeal Application Form. Alternatively, via EFT into the CCT's NEDBANK Account: CITY OF CAPE TOWN and using Reference number: 198158966. You are required to send proof of payment when lodging your appeal.

The current surcharge for vexatious and frivolous or otherwise manifestly inappropriate tender related appeals will be calculated as ½ (Administrative cost of the tender appeal) + 0.25 % (Appellant's tender price).

Should the payment of the administration fee of R300.00 or the surcharge not be received, such fee or surcharge will be added as a Sundry Tariff to the bidder's municipal account.

In the event where the bidder does not have a Municipal account with the CCT, the fee or surcharge may be recovered in terms of the CCT's Credit Control and Debt Collection By-law, 2006 (as amended) and its Credit Control and Debt Collection Policy.

2.1.7 CCT Supplier Database Registration

Tenderers are required to be registered on the CCT Supplier Database as a service provider. Tenderers must register as such upon being requested to do so in writing and within the period contained in such a request, failing which no orders can be raised or payments processed from the resulting contract. In the case of Joint Venture partnerships this requirement will apply individually to each party of the Joint Venture.

Tenderers who wish to register on the CCT's Supplier Database may collect registration forms from the Supplier Management Unit located within the Supplier Management / Registration Office, 2nd Floor (Concourse Level), Civic Centre, 12 Hertzog Boulevard, Cape Town (Tel 021 400 9242/3/4/5). Registration forms and related information are also available on the CCT's website www.capetown.gov.za (follow the Supply Chain Management link to Supplier registration).

It is each tenderer's responsibility to keep all the information on the CCT Supplier Database updated.

2.1.8 National Treasury Web Based Central Supplier Database (CSD) Registration

Tenderers are required to be registered on the National Treasury Web Based Central Supplier Database (CSD) as a service provider. Tenderers must register as such upon being requested to do so in writing and within the period contained in such a request, failing which no orders can be raised or payments processed from the resulting contract. In the case of Joint Venture partnerships this requirement will apply individually to each party of the Joint Venture.

Tenderers who wish to register on the National Treasury Web Based Central Supplier Database (CSD) may do so via the web address <https://secure.csd.gov.za>.

It is each tenderer's responsibility to keep all the information on the National Treasury Web Based Central Supplier Database (CSD) updated.

2.2 Tenderer's obligations

2.2.1 Eligibility Criteria

2.2.1.1 Tenderers are obligated to submit a tender offer that complies in all aspects to the conditions as detailed in this tender document and the Conditions of Tender. An acceptable tender must "COMPLY IN ALL" aspects with the tender, Conditions of Tender, all Specifications (i.e., item C.5 below, hereinafter the "Specifications"), pricing instructions herein and the Contract including its conditions.

2.2.1.1.1 Submit a tender offer

Only those tender submissions from which it can be established, *inter alia* that a clear, irrevocable and

unambiguous offer has been made to CCT, by whom the offer has been made and what the offer constitutes, will be declared responsive.

2.2.1.1.2 Compliance with requirements of CCT SCM Policy and procedures

Only those tenders that are compliant with the requirements below will be declared responsive:

- a) A completed **Details of Tenderer** to be provided (applicable schedule below to be completed);
- b) A completed **Certificate of Authority for Partnerships/ Joint Ventures/ Consortiums** to be provided authorising the tender to be made and the signatory to sign the tender on the partnership /joint venture/consortium's (applicable schedule below to be completed);
- c) A copy of the partnership / joint venture / consortium agreement to be provided, where applicable.
- d) A completed **Declaration of Interest – State Employees** to be provided and which does not indicate any non-compliance with the legal requirements relating to state employees (applicable schedule below to be completed);
- e) A completed **Declaration – Conflict of Interest and Declaration of Bidders’ past Supply Chain Management Practices** to be provided and which does not indicate any conflict or past practises that renders the tender non-responsive based on the conditions contained thereon (applicable schedules below to be completed);
- f) A completed **Certificate of Independent Bid Determination** to be provided and which does not indicate any non-compliance with the requirements of the schedule (applicable schedule below to be completed);
- g) The tenderer (including any of its representatives, directors or members), has not been restricted in terms of abuse of the Supply Chain Management Policy,
- h) The tenderer’s tax matters with SARS are in order, or the tenderer is a foreign supplier that is not required to be registered for tax compliance with SARS;
- i) The tenderer is not an advisor or consultant contracted with the CCT whose prior or current obligations creates any conflict of interest or unfair advantage;
- j) The tenderer is not a person, advisor, corporate entity or a director of such corporate entity, who is directly or indirectly involved or associated with the bid specification committee;
- k) A completed **Authorisation for the Deduction of Outstanding Amounts Owed to the CCT** to be provided and which does not indicate any details that renders the tender non-responsive based on the conditions contained thereon (applicable schedules below to be completed);
- l) The tenderer (including any of its representatives, directors or members), has not been found guilty of contravening the Competition Act 89 of 1998, as amended from time to time;
- m) The tenderer (including any of its representatives, directors or members), has not been found guilty on any other basis listed in the Supply Chain Management Policy.

2.2.1.1.3 Compulsory clarification meeting

Not applicable

2.2.1.1.4 Minimum score for functionality

Only those tenders submitted by tenderers who achieve the minimum score for functionality as stated below will be declared responsive.

The description of the functionality criteria and the maximum possible score for each is shown in the table below. The score achieved for functionality will be the sum of the scores achieved, in the evaluation process, for the individual criteria.

Evaluation Criteria	Applicable values/points	Weight
Previous experience (projects):	60	60
Staff:	40	40
Total	100	100

Functionality Criteria	Points for each Criteria	Scoring Criteria	Maximum Points to be scored per sub criteria
<p>PREVIOUS EXPERIENCE (projects completed within the last ten (10) years):</p> <p>Refer Schedule F15.A to be completed for Previous Experience</p> <p>Definitions:</p> <p>Supply Delivery & installation:</p> <p>The company must demonstrate that they have experience in the supply, delivery and installation of steel play equipment.</p> <p>Repair and Maintenance:</p> <p>The company must demonstrate that they have suitable experience in the repair and maintenance of steel play equipment, steel manufacturing and welding (i.e. steel balustrade) as well as the repairs of bases (asphalt, concrete) surrounding the equipment.</p>	<p style="text-align: center;">35</p> <p style="text-align: center;">25</p>	<p>Supply, Delivery & installation</p> <p>1 – 2 project = 6 points</p> <p>More than 2 to 5 projects = 12 points</p> <p>More than 5 to 7 projects = 19 points</p> <p>More than 7 to 9 projects = 24 points</p> <p>More than 10 projects = 35 points</p> <p>Repair and maintenance</p> <p>1 – 2 project = 5 points</p> <p>More than 2 to 5 projects = 9 points</p> <p>More than 5 to 7 project = 13 points</p> <p>More than 7 to 9 projects = 17 points</p> <p>More than 10 projects = 25 points</p>	<p style="text-align: center;">60</p>
<p>Staff Required:</p> <p>Refer Schedule F15.B to be completed for Staff</p> <p>Job Description summary:</p> <ul style="list-style-type: none"> • Engineer – resident or external service provider. <p>Responsible for as built drawings of modular play equipment, signing off on manufacturing process and installations.</p>	<p style="text-align: center;">10</p>	<p>Resident or external engineer:</p> <p>Engineer x 0 (no engineer) = 0 points</p> <p>Engineer x 1 = 10 points</p>	<p style="text-align: center;">40</p>

Functionality Criteria	Points for each Criteria	Scoring Criteria	Maximum Points to be scored per sub criteria
<ul style="list-style-type: none"> Site agent <p>Responsible for project liaison, project implementation, quality assurance and job completion certification.</p>	10	<u>Site agent</u> Site agent 1 = 5 points Site agent >1 = 10 points	
<ul style="list-style-type: none"> Site supervisor <p>Responsible for supervision and management over own staff and installation of all equipment as per Purchase Order on site</p>	10	<u>Site Supervisors</u> Supervisors x 1 = 5 points Supervisors >1 = 10 points	
<ul style="list-style-type: none"> Artisans <p>Responsible for manufacturing and assembling equipment according engineering drawings and instructions.</p>	10	<u>Artisans</u> Artisan x1 = 2 points Artisan x2 = 4 points Artisan x3 = 6 points Artisan x4 = 8 points Artisan x5 = 10 points	
Total score achievable			100

Definition table:

Project	A project may be described as work that the company completed in accordance with the work required for this tender (Supply, delivery, installation, repair and maintenance of steel play equipment).
Engineer	Bidders are to demonstrate that they have a ECSA registered engineer in service, or if outsourced, that their subcontracting entity have the relevant ECSA certification, in terms of the work required for this tender.
Site Agent	Shall be a person conducting work of the contractor in terms of the work required for this tender, with minimum 5 years' experience in such a capacity.
Site Supervisor	Shall be a person conducting work of the contractor in terms of the work required for this tender, with minimum 3 years' experience in such a capacity.
Artisans	Shall be a person conducting work of the contractor and that is trained and is a trade certified artisan in terms of the work required for this tender.

The minimum qualifying score for functionality is **60** out of a maximum of **100**.

NOTE: For a tenderer to score maximum points in the functionality criteria as set out above, it is advised that different previous experience projects are listed under each category, clearly defining either supply and installation or if it were repair and maintenance projects. (refer to schedule F.15A F.15B for completion of information at the bottom of document)

Tenderers shall ensure that all relevant information has been submitted with the tender offer in the prescribed format to ensure optimal scoring of functionality points for each Evaluation Criteria. Failure to provide all information **IN THIS TENDER SUBMISSION** could result in the tenderer not being able to achieve the specified minimum scoring.

Where the entity tendering is a Joint Venture, the tenderer's tender response must be accompanied by a statement describing exactly what aspects of the work will be undertaken by each party to the joint venture.

2.2.1.1.7 Provision of samples

Not applicable.

2.2.2 Cost of tendering

The CCT will not be liable for any costs incurred in the preparation and submission of a tender offer, including the costs of any testing necessary to demonstrate that aspects of the offer complies with requirements.

2.2.3 Check documents

The documents issued by the CCT for the purpose of a tender offer are listed in the index of this tender document.

Before submission of any tender, the tenderer should check the number of pages, and if any are found to be missing or duplicated, or the figures or writing is indistinct, or if the Price Schedule contains any obvious errors, the tenderer must apply to the CCT at once to have the same rectified.

2.2.4 Confidentiality and copyright of documents

The tenderer shall treat as strictly confidential all matters arising in connection with the tender. Use and copy the documents issued by the CCT only for the purpose of preparing and submitting a tender offer in response to the invitation.

2.2.5 Reference documents

The tenderer shall obtain, as necessary for submitting a tender offer, copies of the latest versions of standards, specifications, Conditions of Contract and other publications, which are not attached but which are incorporated into the tender document(s) by reference.

2.2.6 Acknowledge and comply with notices

The tenderer shall acknowledge receipt of notices to the tender documents, which the CCT may issue, and shall fully comply with all instructions issued in the said notices, and if necessary, apply for an extension of the closing time stated on the front page of the tender document, in order to take the notices into account. Notwithstanding any requests for confirmation of receipt of the said notices issued, the tenderer shall be deemed to have received such notices if the CCT can show proof of transmission thereof via electronic mail, facsimile, or registered post or other lawful means.

2.2.7 Clarification meeting

The tenderer shall attend, where required, a clarification meeting at which tenderers may familiarise themselves with aspects of the proposed work, services or supply and pose questions. Details of the meeting(s) are stated in the General Tender Information (i.e., in item T.1 above).

Tenderers should be represented at the site visit/clarification meeting by a duly authorised person who is suitably qualified and experienced to comprehend the implications of the work involved.

2.2.8 Seek clarification

The tenderer shall request clarification of the tender documents, if necessary, by notifying the CCT at least one week before the closing time stated in the General Tender Information (i.e., in item T.1 above), where possible.

2.2.9 Pricing the tender offer

2.2.9.1 The tenderer shall comply with all pricing instructions as stated on the Price Schedule.

2.2.10 Alterations to documents

The tenderer shall not make any alterations or additions to the tender documents, except to comply with instructions issued by the CCT in writing, or necessary to correct errors made by the tenderer. All signatories to the tender offer shall initial all such alterations.

2.2.11 Alternative tender offers

2.2.11.1 Unless otherwise stated in the Conditions of Tender, the tenderers may submit alternative tender offers only if a main tender offer, strictly in accordance with all the requirements of the tender documents, is also submitted.

If a tenderer wishes to submit an alternative tender offer, he/she/it shall do so as a separate offer on a complete set of tender documents. The alternative tender offer shall be submitted in a separate sealed envelope clearly marked "Alternative Tender" in order to distinguish it from the main tender offer.

Only the alternative of the highest ranked acceptable main tender offer (that is, submitted by the same tenderer) will be considered, and if appropriate, recommended for award.

Alternative tender offers of any but the highest ranked main tender offer will not be considered.

An alternative tender offer to the highest ranked acceptable main tender offer that is priced higher than the main tender offer may be recommended for award, provided that the ranking of the alternative tender offer is higher than the ranking of the next ranked acceptable main tender offer.

The CCT will not be bound to consider alternative tenders and shall have sole discretion in this regard.

In the event that the alternative is accepted, the tenderer warrants that the alternative offer complies in all respects with the CCT's standards and requirements as set out in the tender document.

2.2.11.2 Acceptance of an alternative tender offer by the CCT may be based only on the criteria stated in the Conditions of Tender or applicable criteria otherwise acceptable to the CCT.

2.2.12 Submitting a tender offer

2.2.12.1 The tenderer is required to submit one tender offer only on the original tender documents as issued by the CCT, either as a single tendering entity or as a member in a joint venture to provide the whole of the works, services or supply identified in the Conditions of Contract and described in the Specifications. Only those tenders submitted on the tender documents as issued by the CCT together with all Tender Returnable Documents duly completed and signed will be declared responsive.

2.2.12.2 The tenderer shall return the entire tender document to the CCT after completing it in its entirety, either electronically (if they were issued in electronic format) or by writing legibly in non-erasable ink.

2.2.12.3 The tenderer shall sign the original tender offer where required in terms of the Conditions of Tender. The tender shall be signed by a person duly authorised by the tenderer to do so. Tenders submitted by joint ventures of two or more firms shall be accompanied by the document of formation / founding document of the joint venture or any other document signed by all Parties, in which is defined precisely the conditions under which the joint venture will function, its period of duration, the persons authorised to represent and obligate it, the participation of the several firms forming the joint venture, and any other information necessary to permit a full appraisal of its functioning. Signatories for tenderers proposing to contract as joint ventures shall state which of the signatories is the lead partner.

2.2.12.4 Where a two-envelope system is required in terms of the Conditions of Tender, place and seal the

returnable documents listed in the Conditions of Tender in an envelope marked "financial proposal" and place the remaining returnable documents in an envelope marked "technical proposal". Each envelope shall state on the outside the CCT's address and identification details stated in the General Tender Information (i.e., item T.1 above), as well as the tenderer's name and contact address.

2.2.12.5 The tenderer shall seal the original tender offer and copy packages together in an outer package that states on the outside only the CCT's address and identification details as stated in the General Tender Information. . If it is not possible to submit the original tender and the required copies (see 2.2.12.3) in a single envelope, then the tenderer must seal the original and each copy of the tender offer as separate packages marking the packages as "ORIGINAL" and "COPY" in addition to the aforementioned tender submission details.

2.2.12.6 The CCT shall not assume any responsibility for the misplacement or premature opening of the tender offer if the outer package is not sealed and marked as stated.

2.2.12.7 Tender offers submitted by facsimile or e-mail will be rejected by the CCT, unless stated otherwise in the Conditions of Tender.

2.2.12.8 By signing the offer part of the Form of Offer (**Section 5, Part A hereto**) the tenderer warrants and agrees that all information provided in the tender submission is true and correct.

2.2.12.9 Tenderers shall properly deposit its bid in the designated tender box (as detailed on the front page of this tender document) on or before the closing date and before the closing time, in the relevant tender box at the Tender & Quotation Boxes Office situated on the 2nd floor, Concourse Level, Civic Centre, 12 Hertzog Boulevard, Cape Town. If the tender submission is too large to fit in the allocated box, please enquire at the public counter for assistance.

2.2.12.10 The tenderer must record and reference all information submitted contained in other documents for example cover letters, brochures, catalogues, etc. in the Returnable Schedule titled **List of Other Documents Attached by Tenderer**.

2.2.13 Information and data to be completed in all respects

Tender offers, which do not provide all the data or information requested completely and in the form required, may be regarded by the CCT as non-responsive.

2.2.14 Closing time

2.2.14.1 The tenderer shall ensure that the CCT receives the tender offer, together with all applicable documents specified herein, at the address specified in the General Tender Information herein prior to the closing time stated on the front page of the tender document.

2.2.14.2 If the CCT extends the closing time stated on the front page of the tender document for any reason, the requirements of these Conditions of Tender apply equally to the extended deadline.

2.2.14.3 The CCT shall not consider tenders that are received after the closing date and time for such a tender (late tenders).

2.2.15 Tender offer validity and withdrawal of tenders

2.2.15.1 The tenderer shall warrant that the tender offer(s) remains valid, irrevocable and open for acceptance by the CCT at any time for a period of 120 days after the closing date stated on the front page of the tender document.

2.2.15.2 Notwithstanding the period stated in clause 2.2.15.1 above, bids shall remain valid for acceptance for a period of twelve (12) months after the expiry of the original validity period, unless the CCT is notified in writing of anything to the contrary by the bidder. The validity of bids may be further extended by a period of not more than six months subject to mutual agreement by the parties, administrative processes and upon approval by the City Manager, unless the required extension is as a result of an appeal process or court ruling.

In circumstances where the validity period of a tender has expired, and the tender has not been

awarded, the tender process is considered "completed", despite there being no decision (award or cancellation) made. This anomaly does not fall under any of the listed grounds of cancellation and should be treated as a "non award". A "non award" is supported as a recommendation to the CCT's Bod Adjudication Committee ("BAC") for noting.

2.2.15.3 A tenderer may request in writing, after the closing date, that its tender offer be withdrawn. Such withdrawal will be permitted or refused at the sole discretion of the CCT after consideration of the reasons for the withdrawal, which shall be fully set out by the tenderer in such written request for withdrawal. Should the tender offer be withdrawn in contravention hereof, the tenderer agrees that:

- a) it shall be liable to the CCT for any additional expense incurred or losses suffered by the CCT in having either to accept another tender or, if new tenders have to be invited, the additional expenses incurred or losses suffered by the invitation of new tenders and the subsequent acceptance of any other tender;
- b) the CCT shall also have the right to recover such additional expenses or losses by set-off against monies which may be due or become due to the tenderer under this or any other tender or contract or against any guarantee or deposit that may have been furnished by the tenderer or on its behalf for the due fulfilment of this or any other tender or contract. Pending the ascertainment of the amount of such additional expenses or losses, the CCT shall be entitled to retain such monies, guarantee or deposit as security for any such expenses or loss, without prejudice to the CCT's other rights and/or remedies available to it in accordance with any applicable laws.

2.2.16 Clarification of tender offer, or additional information, after submission

Tenderers shall promptly provide clarification of its tender offer, or additional information, in response to a written request to do so from the CCT during the evaluation of tender offers within the time period stated in such request. No change in the competitive position of tenderers or substance of the tender offer is sought, offered, or permitted.

Note: This clause does not preclude the negotiation of the final terms of the contract with a preferred tenderer following a competitive selection process, should the CCT elect to do so.

Failure, or refusal, to provide such clarification or additional information within the time for submission stated in the CCT's written request may render the tender non-responsive.

2.2.17 Provide other material

2.2.17.1 Tenderer's shall promptly provide, upon request by the CCT, any other material that has a bearing on the tender offer, the tenderer's commercial position (including joint venture agreements), preferencing arrangements, or samples of materials, considered necessary by the CCT for the purpose of the evaluation of the tender. Should the tenderer not provide the material, or a satisfactory reason as to why it cannot be provided, by the time for submission stated in the CCT's request, the CCT may regard the tender offer as non-responsive.

2.2.17.2 The tenderer shall provide, on written request by the CCT, where the transaction value inclusive of VAT **exceeds R 10 million**:

- a) audited annual financial statement for the past 3 years, or for the period since establishment if established during the past 3 years, if required by law to prepare annual financial statements for auditing;
- b) a certificate signed by the tenderer certifying that the tenderer has no undisputed commitments for municipal services towards a municipality or other service provider in respect of which payment is overdue for more than 30 days;
- c) particulars of any contracts awarded to the tenderer by an organ of state during the past five years, including particulars of any material non-compliance or dispute concerning the execution of such contract;
- d) a statement indicating whether any portion of the goods or services are expected to be sourced from outside the Republic, and, if so, what portion and whether any portion of payment from the municipality or municipal entity is expected to be transferred out of the Republic.

Each entity to a Consortium/Joint Venture bid shall submit separate certificates/statements in the

above regard.

2.2.17.3 Tenderers shall be required to undertake to fully cooperate with the CCT's external service provider appointed to perform a due diligence review and risk assessment upon receipt of such written instruction from the CCT.

2.2.18 Samples, Inspections, tests and analysis

Tenderers shall provide access during working hours to premises for inspections, tests and analysis as provided for in the Conditions of Tender or Specifications.

If the Specifications requires the tenderer to provide samples, these shall be provided strictly in accordance with the instructions set out in the Specification.

If such samples are not submitted as required in the bid documents or within any further time stipulated by the CCT in writing, then the bid concerned may be declared non-responsive.

The samples provided by all successful bidders will be retained by the CCT for the duration of any subsequent contract. Bidders are to note that samples are requested for testing purposes therefore samples submitted to the CCT may not in all instances be returned in the same state of supply and in other instances may not be returned at all. Unsuccessful bidders will be advised by the Project Manager or dedicated CCT Official to collect their samples, save in the aforementioned instances where the samples would not be returned.

2.2.19 Certificates

The tenderer must provide the CCT with all certificates as stated below:

2.2.19.1. Preference Points for Specific Goals

In order to qualify for preference points for Specific Goals, it is the responsibility of the tenderer to submit sufficient, relevant and verifiable documentary proof in support of any claim for preference points. Failure to submit adequate and verifiable evidence may result in the non-awarding of preference points claimed.

Tenderers are further referred to the Preference Schedule for the detailed methodology, scoring criteria, and conditions applicable to the allocation of preference points for Specific Goals.

2.2.19.2 Evidence of tax compliance

Tenderers shall be registered with the South African Revenue Service (SARS) and their tax affairs must be in order and they must be tax compliant subject to the requirements of clause 2.2.1.1.2.h. In this regard, it is the responsibility of the Tenderer to submit evidence in the form of a valid Tax Compliance Status PIN issued by SARS to the CCT at the Supplier Management Unit located within the Supplier Management / Registration Office, 2nd Floor (Concourse Level), Civic Centre, 12 Hertzog Boulevard, Cape Town (Tel 021 400 9242/3/4/5), or included with this tender. The tenderer must record its Tax Compliance Status PIN number on the **Details of Tenderer** pages of the tender submission.

Each party to a Consortium/Joint Venture shall submit a separate Tax Compliance Status Pin.

Before making an award the CCT must verify the bidder's tax compliance status. Where the recommended bidder is not tax compliant, the bidder should be notified of the non-compliant status and be requested to submit to the CCT, within 7 working days, written proof from SARS that they have made arrangement to meet their outstanding tax obligations. The proof of tax compliance submitted by the bidder must be verified by the CCT via CSD or e-Filing. The CCT should reject a bid submitted by the bidder if such bidder fails to provide proof of tax compliance within the timeframe stated herein.

Only foreign suppliers who have answered "NO" to all the questions contained in the Questionnaire to Bidding Foreign Suppliers section on the **Details of Tenderer** pages of the tender submission, are not required to register for a tax compliance status with SARS.

2.2.20 Compliance with Occupational Health and Safety Act, 85 of 1993

Tenderers are to note the requirements of the Occupational Health and Safety Act, 85 of 1993. The Tenderer shall be deemed to have read and fully understood the requirements of the above Act and Regulations and to have allowed for all costs in compliance therewith.

In this regard the Tenderer shall submit **upon written request to do so by the CCT**, a Health and Safety Plan in sufficient detail to demonstrate the necessary competencies and resources to deliver the goods or services all in accordance with the Act, Regulations and Health and Safety Specification.

2.2.21 Claims arising from submission of tender

By responding to the tender herein, the tenderer warrants that it has:

- a) Inspected the Specifications and read and fully understood the Conditions of Contract.
- b) Read and fully understood the whole text of the Specifications and Price Schedule and thoroughly acquainted himself with the nature of the goods or services proposed and generally of all matters which may influence the Contract.
- c) visited the site(s) where delivery of the proposed goods will take place, carefully examined existing conditions, the means of access to the site(s), the conditions under which the delivery is to be made, and acquainted himself with any limitations or restrictions that may be imposed by the Municipal or other Authorities in regard to access and transport of materials, plant and equipment to and from the site(s) and made the necessary provisions for any additional costs involved thereby.
- d) requested the CCT to clarify the actual requirements of anything in the Specifications and Price Schedule, the exact meaning or interpretation of which is not clearly intelligible to the Tenderer.
- e) Received any notices to the tender documents which have been issued in accordance with the CCT's Supply Chain Management Policy.

The CCT will therefore not be liable for the payment of any extra costs or claims arising from the submission of the tender.

2.2.22 Collection and issuing of tender documents

The CCT will only issue tender documents through its Tender Distribution Office and/or the official CCT tender portal. Bidders who obtain documents through any means other than described herein, will not be known to the CCT and may thus not receive tender notices and addendums. Tenderers are not allowed to distribute tender documents to other potential bidders.

It is the responsibility of bidders who obtain documents through any means other than described herein, to notify the CCT tender representative thereof that they are participating in the tender. The CCT accepts no liability for any tender notices or addendums not reaching any bidders, who obtained documents through any means other than described herein or who provided incorrect contact details to the CCT.

2.3 The CCT's undertakings

2.3.1 Respond to requests from the tenderer

2.3.1.1 Unless otherwise stated in the Conditions of Tender, the CCT shall respond to a request for clarification received up to one week (where possible) before the tender closing time stated on the front page of the tender document.

2.3.1.2 The CCT's duly authorised representative for the purpose of this tender is stated on the General Tender Information page above.

2.3.2 Issue Notices

If necessary, the CCT may issue addenda in writing that may amend or amplify the tender documents to each tenderer during the period from the date the tender documents are available until one week before the tender closing time stated in the Tender Data. The CCT reserves its rights to issue addenda less than one week before the tender closing time in exceptional circumstances. If, as a result a tenderer applies for an extension to the closing time stated on the front page of the tender document, the CCT may grant such extension and, shall then notify all tenderers who drew documents.

Notwithstanding any requests for confirmation of receipt of notices issued, the tenderer shall be deemed to have received such notices if the CCT can show proof of transmission thereof via electronic mail, facsimile or registered post.

2.3.3 Opening of tender submissions

2.3.3.1 Unless the two-envelope system is to be followed, CCT shall open tender submissions in the presence of tenderers' agents who choose to attend at the time and place stated in the Conditions of Tender.

Tenders will be opened immediately after the closing time for receipt of tenders as stated on the front page of the tender document, or as stated in any Notice extending the closing date and at the closing venue as stated in the General Tender Information.

2.3.3.2 Announce at the meeting held immediately after the opening of tender submissions, at the closing venue as stated in the General Tender Information, the name of each tenderer whose tender offer is opened and, where possible, the prices indicated.

2.3.3.3 Make available a record of the details announced at the tender opening meeting on the CCT's website (<http://www.capetown.gov.za/en/SupplyChainManagement/Pages/default.aspx>.)

2.3.4 two-envelope system

2.3.4.1 Where stated in the Conditions of Tender that a two-envelope system is to be followed, the CCT shall open only the technical proposal of tenders in the presence of tenderers' agents who choose to attend at the time and place stated in the Conditions of Tender and announce the name of each tenderer whose technical proposal is opened.

2.3.4.2 The CCT shall evaluate the quality of the technical proposals offered by tenderers, then advise tenderers who have submitted responsive technical proposals of the time and place when the financial proposals will be opened. The CCT shall open only the financial proposals of tenderers, who have submitted responsive technical proposals in accordance with the requirements as stated in the Conditions of Tender, and announce the total price and any preference claimed. Return unopened financial proposals to tenderers whose technical proposals were non responsive.

2.3.5 Non-disclosure

The CCT shall not disclose to tenderers, or to any other person not officially concerned with such processes, information relating to the evaluation and comparison of tender offers and recommendations for the award of a contract, until after the award of the contract to the successful tenderer.

2.3.6 Grounds for rejection and disqualification

The CCT shall determine whether there has been any effort by a tenderer to influence the processing of tender offers and instantly disqualify a tenderer (and his tender offer) if it is established that he engaged in corrupt or fraudulent practices.

2.3.7 Test for responsiveness

2.3.7.1 Appoint a Bid Evaluation Committee and determine after opening whether each tender offer properly received:

- a) complies with the requirements of these Conditions of Tender,
- b) has been properly and fully completed and signed, and
- c) is responsive to the other requirements of the tender documents.

2.3.7.2 A responsive tender is one that conforms to all the terms, conditions, and specifications of the tender documents without material deviation or qualification. A material deviation or qualification is one which, in the CCT's opinion, would:

- a) Detrimentially affect the scope, quality, or performance of the goods, services or supply identified in the Specifications,
 - b) Significantly change the CCT's or the tenderer's risks and responsibilities under the contract,
- or

- c) affect the competitive position of other tenderers presenting responsive tenders, if it were to be rectified.

Reject a non-responsive tender offer, and not allow it to be subsequently made responsive by correction or withdrawal of any material deviation or qualification.

The CCT reserves the right to accept a tender offer which does not, in the CCT's opinion, materially and/or substantially deviate from the terms, conditions, and specifications of the tender documents.

2.3.8 Arithmetical errors, omissions and discrepancies

2.3.8.1 Check the responsive tenders for:

- a) The gross misplacement of the decimal point in any unit rate;
- b) Omissions made in completing the Price Schedule; or
- c) Arithmetic errors in:
 - i) line item totals resulting from the product of a unit rate and a quantity in the Price Schedule; or
 - ii) The summation of the prices; or
 - iii) Calculation of individual rates.

2.3.8.2 The CCT must correct the arithmetical errors in the following manner:

- a) Where there is a discrepancy between the amounts in words and amounts in figures, the amount in words shall govern.
- b) If pricing schedules apply and there is an error in the line item total resulting from the product of the unit rate and the quantity, the line item total shall govern and the rate shall be corrected. Where there is an obviously gross misplacement of the decimal point in the unit rate, the line item total as tendered shall govern, and the unit rate shall be corrected.
- c) Where there is an error in the total of the prices either as a result of other corrections required by this checking process or in the tenderer's addition of prices, the total of the prices shall govern and the tenderer will be asked to revise selected item prices (and their rates if Price Schedules apply) to achieve the tendered total of the prices.

Consider the rejection of a tender offer if the tenderer does not correct or accept the correction of the arithmetical error in the manner described above.

2.3.8.3 In the event of tendered rates or lump sums being declared by the CCT to be unacceptable to it because they are not priced, either excessively low or high, or not in proper balance with other rates or lump sums, the tenderer may be required to produce evidence and advance arguments in support of the tendered rates or lump sums objected to. If, after submission of such evidence and any further evidence requested, the CCT is still not satisfied with the tendered rates or lump sums objected to, it may request the tenderer to amend these rates and lump sums along the lines indicated by it.

The tenderer will then have the option to alter and/or amend the rates and lump sums objected to and such other related amounts as are agreed on by the CCT, but this shall be done without altering the tender offer in accordance with this clause.

Should the tenderer fail to amend his tender in a manner acceptable to and within the time stated by the CCT, the CCT may declare the tender as non-responsive.

2.3.9 Clarification of a tender offer

The CCT may, after the closing date, request additional information or clarification from tenderers, in writing on any matter affecting the evaluation of the tender offer or that could give rise to ambiguity in a contract arising from the tender offer, which written request and related response shall not change or affect their competitive position or the substance of their offer. Such request may only be made in writing by the Director: Supply Chain Management using any means as appropriate.

2.3.10 Evaluation of tender offers

2.3.10.1 General

2.3.10.1.1 The CCT may reduce each responsive tender offer to a comparative price and evaluate them using the tender evaluation methods and associated evaluation criteria and weightings that are specified in the Conditions of Tender.

2.3.10.1.2 For evaluation purposes only, the effects of the relevant contract price adjustment methods will be considered in the determination of comparative prices as follows:

- a) If the selected method is based on bidders supplying rates or percentages for outer years, comparative prices would be determined over the entire contract period based on such rates or percentages.
- b) If the selected method is based on a formula, indices, coefficients, etc. that is the same for all bidders during the contract period, comparative prices would be the prices as tendered for year one.
- c) If the selected method is based on a formula, indices, coefficients, etc. that varies between bidders, comparative prices would be determined over the entire contract period based on published indices relevant during the 12 months prior to the closing date of tenders.
- d) If the selected method includes an imported content requiring rate of exchange variation, comparative prices would be determined based on the exchange rates tendered for the prices as tendered for year one. The rand equivalent of the applicable currency 14 days prior to the closing date of tender will be used (the CCT will check all quoted rates against those supplied by its own bank).
- e) If the selected method is based on suppliers' price lists, comparative prices would be the prices as tendered for year one.
- f) If the selected method is based on suppliers' price lists and / or rate of exchange, comparative prices would be determined as tendered for year one whilst taking into account the tendered percentage subject to rate of exchange (see sub clause (d) for details on the calculation of the rate of exchange).

2.3.10.1.3 Where the scoring of functionality forms part of a bid process, each member of the Bid Evaluation Committee must individually score functionality. The individual scores must then be interrogated and calibrated if required where there are significant discrepancies. The individual scores must then be added together and averaged to determine the final score.

2.3.10.2 Decimal places

Score financial offers, preferences and functionality, as relevant, to two decimal places.

2.3.10.3 Scoring of tenders (price and preference)

2.3.10.3.1 Points for price will be allocated in accordance with the formula set out in this clause based on the price per item / rates as set out in the **Price Schedule (Section 7)**:

- Based on the sum of the prices/rates in relation to a typical project/job.

2.3.10.3.2 Points for preference will be allocated in accordance with the provisions of **Preference Schedule** and the table in this clause.

2.3.10.3.3 The terms and conditions of **Preference Schedule** as it relates to preference shall apply in all respects to the tender evaluation process and any subsequent contract.

2.3.10.3.4 Applicable formula:

The 90/10 price/preference points system will be applied to the evaluation of responsive tenders above a Rand value of R50'000'000 (all applicable taxes included), whereby the order(s) will be placed with the tenderer(s) scoring the highest total number of adjudication points.

Price shall be scored as follows:

$$P_s = 90 \times \left(1 - \frac{(P_t - P_{min})}{P_{min}}\right)$$

Where: P_s is the number of points scored for price;
 P_t is the price of the tender under consideration;
 P_{min} is the price of the lowest responsive tender.

Preference points shall be based on the Specific Goal as per below:

Table B2: Awards above R50 mil (VAT Inclusive)

#	Specific goals allocated points	Preference Points (90/10)
	<i>Reconstruction and Development Programme (RDP) as published in Government Gazette</i>	
1	<p>Promotion of Micro and Small Enterprises</p> <p><i>Micro with a turnover up to R20million and Small with a turnover up to R80 million as per National Small Enterprise Act, 1996 (Act No.102 of 1996)</i></p> <p><i>SME partnership, sub-contracting, joint venture or consortiums</i></p>	4
2	<p>Enterprise Supplier Development and Socio Economic Development</p> <p><i>> 15% of total expenditure = 3 points</i></p> <p><i>> 10% up to 15% of total expenditure = 2 points</i></p> <p><i>>= 5% up to 10% of total expenditure = 1 points</i></p> <p><i>< 5% of total expenditure = 0 points</i></p>	3
3	<p>Skills Development OR Employee Share Scheme</p> <p>Skills Development</p> <p><i>> 5% of total profit = 3 points</i></p> <p><i>> 3% up to 5% of total profit = 2 points</i></p> <p><i>>= 1% up to 3% of total profit = 1 points</i></p> <p><i>< 1% of total profit = 0 points</i></p> <p>OR Employee Share Scheme</p> <p><i>> 15% employee ownership = 3 points</i></p> <p><i>> 10% up to 15% employee ownership = 2 point</i></p> <p><i>>= 5% up to 10% employee ownership = 1 point</i></p> <p><i>< 5% employee ownership = 0 point</i></p>	3
	Total points	10

2.3.10.5 Risk Analysis

Notwithstanding compliance with regard to any requirements of the tender, the CCT will perform a risk analysis in respect of the following:

- a) reasonableness of the financial offer
- b) reasonableness of unit rates and prices
- c) the tenderer's ability to fulfil its obligations in terms of the tender document, that is, that the tenderer can demonstrate that he/she possesses the necessary professional and technical qualifications, professional and technical competence, financial resources, equipment and other physical facilities, managerial capability, reliability, capacity, experience, reputation, personnel to perform the contract, etc.; the CCT reserves the right to consider a tenderer's existing contracts with the CCT in this regard
- d) any other matter relating to the submitted bid, the tendering entity, matters of compliance, verification of submitted information and documents, etc.

The conclusions drawn from this risk analysis will be used by the CCT in determining the acceptability of the tender offer.

No tenderer will be recommended for an award unless the tenderer has demonstrated to the satisfaction of the CCT that he/she has the resources and skills required.

2.3.11 Negotiations with preferred tenderers

The CCT may negotiate the final terms of a contract with tenderers identified through a competitive tendering process as preferred tenderers provided that such negotiation:

- a) Does not allow any preferred tenderer a second or unfair opportunity;
- b) Is not to the detriment of any other tenderer; and
- c) Does not lead to a higher price than the tender as submitted.

If negotiations fail to result in acceptable contract terms, the City Manager (or his delegated authority) may terminate the negotiations and cancel the tender, or invite the next ranked tenderer for negotiations. The original preferred tenderer should be informed of the reasons for termination of the negotiations. If the decision is to invite the next highest ranked tenderer for negotiations, the failed earlier negotiations may not be reopened by the CCT.

Minutes of any such negotiations shall be kept for record purposes.

The provisions of this clause will be equally applicable to any invitation to negotiate with any other tenderers.

In terms of the CCT's SCM Policy, tenders must be cancelled in the event that negotiations fail to achieve a market related price with any of the three highest scoring tenderers.

2.3.12 Acceptance of tender offer

Notwithstanding any other provisions contained in the tender document, the CCT reserves the right to:

2.3.12.1 Accept a tender offer(s) which does not, in the CCT's opinion, materially and/or substantially deviate from the terms, conditions, and specifications of the tender document.

2.3.12.2 Accept the whole tender or part of a tender or any item or part of any item or items from multiple manufacturers, or to accept more than one tender (in the event of a number of items being offered), and the CCT is not obliged to accept the lowest or any tender.

2.3.12.3 Accept the tender offer(s), if in the opinion of the CCT, it does not present any material risk and only if the tenderer(s):

- a) is not under restrictions, has any principals who are under restrictions, or is not currently a supplier to whom notice has been served for abuse of the supply chain management system, preventing participation in the CCT's procurement,
- b) can, as necessary and in relation to the proposed contract, demonstrate that he or she possesses the professional and technical qualifications, professional and technical

competence, financial resources, equipment and other physical facilities, managerial capability, reliability, experience and reputation, expertise and the personnel, to perform the contract,

- c) has the legal capacity to enter into the contract,
- d) is not insolvent, in receivership, under Business Rescue as provided for in chapter 6 of the Companies Act, 2008, bankrupt or being wound up, has his affairs administered by a court or a judicial officer, has suspended his business activities, or is subject to legal proceedings in respect of any of the foregoing, complies with the legal requirements, if any, stated in the tender data, and
- e) is able, in the opinion of the CCT, to perform the contract free of conflicts of interest.

If an award cannot be made in terms of anything contained herein, the CCT reserves the right to consider the next ranked tenderer(s).

2.3.12.4 The CCT reserves the right not to make an award, or revoke an award already made, where the implementation of the contract may result in reputational risk or harm to the CCT as a result of (inter alia):

- a) reports of poor governance or unethical behaviour, or both;
- b) association with known notorious individuals and family of notorious individuals;
- c) poor performance issues, known to the CCT;
- d) negative media reports, including negative social media reports;
- e) adverse assurance (e.g. due diligence) report outcomes; and
- f) circumstances where the relevant vendor has employed, or is directed by, anyone who was previously employed in the service of the state (as defined in clause 1.53 of the SCM Policy), where the person is or was negatively implicated in any SCM irregularity.

2.3.12.5 The CCT reserves the right to nominate an Standby Bidder at the time when an award is made and in the event that a contract is terminated during the execution thereof, the CCT may consider the award of the contract, or non-award, to the Standby Bidder in terms of the procedures included its SCM Policy.

2.3.13 Prepare contract documents

2.3.13.1 If necessary, revise documents that shall form part of the contract and that were issued by the CCT as part of the tender documents to take account of:

- a) Notices issued during the tender period,
- b) Inclusion of some of the returnable documents, and
- c) Other revisions agreed between the CCT and the successful tenderer.

2.3.13.2 Complete the schedule of deviations attached to the form of offer and acceptance, if any.

2.3.14 Notice to successful and unsuccessful tenderers

2.3.14.1 Before accepting the tender of the successful tenderer the CCT shall notify the successful tenderer in writing of the decision of the CCT's Bid Adjudication Committee to award the tender to the successful tenderer. No rights shall accrue to the successful tenderer in terms of this notice

2.3.14.2 The CCT shall, at the same time as notifying the successful tenderer of the Bid Adjudication Committee's decision to award the tender to the successful tenderer, also give written notice to the other tenderers informing them that they have been unsuccessful.

2.3.15 Provide written reasons for actions taken

Provide upon request written reasons to tenderers for any action that is taken in applying these Conditions of Tender, but withhold information which is not in the public interest to be divulged, which is considered to prejudice the legitimate commercial interests of tenderers or might prejudice fair competition between tenderers.

TENDER:14G/2026/27 THE SUPPLY, INSTALLATION, REPAIRS AND MAINTENANCE OF STEEL PLAY PARK EQUIPMENT FOR COMMUNITY SERVICES AND HEALTH DIRECTORATE

C.2.2 Acceptance (To Be Completed by the CCT)

By signing this part of this *Form of Offer and Acceptance*, the CCT accepts the tenderer's (if awarded the Supplier's) offer. In consideration thereof, the CCT shall pay the Supplier the amount due in accordance with the conditions of contract. Acceptance of the Supplier's offer shall form an agreement between the CCT and the Supplier upon the terms and conditions contained in this document.

The terms of the agreement are contained in the Contract (as defined) including drawings and documents or parts thereof, which may be incorporated by reference.

Deviations from and amendments to the documents listed in the tender data and any addenda thereto as listed in the *Tender Returnable Documents* as well as any changes to the terms of the offer agreed by the tenderer and the CCT during this process of offer and acceptance, are contained in the *Schedule of Deviations* attached to and forming part of this *Form of Offer and Acceptance*. No amendments to or deviations from said documents are valid unless contained in the *Schedule of Deviations*.

The Supplier shall within 2 (two) weeks after receiving a complete, copy of the Contract, including the *Schedule of Deviations* (if any), contact the CCT to arrange the delivery of any securities, bonds, guarantees, proof of insurance and any other documents to be provided in terms the *Special Conditions of Contract*. Failure to fulfil any of these obligations in accordance with those terms shall constitute a repudiation / breach of the agreement.

Notwithstanding anything contained herein, this agreement comes into effect on the Commencement Date, being the date upon which the Supplier confirms receipt from the CCT of 1 (one) complete, signed copy of the Contract, including amendments or deviations contained in the *Schedule of Deviations* (if any).

C.2.3 Schedule of Deviations (To be Completed by the CCT upon Acceptance)

Notes:

1. The extent of deviations from the tender documents issued by the CCT before the tender closing date, is limited to those permitted in terms of the conditions of tender.
2. A tenderer's covering letter shall not be included in the final Contract document. Should any matter in such letter, which constitutes a deviation as aforesaid, become the subject of agreements reached during the process of offer and acceptance, the outcome of such agreement shall be recorded here.
3. Any other matter arising from the process of offer and acceptance either as a confirmation, clarification or change to the tender documents and which it is agreed by the Parties to become an obligation of the Contract, shall be recorded here.
4. Any change or addition to the tender documents arising from the above agreements and recorded here, shall form part of the Contract.

C.4. PRICING SCHEDULE

Bid specifications may not make any reference to any particular trademark, name, patent, design, type, specific origin or producer, unless there is no other sufficiently precise or intelligible way of describing the characteristics of the work, in which case such reference must be accompanied by the words "or equivalent".

TENDERERS MUST NOTE THAT WHEREVER THIS DOCUMENT REFERS TO ANY PARTICULAR TRADEMARK, NAME, PATENT, DESIGN, TYPE, SPECIFIC ORIGIN OR PRODUCER, SUCH REFERENCE SHALL BE DEEMED TO BE ACCOMPANIED BY THE WORDS 'OR EQUIVALENT'

CATEGORY A: SUPPLY, DELIVERY AND INSTALLATION OF NEW STEEL PLAY EQUIPMENT			
ITEM	DESCRIPTION	UNIT OF MEASUREMENT	RATE (Excluding VAT)
1	2 AND 4 SEATER SEE-SAWS ALL SEE-SAWS MUST BE SUPPLIED IN ACCORDANCE WITH SPECIFICATIONS AND DRAWINGS: Drawing Ref: SP_TSS/DP/01 (A)+(B) & SP_TSS/DP/02 (A) + (B)		
1.1	Supply and Delivery of 2 Seater See-Saws	Each	
1.2	Installation only of the above-mentioned item	Each	
1.3	Supply, delivery and installation of the above-mentioned item	Each	
1.4	Supply and Delivery of 4 Seater See-Saws	Each	
1.5	Installation only of the above-mentioned item	Each	
1.6	Supply, delivery and installation of the above-mentioned item	Each	
1.7	Option of Powder coating of 2 Seater See-Saws item	Each	
1.8	Option of Powder coating of 4 Seater See-Saws item	Each	
1.9	Supply and install arched cover plate for see-saw	Each	
2	JOY WHEELS ALL JOY WHEELS MUST BE SUPPLIED IN ACCORDANCE WITH SPECIFICATIONS AND DRAWINGS Drawing Ref: SP_TSS/DP/03 (A)+(B)		
2.1	Supply and delivery of Joy Wheels	Each	
2.2	Installation only of the above-mentioned item	Each	
2.3	Supply, delivery and installation of the above-mentioned item	Each	
2.4	Option of Powder coating of Joy Wheel item	Each	
3	WHIRLING PLATFORMS - METAL: ALL WHIRLING PLATFORMS MUST BE SUPPLIED IN ACCORDANCE WITH SPECIFICATIONS AND DRAWINGS Drawing Ref: SP_TSS/DP/04 (A)+(B)		
3.1	Supply and Delivery of whirling platforms	Each	
3.2	Installation only of the above-mentioned item	Each	
3.3	Supply, delivery and installation of the above-mentioned item	Each	
3.4	Option of Powder coating of whirling platforms item	Each	

4	2M AND 1.45M SLIDES: ALL SLIDES MUST BE SUPPLIED IN ACCORDANCE WITH SPECIFICATIONS AND DRAWINGS Drawing Ref: SP_TSS/DP/05 (A)+(B) & SP_TSS/DP/06 (A)+(B)		
4.1	Supply and Delivery of 2m Slides with side steps, stainless steel chute with Meranti timber sides	Each	
4.2	Installation only of the above-mentioned 2m Slides item with side steps, stainless steel chute with Meranti timber sides	Each	
4.3	Supply, delivery and installation of the above-mentioned item	Each	
4.4	Supply and Delivery of 2m Slides with side steps, stainless steel chute	Each	
4.5	Installation only of the above-mentioned 2m Slides item with side steps, stainless steel chute	Each	
4.6	Supply, delivery and installation of the above-mentioned item	Each	
4.7	Supply and Delivery of 1.45m Slides with steps at the rear, stainless steel chute with Meranti timber sides	Each	
4.8	Installation only of the above-mentioned item	Each	
4.9	Supply, delivery and installation of the above-mentioned item	Each	
4.10	Option of Powder coating of 2m Slides item	Each	
4.11	Option of Powder coating of 1.45m Slides item	Each	
5	2 AND 4 SEATER SWINGS ALL SWINGS MUST BE SUPPLIED IN ACCORDANCE WITH SPECIFICATIONS AND DRAWINGS Drawing Ref: SP_TSS/DP/07 (A)+(B) & SP_TSS/DP/08 (A)+(B)		
5.1	Supply and Delivery of 2 Seater Swings Set (Tyre)	Each	
5.2	Installation only of the above-mentioned item	Each	
5.3	Supply, delivery and installation of the above-mentioned item	Each	
5.4	Option of Powder coating of item 2 Seater Swings Set	Each	
5.5	Supply and Delivery of 4 Seater Swings Set (Tyre)	Each	
5.6	Installation only of the above-mentioned item	Each	
5.7	Supply, delivery and installation of the above-mentioned item	Each	
5.8	Option of Powder coating of item 4 Seater Swings Set	Each	
6	TODDLER SEAT: TODDLER SEAT FOR SWINGS PARK EQUIPMENT MUST BE SUPPLIED IN ACCORDANCE WITH SPECIFICATIONS AND DRAWINGS Drawing Ref: SP_TSS/DP/09 (A)+(B)		
6.1	Supply and Delivery of Toddler Seat for Swings: Option A — Timber seat	Each	
6.2	Installation only of the above-mentioned item	Each	
6.3	Supply and Delivery of Toddler Seat for Swings: Option B - Steel seat	Each	
6.4	Installation only of the above-mentioned item	Each	
6.5	Supply and Delivery of Toddler Seat for Swings: Option C - Steel seat with rubberizing	Each	
6.6	Installation only of the above-mentioned item	Each	

7	IGLOO CLIMBERS: ALL IGLOO CLIMBERS MUST BE SUPPLIED IN ACCORDANCE WITH SPECIFICATIONS AND DRAWINGS Drawing Ref: SP_TSS/DP/11		
7.1	Supply and Delivery of Igloo Climbers	Each	
7.2	Installation only of the above-mentioned item	Each	
7.3	Supply, delivery and installation of the above-mentioned item	Each	
7.4	Option of Powder coating of the above-mentioned item	Each	
8	TARZAN BARS: ALL TARZAN BARS MUST BE SUPPLIED IN ACCORDANCE WITH SPECIFICATIONS AND DRAWINGS Drawing Ref: SP_TSS/DP/12		
8.1	Supply and Delivery of Tarzan Bars	Each	
8.2	Installation only of the above-mentioned item	Each	
8.3	Supply, delivery and installation of the above-mentioned item	Each	
8.4	Option of Powder coating of item	Each	
9	S-SHAPE: ALL S-SHAPE PARK EQUIPMENT MUST BE SUPPLIED IN ACCORDANCE WITH SPECIFICATIONS AND DRAWINGS Drawing Ref: SP_TSS/DP/14		
9.1	Supply and Delivery of S-Shape Bar	Each	
9.2	Installation only of the above-mentioned item	Each	
9.3	Supply, delivery and installation of the above-mentioned item	Each	
9.4	Option of Powder coating of item	Each	
10	M -SHAPE: ALL M -SHAPE PARK EQUIPMENT MUST BE SUPPLIED IN ACCORDANCE WITH SPECIFICATIONS AND DRAWINGS Drawing Ref: SP_TSS/DP/15 (A)+(B)		
10.1	Supply and Delivery of M-Shape Bar	Each	
10.2	Installation only of the above-mentioned item	Each	
10.3	Supply, delivery and installation of the above-mentioned item	Each	
10.4	Option of Powder coating of item	Each	
11	CLIMBING POLES: ALL CLIMBING POLES PARK EQUIPMENT MUST BE SUPPLIED IN ACCORDANCE WITH SPECIFICATIONS AND DRAWINGS Drawing Ref: SP_TSS/DP/16		
11.1	Supply and Delivery of Climbing Poles	Each	
11.2	Installation only of the above-mentioned item	Each	
11.3	Supply, delivery and installation of the above-mentioned item	Each	
11.4	Option of Powder coating of item	Each	
12	LISTENING TUBE: ALL LISTENING TUBE EQUIPMENT MUST BE SUPPLIED IN ACCORDANCE WITH SPECIFICATIONS AND DRAWINGS Drawing Ref: SP_TSS/DP/17		

12.1	Supply and Delivery of Listening tube	Each	
12.2	Installation only of the above-mentioned item	Each	
12.3	Supply, delivery and installation of the above-mentioned item	Each	
12.4	Option of Powder coating of item	Each	
13	ALPHA JUNGLE GYMS: ALL ALPHA JUNGLE GYMS MUST BE SUPPLIED IN ACCORDANCE WITH SPECIFICATIONS AND DRAWINGS. Drawing Ref: SP_TSS/DP/13		
13.1	Supply and Delivery of Alpha Jungle Gyms	Each	
13.2	Installation only of the above-mentioned item	Each	
13.3	Supply, delivery and installation of the above-mentioned item	Each	
13.4	Option of Powder coating of item	Each	
14	LITTER BIN: ALL LITTER BIN EQUIPMENT MUST BE SUPPLIED IN ACCORDANCE WITH SPECIFICATIONS AND DRAWINGS Drawing Ref: SP_TSS/DP/18		
14.1	Supply and Delivery of Steel dirt bin	Each	
14.2	Installation only of the above-mentioned item	Each	
14.3	Supply, delivery and installation of the above-mentioned item	Each	
14.4	Option of Powder coating of item	Each	
15	STEEL BENCH: ALL STEEL BENCH EQUIPMENT MUST BE SUPPLIED IN ACCORDANCE WITH SPECIFICATIONS AND DRAWINGS Drawing Ref: SP_TSS/DP/19		
15.1	Supply and Delivery of Steel bench	Each	
15.2	Installation only of the above-mentioned item	Each	
15.3	Supply, delivery and installation of the above-mentioned item	Each	
15.4	Option of Powder coating of item	Each	
16	BIKE RACK: ALL BIKE RACK EQUIPMENT MUST BE SUPPLIED IN ACCORDANCE WITH SPECIFICATIONS AND DRAWINGS Drawing Ref: SP_TSS/DP/20		
16.1	Supply and Delivery of Bike rack	Each	
16.2	Installation of the above-mentioned equipment	Each	
16.3	Supply, delivery and installation of the above-mentioned equipment	Each	
16.4	Option of Powder coating of item	Each	
16.5	Quality Assurance report. (REFER TO SECTION 13.1.3 HOLD POINT INSPECTION)	Each	
16.6	Quality assurance report by external independent party for each projects, per item of each project.	Each	
CATEGORY B: REPAIRS AND MAINTENANCE TO STEEL PLAY EQUIPMENT.			
ITEM	DESCRIPTION	UNIT OF MEASUREMENT	RATE (Excluding VAT)
1	Whirling Platforms		
1.1	Removal from site	Each

10.4	Replacement of foundation block, include fitment bolts and nuts	Each	
10.5	Replacement of pipe (price per metre)	m	
10.6	Replacement of baseplate: 150mm x 200mm X 10mm (price per plate)	Each	
10.7	Stripping & Repainting	Each	
10.8	Replacement of anchor bolts (only)	Each	
10.9	Replacement of fitment nuts (only)	Each	
11	Jungle Gym		
11.1	Removal from site	Each	
11.2	Re - installation on site	Each	
11.3	Replacement of foundation block, include fitment bolts and nuts	Each	
11.4	Replacement of pipe (price per metre)	m	
11.5	Replacement of baseplate: 200mm x 200mm X 10mm (price per plate)	Each	
11.6	Stripping & Repainting	Each	
11.7	Replacement of anchor bolts (only)	Each	
11.8	Replacement of fitment nuts (only)	Each	
12	Tractor Roller (Existing, confirm on site)		
12.1	Removal from site	Each	
12.2	Re - installation on site	Each	
12.3	Replacement of plate (price per square metre))	m2	
12.4	Replacement of pipe (price per metre)	m	
12.5	Stripping & Repainting	Each	

12.6	Replacement of anchor bolts (only)	Each	
12.7	Replacement of fitment nuts (only)	Each	
13	Locomotive (Existing, confirm on site)		
13.1	Removal from site	Each	
13.2	Re - installation on site	Each	
13.3	Replacement of plate (price per square metre)	m2	
13.4	Replacement of pipe (price per metre)	m	
13.5	Stripping & Repainting	Each	
13.6	Replacement of anchor bolts (only)	Each	
13.7	Replacement of fitment nuts (only)	Each	
14	Rocking Horse (Existing, confirm on site)		
14.1	Removal from site	Each	
14.2	Re - installation on site	Each	
14.3	Replacement of foundation block 600mm x 600mm x 900mm, include fitment bolts	Each	
14.4	Replacement of bearing: 25mm x 60mm	Each	
14.5	Replacement of wooden seat	Each	
14.6	Replacement of handrails with back rest	Each	
14.7	Replacement of 3m side plates	Each	
14.8	Replacement of wooden footrests (Meranti) - 30mm x 200mm x 2.4m	Each	
14.9	Replacement of base plate: 400mm x 400mm X 10mm	Each	
14.10	Stripping and Painting	Each	
14.11	Replacement of anchor bolts (only)	Each	
14.12	Replacement of fitment nuts (only)	Each	
15	Witches Hat (Existing, confirm on site)		
15.1	Removal from site	Each	
15.2	Re - installation on site	Each	
15.3	Replacement of foundation block 600mm x 600mm x 900mm, include fitment bolts and nuts	Each	
15.4	Replacement of foundation block 900mm x 900mm x 900mm, include fitment bolts and nuts	Each	
15.5	Replacement of wooden panels (price per metre) (meranti)	m	
15.6	Replacement of baseplate	Each	
15.7	Replacement of metal rods (price per rod)	Each	
15.8	Stripping and Painting	Each	
15.9	Replacement of pipe (price per metre)	m	
15.10	Replacement of anchor bolts (only)	Each	
15.11	Replacement of fitment nuts (only)	Each	
15.12	Replacement of Bearings	Each	
16	Play Challenger (Existing, confirm on site)		
16.1	Removal from site	Each	
16.2	Re - installation on site	Each	
16.3	Replacement of pipe 19mm x 3mm (price per metre)	m	
16.4	Replacement of pipe 27mm x 3mm (price per metre)	m	

16.5	Replacement of pipe 76mm x 3mm (price per metre)	m	
16.6	Replacement of base plates (price per plate)	Each	
16.7	Replacement of galvanised perforated plate (price per metre)	m	
16.8	Replacement of stair landing	Each	
16.9	Replacement of stair steps (price per step)	Each	
16.10	Replacement of slide 1700mm	Each	
16.11	Replacement of slide 3600mm	Each	
16.12	Replacement of semi-circular 2200mm x 3mm pipe	Each	
16.13	Replacement of handrails (price per rail)	Each	
16.14	Replacement of U-shaped galvanised plate (1.6mm)	Each	
16.15	Replacement of bolt hinge swivel	Each	
16.16	Stripping and painting	Each	
16.17	Replacement of anchor bolts (only)	Each	
16.18	Replacement of fitment nuts (only)	Each	
16.19	Replacement of Shackles	Each	
16.20	Replacement of chains (price per metre)	m	
17	Overdrive (Existing, confirm on site)		
17.1	Removal from site	Each	
17.2	Re - installation on site	Each	
17.3	Replacement of pipe 34mm x 3mm	m	
17.4	Replacement of pipe 50mm x 3mm	m	
17.5	Replacement of 127mm x 4mm pole	m	
17.6	Replacement of baseplate	Each	
17.7	Replacement of bearing No.30212	Each	
17.8	Replacement of collar 165mm x 4mm	Each	
17.9	Replacement of concrete pedestal	Each	
17.10	Stripping and painting	Each	
17.11	Replacement of anchor bolts (only)	Each	
17.12	Replacement of fitment nuts (only)	Each	
18	Loopy Whoopy (Existing, confirm on site)		
18.1	Removal from site	Each	
18.2	Re - installation on site	Each	
18.3	Replacement of bearing No.30212	Each	
18.4	Replacement of bearing No.6205	Each	
18.5	Replacement of circular checker plate	Each	
18.6	Replacement of 4mm gusset	Each	
18.7	Replacement of 19mm x 3mm pipe	m	
18.8	Replacement of 25mm x 3mm pipe	m	
18.9	Replacement of baseplate	Each	
18.10	Replacement of concrete pedestal	Each	
18.11	Stripping and painting	Each	
18.12	Replacement of anchor bolts (only)	Each	
18.13	Replacement of fitment nuts (only)	Each	
	Super Satellite (Existing, confirm on site) Refer to 13.26 REPAIRS AND DELIVERY TIMEFRAMES in the Specifications		
19	13.27.3 8 th Avenue park, Rondebosch East – Satellite.		
19.1	Removal from site	Each	

19.2	Re - installation on site	Each	
19.3	Replacement of pipe 50mm x 4mm	m	
19.4	Replacement of pipe 27mm x 3mm	m	
19.5	Replacement of fireman pole (price per pole)	Each	
19.6	Replacement of baseplates (price per plate)	Each	
19.7	Replacement of concrete pedestals (price per pedestal)	Each	
19.8	Stripping and painting	Each	
19.9	Replacement of anchor bolts (only)	Each	
19.10	Replacement of fitment nuts (only)	Each	
20	S-Shape		
20.1	Removal from site	Each	
20.2	Re - installation on site	Each	
20.3	Replacement of pipe (price per metre)	m	
20.4	Replacement of Baseplates (price per plate)	Each	
20.5	Replacement of concrete pedestals (price per pedestal)	Each	
20.6	Stripping and painting	Each	
20.7	Replacement of anchor bolts (only)	Each	
20.8	Replacement of fitment nuts (only)	Each	
21	Nucleo (Existing, confirm on site)		
21.1	Removal from site	Each	
21.2	Re - installation on site	Each	
21.3	Replacement of checkered plate (480mm x 890mm x 4mm)	Each	
21.4	Replacement of meranti footplate (480mm x 890mm x 30mm)	Each	
21.5	Replacement of spring pipe (165mm x 4mm)	Each	
21.6	Replacement of Baseplates (890mm x 200mm X 10mm)	Each	
21.7	Replacement of concrete pedestals (price per pedestal)	Each	
21.8	Replacement galvanised bolts	Each	
21.9	Replacement galvanised nuts	Each	
21.10	Stripping and painting	Each	
21.11	Replacement of anchor bolts (only)	Each	
21.12	Replacement of fitment nuts (only)	Each	
22	M- Shape		
22.1	Removal from site	Each	
22.2	Re - installation on site	Each	
22.3	Replacement of pipe	Each	
22.4	Replacement of Baseplates (price per plate)	Each	
22.5	Replacement of concrete pedestals (price per pedestal)	Each	
22.6	Stripping and painting	Each	
22.7	Replacement of anchor bolts (only)	Each	
22.8	Replacement of fitment nuts (only)	Each	
22.9	Replacement of Handles	Each	

23	Climbing Poles		
23.1	Removal from site	Each	
23.2	Re - installation on site	Each	
23.3	Replacement of pipe (price per metre)	m	
23.4	Replacement of Baseplates (price per plate)	Each	
23.5	Replacement of concrete pedestals (price per pedestal)	Each	
23.6	Stripping and painting	Each	
23.7	Replacement of anchor bolts (only)	Each	
23.8	Replacement of fitment nuts (only)	Each	
24	Listening Tube		
24.1	Removal from site	Each	
24.2	Re - installation on site	Each	
24.3	Replacement of Curved pipe (price per metre)	m	
24.4	Replacement of sound cone	Each	
24.5	Replacement of anchor bolts	Each	
24.6	Replacement of base plate	Each	
24.7	Stripping & Repainting	Each	
24.8	Replacement of anchor bolts (only)	Each	
24.9	Replacement of fitment nuts (only)	Each	

CATEGORY C: INSTALLATION AND REPAIRS OF HARD SURFACING UNDERNEATH STEEL PLAY EQUIPMENT.

Item	Description	UNIT	RATE Excl VAT
1	Brick edging per running metre to specification	m	R
2	E1 Kerb Edging	m	R
3	Box Cut per square metre	m ²	R
4	Site Clearance per square metre	m ²	R
5	Synthetic surface	m ²	R
6	Tarmac base per square metre at 30mm thick to specification	m ²	R
7	Concrete base per square metre 100mm thick to specification	m ²	R
8	Exposed aggregate stone surface	m ²	R
9	Rubber matting:		
9.1	Rubber mating (10mm)	m ²	R
9.2	Rubber mating (20mm)	m ²	R
9.3	Rubber mating (30mm)	m ²	R

CATEGORY D: (refer to 5.8 in the pricing instructions)

Item	Description	UNIT	RATE Excl. VAT
1	Call out fee	Per day	R

Pricing Instructions:

- 5.1 State the rates and prices in South African Rand unless instructed otherwise in the Conditions of Tender.
- 5.2 Include in the rates, prices, and the tendered total of the prices (if any) all duties, taxes (except Value Added Tax (VAT), and other levies payable by the successful tenderer, such duties, taxes and levies being those applicable 14 days before the closing time stated in the General Tender Information.
- 5.3 All prices tendered must include all expenses, disbursements and costs (e.g. transport, accommodation etc.) that may be required for the execution of the tenderer’s obligations in terms of the Contract, and shall cover the cost of all general risks, liabilities and obligations set forth or implied in the Contract as well as overhead charges and profit (in the event that the tender is successful). All prices tendered will be final and binding.
- 5.4 All prices shall be tendered in accordance with the units specified in this schedule.
- 5.5 Where a value is given in the Quantity column, a Rate and Price (the product of the Quantity and Rate) is required to be inserted in the relevant columns.
- 5.6 The successful tenderer is required to perform all tasks listed against each item. The tenderer must therefore tender prices/rates on all items as per the section in the Price Schedule. **An item against which no rate is/are entered, or if anything other than a rate or a nil rate (for example, a zero, a dash or the word “included” or abbreviations thereof) is entered against an item, it will also be regarded as a nil rate having been entered against that item, i.e. that there is no charge for that item. The Tenderer may be requested to clarify nil rates, or items regarded as having nil rates; and the CCT may also perform a risk analysis with regard to the reasonableness of such rates.**
- 5.7 Provide fixed rates and prices for the duration of the contract that are not subject to adjustment except as otherwise provided for in clause 17 of the Conditions of Contract and as amplified in the Special Conditions of Contract.
- 5.8 A call out fee must be charged as a fixed value and only applicable where the service provider is going on site to conduct an assessment. Bidders are to note that in some events they may be required to visit more than one site to conduct these assessment and therefore are advised to price accordingly.

C.5 SPECIFICATION(S)

TENDERERS MUST NOTE THAT WHEREVER THIS DOCUMENT REFERS TO ANY PARTICULAR TRADEMARK, NAME, PATENT, DESIGN, TYPE, SPECIFIC ORIGIN OR PRODUCER, SUCH REFERENCE SHALL BE DEEMED TO BE ACCOMPANIED BY THE WORDS 'OR EQUIVALENT'

The City of Cape Town invites tenders for THE SUPPLY, INSTALLATION, REPAIRS AND MAINTENANCE OF STEEL PLAY PARK EQUIPMENT FOR COMMUNITY SERVICES AND HEALTH DIRECTORATE on an ad hoc basis from date of commencement for a period of three years (36 months). This document comprises of general and diagrammatic specifications. The general specifications are to be read in conjunction with the relevant diagrammatic specifications for each specific structure.

13.1 GENERAL

13.1.1 Introduction and Background

The tender is being divided according to the following regions:

Areas:	
Region North	Region South

This section of the tender document will discuss general specification and technical specifications for each item. General Specifications must be read in conjunction with the relevant specification for each item and also in accordance with the drawings. Tenderers shall comply with these specifications unless otherwise directed. All drawings/sketches are to scale unless otherwise stated.

13.1.2 Scope

This specification covers the City of Cape Town's requirements for the supply, delivery, installation and repair of playpark equipment and park furniture.

The following work is envisaged:

- Supply of plant and equipment
- Supply of labour and resources, welding, machining etc
- Fabrication of standard steelwork infrastructure:
 - Steel playground equipment
 - [Section 13.9] See-saw (2 seater)
 - [Section 13.9] See-saw (4 seater)
 - [Section 13.10] Joy wheel
 - [Section 13.11] Whirling Platform
 - [Section 13.12] Slide (Large - 2.0m high)
 - [Section 13.12] Slide (Small - 1.45m high)
 - [Section 13.13] 2 Seater swing
 - [Section 13.13] 4 Seater wing
 - [Section 13.14] Toddler swing
 - [Section 13.15] Igloo climber
 - [Section 13.16] Tarzan bar
 - [Section 13.17] Alpha jungle gym
 - [Section 13.18] S-shape bar
 - [Section 13.19] M-shape bar
 - [Section 13.20] Climbing Pole
 - [Section 13.21] Listening tube
 - Steel park furniture
 - [Section 13.22] Litter Bin
 - [Section 13.23] Steel bench
 - [Section 13.24] Bike rack
- Supply of various standard steel profiles
- Corrosion protection of steelwork:

- Hot dipped galvanising
- Painting of steel
- Powder coating of steel
- Consumables and other:
 - Fasteners
 - Bearings,
 - Etc.
- Minor civil works (installation of concrete foundations, grouting, paving)
- Repairs to existing equipment

13.1.3 Standards

Apart from the various material-specific codes references below, all playground equipment should comply to the requirements set out in **SANS 51176 – Playground equipment and surfacing, Parts 1-11**.

13.1.4 Hold Point Inspections and Quality Control

The following hold point inspection procedure should be followed. Fabrication can only move onto the next phase once the previous phase has been signed off by both the Tenderer and the CCT Representative.

Where the CCT representative cannot do the holding point inspections, the onus is on the company to make use of a registered sub contracted company to verify each check point on its behalf. These check points/holding points will be signed off and accompanied by a report to validate the authentication thereof.

Phase	Hold point inspection and Quality Control	Responsibility
1	Preparation of steelwork, measuring and cutting at the manufacturers workshop	As per manufacturers procedures
2	Welding	As per manufacturers welding procedures
3	Preparation for coating	As per manufacturers procedures
4	Hold Point Inspection 1	CCT Workshop fabrication inspection (QCP 1)
5	Coating	As per manufacturers coating procedures
6	Hold Point Inspection 2	CCT Coating inspection prior to delivery to site (QCP2)
7	Delivery, Preparation and Installation on Site	As per manufacturers installation procedures
8	Hold Point Inspection 3	CCT Site installation inspection and snagging (QCP 3)
9	Address Snags	As per manufacturers installation procedures
10	Hold Point Inspection 4	CCT Final inspection, handover and acceptance (QCP 4)

The Quality Control Procedure (QCP) forms are available in Annexure 1, and must be used for all equipment.

13.2 STEELWORK

It is the responsibility of the Tenderer to ensure that all equipment is safe, secure and stable once installed. The wall thicknesses and weld sizes shown below are minimum sizes and the Tender must ensure that a thicker wall or thicker weld is provided if deemed necessary. Any discrepancies in the specifications or drawings should be pointed out to the CCT representative.

13.2.1 Material Properties

All steelwork shall conform to the requirements of SANS 657 Part 1: 2011 and SANS 50025: 2009, unless specified otherwise.

All steelwork to have wall a minimum wall thickness of 3.5mm, unless otherwise shown.

Circular hollow sections (CHS)

Unless otherwise specified, all circular hollow sections (also referred to as pipes in this document) shall be made of hot-dip galvanized steel pipes. Steel pipes shall have a minimum yield strength and ultimate tensile strength as shown in the table below:

Outside diametre [mm]	Wall thickness [mm]	Minimum yield strength [MPa]	Ultimate tensile strength [MPa]
< 60.3	All thicknesses	200*	Not specified
60.3	< 3	200*	Not specified
> 60.3	≥ 3	355**	470

**"commercial quality steel", sometimes referred to as mild steel

***"structural steel"

Square / Rectangular hollow sections (RHS)

Unless otherwise specified, all square / rectangular pipework shall be made of hot-dip galvanized steel tubing. Steel tubing shall have a minimum yield strength and ultimate tensile strength as shown in the table below:

Wall thickness [mm]	Minimum yield strength [MPa]	Ultimate tensile strength [MPa]
< 3	200	Not specified
≥ 3	355	470

Base plates, endplates and miscellaneous steel

Unless otherwise specified, all steel used for base plates and end plates shall have a minimum yield strength of 200 MPa.

13.2.2 Hot-dip galvanizing

All steelwork shall be hot dip galvanized in accordance with the requirements of SANS 121: 2011. The metal structure shall be prepared with all drilling, welding, punching, cutting, bending and other forming processes completed prior to galvanising. **No pre-galvanized steel shall be used.**

Minimum coating thicknesses shall be as per the table below (taken from SANS 121):

Article and its thickness	Local coating thickness (minimum) [µm]	Local coating mass (minimum) [g/m ²]	Mean coating thickness (minimum) [µm]	Local coating mass (minimum) [g/m ²]
Steel > 6 mm	70	505	85	610
Steel > 3 to ≤ 6 mm	55	395	70	505
Steel > 1.5 to ≤ 3 mm	45	325	55	395
Steel < 1.5 mm	35	250	45	325

Hot-dip galvanisers shall hold the certification mark for SANS 121, which can be requested by the City.

Before galvanising all surfaces of the metalwork shall be thoroughly cleaned of all scale and rust by shot-blasting in accordance with SANS 10064: 2011 or by pickling and then fluxed ready for galvanizing.

The zinc coating shall be even and continuous over all surfaces, free of bare spots, dull or rough patches, blisters or other imperfections. The zinc coating shall show no signs of peeling and shall be uniform in thickness.

Sufficient venting and drainage holes should be provided on all manufactured steel to allow an even coating on the members (inside and outside), to reduce costs and to prevent undue distortion of the metal structures. The Hot Dip Galvanizers Association of South Africa can be contacted for guidelines on the size and extent of drainage and venting holes.

Drainage and vent hole sized should preferably be 25% of the internal diametre for sections yielding a maximum cross-sectional area of 180cm². This percentage can be dependant on the shape of the fabrication and consultation with the galvanizer is advised.

Should it be found that galvanizing on an item does not conform to the requirements of the SANS 121 specification, the Tenderer may be instructed to have all suspect structures re-galvanised at his own costs.

Where repairs to the galvanizing are required, the total uncoated areas for renovation shall not exceed 0,5 % of the total surface area of the component. Each uncoated area for renovation shall not exceed 10 cm². If uncoated areas are larger, the article containing such areas shall be regalvanized, unless otherwise agreed between the purchaser and the galvanizer.

Only zinc-rich epoxies, such as Galvpatch, Zincfix, or similar approved two component zinc rich epoxy products, shall be used for repairs to damaged zinc-coats (such as in areas where anchor bolt nut shave been welede to base plates). The coating thickness on the renovated areas shall be a minimum of 100 µm unless the purchaser advises the galvanizer otherwise, for example, when the galvanized surface is to be over-coated and the thickness for renovated areas is to be the same as for the hot dip galvanized coating. The coating on the renovated areas shall be capable of giving sacrificial protection to the steel to which it is applied. Zinc rich sprays shall not be used.

13.2.3 Painting

Packaging

All coating materials shall be delivered in the manufacturer's original, sealed containers of maximum 25 litre capacity, clearly marked with the following:

- Manufacturer's name.
- Product Brand and Reference Number.
- Batch Number, which may incorporate the date of manufacture.
- Date of manufacture, unless already incorporated in the batch number.
- Abbreviated instructions for storage and use of the material, which shall include mixing ratios of components for multi-component materials, minimum temperature of application, method of application, and minimum and maximum over coating times where applicable.

All materials in a paint system shall be purchased from one paint manufacturer.

Surface preparation

Preparation and application of organic coatings on hot-dip galvanizing shall be done in accordance with the Hot Dip Galvanizers Association Southern Africa's Code of Practice for Surface Preparation and Application of Organic Coatings.

Hot-dip galvanized surfaces to be painted shall **not be passivated** and shall be free from white rust and shall be cleaned with an approved water based galvanizing cleaner using non-metallic abrasive pads until a "water break free" surface is obtained. The surface shall then be thoroughly rinsed with clean potable water to remove all residues and dried immediately prior to painting. Where necessary to obtain adhesion a sweep blast of the surface shall be done after cleaning.

Primer

New hot-dip galvanized surfaces shall be primed with one coat of calcium plumbate primer with a minimum dry film thickness (dft) of 25 µm.

Stripe coats

All edges, crevices and welds shall be provided with at least one stripe coat. This coat shall, preferably, be the same as the primer but can be the same as the top coat.

Painting

Paints shall be applied strictly in accordance with the manufacturer's instructions by tradesmen skilled in this class of work. At least two final (top) coats of high gloss enamel paint, each with a minimum DFT of 40 µm and complying to SANS 630:2020, shall be applied in the colour specified for each item. The primer coat and one coating of the final colour shall be applied in the workshop with the final coating being applied on site. The tenderer to state products and brands used for both primer and final top coat.

No final paint coats shall be applied on site under the following conditions:

- the conditions are windy or dusty;
- the surface temperature is less than 10 °C;
- the surface temperature is less than 3 °C above dew point;
- the surface temperature is above 35 °C;
- the conditions are contrary to the manufacturer's recommendations;
- the relative humidity is 85% or above.

All items to be painted in single or multi colours: **Way Blue, Signal Red, Brilliant Green and Golden Yellow.**

Protection on Site

Proper and adequate use of cover sheets and other means shall be made to protect the existing paintwork from damage and from metal dust and sparks when welding, grinding, and wire brushing on site. Similarly, effective steps shall be taken

to prevent spillage or splashing or other damage to floors, walls and equipment when painting on site and any damage or mess caused shall be corrected at the Contractor's cost.

Optional request: Powder coating

Powder coating for various pieces of equipment can be requested by the Client from time to time.

Powder coating shall be done within 12 hours of the hot-dip galvanising process. Care shall be taken to ensure that surfaces are clean. Zinc phosphate may be used to pre-treat surfaces, to increase adhesion if required. Steel surfaces shall be pre-heated and then covered by a microstructure paint powder (super durable polyester) applied electrostatically. Particular care shall be taken to cover all sharp edges properly and to avoid pin holing in the final product. The paint shall be applied and baked as per the suppliers recommendations. The paint finish shall have an impact resistance of 5.65 J on cold rolled steel plated and a scratch resistance of 2.0kg.

The minimum thickness of powder coatings must be 60 µm of porous-free coating on corners and edges. On visible surfaces it must have an average coating thickness of at least 70 µm. All coat thicknesses must be measured according to ISO 2360. Powder coatings will be in one colour only as requested by the client.

13.2.4 Welding and manufacturing

Standards

Standards complying with good modern practice, and acceptable to the Engineer, shall be adopted. These include the following:

BS EN 1011	Arc welding carbon and carbon manganese steelwork.
BS 4677	Arc welding austenitic stainless steel pipework.
BS 2633	Class 1 Arc welding of steel pipework.
BS 2971	Class II Arc welding of steel pipework.
BS 806	Design and construction of ferrous piping in connection with land boilers (used for arc welding specification of all pipe flanges).

Welders shall be coded welders and experienced competent artisans approved in accordance with BS 4872. **Welding procedures and welder's performance qualifications must be submitted in writing to the CCT representative and approved prior to the start of welding.**

Continuous welding and elimination of crevices

Welding shall be continuous on all sides of any joint. All crevices, including those arising from welding on one side only, shall be eliminated. This requirement applies to the welding of all metals and, in this respect, it should be noted that welding deformation results from incorrect welding procedure rather than from continuous welding.

In special cases only, non-continuous welding might be approved in writing by the CCT representative. The resulting crevices shall be sealed with either a coal tar product which can be applied at thicknesses of up to 1 000 µm such as Carboline Bitumastic 50 or equivalent; or a two-part solvent free epoxy which can be applied at thicknesses of up to 600µm such as Sigmaline 523 or equivalent.

Weld appearance

Welding shall be free of blowholes, projections, pinholes, splatter and undercuts and all welding flux shall be removed. All weld spatter and other sharp imperfections shall be removed prior to abrasive blasting. Prior to hot dip galvanizing, weld beads with a surface irregularity exceeding 3 mm or with sharp crests having a radius under 2 mm shall be ground.

Site welding

Site welding or any welding shall be avoided as far as possible for new equipment and shall only be undertaken with the approval of the CCT representative. In general, site welds for new equipment should only be considered where it is required to weld nuts to base plates to prevent vandalism. In such cases, the damaged area around the weld should be treated as per the relevant paragraphs in Section 13.2.2.

Inspections

Equipment shall be inspected by the CCT representative after fabrication, but prior to hot-dip galvanizing, as per Section 13.1.3.

Testing

The CCT representative may at his discretion identify welds for non-destructive testing by an approved authority the cost of which will be borne by the supplier.

Weld size and type

All welds to be full penetration welds. Minimum weld sizes shall be as shown in the table below:

Base metal thickness [mm]	Minimum size of weld [mm]
T < 6	3
6 < T < 12	5
12 < T < 20	6

General

Welding after hot-dip galvanizing is **not acceptable**, except where nuts are to be welded to base plates to prevent vandalism, or when repairing existing equipment.

Closed sections must never be incorporated in any fabrication. Sections should be interconnected using open mitred joints. Alternatively interconnected holes should be drilled before fabrication.

All open pipes ends shall be fully closed, either by steel capping or sealed crumping and shall be ground smooth. Joints between all pipework shall be mitred. A slight degree of flattening the ends is allowable but should not exceed 10mm out of round when measured end on. The intent must be to ensure a profiled end on any pipe which allows a small (+ - 2mm) acceptable gap for welding when placed in position with it mating component. Multiple welds to fill gaps is not acceptable. **All welds shall be ground smooth.**

13.3 TIMBER

Any timber used shall be well seasoned, flat Meranti free from knots, cracks or splinters and shall have been treated with raw Linseed oil or equivalent. Timber used for the slide side guides shall be planed smooth.

13.4 FASTENERS AND ANCHOR BOLTS

Corrosion Protection

All anchor bolts, bolts, nuts and washers utilised in the construction of any item of equipment shall be hot dip galvanized in accordance with **SANS 121: 2011**.

Minimum coating thicknesses shall be as per the table below (taken from SANS 121):

Articles with threads and its thickness	Local coating thickness (minimum) [µm]	Local coating mass (minimum) [g/m ²]	Mean coating thickness (minimum) [µm]	Local coating mass (minimum) [g/m ²]
> 6 mm diameter	40	285	50	360
≤ 6 mm diameter	20	145	25	180

Anchor Bolts

All anchor bolts shall have a minimum yield stress of 200 MPa. Only L-shaped anchor bolts shall be used. Anchor bolts shall be embedded into concrete by a minimum of 250mm, unless stated otherwise, have a minimum hook length of 50mm and have a minimum diameter of 16mm, unless otherwise stated. **No anchor bolts shall be welded to steel reinforcement.**

EXAMPLE OF ANCHOR BOLT

SCALE 1: NTS

Only one washer shall be fitted under each anchor nut. No washers, wedges or distance pieces shall be fitted between the concrete base and steel base plate of any item. All base plate holes shall be drilled as specified on the individual play equipment plans.

While casting and curing the concrete base, anchor bolts must be held in place using a template.

EXAMPLE OF ANCHOR BOLTS WITH TEMPLATE

SCALE 1: NTS

Bolts

Where connections are to be made on site, bolted connections shall be used as far as possible. All bolts and nuts shall be grade 8.8. Bolts are to be welded onto endplates/baseplates after tightening. All areas around the welds should be adequately cleaned and treated with a zinc rich epoxy, as specified in Section 13.2.2, after which it should be painted.

Base plates

Base plates may not be installed directly onto the concrete foundations. A 30mm thick layer of non-shrink grout shall be installed under all baseplates. The following shall apply:

- Only non-shrink free-flowing grout shall be used;
- The grout shall have a minimum 1 day compressive strength of 30 MPa;
- Grout shall be a minimum of 30mm thick, and no more than 35mm thick;
- The edges of the grout shall be chamfered at 45°.

Bolt threads shall pass completely through the nut. After bolting tight, no bolt anywhere on the structure shall protrude more than two thread pitches above the nut. Bolts are to be welded onto baseplates after tightening. All areas around the welds should be adequately cleaned and treated with a zinc rich epoxy, as specified in Section 13.2.2.

The bolt holes in base plates should exceed the diameter of the anchor bolt by 6mm.

Anchor bolts for baseplates for the following equipment shall each be fitted with a lock washer (hot dip galvanized):

- See-saw (2 and 4 seater);
- Joy wheel;
- Whirling platform;

13.5 CONCRETE SURFACE BEDS AND FOUNDATIONS

Excavations for surface beds:

Box cutting refers to excavating of bases including the labour thereof and the removal of the excavated material. The bottom of the base shall be well-compacted using a hand tamper.

Tenderers shall note that any soil excavated for concrete bases shall be removed by the Tenderer unless permission is given to leave it on site.

Thereafter a sub base of G5 gravel, compacted to 125mm thick, shall be laid and rolled smooth. Tenderers shall ensure that any concrete applied shall not cover the steel base plates.

A layer of 100mm thickness concrete shall be mixed and poured to create the surface (as per the mixing properties below). A Steel mesh (Ref 100, 4mm thickness) shall be inserted for additional strength.

All concrete bases shall be edged with 73mm red Clay face-brick pavers or E1 Kerbing, set in cement and level with the finished surface. Pavers are to be set 100mm concrete bed and haunched on both sides to satisfaction of Council's representative.

Tenderers shall note that any soil excavated for concrete bases shall be removed by the Tenderer unless permission is given to leave it on site.

Excavations for foundations/bases:

Box cutting refers to excavating of bases including the labour thereof and the removal of the excavated material. The bottom of the base shall be well-compacted using a hand tamper.

Tenderers shall note that any soil excavated for concrete bases shall be removed by the Tenderer unless permission is given to leave it on site.

Material properties

All concrete foundations and surface beds shall have a minimum 28 day compressive strength of 25MPa. A concrete mixing ratio of 1:3:3 (cement:sand:stone) (by volume) can be used as a guideline. All concrete foundations shall be given a setting period of 7 days in summer and 14 days in winter before the installation of any play equipment. The size of the stone aggregate used shall be 20mm.

Reinforcement

Foundations for the following equipment shall be reinforced with steel reinforcing as per the relevant drawings:

- See saw (2 seater)
- See saw (4 seater)
- Joy wheel
- Whirling platform

The reinforcement shall be bent and fixed in a regular pattern and be square with bars in other directions, as shown below. Where bars overlap, a minimum lap of length of 400 mm shall be provided.

All reinforcement shall be high tensile with a minimum yield strength of 450MPa. **No reinforcement shall be welded.** Reinforcement bars shall be tied using steel binding wire.

Cover to reinforcing bars should be minimum 75 mm from the bottom and 50 mm from the top and sides. Plastic cover (spacing) blocks shall be used to ensure adequate cover.

Curing

All wet cast concrete shall be cured by wetting the exposed concrete and covering with a plastic sheet for 3 days, as a minimum. Under more severe weather conditions (high wind, high heat, low humidity), the contractor shall ensure that additional measures are in place to cure the concrete.

General

Ensure that levels of surroundings are shaped to ensure drainage away from surface beds. For concrete surface bed the final surface shall be level with the surroundings, sloped to ensure drainage to the perimeter, and no higher than the bottom of the steel base.

All surface beds shall be edged with 73mm red Clay face-brick pavers set in cement and be level with the finished concrete surface.

On surface beds with any dimension larger than 3.0 m (such as for swings) saw-cut joints must be provided at spacings of maximum 3.0 m or 30 times the slab thickness, whichever is smaller. Saw-cuts to be provided such that the ratio of the long edge vs the short edge of each sawn panel does not exceed 2:1. Saw-cuts shall be $\frac{1}{4}$ the depth of the surface bed.

The Tenderer to provide all materials required to do the work inclusive of their own water supply.

13.6 ASPHALT BASES

Box cutting refers to excavating of bases including the labour thereof and the removal of the excavated material.

Where the Tenderer is required to provide a ASPHALT base he shall construct it to the size specified and to the following specifications:

Excavate to a depth of 155mm. After removal of the soil for the asphalt base, the excavated base area shall be treated with a soil sterilant to reduce the growth of weeds.

Thereafter a sub base of G5 gravel, compacted to 125mm thick, shall be laid and rolled smooth. Tenderers shall ensure that any asphalt applied shall not cover the steel base plates.

Sub base to be treated with a prime coat (Invert Bitumen emulsion).

Asphalt base of 30mm shall be hand applied and rolled, continuously graded, fine asphalt surfacing.

All asphalt bases shall be edged with 73mm red Clay face-brick pavers or E1 Kerbing, set in cement and level with the finished tarmac surface. Pavers are to be set 100mm concrete bed and haunched on both sides to satisfaction of Council's representative.

Tenderers shall note that any soil excavated for asphalt bases shall be removed by the Tenderer unless permission is given to leave it on site.

The Tenderer to provide all materials required to do the work inclusive of their own water supply.

13.7 SITE CLEARANCE

All waste material shall be removed offsite by the Tenderer and disposed of at an approved council dumpsite. This refers to any material e.g. rubble, debris, soil, plant material etc. that needs to be removed. This may also include the levelling of the site in preparation.

13.8 INSPECTION OF WORK AND MARKING OF EQUIPMENT

The Tenderer must contact Miss. Andrea Blomerus at 021 444 0019 / 061 078 8788, or his representative and give him 48 hours notification of intention to commence work on site. The Council reserves the right to inspect any item of equipment at any stage of fabrication or erection at either the Tenderer's works or at the playground concerned.

The Tenderer must provide a triplicate book for the manufacturing history of Council playground assets. One copy is for the supplier, one for the technical official from Council and one must be attached to the delivery note or invoice. The serial number must be reflected on all copies.

Each asset shall be marked legibly, permanently and in a position visible from the ground level with at least the following:

- **name, address and telephone number of manufacturer**
- **equipment reference and year of manufacture**

The Tenderer shall notify Miss. Andrea Blomerus @ 021 444 0019 / 061 078 8788, or his representative – Technical Support Services once an item has been completely welded prior to hot dip galvanising and before the painting process.

All equipment must be inspected by an appointed Council Inspector prior to any finish coats being applied, and after final coating prior to installation. The book must be signed off by the official undertaking the inspection to the painting. Any technical concerns raised as to the quality for the work will be noted in the book. In such a case, the Tenderer must contact the official to arrange for further inspection of the particular item after completion of manufacture prior to installation. No delivery will be accepted without a certificate from the representative or technical support representative certifying that the work has been undertaken correctly.

No payment will be made without such certificates. After installation of the play equipment, the official must sign off the equipment as acceptable. The official is entitled to contact the City's ESU Department to inspect items before installation and/or sign off of works.

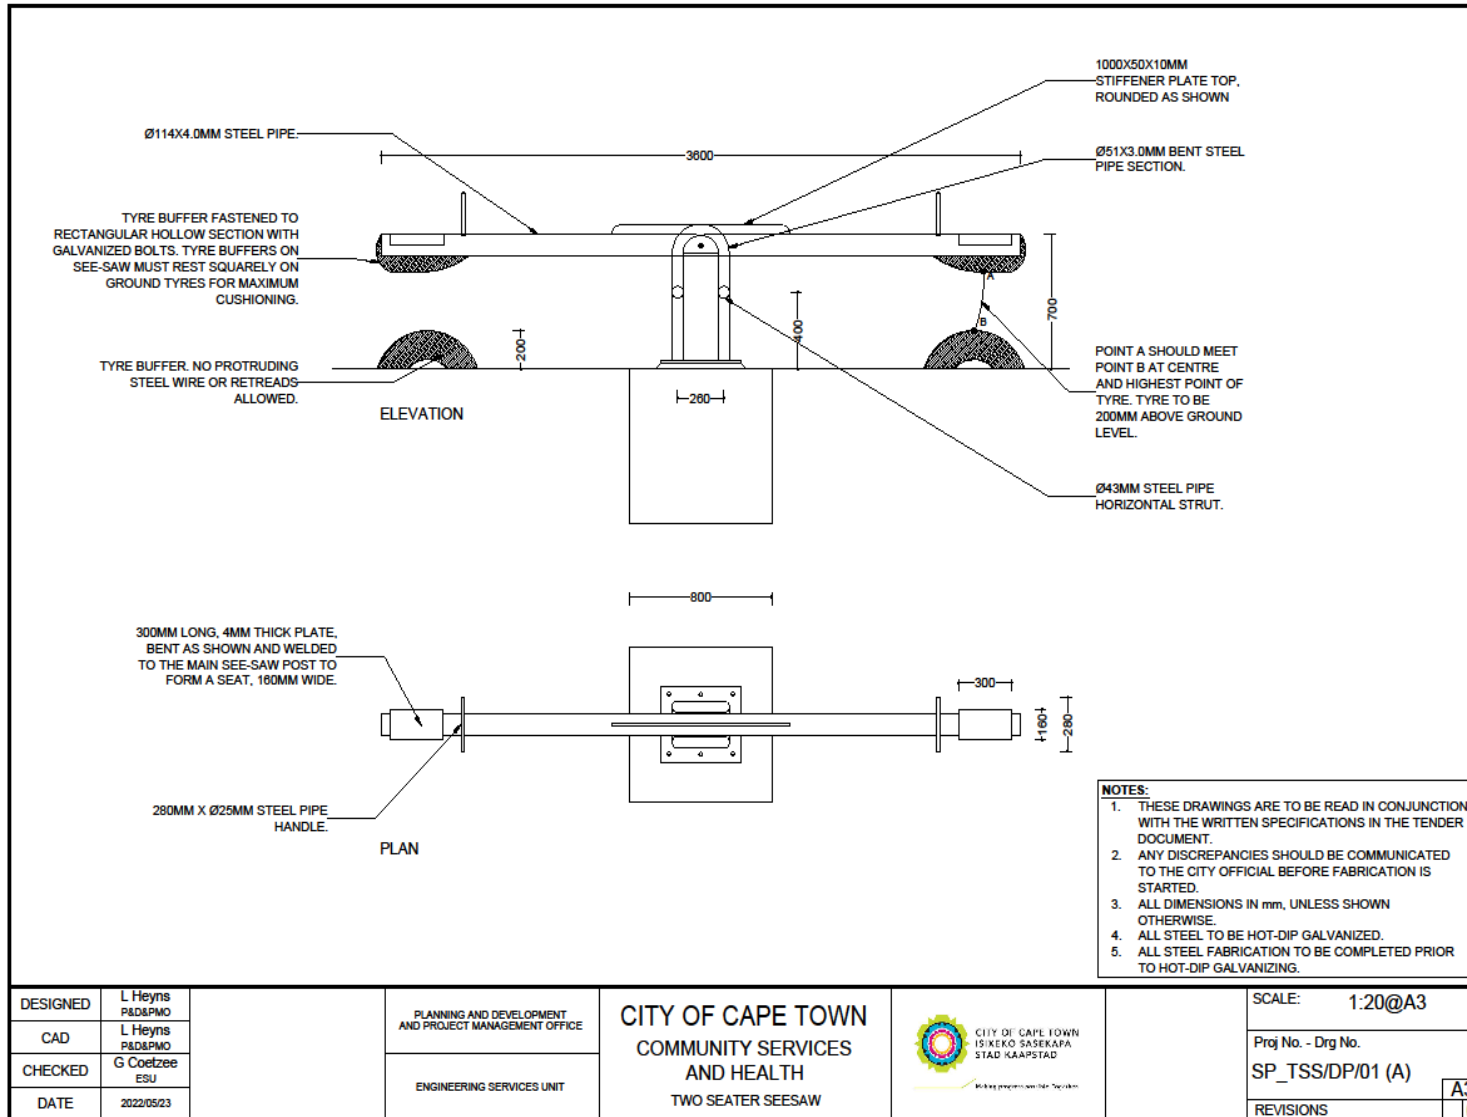

Tenderers may view the various equipment already erected at Council Sites and shall ensure that their standard of workmanship, and construction of each item conforms to it is better than that of the such equipment. For directions to Council sites, please contact your representative.

The Tenderer shall take precautions to safeguard from injury whilst the equipment is being erected and shall provide a night watchman/guard until such time as the equipment is safe for use, when and where needed.

Should the vendor be concerned regarding the safety of themselves or anyone with their employ at the Council site while on official duty, they need to contact the relevant regional manager

13.9 SPECIFICATION FOR SEE-SAW

Reference drawing: SP_TSS/DP/01 (A) (2 seater)

Reference drawing: SP_TSS/DP/01 (B) (2 seater)

Reference drawing: SP_TSS/DP/02 (A) (4 seater)

Reference drawing: SP_TSS/DP/02 (B) (4 seater)

These specifications must be read in conjunction with the reference drawings and the general specifications found in Sections 13.1-13.8.

BEAM AND FITTINGS

The beam shall be a 3.6m long x 114mm diameter x 4.0mm wall thickness steel pipe. A 1000 x 50 x 10mm stiffener rib shall be welded vertically to the top centre line of the beam in the middle of the span. The reinforcing rib shall be curved at either end and shall have all sharp edges removed.

Two/four round hand grips shall be bent using Ø25mm steel pipe and welded to the main beam as shown. Two/four seats made from 4mm thick steel plate bent as shown shall be welded to the main beam, one behind each hand grip. The upper surface of the steel seat shall be treated with 1mm thick bitumen sealant, after which a 300x160x12mm thick Meranti timber plank shall be installed on top. Each plank shall be fixed to the steel seat with 4no Ø8mm hot dip galvanized bolts (either domed head or countersunk).

A Ø25mm solid steel shaft shall be fixed through the beam at mid length, so serve as the pivot of the see-saw. The beam shall be locally thickened around the shaft protrusion. Two flanged bearing housings shall be fitted to either end of the solid shaft and fixed to the centre bearing support (described below). Each bearing housins shall be fitted with a Ø25mm self aligning pedestal bearing, including an accessible grease nipple.

A locking device to lock the beam in either of the fully tilted positions shall be provided, fitted near the pivot centre.

The beam shall be closed off at the ends. Cut and shaped motor car tyre buffers shall be folded over and bolted at either end of the beam.

CENTRE BEARING SUPPORT

A beam support structure shall be made of two bent Ø60x3.0mm steel pipes, to form two arches as shown, each with two support legs. A Ø51mm steel pipe shall be fixed horizontally between the respective legs 400mm above the ground level.

A 10mm thick steel plate shall be welded to the outside of one of the two column arches. On the inside of the other arch, a 8mm thk steel plate strip (min 30mm wide) shall be welded to support a 10mm thick cover plate (similar in size to the welded one on the other side). This plate shall be fixed to the support strip with 5no M8 countersunk bolts. A flanged bearing housing shall be fixed to each of these two plates with domed headed M12 bolts, so that the main beam sits parallel to the curved arch columns. The bearing base shall be robustly constructed to prevent failure due to side sway of the beam.

The overall height of the beam above ground and in the horizontal position shall be 700mm.

The column legs shall be welded and joined at their base to a 450x400x12mm thick base plate. The base plate shall have eight Ø22mm holes for eight Ø16mm anchor bolts, drilled summetrically as shown.

FINISH

The complete structure shall be finished as per colours specified in the general specifications.

INSTALLATION

The concrete foundation shall be 800x800x800 in size with eight Ø16 mm anchor bolts embedded at least 350mm into the concrete. A steel reinforcement cage using Y10 bars, shall be installed in the concrete foundation as shown on the drawing. The base plate shall be installed on a 30mm thick non-shrink grout layer.

The tarmac base shall be 5,5m x 1,70m om size with the See-Saw centrally positioned.

Two motor car tyres shall be set into the tarmac base, one at either end of the beam to act as bump stops. The tyres should be set in such a way that the lowest point of the rotating see-saw arm hits the ture at its highest point in the centre. Care should be taken to only select tyres that are in a good condition and has no protruding steel wires. No retreads shall be allowed

13.10 SPECIFICATION FOR JOY WHEEL

Reference drawing: SP_TSS/DP/03 (A)

DESIGNED	L Heyns P&D&PMO	PLANNING AND DEVELOPMENT AND PROJECT MANAGEMENT OFFICE	CITY OF CAPE TOWN COMMUNITY SERVICES AND HEALTH JOYWHEEL	 CITY OF CAPE TOWN ISIXEKO SASEKAPA STAD KAAPSTAD Making progress together.	SCALE: Various
CAD	L Heyns P&D&PMO				ENGINEERING SERVICES UNIT
CHECKED	G Coetzee ESU				REVISIONS
DATE	2022/05/23				A3 10

TENDER NO:14G/2026/27

Reference drawing: SP_TSS/DP/03 (B)

These specifications must be read in conjunction with the reference drawing and the general specifications found in Sections 13.1-13.8.

WHEEL

The inner and outer rings shall be welded to the pipe radials. The pipe radials, in turn, shall be welded to the top of the pivot casing. The wheel shall be installed 600mm above the ground level.

Outer ring diameter	-	3000mm
Outer ring pipe diameter	-	Ø 38mm
Inner ring diameter	-	2540mm
Inner ring pipe diameter	-	Ø 25mm
Number of radial pipes	-	6no
Radial pipe diameter	-	Ø 50mm

CENTRE SHAFT AND BEARINGS

The centre pivot shaft shall be solid steel, machined to accommodate the bearings. This shaft shall be welded vertically to a 600 x 600 x 16 mm base plate with 8no x 30 x 12 mm steel diagonal stiffeners. Eight Ø 26 mm symmetrically spaced holes shall be drilled at a diameter of 450 mm to accommodate the Ø 20 mm anchor bolts.

Limiting bearing sizes shall be:

Top - ID not less than 60 mm

Bottom - ID not less than 89 mm

The bearings shall be:

Top - Taper roller thrust bearing

Bottom - Angular contact ball thrust bearing

Provision shall be made to allow for bearing adjustment when necessary.

BEARING HOUSING

This shall be a suitably sized, thick walled pipe welded and machined to accommodate the centre shaft bearings in collars. Grease nipples shall be provided in easily accessible positions for lubrication of both bearings.

The top bearing shall be covered with a weatherproof bolted down cover plate to facilitate easy bearing access. The bottom bearing shall be sealed with an approved dust seal.

The radial arms shall be welded to the top of the bearing housing. The method of gusseting and welding these radial arms to the bearing housing shall ensure rigidity and strength and be to the approval of the Council inspector. It is preferable that the radials be joined as shown on Drawing SP_TSS/DP/03.

After fully pressing the radial arms into the machined tubes they shall be welded in place.

Tenders shall ensure that sufficient provision is made to ensure that no distortion of the machined bearing collars takes place when the top radial arm assembly is welded.

FINISH

The complete structure shall be finished as per colours specified in the general specifications.

INSTALLATION

The concrete foundation shall be 900 x 900 x 900 in size with eight Ø 20 mm anchor bolts embedded at least 450mm into the concrete. A steel reinforcement cage using Y10 bars, shall be installed in the concrete foundation as shown on the drawing. The base plate shall be installed on a 30mm thick non-shrink grout layer.

The tarmac base shall be circular with a diameter of 5,5 m.

13.11 SPECIFICATION FOR WHIRLING PLATFORM

Reference drawing: SP_TSS/DP/04 (A)

DESIGNED	L Heyns P&D&PMO	PLANNING AND DEVELOPMENT AND PROJECT MANAGEMENT OFFICE	CITY OF CAPE TOWN COMMUNITY SERVICES AND HEALTH	 CITY OF CAPE TOWN ISIKHOKO SASEKAPA STAD KAAPSTAD Umoya yomngqongqoma ka-Isipho	SCALE: Various

CHECKED	G Coetzee ESU	ENGINEERING SERVICES UNIT	WHIRLING PLATFORM		A3
DATE	2022/05/23				REVISIONS 10

Reference drawing: SP_TSS/DP/04 (B)

These specifications must be read in conjunction with the reference drawing and the general specifications found in Sections 13.1-13.8.

A manufacturing proposal, different to what is described below, may be proposed by the Supplier, for a Whirling Platform of similar dimensions, subject to approval by the City official.

PLATFORM

This shall be 2.4m in diameter and constructed from six 50 x 50 x 6mm T-section radial arms radiating from the centre the pivot post welded to a 6mm flat iron outer band, flush with both the bottom of the T-section and top of the floor. On the inside the radial arms shall be supported by a 12mm thick inner band welded to the bearing cover.

50 x 38 x 10mm steel lugs, suitably drilled and tapped, shall be welded at a maximum pitch of 350mm to the bottom face of the outer band to support the flooring.

The floor shall be of 4.5mm Checker ("Vastrap") plate. The Supplier should minimize the number of plates used. The plates should be sufficiently welded to the supporting structure using continuous welds, ground smooth.

HAND RAILS

Handrails, shapes as shown on the drawing, shall be Ø32mm pipes welded to the bearing housing on the inside and the radial arms on the outside. The floor plate shall fit snugly around.

CENTRE SHAFT AND BEARINGS

The centre pivot shaft shall be solid steel, machined to accommodate the bearings. This shaft shall be welded vertically to a 600 x 600 x 16 mm base plate with 8no x 30 x 12 mm steel diagonal stiffeners. Eight Ø26 mm symmetrically spaced holes shall be drilled at a diameter of 450 mm to accommodate the Ø 20 mm anchor bolts.

Limiting bearings sizes shall be:

Top - ID not less than 60mm

Bottom - ID not less than 89mm

The bearings shall be:

Top - Taper roller thrust bearing

Bottom - Angular contact ball thrust bearing

Provision shall be made to allow for bearing adjustments when necessary.

BEARING HOUSING

This shall be a suitably sized thick walled pipe welded and machined to accommodate the centre shaft bearings in collars.

Grease nipples shall be provided in easily accessible positions for lubrication of both bearings.

The top bearing shall be covered with a weatherproof, bolted down cover plate to facilitate easy bearing access. The bottom shall be sealed with an approved dust cover.

Tenderers shall ensure that sufficient provision is made to ensure that no distortion of the machined bearing collars takes place when the radials or top lugs are welded in place.

FINISH

The complete structure shall be finished as per colours specified in the general specifications

INSTALLATION

Clearance between the underside of the platform and ground level shall be 115mm after installation.

The concrete foundation shall be 900 x 900 x 900 in size with eight Ø20 mm anchor bolts embedded at least 450mm into the concrete. A steel reinforcement cage using Y10 bars, shall be installed in the concrete foundation as shown on the drawing. The base plate shall be installed on a 30mm thick non-shrink grout layer.

The asphalt base shall be circular with a diameter of 5,5 m.

REVISIONS	A3 10

These specifications must be read in conjunction with the reference drawings and the general specifications found in Sections 13.1-13.8.

STRUCTURE

The main platform shall be supported by two Ø51mm pipe, bent as shown to form four vertical column legs.

PLATFORM

A 7.6mm over 6mm “vastrap” plate 600x525mm in size shall be welded to the four columns to make up the landing. The landing shall be reinforced on the underside with a 76x38 channel on either side, welded to both the columns and the plate.

Vertical guardrails, consisting of Ø25mm pipes spaced at a maximum of 100mm centres, shall be welded in between the curved top of the columns and the 76x38mm support channel. The top of the guardrail shall be 700mm above the top of the “vastrap” plate platform.

Two Ø25mm half circle pipes, radius 240mm, shall be welded to the outside of the vertical columns on the slide side to act as guide handles.

ACCESS LADDER

The ladder shall be made from 65 x 6 mm flat steel sides having 430x120x(7.6 over 6mm) “Vastrap” Plate steps, with the steps welded between them with a rise of 176 mm. The ladder shall have a pitch of 50°.

Hand railings on the ladder shall be Ø25mm pipe. The handrails shall be positioned such that the vertical height between the top of the centre of each tread and the top of the handrail is 600mm. Each rail shall be welded to three Ø25mm pipe stanchions evenly spaced along the length of the ladder. The stanchions shall be welded to the 65x6mm ladder plate supports by a weld at least 50mm long on either side of the pipe.

The access ladder can either be bolted to the platform frame using 16mm hot dip galvanized bolts, or welded to the platform frame.

BASE PLATES

A 220x120x12mm baseplate shall be welded to each Ø50mm column leg.

A 220x100x12mm baseplate shall be welded to each 65x6mm steel plate stair support.

A 220x100x12mm baseplate shall be welded to each 65x10mm slide chute support.

Each baseplate shall be drilled symmetrically to accommodate two Ø16mm anchor bolts. Each bolt hole shall be Ø22mm.

SLIDING CHUTE

Two different chute types can be specified by the City Official:

a) Steel and stainless steel chute with Meranti timber sides

The chute slide shall be 2,5 mm (12 gauge) sheet steel plate, bent as shown on the respective drawings. The chute shall level off for the last 550mm (large) / 250mm (small) of its length. Any joints shall be fillet welded and ground smooth. This chute shall be hot-dip galvanized. The sides of the chute shall be 150 mm high.

The full base sliding surface of the chute shall be covered with 1,25 mm (18 gauge) 304 stainless steel plate, preferably without any joints. If jointing takes place a full weld length, ground smooth, is required. This plate shall be curled around the discharge lip of the steel chute.

Stainless steel Ø3.2mm rivets, running either side and the full slide length, shall attach the stainless steel slide to the steel chute. Prior to fitting the stainless steel slide, a 1 mm thick coating of bitumen sealer compound shall be applied between the steel chute and stainless slide to prevent the ingress of water.

The chute can either be bolted to the platform frame using 16mm hot dip galvanized bolts, or welded to the platform frame.

The slide to platform top joint shall be covered with a 2,5 mm (12 gauge) stainless steel cover plate suitably bent and held in place by 38 x 6 mm flat steel strips countersunk to take Ø8 mm countersunk bolts, three per side. This cover plate shall be 440 mm wide and shall extend 150 mm into the chute and 75 mm on to the platform.

25 mm thick planed Meranti timber shall be attached on top of the stainless steel slide and against the chute sides. This timber shall be fully coated on all contact surfaces with a bitumen sealer compound and shall follow the shape of steel slide sides. It shall be fastened down, using a minimum of 44 x 6 mm cup headed hot-dip galvanised bolts for each side. The cup head of each bolt shall be countersunk into the wood, ensuring it to be flush with the wood surface. The bolts shall be peened over at the nut. The final width of the slide shall be 440mm on the inside.

The top edge of the timber shall be covered with a 30 x 5 mm steel strip screwed down using countersunk brass screws at 150 mm pitch. On any curved portion of this strip the screw pitch shall be 50 mm. All edges shall be ground smooth.

No openings or gaps, however slight, shall exist between the timber and this top strip.

A pair of 65x10 mm steel plate legs shall be welded underneath the chute and onto 200x100x12mm base plates. The legs shall be positioned 350 mm from the discharge end of the chute for the large slide, and 250mm for the small slide.

The installed height of the bottom of the slide above the ground level shall be 140mm.

b) Stainless steel chute

The chute shall be of similar dimensions as described in (a) above, but shall be made entirely of stainless steel (gauge 304). The chute shall be made of minimum 3.0mm thick plate. If jointing takes place a full weld length, ground smooth, is required.

The plate shall be curled around the discharge lip of the stainless steel chute. A Ø 18mm stainless steel pipe shall be stitch welded (max 150mm centres) to the top of each side of the slide plate to form a smooth hand grip.

A pair of 65x10 mm stainless steel plate legs (with Ø 18mm hole) shall be welded underneath the chute. The legs shall be positioned on either side of the chute, 350 mm from the discharge end of the chute for the large slide, and 250mm for the small slide. Similarly, short 65mmx10mm steel plate legs shall be welded onto two 200x100x12mm steel base plates. A M16 stainless steel bolt, with teflon or EPDM washers, shall be used to connect each of the stainless steel leg plates (welded to the bottom of the chute) to the steel leg plates (welded to the base plate). A square teflon or EPDM washer shall be installed between the stainless steel and steel legs as shown. The purpose of the teflon/EPDM washers are to prevent bi-metallic corrosion between the stainless steel and mild steel. The installed height of the bottom of the slide above the ground level shall be 140mm. Stainless steel shear nuts shall be used.

The connection between the chute and the platform at the top needs to be similarly designed to prevent bi-metallic corrosion. A proposed connection detail is provided in the drawings, where teflon / EPDM washers are used between steel and stainless steel surfaces. Alternatively, a 1mm thick layer of bitumen sealant may be applied between the two surfaces. A minimum of 4 M16 stainless steel (A4) domed head bolts (with shear nuts) shall be used to connect the slide to the platform.

FINISH

The complete structure shall be finished as per colours specified.

INSTALLATION

The four platform column legs shall be installed on a 850x750x400mm concrete foundation.

The two ladder support legs shall be installed on a 750x350x400mm concrete foundation.

The two chute support legs shall be installed on a 750x350x400mm concrete foundation.

Each of the two Ø16mm anchor bolts per baseplate shall be embedded at least 250mm into the concrete. Each base plate shall be installed on a 30mm thick non-shrink grout layer.

The asphalt base shall be 8,5 x 2,5 m in size.

13.13 SPECIFICATION FOR SWINGS (2 SEATER AND 4 SEATER)

Reference drawing: SP_TSS/DP/07 (A)- (2 seater)

SP_TSS/DP/07 (B) - (2 seater)

DESIGNED	L Heyns P&D&PMO	PLANNING AND DEVELOPMENT AND PROJECT MANAGEMENT OFFICE	CITY OF CAPE TOWN COMMUNITY SERVICES AND HEALTH TWO SEATER SWING SET	 CITY OF CAPE TOWN ISIXEKO SASEKAPA STAD KAAPSTAD <small>Making progress possible together</small>	SCALE: 1:10@A3
CAD	L Heyns P&D&PMO				Proj No. - Drg No.
CHECKED	G Coetzee ESU				SP_TSS/DP/07 (B)
DATE	2022/05/23				REVISIONS
ENGINEERING SERVICES UNIT					A3
					10

Reference drawing: SP_TSS/DP/08 (A); - (4 seater)

SP_TSS/DP/08 (B) - (4 seater)

These specifications must be read in conjunction with the reference drawings and the general specifications found in Sections 13.1-13.8.

STRUCTURE

The column members shall be Ø89X3.5mm steel pipes, bent as shown, each with two vertical legs.

- Two-seater - 2 pairs of columns 3.0m apart
- Four-seater - 3 pairs of columns 3.0m apart

The columns shall be joint by a Ø89x3.5mm continuous crossbar, welded to the columns.

BASE PLATES

A 220x220x12mm base plate shall be welded to all column legs, each symmetrically drilled to accommodate four 16mm diameter anchor bolts. Each bolt hole shall be Ø22mm.

BEARING AND CHAIN

All bearings shall be sealed for life ball bearings mounted in either fabricated steel or cast steel housings which are to be bolted to the crossbar using 12mm diameter bolts, or welded to the crossbar. A hot dip galvanised "D"-shackle (min Ø12mm) shall fit snugly through the bearing. A grease nipple shall be provided on each bearing housing. If required, additional stiffener plates shall be added to stiffen the bearing housing connection.

The swing chain shall be a short link No. 13 hot-dip galvanised 7,1mm chain attached to the bearing assembly using a 12mm hot-dip galvanised "D" shackle and to the seat using an 8mm hot dip galvanised "D" shackle. The chain shall comply to the requirements of SANS 51176-1.

The length of the chain shall be such that the bottom of each chair is 400mm above the ground level.

CHAIR

The chair shall be made of a used 14" crossply car tire. No re-treads will be permitted. The tire shall be car as shown. A Ø20x2.0 steel bracket shall be fitted on either side of the chair as shown. The hanger bracket shall be cut out of 3.0mm thick galvanized steel plate, bent to the shape shown.

FINISH

The complete structure shall be finished as per colours specified in the general specifications

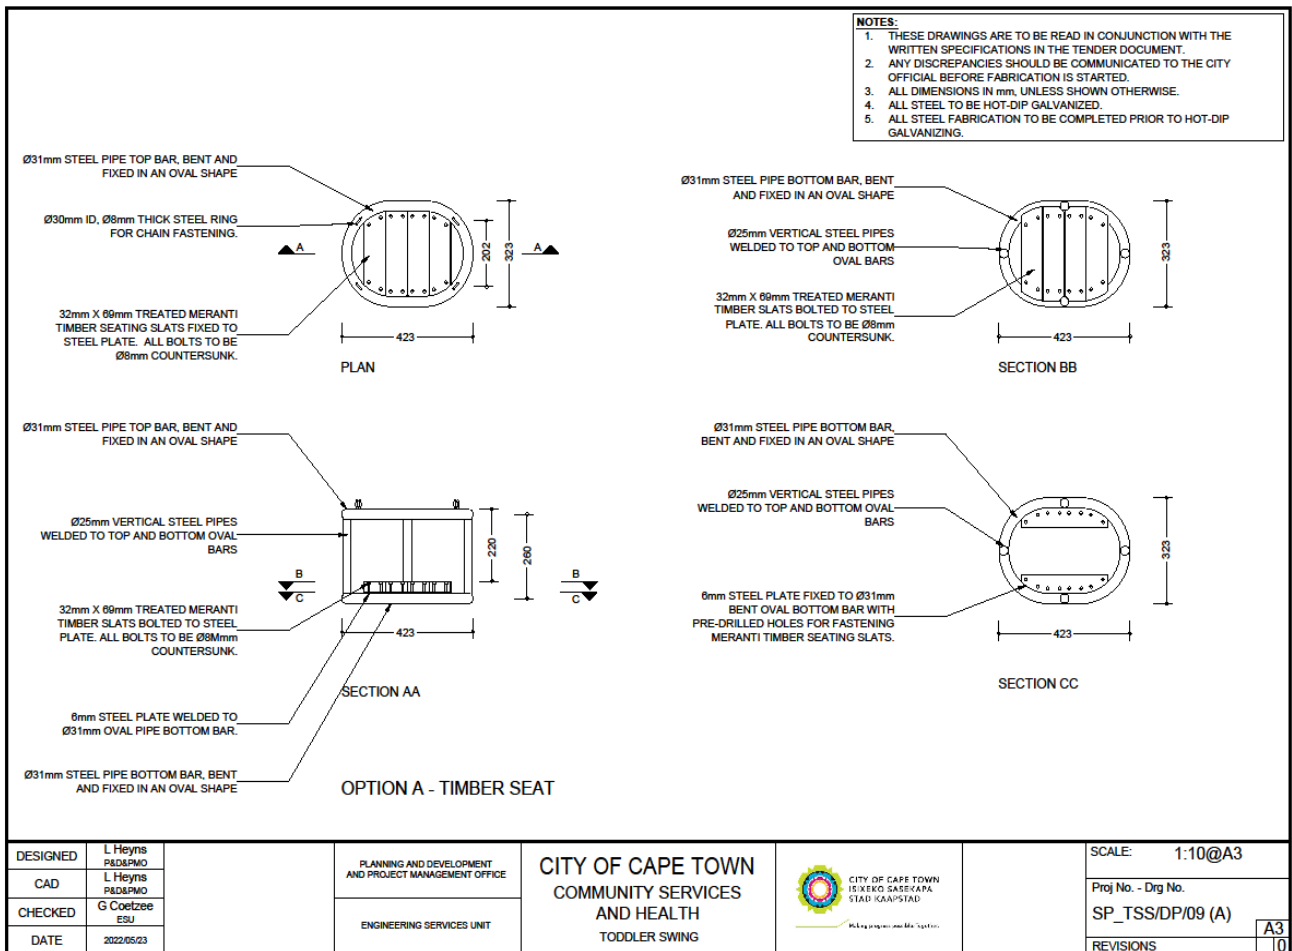

INSTALLATION

The base plate of each upright shall be fixed to a set of four anchor bolts, embedded at least 300mm into the concrete foundation. Each foundation, sized 1300x500x450mm, shall support two vertical legs spaced 900mm apart. The base plate shall be installed on a 30mm thick non-shrink grout layer. The top of the foundation shall be level with the asphalt level.

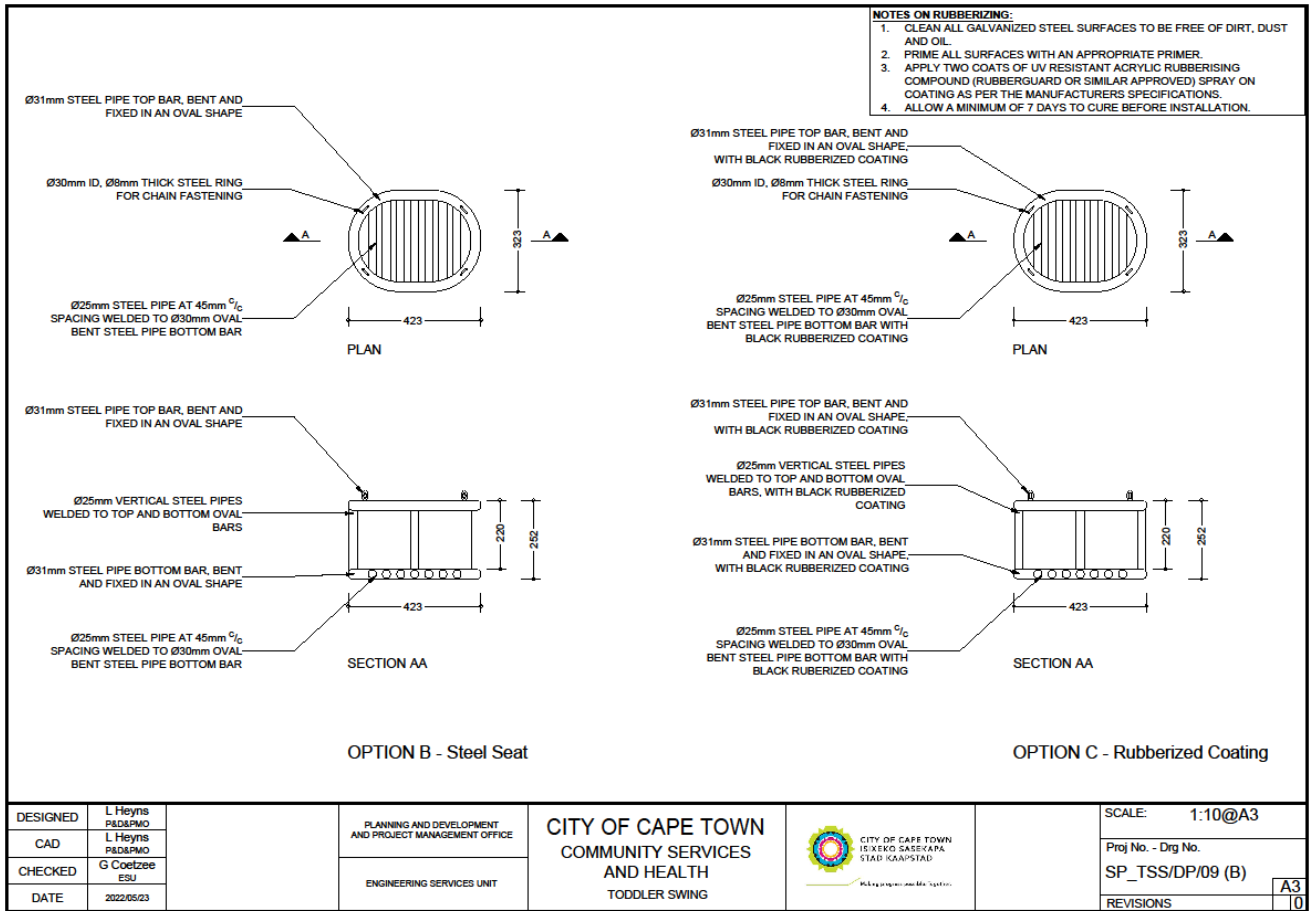

The asphalt base shall be 4.5m wide x 6.0m.

13.14 SPECIFICATION FOR TODDLER SWING SEAT

Reference drawing: SP_TSS/DP/09 (A)

Reference drawing: SP_TSS/DP/09 (B)

These specifications must be read in conjunction with the reference drawing and the general specifications found in Sections 13.1-13.8.

SEAT

Three different types of toddler seats are proposed:

Option A – Timber seat:

The toddler seat shall be made using a top and bottom oval bent from Ø31x2.5mm steel pipe. The top and bottom oval shall be connected with four welded Ø25x2.5mm pipes, as shown.

Two 6mm steel plates shall be welded to the bottom oval as shown, with pre-drilled and tapped holes. 32x69mm treated Meranti timber slats shall be installed to form the seat. The timber slats shall be sanded smooth and the edges shall have a 6mm radius rounded curve.

The distance between the top of the seat and the top of the top bar shall be 220mm.

Four Ø8mm thick steel rings with an inside diameter of 30mm shall be welded onto the top of the upper oval as shown.

Option B – Steel seat:

The toddler seat shall be made using a top and bottom oval bent from Ø31x2.5mm steel pipe. The top and bottom oval shall be connected with four welded Ø25x2.5mm pipes, as shown.

Seven Ø25x2.5mm pipes, spaced 45mm c/c shall be installed between the bottom oval bar to form a seat. The distance between the top of the seat and the top of the top bar shall be 220mm.

Four Ø8mm thick steel rings with an inside diameter of 30mm shall be welded onto the top of the upper oval as shown.

Option C – Steel seat with rubbersizing:

The toddler seat shall be made using a top and bottom oval bent from Ø31x2.5mm steel pipe. The top and bottom oval shall be connected with four welded Ø25x2.5mm pipes, as shown.

Seven Ø25x2.5mm pipes, spaced 45mm c/c shall be installed between the bottom oval bar to form a seat. The distance between the top of the seat and the top of the top bar shall be 220mm.

Four Ø8mm thick steel rings with an inside diameter of 30mm shall be welded onto the top of the upper oval as shown. After fabrication is complete, the whole seat shall be treated with a UV resistant acrylic rubberizing compound.

13.15 SPECIFICATION FOR IGLOO CLIMBER

Reference drawing: SP_TSS/DP/11

These specifications must be read in conjunction with the reference drawing and the general specifications found in Sections 13.1-13.8.

STRUCTURE

The uprights forming the main structure and door arches shall be Ø 42mm pipe. The upper circular crest pipework shall be Ø 42mm pipe. All horizontal pipe work shall be Ø 25mm pipe. All members shall be welded together as shown the drawing.

The entire structure shall be fabricated and hot-dip galvanized. If required to facilitate the hot-dip galvanizing process, the structure can be spliced. The various sections shall be joined together by press fitting a 300mm long hot-dip galvanized pipe, up to half its length into one section and anchoring it by bolting. The protruding end shall be a slide fit into the mating section of the framework. All drilling and press-fitting shall be done prior to hot-dip galvanizing to ensure proper fit. The tenderer can propose an alternative solution, to be approved by the City official. The solution shall not make use of any post-galvanizing welding (except for welding nuts to prevent vandalism) and shall be such that the splice connection minimizes the risk of injury to users.

BASE PLATES

Each leg shall be fitted with 190 x 140 x 12mm base plates, which shall be drilled symmetrically to accommodate two 16mm diameter anchor bolts. Each bolt hole shall be Ø22mm..

FINISH

The complete structure shall be finished as per colours specified in the general specifications.

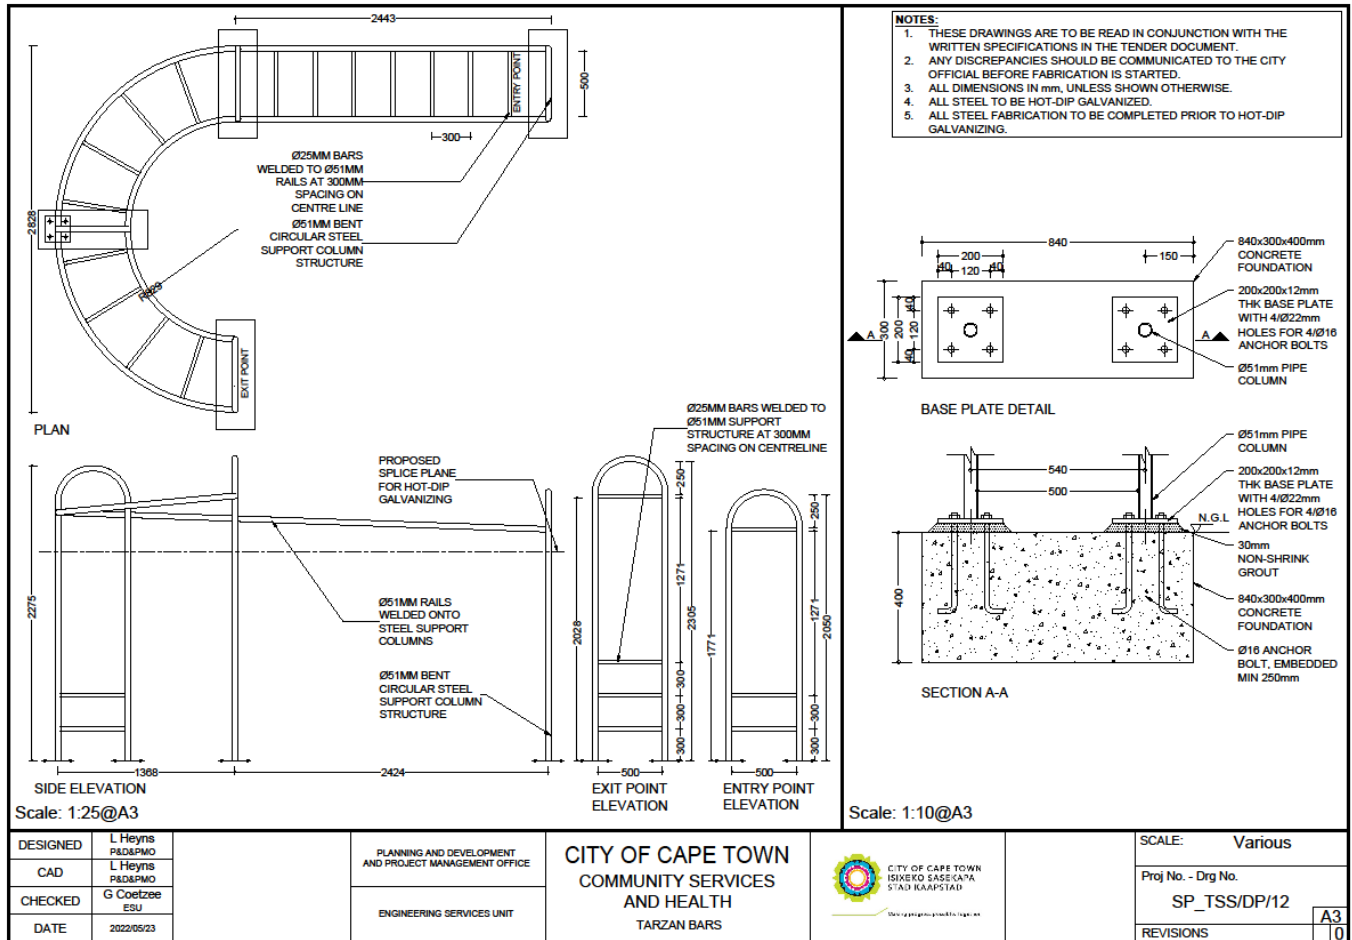

INSTALLATION

The complete structure shall be centrally located on a 5,4m diameter asphalt base.

The base plate of each upright shall be fixed to a set of two anchor bolts, embedded at least 250mm into a concrete foundation (300 x 300 x 350mm). The top of the foundation shall be level with the asphalt level. The base plate shall be installed on a 30mm thick non-shrink grout layer.

13.16 SPECIFICATION FOR TARZAN BAR

Reference drawing: SP_TSS/DP/12

These specifications must be read in conjunction with the reference drawing and the general specifications found in Sections 13.1-13.8.

STRUCTURE

The structure shall consist Ø51 mm pipe columns bent as shown of the drawing, to provide two uprights. A set of two rails of Ø51mm pipe shall connect the various columns. Hand grips of Ø25mm pipe shall be installed between rails at 300 mm centres.

The structure may be split into to facilitate the hot-dip galvanizing process. A splice plane is proposed on the drawing. The various sections shall be joined together, after hot-dip galvanizing, by press fitting a 300mm long galvanised pipe, up to half it length into one section and anchoring it by bolting. The protruding end shall be a slide fit into the mating section of the framework. The supplier may propose another connection methodology, which must be approved by the City official. The solution shall not make use of any post-galvanizing welding (except for welding nuts to prevent vandalism) and shall be such that the splice connection minimizes the risk of injury to users.

SUPPORTS

Each upright shall have a 200 x 200 x 12mm base plate welded to its base and drilled symmetrically to accommodate four Ø16mm anchor bolts. Each bolt hole shall be Ø22mm.

FINISH

The complete structure shall be finished as per colours specified in the general specifications

INSTALLATION

The complete structure shall be centrally located on a 5,4m diameter asphalt base.

The base plate of each upright shall be fixed to a set of four anchor bolts, embedded at least 250mm into a concrete foundation. Each foundation, sized 840x300x400mm, shall support two columns with a clear opening of 500mm between them. The top of the foundation shall be level with the asphalt level. The base plate shall be installed on a 30mm thick non-shrink grout layer.

13.17 SPECIFICATION FOR ALPHA JUNGLE GYM

Reference drawing: SP_TSS/DP/13

These specifications must be read in conjunction with the reference drawing and the general specifications found in Sections 13.1-13.8.

STRUCTURE

The outer curved rails shall be Ø42mm pipe, bent as shown. The remainder of the pipework shall be of Ø25mm. The structure shall be 2.1m high and 4.2m wide. All horizontal hand grips shall be equally spaced at 270-300mm.

If required to facilitate the hot-dip galvanizing process, the structure may be spliced at the joint(s) indicated on the drawing. If a splice is required, the contractor shall propose a connection detail, to be approved by the City official. This connection may use bolting or press-fitting, but may not include any welding after the structure has been hot-dip galvanized. All drilling and press-fitting shall be done prior to hot-dip galvanizing to ensure proper fit.

SUPPORTS

A base plate, sized 200 x 200 x 12mm shall be welded to the underside of each of the 8 support columns, prior to hot-dip galvanizing. Each base plate shall be symmetrical drilled to accommodate four Ø16mm diameter anchor bolts. Each bolt hole shall be Ø22mm.

Each set of anchor bolts shall be positioned into a concrete foundation 300 x 300 x 400 mm set in the ground and level with tarmac base.

FINISH

The complete structure shall be finished as per colours specified in the general specifications

INSTALLATION

The complete structure shall be centrally located on a 6m x 6m tarmac base.

The base plate of each upright shall be fixed to a set of four anchor bolts, embedded at least 250mm into the concrete foundation (300 x 300 x 400mm). The top of the foundation shall be level with the asphalt level. The base plate shall be installed on a 30mm thick non-shrink grout layer.

13.18 SPECIFICATION FOR S-SHAPE

Reference drawing: SP_TSS/DP/14

These specifications must be read in conjunction with the reference drawing and the general specifications found in Sections 13.1-13.8.

STRUCTURE

The structure shall consist Ø51mm pipes bent as shown of the drawing, to provide two upright column legs per support. A set of two curved rails of Ø51mm pipe shall connect the various columns, as shown. Hand grips of Ø25mm pipe shall be installed between rails at centres of 230-300mm.

The structure may be split into two sections to facilitate the hot-dip galvanizing process. A splice plane is proposed on the drawing. The various sections shall be joined together, after hot-dip galvanizing, by press fitting a 300mm long galvanised pipe, up to half it length into one section and anchoring it by bolting. The protruding end shall be a slide fit into the mating section of the framework. The supplier may propose another connection methodology, which must be approved by the City official. The solution shall not make use of any post-galvanizing welding (except for welding nuts to prevent vandalism) and shall be such that the splice connection minimizes the risk of injury to users.

SUPPORTS

Each upright shall have a 200 x 200 x 12mm base plate welded to its base and drilled symmetrically to accommodate four Ø16mm anchor bolts. Each bolt hole shall be Ø22mm.

FINISH

The complete structure shall be finished as per colours specified in the general specifications

INSTALLATION

The complete structure shall be centrally located on a 5,4m diameter asphalt base.

The base plate of each upright shall be fixed to a set of four anchor bolts, embedded at least 250mm into a concrete foundation. Each foundation, sized 850x450x400mm, shall support two column legs with a clear opening of 500mm between them. The top of the foundation shall be level with the asphalt level. The base plate shall be installed on a 30mm thick non-shrink grout layer.

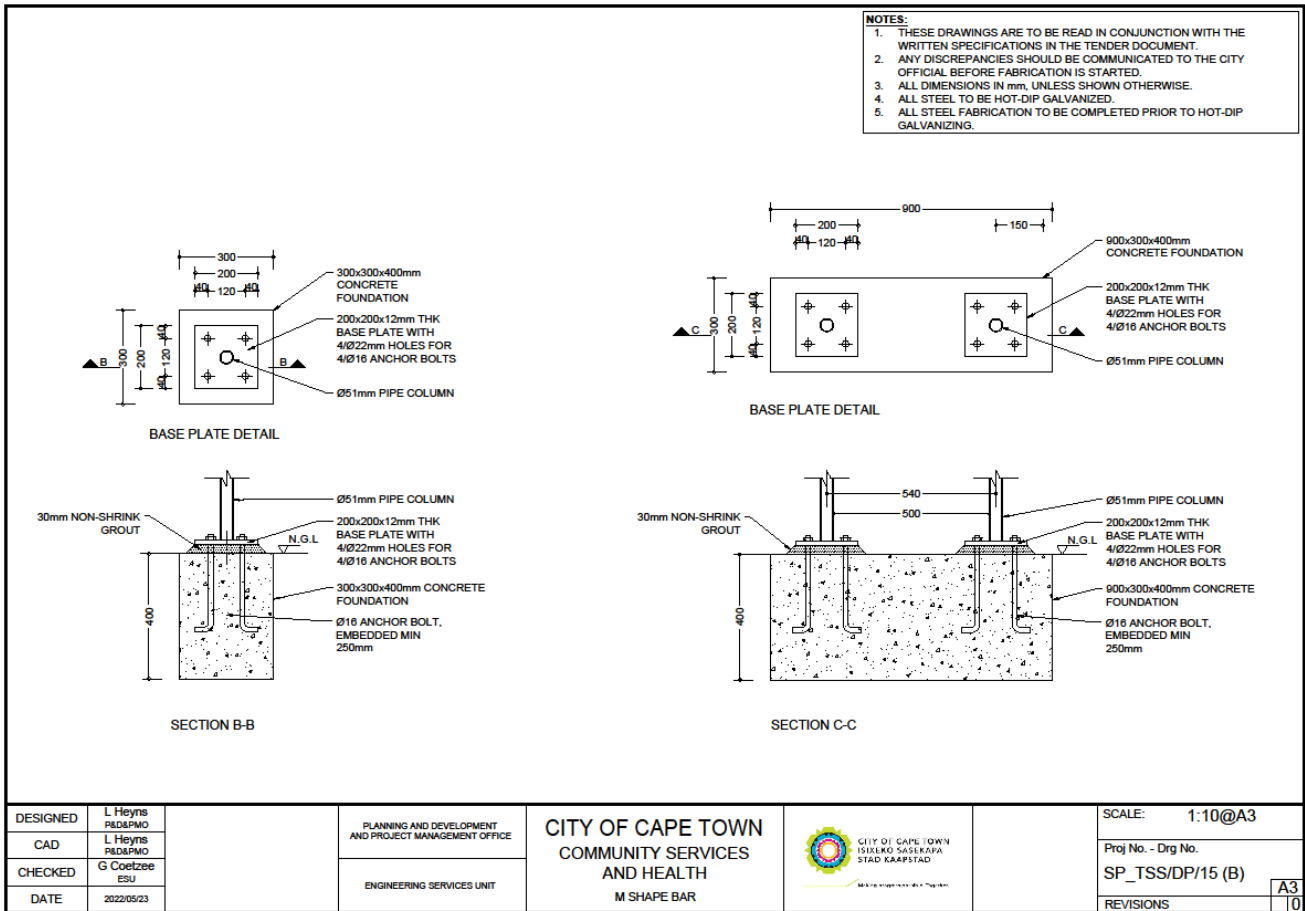

13.19 SPECIFICATION FOR M-SHAPE

Reference drawing: SP_TSS/DP/15 (A)

DESIGNED	L Heyns P&D&PMO	PLANNING AND DEVELOPMENT AND PROJECT MANAGEMENT OFFICE	CITY OF CAPE TOWN COMMUNITY SERVICES AND HEALTH M SHAPE BAR	 CITY OF CAPE TOWN ISIXHOKO SASAKHAPA ISELO KAPSTAD	SCALE: 1:25@A3
CAD	L Heyns P&D&PMO				ENGINEERING SERVICES UNIT
CHECKED	G Coetzee ESU				REVISIONS
DATE	2022/05/23				0

Reference drawing: SP_TSS/DP/15 (B)

These specifications must be read in conjunction with the reference drawing and the general specifications found in Sections 13.1-13.8.

STRUCTURE

The structure shall consist Ø51 mm pipes bent as shown of the drawing. Bent Ø51 mm pipes shall be welded at midspan so act as additional support. Curved hand grips of Ø27mm pipe shall be installed between the Ø51mm pipes at centres of 300mm.

The entire structure should be hot-dop galvanized at the same time, after all fabrication has been completed.

SUPPORTS

Each upright shall have a 200 x 200 x 12mm base plate welded to its base and drilled symmetrically to accommodate four Ø16mm anchor bolts. Each bolt hole shall be Ø22mm.

FINISH

The complete structure shall be finished as per colours specified in the general specifications

INSTALLATION

The complete structure shall be centrally located on a 5,4m diameter asphalt base.

The base plate of each upright shall be fixed to a set of four anchor bolts, embedded at least 250mm into a concrete foundation. The far ends will be supported on 900x300x400 concrete foundations, each foundation supporting two columns with a clear opening of 500mm between them. The two middle columns will be supported on two separate 300x300x400 concrete foundations.

The top of the foundation shall be level with the asphalt level. The base plate shall be installed on a 30mm thick non-shrink grout layer.

13.20 SPECIFICATION FOR CLIMBING POLES

13.21 SPECIFICATION FOR LISTENING TUBE

Reference drawing: SP_TSS/DP/17

These specifications must be read in conjunction with the reference drawing and the general specifications found in Sections 13.1-13.8.

STRUCTURE

The Listening Tube is to be manufactured using bent Ø127mmx3mm thick steel pipe, as shown. A sound cone, made of 3mm thick steel plate, is to be welded to both ends and angled in such a way that it avoids water ingress. A 3mm thick steel plate with Ø5mm holes at 8mm c/c spacings is to be welded on the inside of each cone, to avoid litter entrapment.

A 250x200x12mm thick base plate shall be welded to the bottom of each support. Each base plate shall have four Ø22mm symmetrically drilled holes to accommodate four Ø16mm anchor bolts. Each base plate shall be welded to the listening tube with a minimum 100mm long weld on either side.

Galvanizing holes should be carefully placed so as to not affect the acoustics of the pipe.

The entire structure shall be hot-dip galvanized at the same time, after all fabrication is completed.

FINISH

The complete structure shall be finished as per colours specified in the general specifications

INSTALLATION

The complete structure shall be centrally located on a 5,4m diameter tarmac base.

The base plate of each upright shall be fixed to a set of four anchor bolts, embedded at least 250mm into a concrete foundation. Each foundation shall be sized 400x400x400mm. The top of the foundation shall be level with the tarmac level. The base plate shall be installed on a 30mm thick non-shrink grout layer.

13.22 SPECIFICATION FOR LITTER BIN

Reference drawing: SP_TSS/DP/18

These specifications must be read in conjunction with the reference drawing and the general specifications found in Sections 13.1-13.8.

STRUCTURE

The bin frame shall consist of two Ø32mm pipes, each bent in an inverted u-shape as shown to form two supports. The two u—shapes shall be connected to one another with two horizontal Ø32mm pipe struts. A steel bin basket (described below) shall fit inside the bin frame and be fixed to the horizontal pipe struts in such a manner that the basket can swing inside the frame. The frame shall have plan dimensions of 450x450mm and the installed height shall be 850mm above the ground level.

Either 304 mentex or 348 flatex expanded steel grids shall form the sides and bottom of a 350x350x550mm deep basket. The edges of the basket shall be formed with 25x25x3 angles welded onto the grids, to form a stiff basket that fits inside the bin structure. The basket shall have a mechanism that allows the basket to rotate within the bin frame. A steel strip shall be welded across the width and the basket on two opposing sides, close to the top of the basket. A swing mechanism shall be fixed to the strip. The Tender may propose another swing mechanism, to be approved by the City Official.

The entire structure shall be hot-dip galvanized at the same time.

FINISH

The complete structure shall be finished as per colours specified in the general specifications.

INSTALLATION

Each bin with four support legs, shall be supported on a 600x600x300mm concrete foundation. The four vertical legs of the bin shall be extended and embedded into the concrete foundation by at least 230mm. One Ø10mm lug, 50mm long, shall be welded to each leg pointing inwards, 50mm from the bottom.

The top of the foundation shall be level with the ground level.

13.23 SPECIFICATION FOR STEEL BENCH

Reference drawing: SP_TSS/DP/19

These specifications must be read in conjunction with the reference drawing and the general specifications found in Sections 13.1-13.8.

STRUCTURE

The bench shall consist of three equally spaced supports, made up of bent Ø60mm pipes. Eleven Ø25mm pipes, spaced 45mm c/c, shall be connected between the supports to make up the seating area. The bench shall have a width (outer supports centre to centre) of 1800mm and a height above the ground level of 450mm. A 180mm long Ø10mm solid steel bar shall be welded through a Ø10mm hole to the pipe, 50mm from the bottom of each pipe leg, as shown.

The entire structure shall be hot-dip galvanized after all fabrication has been completed.

FINISH

The complete structure shall be finished as per colours specified in the general specifications.

INSTALLATION

Each support, consisting of two vertical legs, shall be supported on a 600x300x300mm concrete foundation. The top of each foundation shall be neatly shaped and floated with a 10mm fall away from the pipe, as shown.

The top outer edge of the foundation shall be level with the ground level.

13.24 SPECIFICATION FOR BIKE RACK

Reference drawing: SP_TSS/DP/20

These specifications must be read in conjunction with the reference drawing and the general specifications found in Sections 13.1-13.8.

STRUCTURE

The bike rack shall be made up of bent Ø50mm pipe as shown. The height of the rack shall be 900mm and the width 1500mm. A 180mm long Ø10mm solid steel bar shall be welded through a Ø10mm hole to the pipe, 50mm from the bottom of each pipe leg, as shown.

The entire structure shall be hot-dip galvanized after all fabrication has been completed.

FINISH

The complete structure shall be finished as per colours specified in the general specifications.

INSTALLATION

Each vertical leg shall be supported on a 300x300x350mm concrete foundation. The vertical legs shall be extended and embedded into the concrete foundation by at least 250mm. The top of each foundation shall be neatly shaped and floated with a 10mm fall away from the pipe, as shown.

The top outer edge of the foundation shall be level with the ground level.

13.25 HEALTH AND SAFETY PLAN

The tenderer must submit with a tender document a Health and Safety Plan that address the following:

- Risk Identification
- Risk Analysis
- Plan of Safe Working Procedures
- Monitoring Plan

13.26 REPAIRS AND DELIVERY TIMEFRAMES

All repairs shall be done in accordance with the specifications outlined in this document, including general and item specific.

Drawings shall be used as reference for repairs.

The general specification must be read in conjunction with the relevant specification for each item as listed on the attached schedule. Tenderers shall comply with these general conditions unless otherwise directed.

In the case of items with no drawings e.g. Moon Rocket, the responsibility lies with the tenderer to familiarise him/herself with what have been installed previously at various City facilities and must ensure that the equipment is repaired the same or of a better standard and quality. The following sites and or facilities display equipment that can be used as reference:

- 13.27.1 Meerlust Park, Oakdale – Moon Rocket
- 13.27.2 Stoneland road park, hanover Park – Dragon Slide
- 13.27.3 8th Avenue park, Rondebosch East – Satellite.

Only work specified by the relevant Area project manager shall be quoted for and executed, in accordance with specification and rates. The City will not be held liable for payment of repairs executed **without** an official Purchase Order describing such work.

The tenderer will be given a maximum of 2 weeks for repairs of the equipment from the date of Official Purchase Order. Repairs will include: remove, complete, deliver and re-install where applicable.

New deliveries must also be delivered 6 weeks from the date of Official Purchase Order

13.27 ADMINISTRATIVE REQUIREMENTS

The tenderer must ensure that he has a dedicated office with staff, email and telephone phone line to attend to all administrative requirements.

13.28 DRAWINGS

Drawings attached to the end of the document. Use for reference for manufacturing.

13.29. ADDITIONAL REQUIREMENTS

Notwithstanding Functionality Scoring, the following is required:

Property:

It is expected of the company to own or lease a fully equipped mechanical/manufacturing workshop. The workshop will adhere to amongst others:

- Health and safety requirements according to the Occupational Health and Safety Act, 1993
- Enough storage space for post manufacturing play equipment items waiting on inspection / delivery,
- Area for manufacturing of steel play equipment items and administration offices.

It is expected of the company at contract stage to own or lease said property.

Vehicles:

Vehicles must be in a good and sound condition, and a minimum requirement per Area tendered should be:

2 x LDV
2 x 3-5 Ton trucks.
Vehicles should either be owned or leased for the full duration of contract.

Tools and Machinery:
The tenderer must ensure that he has the correct and appropriate tools and machinery to do the works:

Various welding type machines: Mig welding, Arc welding, Inverter welding.
Metal grinders
Hydraulic pipe benders
Generators/Mobile
Compressors
Pavement rollers
Construction / stroke safety signage.
Concrete mixers
Accessories: Mechanical hand held tools, wheel barrows etc.

15. TRADE NAMES OR PROPRIETARY PRODUCTS

Bid specifications may not make any reference to any particular trade mark, name, patent, design, type, specific origin or producer, unless there is no other sufficiently precise or intelligible way of describing the characteristics of the work, in which case such reference must be accompanied by the words "or equivalent".

16. EMPLOYMENT OF SECURITY PERSONNEL

All security staff employed by the supplier on behalf of the CCT or at any CCT property must be registered with Private Security Industry Regulatory Authority (PSiRA). Proof of such registration must be made available to the CCT's agent upon request.

17. FORMS FOR CONTRACT ADMINISTRATION

The supplier shall complete, sign and submit with each invoice, the following:

- a) Monthly Project Labour Report (**Annex 3**).
- b) B-BBEE Sub-Contract Expenditure Report (**Annex 4**).
- c) Joint Venture Expenditure Report (**Annex 5**).

The Monthly Project Labour Report must include details of all labour (including that of sub-contractors) that are South African citizens earning less than R350.00 per day, as adjusted from time to time (excluding any benefits), who are employed on a temporary or contract basis on this contract in the month in question.

In addition to the Monthly Project Labour Report the Supplier shall simultaneously furnish the CCT's Agent with copies of the employment contracts entered into with such labour, together with certified copies of identification documents, proof of attendance in the form of attendance register or timesheets as well as evidence of payments to such labour in the form of copies of payslips or payroll runs. If the worker is paid in cash or by cheque, this information must be recorded on the envelope and the worker must acknowledge receipt of payment by signing for it and proof of such acknowledgement shall be furnished to the CCT's Agent.

The Monthly Project Labour Reports shall be completed and submitted in accordance with the instructions therein.

The **B-BBEE Sub-Contract Expenditure Report** is required for monitoring the supplier's compliance with the sub-contracting conditions of the **Preference Schedule**.

The Joint Venture Expenditure Report is required for monitoring the joint venture's/consortium/partnership compliance with the percentage contributions of the partners as tendered, where the joint venture/consortium/partnership has been awarded preference points in respect of its consolidated B-BBEE scorecard.

C.6 SPECIAL CONDITIONS OF CONTRACT

The following Special Conditions of Contract, referring to the National Treasury – Conditions of Contract (revised July 2010), are applicable to this agreement.

1. Definitions

Insert new clause 1.1A with the following:

- 1.1A “Commencement Date” means the date the Supplier confirms receipt from the Purchaser of 1 (one) complete, signed copy of the Contract, the *Schedule of Deviations* (if any).
- 1.1B “Conditions of Contract” means the general conditions of contract and special conditions of contract including all other contract data incorporated by reference.

Delete Clause 1.15 and substitute with the following

- 1.15 The word ‘Goods’ is to be replaced everywhere it occurs in the GCC with the phrase ‘Goods and / or Services’ which means all of the equipment, machinery, materials, services, products, consumables, etc. that the Supplier is required to deliver to the Purchaser under the agreement. This definition shall also be applicable, as the context requires, anywhere where the words “supplies” and “services” occurs in the GCC.

Delete Clause 1.19 and substitute with the following

- 1.19 The word ‘Order’ is to be replaced everywhere it occurs in the GCC with the words ‘Purchase Order’ which means the official purchase order authorised and released on the Purchaser’s SAP System.

Delete Clause 1.21 and substitute with the following:

- 1.21 ‘Purchaser’ means the City of Cape Town. The address of the Purchaser is 12 Hertzog Boulevard, Cape Town, 8001 (chosen domicilium citandi et executandi).

Add the following after Clause 1.25:

- 1.26 ‘Supplier’ means the provider of Goods and / or Services with whom the Contract is concluded also referred to as “contractor” in the GCC.
- 1.27 "Intellectual Property" means any and all intellectual property rights of any nature anywhere in the world whether registered, registerable or otherwise, including patents, trademarks, registered designs and domain names, applications for any of the foregoing, trade or business names, copyright and rights in the nature of copyright, design rights, rights in databases, know-how, trade secrets and any other intellectual property rights which subsist in computer software, computer programs, websites, documents, information, techniques, business methods, drawings, logos, instruction manuals, lists and procedures and particulars of customers, marketing methods and procedures and advertising literature, including the "look and feel" of any websites
- 1.28 “Working Day” means Monday to Friday excluding weekends and Public Holidays (in the Republic of South Africa).

3. General Obligations

Delete Clause 3.2 in its entirety and replace with the following clauses.

- 3.2 The Parties will be liable to each other arising out of or in connection with any breach of the obligations detailed or implied in this contract, subject to clause 28.
- 3.3 If the Supplier is a joint venture, all parties in a joint venture or consortium shall be jointly and severally liable to the Purchaser in terms of the Contract and shall carry individually the minimum levels of insurance stated in the Contract, if any.

- 3.4 The Parties shall comply with all laws, regulations and bylaws of local or other authorities having jurisdiction regarding the Delivery of the Goods and/or Services and give all notices and pay all charges required by such authorities.
- 3.4.1 The Parties agree that this Contract shall also be subject to the CCT's Supply Chain Management Policy ("SCM Policy") that was applicable on the date the bid was advertised as amended from time to time. If the Purchaser adopts a new SCM Policy which contemplates that any clause therein would apply to the Contract emanating from this tender, such clause shall also be applicable to the Contract. Please refer to this document contained on the CCT's website.
- 3.4.2 Abuse of the supply chain management system is not permitted and may result in termination of the Contract, restriction of the Supplier, and/or the exercise by the CCT of any other remedies available to it as described in the SCM Policy or in law.
- 3.5 The Supplier shall:
- 3.5.1 Arrange for the documents listed below to be provided to the Purchaser prior to the issuing of the Purchase Order by the Purchaser and no later than the periods as set out in the Contract:
- a) Proof of Insurance (Refer to Clause 11) or Insurance Broker's Warrantee,
 - b) Letter of good standing from the Compensation Commissioner, or a licensed compensation insurer (Refer to Clause 11),
 - c) Initial delivery programme, and
 - d) Other requirements as detailed in the Contract.
- 3.5.2 Only when notified of the acceptance of the bid on the Date of Commencement of Contract, the Supplier shall commence with and carry out the Delivery of the Goods and/or Services in accordance with the Contract, to the satisfaction, of the Purchaser.
- 3.5.3 Provide all of the necessary materials, labour, plant and equipment required for the delivery of the Goods and/or Services including any temporary services that may be required.
- 3.5.4 Insure his workmen and employees against death or injury arising out of the delivery of the Goods.
- 3.5.5 Be continuously represented during the Delivery of the Goods and/or Services by a competent representative duly authorised to execute instructions.
- 3.5.6 In the event of a loss resulting in a claim against the insurance policies stated in clause 11, pay the first amount (excess) as required by the insurance policy.
- 3.5.7 Comply with all written instructions from the Purchaser subject to clause 18.
- 3.5.8 Complete and Deliver the goods within the period stated in clause 10, or any extensions thereof in terms of clause 21.
- 3.5.9 Make good at his own expense, all incomplete and defective Goods during the warranty period.
- 3.5.10 Pay to the Purchaser any penalty for delay as due on demand by the Purchaser. The Supplier hereby consents to such amounts being deducted from any payment due to the Supplier.
- 3.5.11 Comply with the provisions of the OHAS Act & all relevant regulations.
- 3.5.12 Comply with all laws relating to wages and conditions generally governing the employment of labour in the Cape Town area and any applicable Bargaining Council agreements.
- 3.5.13 Deliver the Goods in accordance with the Contract and with all reasonable care, diligence and skill in accordance with generally accepted professional techniques and standards.
- 3.6 The Purchaser shall:
- 3.6.1 Issue Purchaser Orders for the Goods and/or Services required under this Contract. No liability for payment will ensue for arising out of the Delivery of the Goods and/or Services, unless a Purchase Order has been issued to the Supplier.

- 3.6.2 Make payment to the Supplier for the Goods and/or Services as set out herein.
- 3.6.3 Take possession of the Goods and /or Services upon Delivery by the Supplier.
- 3.6.4 Regularly inspect the Goods to establish that it is being delivered in compliance with the Contract.
- 3.6.5 Give any instructions and/or explanations and/or variations to the Supplier including any relevant advice to assist the Supplier to understand the Contract.
- 3.6.6 Grant or refuse any extension of time requested by the Supplier of the period stated in clause 10.
- 3.6.7 Inspect the Goods and/or Services to determine if, in the opinion of the Purchaser, it has been delivered in compliance with the Contract, alternatively in such a state that it can be properly used for the purpose for which it was intended.
- 3.6.8 Brief the Supplier and issue all documents, information, etc. in accordance with the contract.

5. Use of contract documents and information; inspection, copyright, confidentiality, etc.

Add the following after clause 5.4:

- 5.5 Copyright of all documents prepared by the Supplier in accordance with the relevant provisions of the Copyright Act (Act 98 of 1978) relating to the Contract shall be vested in the Purchaser. Where copyright is vested in the Supplier, the Purchaser shall be entitled to use the documents or copy them only for the purposes for which they are intended in regard to the agreement and need not obtain the Supplier's permission to copy it for such use. Where copyright is vested in the Purchaser, the Supplier shall not be liable in any way for the use of any of the information other than as originally intended in terms of the agreement and the Purchaser hereby indemnifies the Supplier against any claim which may be made against it by any person / entity, arising from the use of such documentation for other purposes.

The ownership of data and factual information collected by the Supplier and paid for by the Purchaser shall, after payment, vest with the Purchaser.

- 5.6 **Publicity and publication**
The Supplier shall not release public or media statements or publish material related to the services or agreement within two (2) years of Delivery of the Goods, without the written approval of the Purchaser, which approval shall not be unreasonably withheld.
- 5.7 **Confidentiality**
Both Parties shall keep all information obtained by them in the context of the agreement, confidential and shall not divulge it without the written approval of the other Party.
- 5.8 **Intellectual Property**
 - 5.8.1 The Supplier acknowledges that it shall not acquire any right, title or interest in or to the Intellectual Property of the Purchaser.
 - 5.8.2 The Supplier hereby assigns to the Purchaser, all Intellectual Property created, developed or otherwise brought into existence by it for the purposes of the agreement, unless the Parties expressly agree otherwise in writing.
 - 5.8.3 The Supplier shall, and warrants that it shall:
 - 5.8.3.1 Not be entitled to use the Purchaser's Intellectual Property for any purpose other than as contemplated in the agreement;
 - 5.8.3.2 not modify, add to, change or alter the Purchaser's Intellectual Property, or any information or data related thereto, nor may the Supplier produce any product as a result of, including and/or arising from any such information, data and Intellectual Property, and in the event that it does produce any such product, the product shall be, and be deemed in law to be, owned by the Purchaser;

- 5.8.3.3 Not apply for or obtain registration of any domain name, trademark or design which is similar to any Intellectual Property of the Purchaser;
- 5.8.3.4 Comply with all reasonable directions or instructions given to it by the Purchaser in relation to the form and manner of use of the CCT Intellectual Property, including without limitation, any brand guidelines which the Purchaser may provide to the Supplier from time to time;
- 5.8.3.5 Ensure that its employees, directors, members and contractors comply strictly with the provisions of this Clause 5.5.8.4 above unless the Purchaser expressly agrees to the contrary, in writing and only after obtaining due internal authority for such agreement.
- 5.8.4 The Supplier represents and warrants to the Purchaser that, in providing Goods and/or Services for the duration of the agreement it will not infringe or make unauthorised use of the Intellectual Property rights of any third party and hereby indemnifies the Purchaser from any claims, liability, loss, damages, costs, and expenses arising from the infringement or unauthorised use by the Supplier of any third party's Intellectual Property rights.
- 5.8.5 Upon expiry of the contract period and in the event that the Contract is terminated, ended or is declared void, any and all of the Purchaser's Intellectual Property, and any and all information and data related thereto, shall be immediately handed over to the Purchaser by the Supplier and no copies thereof shall be retained by the Supplier unless the Purchaser expressly and in writing, after obtaining due internal authority, agrees otherwise.

Add the following after clause 5.8:

5.9 Protection of Personal Information Act of 2013

By submitting a tender to the Purchaser, (and by concluding any ensuing related agreement with the City of Cape Town, if applicable), the Tenderer thereby acknowledges and unconditionally agrees:

- 5.9.1 that the tenderer has been informed of the purpose of the collection and processing of its personal information as defined in the Protection of Personal Information Act of 2013 ("POPIA"), which, for the avoidance of doubt is for, and in relation to, the tender process and the negotiation, conclusion, performance and enforcement of the ensuing agreement, if applicable, as well as for the City of Cape Town's reporting purposes;
- 5.9.2 to the collection and processing of the tenderer's personal information by the City of Cape Town and agrees to make available to the City of Cape Town, all information reasonably required by the City of Cape Town for the above purposes;
- 5.9.3 that the personal information the City of Cape Town collects from the tenderer or about the tenderer may be further processed for other activities and/or purposes which are lawful, reasonable, relevant and not excessive in relation to the purposes set out above, for which it was originally collected;
- 5.9.4 that, the tenderer indemnifies the City of Cape Town and its officials, employees, and directors and undertakes to keep the City of Cape Town and its officials, employees, and directors indemnified in respect of any claim, loss, demands, liability, costs and expenses of whatsoever nature which may be made against the City of Cape Town (including the costs incurred in defending or contesting any such claim) in relation to the tenderer or the tenderer's employees', representatives' and/or sub-Suppliers' non-compliance with POPIA and/or the City of Cape Town's failure to obtain the tenderer's consent or to notify the tenderer of the reason for the processing of the tenderer's personal information;
- 5.9.5 to the disclosure of the tenderer's personal information by the City of Cape Town to any third party, where the City of Cape Town has a legal or contractual obligation to disclose such personal information to the third party (or a legitimate interest exists therein);
- 5.9.6 that, under POPIA, the tenderer may request to access, confirm, request the correction, destruction, or deletion of, or request a description of, personal information held by the City of Cape Town in relation to you, subject to applicable law; and

that under POPIA, subject to applicable law, the tenderer also has the right to be notified of a personal information breach and the right to object to, or restrict, the City of Cape Town's processing of its personal information.

5.10 **PERFORMANCE MONITORING**

- 5.10.1 As required by section 116(2)(b) of the Local Government: Municipal Financial Management Act 56 of 2003, the CCT shall monitor the performance of the Supplier on at least a monthly basis, and the Supplier agrees to provide the CCT with its full cooperation in this regard.

7. Performance Security

Delete clause 7.1 to 7.4 and replace with the following:

Not Applicable. Tenderers must disregard the **Pro Forma Performance Security/ Guarantee** and are not required to furnish same.

8. Inspections, tests and analyses

Delete Clause 8.2 and substitute with the following:

- 8.2 If it is a bid condition that Goods and/or Services to be produced or services to be rendered should at any stage during production or execution or on completion be subject to inspection, the premises of the bidder or Supplier shall be open, at all reasonable hours, for inspection by a representative of the Purchaser or an organisation acting on behalf of the Purchaser.

10. Delivery and documents

Delete clauses 10.1 and 10.2 and replace with the following:

- 10.1 Delivery of the goods shall be made by the Supplier in accordance with the terms specified in the contract. The time for Delivery of the goods shall be the date as stated on the Purchase Order. In the case of agreements for Delivery of goods in terms of framework or panel agreements, Purchase Orders for the supply and delivery of goods may be raised up until the expiry of a framework or panel agreement, provided that the goods can be delivered within 30 (thirty) days of expiry of the framework or panel agreement. In this context, the “goods” does not include services and carries its ordinary meaning. All Purchase Orders other than for the supply and Delivery of goods (i.e. supply of services, professional services or constructions works), must be completed prior to the expiry of the contract period.
- 10.2 The Purchaser shall determine, in its sole discretion, whether the Goods and/or Services have been delivered in compliance with the Contract, alternatively in such a state that it can be properly used for the purpose for which it was intended. When the Purchaser determines that the Goods and/or Services have been satisfactorily delivered, the Purchaser must issue an appropriate certification, or written approval, to that effect. Invoicing may only occur, and must be dated, on or after the date of such written acceptance of the Goods.

11. Insurance

Add the following after clause 11.1:

- 11.2 Without limiting the obligations of the Supplier in terms of this Contract, the Supplier shall effect and maintain the following additional insurances:
- 11.2.1 Public liability insurances, in the name of the Supplier, covering the Supplier and the Purchaser against liability for the death of or injury to any person, or loss of or damage to any property, arising out of or in the course of this Contract, in an amount not less than **[R20 million]** for any single claim;
- 11.2.2 Motor Vehicle Liability Insurance, in respect of all vehicles owned and / or leased by the Supplier, comprising (as a minimum) “Balance of Third Party” Risks including Passenger Liability Indemnity;
- 11.2.3 Registration / insurance in terms of the Compensation for Occupational Injuries and Disease Act, Act 130 of 1993. This can either take the form of a certified copy of a valid Letter of Good Standing issued by the Compensation Commissioner, or proof of insurance with a licenced compensation insurer, from either the Supplier’s broker or the insurance company itself (see the Pro Forma Insurance Broker’s Warranty).

[11.2.4 In the case of Contracts for delivery of professional services, Professional indemnity insurance providing cover in an amount of not less than **[R5 million]** in respect of each and every claim during the contract period.]

11.2.5 In the event of under insurance or the insurer's repudiation of any claim for whatever reason, the Purchaser will retain its right of recourse against the Supplier.

11.3 The Supplier shall be obliged to furnish the Purchaser with proof of such insurance as the Purchaser may require from time to time for the duration of this Contract. Evidence that the insurances have been effected in terms of this clause, shall be either in the form of an insurance broker's warranty worded precisely as per the pro forma version contained in the Pro forma Insurance Broker's Warranty or copies of the insurance policies.

15. Warranty

Add to Clause 15.2:

15.2 The warranty for this Contract shall remain valid for six (6) months from date of Delivery of the Goods and/or Services.

16. Payment

Delete Clause 16.1 in its entirety and replace with the following:

16.1 Payment of invoices will be made:

16.1.1 Within 30 (thirty) days of receiving the relevant invoice or statement from the Supplier, unless otherwise prescribed for certain categories of expenditure or specific contractual requirements in accordance with any other applicable policies of the Purchaser.

16.1.2 Notwithstanding anything contained above, the Purchaser shall not be liable for payment of any invoice that pre-dates the date of delivery of any Goods and/or Services.

Delete Clause 16.2 in its entirety and replace with the following:

16.2 The Supplier shall furnish the purchaser's Accounts Payable Department with an original tax invoice, clearly showing the amount due in respect of each and every claim for payment.

Add the following after clause 16.4

16.5 Notwithstanding any amount stated on the Purchase Order, the Supplier shall only be entitled to payment for Goods and/or Services actually delivered in terms of the Specification and Drawings, or any variations thereof made in accordance with clause 18. Any contingency sum included shall be for the sole use, and at the discretion, of the Purchaser.

16.6 The Purchaser will only make advanced payments to the Supplier in strict compliance with the terms and conditions as contained in the Pro forma Advanced Payment Guarantee and only once the authenticity of such guarantee has been verified by the Purchaser's Treasury Department.

17. Prices

Add the following after clause 17.1

17.2 If as a result of an award of a contract beyond the original tender validity period, the contract execution will be completed beyond a period of twelve (12) months from the expiry of the original tender validity period, then the contract may be subject to contract price adjustment for that period beyond such twelve (12) months. An appropriate contract price adjustment formula will be determined by the Purchaser delegated authority if such was not included in the bid documents.

17.3 If as a result of any extension of time granted, the contract execution will be completed beyond a period of twelve (12) months from the expiry of the original tender validity period, then contract price adjustment may

apply to that period beyond such twelve (12) months. An appropriate contract price adjustment formula will be determined by the Director: Supply Chain Management if such was not included in the bid documents.

- 17.4 The prices for the goods and/or services delivered and services performed shall be subject to contract price adjustment in terms of Schedule F.1 Contract Price Adjustment and/or Rate of Exchange Variations and the following conditions will be applicable:

See Schedule F.1

18. Contract Amendments

Delete the heading of clause 18 and replace with the following:

18. Contract Amendments and Variations

Add the following to clause 18.1:

Variations means changes to the Goods and/or Services, extension of the contract period or increases in the value of the Contract as a result of written instructions issued by the Purchaser to the Supplier. Such changes are subject to prior approval by the Purchaser's delegated authority. Should the Supplier deliver any Goods not described in a written instruction from the Purchaser, the Purchaser's liability for payment shall no arise until such time as the change has been duly approved and such approval communicated to the Purchaser.

20. Subcontracts

Add the following after clause 20.1:

- 20.2 The Supplier shall be liable for the acts, defaults and negligence of any subcontractor, his agents or employees as fully as if they were the acts, defaults or negligence of the Supplier.
- 20.3 Any appointment of a subcontractor shall not amount to a contract between the Purchaser and the subcontractor, or a responsibility or liability on the part of the Purchaser to the subcontractor and shall not relieve the Supplier from any liability or obligation under the Contract.

21. Delays in the supplier's performance

Delete Clause 21.2 in its entirety and replace with the following:

- 21.2 If at any time during the performance of obligations contained in the Contract the Supplier or its subcontractors should encounter conditions beyond their reasonable control which impede the timely delivery of the Goods and/or Services, the Supplier shall notify the Purchaser in writing, within 7 (seven) days of first having become aware of these conditions, of the facts of the delay, its cause(s) and its probable duration. As soon as practicable after receipt of the Supplier's notice, the Purchaser shall evaluate the situation, and may at his discretion extend the time for Delivery.

Where additional time is granted, the Purchaser shall also determine whether or not the Supplier is entitled to payment for additional costs in respect thereof. The principle to be applied in this regard is that where the Purchaser or any of its agents are responsible for the delay, reasonable costs shall be paid. In respect of delays that were beyond the reasonable control of both the Supplier and the Purchaser, additional time only (no costs) will be granted.

The Purchaser shall notify the Supplier in writing of his decision(s) in the above regard.

- 21.3 No provision in this Contract shall be deemed to prohibit the obtaining of Goods and/or Services from a national department, provincial department, or a local authority.

22. Penalties**Delete clause 22.1 and replace with the following:**

22.1 Subject to GCC Clause 25, if the Supplier fails to deliver any or all of the Goods and/or Services within the period(s) specified in the Contract, the Purchaser shall, without prejudice to its other remedies under the Contract, deduct from amounts payable, as a penalty, a sum as stated herein for each day of the delay until actual Delivery or performance.

The penalty for this contract shall be [5%]of the Purchase Order value, deducted should the service not commence within 2 weeks of receipt of the Purchase Order and / or not adhering to the agreed upon time frames / delivery period as determined in the Purchase Order ."

22.2 The Purchaser shall, without prejudice to its other remedies under the contract, deduct from amounts payable, financial penalties as contained on the Preference Schedule for breaches of the conditions upon which preference points were awarded.

23. Termination for default*Delete the heading of clause 23 and replace with the following:***23. Termination***Add the following to the end of clause 23.1:*

If the Supplier fails to remedy the breach in terms of such notice.

Add the following after clause 23.7:

23.8 In addition to the grounds for termination due to default by the Supplier, the Contract may also be terminated:

23.8.1 Upon the death of the Supplier who was a Sole Proprietor, or a sole member of a Close Corporation, in which case the contract will terminate forthwith.

23.8.2 If the Parties, by mutual agreement, terminate the Contract.

23.8.3 If a material irregularity vitiates the procurement process leading to the conclusion of the Contract, rendering the procurement process and the conclusion of the resulting Contract unfair, inequitable, non-transparent, uncompetitive or not cost-effective the Contract may be terminated by the Purchaser (upon conclusion of applicable processes by the City Manager as described in the Purchaser's SCM Policy).

23.8.4 Reputational risk or harm to the Purchaser

The Purchaser, without prejudice to any other remedy for breach of contract, by written notice of default sent to the Supplier, may terminate the contract if the implementation of the contract may result in reputational risk or harm to the Purchaser as a result of (inter alia):

- a) reports of poor governance and/or unethical behaviour;
- b) association with known notorious individuals and family of notorious individuals;
- c) poor performance issues, known to the Purchaser
- d) negative social media reports;
- e) adverse assurance (e.g. due diligence) report outcomes; or
- f) circumstances where the relevant vendor has employed, or is directed by, anyone who was previously employed in the service of the state (as defined in clause 1.53), where the person is or was negatively implicated in any SCM irregularity.

By or in relation to the Supplier, the Contract may be terminated by the Purchaser after providing notice to the Supplier.

23.9 If the Contract is terminated in terms of clause 23.8, all obligations that were due and enforceable prior to the date of the termination, must be performed by the relevant Party.

26. Termination for insolvency

Delete clause 26.1 and replace with the following:

- 26.1 In the event of the Supplier becoming bankrupt or otherwise insolvent the Purchaser may elect to:
- 26.1.1 At any time, terminate the Contract by giving written notice to the Supplier; or
- 26.1.2 Accept a Supplier's proposal (via the liquidator) to render delivery utilising the appropriate contractual mechanisms or takes steps to ensure its rights are protected and any negative impact on service delivery is mitigated.
- 26.2 In the event of the Purchaser electing to cancel the Contract in accordance with clause 26.1.1 above, the Purchaser shall make payment of all verified and signed off invoices. In the event of there being any dispute in respect of any outstanding invoices such dispute shall be dealt with in accordance with the dispute resolution mechanism in the Contract.

27. Settlement of Disputes

Amend clause 27.1 as follows:

- 27.1 If any dispute or difference of any kind whatsoever, with the exception of termination in terms of clause 23 arises between the Purchaser and the Supplier in connection with or arising out of the Contract, the Parties shall make every effort to resolve such dispute or difference amicably, by mutual consultation.

Delete Clause 27.2 in its entirety and replace with the following:

- 27.2 Should the Parties fail to resolve any dispute by way of mutual consultation, either party shall be entitled to refer the matter for mediation before an independent and impartial person appointed by the City Manager in accordance with Regulation 50(1) of the Local Government: Municipal Finance Management Act, 56 of 2003 – Municipal Supply Chain Management Regulations (Notice 868 of 2005). Such referral shall be done by either party giving written notice to the other of its intention to commence with mediation. No mediation may be commenced unless such notice is given to the other party.

Irrespective whether the mediation resolves the dispute, the Parties shall bear their own costs concerning the mediation and share the costs of the mediator and related costs equally.

The mediator shall agree the procedures, representation and dates for the mediation process with the Parties. The mediator may meet the Parties together or individually to enable a settlement.

Where the Parties reach settlement of the dispute or any part thereof, the mediator shall record such agreement and on signing thereof by the Parties the agreement shall be final and binding.

Save for reference to any portion of any settlement or decision which has been agreed to be final and binding on the Parties, no reference shall be made by or on behalf of either party in any subsequent court proceedings, to any outcome of an amicable settlement by mutual consultation, or the fact that any particular evidence was given, or to any submission, statement or admission made in the course of amicable settlement by mutual consultation or mediation.

28. Limitation of Liability

Delete clause 28.1 (a) and (b) and replace with the following:

- (a) notwithstanding any provision to the contrary contained in this contract, neither the supplier nor any of its officers, directors, employees, agents contractors, consultants or other representatives shall be liable to the purchaser, whether in contract, tort, or otherwise, for any indirect, incidental, special or consequential loss or damage of any kind, including without limitation the loss of use, loss of production, or loss of profits or interest costs, loss of goodwill, lost or damaged data or software, costs of substitute products/services and/or loss of business or business opportunities (whether foreseeable or unforeseeable), provided that this exclusion shall not apply to any obligation of the supplier to pay penalties and/or damages to the purchaser;

- (b) the aggregate liability of the Supplier to the Purchaser, whether under the Contract, in tort or otherwise, shall not exceed the sums insured in terms of clause 11 in respect of insurable events, or where no such amounts are stated, to an amount equal to twice the Contract price, provided that this limitation shall not apply to the cost of repairing or replacing defective equipment.

Add the following after clause 28.1:

28.2 Without detracting from, and in addition to, any of the other indemnities in this Contract, the Supplier shall be solely liable for and hereby indemnifies and holds harmless the Purchaser against all claims, charges, damages, costs, actions, liability, demands and/or proceedings and expense in connection with:

- a) personal injury or loss of life to any individual;
- b) loss of or damage to property;

arising from, out of, or in connection with the performance by the Supplier in terms of this Contract, save to the extent caused by the gross negligence or wilful misconduct of the Purchaser.

28.3 The Supplier and/or its employees, agents, concessionaires, suppliers, sub-contractors or customers shall not have any claim of any nature against the purchaser for any loss, damage, injury or death which any of them may directly or indirectly suffer, whether or not such loss, damages, injury or death is caused through negligence of the Purchaser or its agents or employees.

28.4 Notwithstanding anything to the contrary contained in this Contract, under no circumstances whatsoever, including as a result of its negligent (including grossly negligent) acts or omissions or those of its servants, agents or contractors or other persons for whom in law it may be liable, shall any party or its servants (in whose favour this constitutes a *stipulatio alteri*) be liable for any indirect, extrinsic, special, penal, punitive, exemplary or consequential loss or damage of any kind whatsoever, whether or not the loss was actually foreseen or reasonably foreseeable), sustained by the other party, its directors and/or servants, including but not limited to any loss of profits, loss of operation time, corruption or loss of information and/or loss of contracts.

28.5 Each party agrees to waive all claims against the other insofar as the aggregate of compensation which might otherwise be payable exceeds the aforesaid maximum amounts payable.

31. Notices

Delete clauses 31.1 and 31.2 and replace with the following:

- 31.1 Any notice, request, consent, approvals or other communications made between the Parties pursuant to the Contract shall be in writing and forwarded to the addresses specified in the Contract and may be given as set out hereunder and shall be deemed to have been received when:
- a) hand delivered – on the day delivery of delivery or the next Working Day,
 - b) sent by registered mail – five (5) Working Days after mailing,
 - c) sent by email or telefax – one (1) Working Day after transmission.

32. Taxes and Duties

Delete the final sentence of 32.3 and replace with the following:

. In this regard, it is the responsibility of the Tenderer to submit evidence in the form of a valid Tax Compliance Status PIN issued by SARS to the CCT at the Supplier Management Unit located within the Supplier Management / Registration Office, 2nd Floor (Concourse Level), Civic Centre, 12 Hertzog Boulevard, Cape Town (Tel 021 400 9242/3/4/5), or included with this tender.

Add the following after clause 32.3:

32.4 The VAT registration number of the CCT is 4500193497.

ADDITIONAL CONDITIONS OF CONTRACT

Add the following Clause after Clause 34:

35. Reporting Obligations

35.1 The Supplier shall complete, sign and submit with each delivery note, all the documents as required in the Specifications including Monthly Project Labour Reports (Annexure B). Any failure in this regard may result in a delay in the processing of payments.

1. Definitions

1. The following terms shall be interpreted as indicated:

1.1 'Closing time' means the date and hour specified in the bidding documents for the receipt of bids.

1.2 'Contract' means the written agreement entered into between the purchaser and the supplier, as recorded in the contract form signed by the Parties, including all attachments and appendices thereto and all documents incorporated by reference therein.

1.3 'Contract price' means the price payable to the supplier under the contract for the full and proper performance of his or her contractual obligations.

1.4 'Corrupt practice' means the offering, giving, receiving, or soliciting of anything of value to influence the action of a public official in the procurement process or in contract execution.

1.5 'Countervailing duties' are imposed in cases in which an enterprise abroad is subsidised by its government and encouraged to market its products internationally.

- 1.6 'Country of origin' means the place where the goods were mined, grown or produced or from which the services are supplied. Goods are produced when, through manufacturing, processing or substantial and major assembly of components, a commercially recognised new product results that is substantially different in basic characteristics or in purpose or utility from its components.
- 1.7 'Day' means calendar day.
- 1.8 'Delivery' means delivery in compliance with the conditions of the contract or order.
- 1.9 'Delivery ex stock' means immediate delivery directly from stock actually on hand.
- 1.10 'Delivery into consignee's store or to his site' means delivered and unloaded in the specified store or depot or on the specified site in compliance with the conditions of the contract or order, the supplier bearing all risks and charges involved until the supplies are so delivered and a valid receipt is obtained.
- 1.11 'Dumping' occurs when a private enterprise abroad markets its goods on its own initiative in the RSA at lower prices than that of the country of origin, and which action has the potential to harm the local industries in the RSA.
- 1.12 'Force majeure' means an event beyond the control of the supplier, not involving the supplier's fault or negligence, and not foreseeable. Such events may include, but are not restricted to, acts of the purchaser in its sovereign capacity, wars or revolutions, fires, floods, epidemics, quarantine restrictions and freight embargoes.
- 1.13 'Fraudulent practice' means a misrepresentation of facts in order to influence a procurement process or the execution of a contract to the detriment of any bidder, and includes collusive practice among bidders (prior to or after bid submission) designed to establish bid prices at artificial, non-competitive levels and to deprive the bidder of the benefits of free and open competition.
- 1.14 'GCC' means the General Conditions of Contract.
- 1.15 'Goods' means all of the equipment, machinery, and/or other materials that the supplier is required to supply to the purchaser under the contract.
- 1.16 'Imported content' means that portion of the bidding price represented by the cost of components, parts or materials which have been or are still to be imported (whether by the supplier or his subcontractors) and which costs are inclusive of the costs abroad, plus freight and other direct importation costs such as landing costs, dock dues, import duty, sales duty or other similar tax or duty at the South African place of entry as well as transportation and handling charges to the factory in the Republic where the supplies covered by the bid will be manufactured.
- 1.17 'Local content' means that portion of the bidding price which is not included in the imported content, provided that local manufacture does take place.
- 1.18 'Manufacture' means the production of products in a factory using labour, materials, components and machinery, and includes other, related value-adding activities.
- 1.19 'Order' means an official written order issued for the supply of goods or works or the rendering of a service.
- 1.20 'Project site', where applicable, means the place indicated in bidding documents.
- 1.21 'Purchaser' means the organisation purchasing the goods.
- 1.22 'Republic' means the Republic of South Africa.
- 1.23 'SCC' means the Special Conditions of Contract.

1.24 'Services' means those functional services ancillary to the supply of the goods, such as transportation and any other incidental services, such as installation, commissioning, provision of technical assistance, training, catering, gardening, security, maintenance, and other such obligations of the supplier covered under the contract.

1.25 'Written' or 'in writing' means handwritten in ink or any form of electronic or mechanical writing.

2. Application

2.1 These general conditions are applicable to all bids, contracts and orders, including bids for functional and professional services, sales, hiring, letting and the granting or acquiring of rights, but excluding immovable property, unless otherwise indicated in the bidding documents.

2.2 Where applicable, special conditions of contract are also laid down to cover specific supplies, services or works.

2.3 Where such special conditions of contract are in conflict with these general conditions, the special conditions shall apply.

3. General

3.1 Unless otherwise indicated in the bidding documents, the purchaser shall not be liable for any expense incurred in the preparation and submission of a bid. Where applicable, a non-refundable fee for documents may be charged.

3.2 With certain exceptions, invitations to bid are only published in the Government Tender Bulletin. The Government Tender Bulletin may be obtained directly from the Government Printer, Private Bag X85, Pretoria 0001, or accessed electronically from www.treasury.gov.za.

4. Standards

4.1 The goods supplied shall conform to the standards mentioned in the bidding documents and specifications.

5. Use of contract documents and information; inspection.

5.1 The supplier shall not, without the purchaser's prior written consent, disclose the contract, or any provision thereof, or any specification, plan, drawing, pattern, sample, or information furnished by or on behalf of the purchaser in connection therewith, to any person other than a person employed by the supplier in the performance of the contract. Disclosure to any such employed person shall be made in confidence and shall extend only as far as may be necessary for the purposes of such performance.

5.2 The supplier shall not, without the purchaser's prior written consent, make use of any document or information mentioned in GCC clause 5.1, except for purposes of performing the contract.

5.3 Any document, other than the contract itself, mentioned in GCC clause 5.1 shall remain the property of the purchaser and shall be returned (all copies) to the purchaser on completion of the supplier's performance under the contract if so required by the purchaser.

5.4 The supplier shall permit the purchaser to inspect the supplier's records relating to the performance of the supplier and to have them audited by auditors appointed by the purchaser, if so required by the purchaser.

6. Patent rights

6.1 The supplier shall indemnify the purchaser against all third-party claims of infringement of patent, trademark, or industrial design rights arising from the use of the goods or any part thereof by the purchaser.

7. Performance Security

7.1 Within 30 (thirty) days of receipt of the notification of contract award, the successful bidder shall furnish to the purchaser the performance security of the amount specified in the SCC.

- 7.2 The proceeds of the performance security shall be payable to the purchaser as compensation for any loss resulting from the supplier's failure to complete his obligations under the contract.
- 1.3 The performance security shall be denominated in the currency of the contract or in a freely convertible currency acceptable to the purchaser, and shall be in one of the following forms:
- a) a bank guarantee or an irrevocable letter of credit issued by a reputable bank located in the purchaser's country or abroad, acceptable to the purchaser, in the form provided in the bidding documents or another form acceptable to the purchaser; or
 - b) A cashier's or certified cheque.
- 7.4 The performance security will be discharged by the purchaser and returned to the supplier not later than 30 (thirty) days following the date of completion of the supplier's performance obligations under the contract, including any warranty obligations, unless otherwise specified in the SCC.

8. Inspections, tests and analyses

- 8.1 All pre-bidding testing will be for the account of the bidder.
- 8.2 If it is a bid condition that supplies to be produced or services to be rendered should at any stage during production or execution or on completion be subject to inspection, the premises of the bidder or contractor shall be open, at all reasonable hours, for inspection by a representative of the Department or an organisation acting on behalf of the Department.
- 8.3 If there are no inspection requirements indicated in the bidding documents and no mention of such is made in the contract, but during the contract period it is decided that inspections shall be carried out, the purchaser shall itself make the necessary arrangements, including payment arrangements with the testing authority concerned.
- 8.4 If the inspections, tests and analyses referred to in clauses 8.2 and 8.3 show the supplies to be in accordance with the contract requirements, the cost of the inspections, tests and analyses shall be defrayed by the purchaser.
- 8.5 Where the supplies or services referred to in clauses 8.2 and 8.3 do not comply with the contract requirements, irrespective of whether such supplies or services are accepted or not, the cost in connection with these inspections, tests or analyses shall be defrayed by the supplier.
- 8.6 Supplies and services which are referred to in clauses 8.2 and 8.3 and which do not comply with the contract requirements may be rejected.
- 8.7 Any contract supplies may on or after delivery be inspected, tested or analysed and may be rejected if found not to comply with the requirements of the contract. Such rejected supplies shall be held at the cost and risk of the supplier, who shall, when called upon, remove them immediately at his own cost and forthwith substitute them with supplies which do comply with the requirements of the contract. Failing such removal, the rejected supplies shall be returned at the suppliers cost and risk. Should the supplier fail to provide the substitute supplies forthwith, the purchaser may, without giving the supplier further opportunity to substitute the rejected supplies, purchase such supplies as may be necessary at the expense of the supplier.
- 8.8 The provisions of clauses 8.4 to 8.7 shall not prejudice the right of the purchaser to cancel the contract on account of a breach of the conditions thereof, or to act in terms of Clause 23 of the GCC.

9. Packing

- 9.1 The supplier shall provide such packing of the goods as is required to prevent their damage or deterioration during transit to their final destination, as indicated in the contract. The packing shall be sufficient to withstand, without limitation, rough handling during transit and exposure to extreme temperatures, salt and precipitation during transit, and open storage. Packing, case size and weights shall take into consideration, where appropriate, the remoteness of the goods' final destination and the absence of heavy handling facilities at all points in transit.

9.2 The packing, marking, and documentation within and outside the packages shall comply strictly with such special requirements as shall be expressly provided for in the contract, including additional requirements, if any, specified in the SCC, and in any subsequent instructions ordered by the purchaser.

10. Delivery and documents

10.1 Delivery of the goods shall be made by the supplier in accordance with the terms specified in the contract. The details of shipping and/or other documents to be furnished by the supplier are specified in the SCC.

10.2 Documents to be submitted by the supplier are specified in the SCC.

11. Insurance

11.1 The goods supplied under the contract shall be fully insured, in a freely convertible currency, against loss or damage incidental to manufacture or acquisition, transportation, storage and delivery in the manner specified in the SCC.

12. Transportation

12.1 Should a price other than an all-inclusive delivered price be required, this shall be specified in the SCC.

13. Incidental Services

13.1 The supplier may be required to provide any or all of the following services, including additional services (if any) specified in the SCC:

- (a) performance or supervision of on-site assembly, and/or commissioning of the supplied goods;
- (b) furnishing of tools required for the assembly and/or maintenance of the supplied goods;
- (c) furnishing of a detailed operations and maintenance manual for each appropriate unit of the supplied goods;
- (d) performance or supervision or maintenance and/or repair of the supplied goods, for a period of time agreed by the Parties, provided that this service shall not relieve the supplier of any warranty obligations under this contract; and
- (e) training of the purchaser's personnel, at the supplier's plant and/or on-site, in assembly, start-up, operation, maintenance, and/or repair of the supplied goods.

13.2 Prices charged by the supplier for incidental services, if not included in the contract price for the goods, shall be agreed upon in advance by the Parties and shall not exceed the prevailing rates charged to other Parties by the supplier for similar services.

14. Spare parts

14.1 As specified in the SCC, the supplier may be required to provide any or all of the following materials, notifications, and information pertaining to spare parts manufactured or distributed by the supplier:

- (a) such spare parts as the purchaser may elect to purchase from the supplier, provided that this election shall not relieve the supplier of any warranty obligations under the contract; and
- (b) in the event of termination of production of the spare parts:
 - (i) Advance notification to the purchaser of the pending termination, in sufficient time to permit the purchaser to procure needed requirements; and
 - (ii) following such termination, furnishing at no cost to the purchaser, the blueprints, drawings, and specifications of the spare parts, if requested.

15. Warranty

15.1 The supplier warrants that the goods supplied under the contract are new, unused, of the most recent or current models, and that they incorporate all recent improvements in design and materials unless provided otherwise in the contract. The supplier further warrants that all goods supplied under this contract shall have no defect arising from design, materials, or workmanship (except when the design and/or material is required by the purchaser's specifications), or from any act or omission of the supplier, that may develop under normal use of the supplied goods in the conditions prevailing in the country of final destination.

15.2 This warranty shall remain valid for 12 (twelve) months after the goods, or any portion thereof, as the case may be, have been delivered to and accepted at the final destination indicated in the contract, or for 18 (eighteen) months after the date of shipment from the port or place of loading in the source country, whichever period concludes earlier, unless specified otherwise in the SCC.

15.3 The purchaser shall notify the supplier promptly, in writing, of any claims arising under this warranty.

15.4 Upon receipt of such notice, the supplier shall, within the period specified in the SCC and with all reasonable speed, repair or replace the defective goods or parts thereof, without costs to the purchaser.

15.5 If the supplier, having been notified, fails to remedy the defect(s) within the period specified in the SCC, the purchaser may proceed to take such remedial action as may be necessary, at the supplier's risk and expense and without prejudice to any other rights which the purchaser may have against the supplier under the contract.

16. Payment

16.1 The method and conditions of payment to be made to the supplier under this contract shall be specified in the SCC.

16.2 The supplier shall furnish the purchaser with an invoice accompanied by a copy of the delivery note and upon fulfilment of any other obligations stipulated in the contract.

16.3 Payments shall be made promptly by the purchaser, but in no case later than 30 (thirty) days after submission of an invoice or claim by the supplier.

16.4 Payment will be made in Rand unless otherwise stipulated in the SCC.

17. Prices

17.1 Prices charged by the supplier for goods delivered and services performed under the contract shall not vary from the prices tendered by the supplier in his bid, with the exception of any price adjustments authorized in the SCC or in the purchaser's request for bid validity extension, as the case may be.

18. Contract Amendments

18.1 No variation in or modification of the terms of the contract shall be made except by written amendment signed by the Parties concerned.

19. Assignment

19.1 The supplier shall not assign, in whole or in part, its obligations to perform under the contract, except with the purchaser's prior written consent.

20. Subcontracts

20.1 The supplier shall notify the purchaser in writing of all subcontracts awarded under this contract if not already specified in the bid. Such notification, in the original bid or later, shall not relieve the supplier from any liability or obligation under the contract.

21. Delays in the supplier's performance

21.1 Delivery of the goods and performance of services shall be made by the supplier in accordance with the time schedule prescribed by the purchaser in the contract.

21.2 If at any time during the performance of the contract, the supplier or its subcontractor(s) should encounter conditions impeding timely delivery of the goods and performance of services, the supplier shall promptly notify the purchaser in writing of the fact of the delay, its likely duration and its cause(s). As soon as practicable after receipt of the supplier's notice, the purchaser shall evaluate the situation and may at his or her discretion extend the supplier's time for performance, with or without the imposition of penalties, in which case the extension shall be ratified by the Parties by amendment of contract.

- 21.3 No provision in a contract shall be deemed to prohibit the obtaining of supplies or services from a national department, provincial department, or a local authority.
- 21.4 The right is reserved to procure, outside of the contract, small quantities of supplies; or to have minor essential services executed if an emergency arises, or the supplier's point of supply is not situated at or near the place where the supplies are required, or the supplier's services are not readily available.
- 21.5 Except as provided under GCC Clause 25, a delay by the supplier in the performance of its delivery obligations shall render the supplier liable to the imposition of penalties, pursuant to GCC Clause 22, unless an extension of time is agreed upon pursuant to GCC Clause 21.2 without the application of penalties.
- 21.6 Upon any delay beyond the delivery period in the case of a supplies contract, the purchaser shall, without cancelling the contract, be entitled to purchase supplies of a similar quality and up to the same quantity in substitution of the goods not supplied in conformity with the contract and to return any goods delivered later at the supplier's expense and risk, or to cancel the contract and buy such goods as may be required to complete the contract and, without prejudice to his other rights, be entitled to claim damages from the supplier.

22. Penalties

- 22.1 Subject to GCC Clause 25, if the supplier fails to deliver any or all of the goods or to perform the services within the period(s) specified in the contract, the purchaser shall, without prejudice to its other remedies under the contract, deduct from the contract price, as a penalty, a sum calculated on the delivered price of the delayed goods or unperformed services, using the current prime interest rate, calculated for each day of the delay until actual delivery or performance. The purchaser may also consider termination of the contract pursuant to GCC Clause 23.

23. Termination for default

- 23.1 The purchaser, without prejudice to any other remedy for breach of contract, by written notice of default sent to the supplier, may terminate this contract in whole or in part:
- (a) if the supplier fails to deliver any or all of the goods within the period(s) specified in the contract, or within any extension thereof granted by the purchaser pursuant to GCC Clause 21.2;
 - (b) if the supplier fails to perform any other obligation(s) under the contract; or
 - (c) if the supplier, in the judgment of the purchaser, has engaged in corrupt or fraudulent practices in competing for or in executing the contract.
- 23.2 In the event the purchaser terminates the contract in whole or in part, the purchaser may procure, upon such terms and in such manner as it deems appropriate, goods, works or services similar to those undelivered, and the supplier shall be liable to the purchaser for any excess costs for such similar goods, works or services. However, the supplier shall continue performance of the contract to the extent not terminated.
- 23.3 Where the purchaser terminates the contract in whole or in part, the purchaser may decide to impose a restriction penalty on the supplier by prohibiting such supplier from doing business with the public sector for a period not exceeding 10 years.
- 23.4 If a purchaser intends imposing a restriction on a supplier or any person associated with the supplier, the supplier will be allowed a time period of not more than 14 (fourteen) days to provide reasons why the envisaged restriction should not be imposed. Should the supplier fail to respond within the stipulated 14 (fourteen) days the purchaser may regard the intended penalty as not objected against and may impose it on the supplier.
- 23.5 Any restriction imposed on any person by the Accounting Officer/Authority will, at the discretion of the Accounting Officer/Authority, also be applicable to any other enterprise or any partner, manager, director or other person who wholly or partly exercises or exercised or may exercise control over the enterprise of the first-mentioned person, and with which enterprise or person the first-mentioned person is or was, in the opinion of the Accounting Officer/Authority, actively associated.

- 23.6 If a restriction is imposed, the purchaser must, within 5 (five) working days of such imposition, furnish the National Treasury with the following information:
- (i) the name and address of the supplier and/or person restricted by the purchaser;
 - (ii) the date of commencement of the restriction;
 - (iii) the period of restriction; and
 - (iv) the reasons for the restriction.

These details will be loaded in the National Treasury's central database of suppliers or persons prohibited from doing business with the public sector.

- 23.7 If a court of law convicts a person of an offence as contemplated in sections 12 or 13 of the Prevention and Combating of Corrupt Activities Act, Act 12 of 2004, the court may also rule that such person's name be endorsed on the Register for Tender Defaulters. When a person's name has been endorsed on the Register, the person will be prohibited from doing business with the public sector for a period of not less than five years and not more than 10 years. The National Treasury is empowered to determine the period of restriction, and each case will be dealt with on its own merits. According to section 32 of the Act the Register must be open to the public. The Register can be perused on the National Treasury website.

24. Anti-dumping and countervailing duties and rights

- 24.1 When, after the date of bid, provisional payments are required, or anti-dumping or countervailing duties are imposed, or the amount of a provisional payment or anti-dumping or countervailing right is increased in respect of any dumped or subsidised import, the State is not liable for any amount so required or imposed, or for the amount of any such increase. When, after the said date, such a provisional payment is no longer required or any such anti-dumping or countervailing right is abolished, or where the amount of such provisional payment or any such right is reduced, any such favourable difference shall, on demand, be paid forthwith by the contractor to the State, or the State may deduct such amounts from moneys (if any) which may otherwise be due to the contractor in regard to supplies or services which he or she delivered or rendered, or is to deliver or render in terms of the contract or any other contract or any other amount which may be due to him or her.

25. Force majeure

- 25.1 Notwithstanding the provisions of GCC Clauses 22 and 23, the supplier shall not be liable for forfeiture of its performance security, damages, or termination for default if, and to the extent that, his delay in performance or other failure to perform his obligations under the contract is the result of an event of force majeure.
- 25.2 If a force majeure situation arises, the supplier shall notify the purchaser promptly, in writing, of such condition and the cause thereof. Unless otherwise directed by the purchaser in writing, the supplier shall continue to perform its obligations under the contract as far as is reasonably practical, and shall seek all reasonable alternative means for performance not prevented by the force majeure event.

26. Termination for insolvency

- 26.1 The purchaser may at any time terminate the contract by giving written notice to the supplier if the supplier becomes bankrupt or otherwise insolvent. In this event, termination will be without compensation to the supplier, provided that such termination will not prejudice or affect any right of action or remedy which has accrued or will accrue thereafter to the purchaser.

27. Settlement of Disputes

- 27.1 If any dispute or difference of any kind whatsoever arises between the purchaser and the supplier in connection with or arising out of the contract, the Parties shall make every effort to resolve such dispute or difference amicably, by mutual consultation.
- 27.2 If, after 30 (thirty) days, the Parties have failed to resolve their dispute or difference by such mutual consultation, then either the purchaser or the supplier may give notice to the other party of his intention to commence with mediation. No mediation in respect of this matter may be commenced unless such notice is given to the other party.
- 27.3 Should it not be possible to settle a dispute by means of mediation, it may be settled in a South African court of law.

27.4 Mediation proceedings shall be conducted in accordance with the rules of procedure specified in the SCC.

27.5 Notwithstanding any reference to mediation and/or court proceedings herein,

- (a) the Parties shall continue to perform their respective obligations under the contract unless they otherwise agree; and
- (b) the purchaser shall pay the supplier any monies due to the supplier.

28. Limitation of Liability

28.1 Except in cases of criminal negligence or wilful misconduct, and in the case of infringement pursuant to Clause 6:

- (a) the supplier shall not be liable to the purchaser, whether in contract, tort, or otherwise, for any indirect or consequential loss or damage, loss of use, loss of production, or loss of profits or interest costs, provided that this exclusion shall not apply to any obligation of the supplier to pay penalties and/or damages to the purchaser; and
- (b) the aggregate liability of the supplier to the purchaser, whether under the contract, in tort or otherwise, shall not exceed the total contract price, provided that this limitation shall not apply to the cost of repairing or replacing defective equipment.

29. Governing language

29.1 The contract shall be written in English. All correspondence and other documents pertaining to the contract that is exchanged by the Parties shall also be written in English.

30. Applicable Law

30.1 The contract shall be interpreted in accordance with South African laws, unless otherwise specified in the SCC.

31. Notices

31.1 Every written acceptance of a bid shall be posted to the supplier concerned by registered or certified mail, and any other notice to him shall be posted by ordinary mail, to the address furnished in his bid or to the address notified later by him in writing; and such posting shall be deemed to be proper service of such notice.

31.2 The time mentioned in the contract documents for performing any act after such aforesaid notice has been given, shall be reckoned from the date of posting of such notice.

32. Taxes and Duties

32.1 A foreign supplier shall be entirely responsible for all taxes, stamp duties, licence fees, and other such levies imposed outside the purchaser's country.

32.2 A local supplier shall be entirely responsible for all taxes, duties, licence fees, etc., incurred until delivery of the contracted goods to the purchaser.

32.3 No contract shall be concluded with any bidder whose tax matters are not in order. Prior to the award of a bid the Department must be in possession of a tax clearance certificate submitted by the bidder. This certificate must be an original issued by the South African Revenue Services.

33. National Industrial Participation (NIP) Programme

33.1 The NIP Programme administered by the Department of Trade and Industry shall be applicable to all contracts that are subject to the NIP obligation.

34 Prohibition of Restrictive practices

34.1 In terms of section 4 (1) (b) (iii) of the Competition Act, Act 89 of 1998, as amended, an agreement between or concerted practice by firms, or a decision by an association of firms, is prohibited if it is between Parties in a horizontal relationship and if a bidder(s) is/are or a contractor(s) was/were involved in collusive bidding (or bid rigging).

- 34.2 If a bidder(s) or contractor(s), based on reasonable grounds or evidence obtained by the purchaser, has/have engaged in the restrictive practice referred to above, the purchaser may refer the matter to the Competition Commission for investigation and possible imposition of administrative penalties as contemplated in the Competition Act, Act 89 of 1998.
- 34.3 If a bidder(s) or contractor(s) has/have been found guilty by the Competition Commission of the restrictive practice referred to above, the purchaser may, in addition and without prejudice to any other remedy provided for, invalidate the bid(s) for such item(s) offered, and/or terminate the contract in whole or part, and/or restrict the bidder(s) or contractor(s) from conducting business with the public sector for a period not exceeding 10 (ten) years and/or claim damages from the bidder(s) or contractor(s) concerned.

C.8 ANNEXURES

Annexure A – Pro Forma Insurance Broker’s Warranty

Letterhead of supplier’s Insurance Broker

Date _____

CCT
City Manager
Civic Centre
12 Hertzog Boulevard
Cape Town
8000

Dear Sir

TENDER NO.: 111111114G/2026/27

TENDER DESCRIPTION:

NAME OF SUPPLIER: _____

I, the undersigned, do hereby confirm and warrant that all the insurances required in terms of the abovementioned contract have been issued and/or in the case of blanket/umbrella policies, have been endorsed to reflect the interests of the CCT with regard to the abovementioned contract, and that all the insurances and endorsements, etc., are all in accordance with the requirements of the contract.

I furthermore confirm that all premiums in the above regard have been paid.

Yours faithfully

Signed: _____

For: _____ (Supplier’s Insurance Broker)

Annexure B – Monthly Project Labour Report

ANNEX 1

CITY OF CAPE TOWN MONTHLY PROJECT LABOUR REPORT

Instructions for completing and submitting forms

General

- 1 The Monthly Project Labour Reports must be completed in full, using typed, proper case characters; alternatively, should a computer not be available, handwritten in black ink.
- 2 Incomplete / incorrect / illegible forms will not be accepted.
- 3 Any conditions relating to targeted labour stipulated in the Contract (in the case of contracted out services or works) shall apply to the completion and submission of these forms.
- 4 This document is available in Microsoft Excel format upon request from the City's EPWP office, tel 021 400 9406, email EPWPLR@capetown.gov.za.

Project Details

- 5 If a field is not applicable insert the letters: NA
- 6 Only the Project Number supplied by the Corporate EPWP Office must be inserted. The Project Number can be obtained from the Coordinator or Project Manager or from the e-mail address in point 4 above.
- 7 On completion of the contract or works project the anticipated end date must be updated to reflect the actual end date.

Beneficiary Details and Work Information

- 8 Care must be taken to ensure that beneficiary details correspond accurately with the beneficiary's ID document.

- 9 A new beneficiary is one in respect of which a new employment contract is signed in the current month. A certified ID copy must accompany this labour report on submission.
- 10 Was the beneficiary sourced from the City's job seeker database?
- 11 The contract end date as stated in the beneficiary's employment contract.
- 12 Where a beneficiary has not worked in a particular month, the beneficiary's name shall not be reflected on this form at all for the month in question.
- 13 Training will be recorded separately from normal working days and together shall not exceed the maximum of 23 days per month
- 14 Workers earning more than the maximum daily rate (currently R450 excluding any benefits) shall not be reflected on this form at all.

Submission of Forms

- 15 Signed hardcopy forms must be scanned and submitted to the City's project manager in electronic (.pdf) format, together with the completed form in Microsoft Excel format.
- 16 Scanned copies of all applicable supporting documentation must be submitted along with each monthly project labour report. Copies of employment contracts and ID documents are only required in respect of new beneficiaries.
- 17 If a computer is not available hardcopy forms and supporting documentation will be accepted.

Annexure F - Tender Returnable Documents

Schedule F.1: Contract Price Adjustment

1. TENDER CONDITIONS

- 1.1 The Contract Price Adjustment (CPA) mechanism and/or provisions relating to Rate of Exchange (RoE) Variation, contained in this schedule is compulsory and binding on all Tenderers/Suppliers and this schedule (the parts relevant to the particular tender) must be completed by all Tenderers / Suppliers.
- 1.2 Tenderers/Suppliers are not permitted to amend, vary, alter or delete this schedule or any part thereof unless otherwise stated in this schedule.
- 1.3 Tenderers are not permitted to offer fixed and firm prices except as provided for in the Price Schedule.

2. CPA PROVISIONS SELECTION

- 2.1 The prices stipulated on the Price Schedule are subject to adjustment as set out below.
- 2.2 Tenderer to indicate the specific CPA and/or RoE provisions applicable to their bid by marking the relevant checkboxes below. Tenderers to note that the CPA and/or RoE provisions are not exclusive and multiple CPA Types can exist if the bid contains both local and foreign exchange based pricing. In such cases the CPA and/or ROE provision applies only to that particular portion of the tendered price.
- 2.3 The CPA and/or RoE provisions applicable to this tender and resulting contract are to be indicated below by checking the relevant boxes (with multiple selections only where indicated permissible):

	<u>Indicate option</u>	<u>CPA Type</u>	<u>Period</u>	<u>Refer to Section</u>

2.4 CPA and/or RoE provisions marked as **not applicable** is not relevant and will not apply to this tender and resulting contract.

3. CONTRACT CPA APPLICATIONS AND ADMINISTRATION

3.1 Any claim for variation in the contract price (either CPA or RoE adjustments) must be submitted in writing:

- i. By letter to: Director (**INSERT Directorate Director/Contract Owner**), City of Cape Town, P O Box 655, Cape Town, 8000 or
- ii. By email to: **[INSERT Contract Manager's e-mail address]**

at least 14 days prior to the month upon which the adjustment would become effective in the case of prices being set in advance, and as soon as relevant indices are available and no later than 60 days after the date of delivery of goods or the completion of the project (i.e. date of issue of the Taking-Over Certificate, if applicable) in the case of adjustments being claimed retrospectively for Goods or Services. The latter case is only applicable where specifically provided for in the CPA provisions.

- 3.2 When submitting a request for CPA and/or RoE adjustment the Supplier shall indicate the Rand Value claimed for each item listed on C.4 - Price Schedule, clearly indicating the item number as per C.4 - Price Schedule. Percentage increases will not be considered. A mere notification of a request for CPA without stating the new price claimed for each item shall, for the purpose of this clause, not be regarded as a valid request.
- 3.3 The CCT reserves the right to request the Supplier to submit auditor's certificates or such other documentary proof as it may require in order to verify a claim for CPA or RoE adjustments. Price adjustments will not be processed until such time as the Supplier submits such auditor's certificates or other documentary proof to the CCT. Should the Supplier fail to submit the auditor's certificates or other documentary proof to the CCT within 30 days from the written request, it shall be presumed that the Supplier has abandoned his request.
- 3.4 The CCT reserves the right to withhold payment of any claim for adjustment while only provisional figures are available and until such time as the final (revised) figures are issued by the relevant authority.
- 3.5 The CCT will confirm in writing once processing of the CPA or RoE adjustments have been completed including the effective date of the adjustments.
- 3.6 Where pricelist-based and other non-index based CPA requests are investigated and found to be not reasonable and market related, the CCT reserves the right to reject such requests. Where disputes arise with respect to such rejected requests the CCT reserves the right to procure the Goods from other available Suppliers until such time as the dispute is resolved.
- 3.7 Unless indicated otherwise in the relevant schedule below, all Purchase Orders issued on or after the effective date of the adjustment shall be issued at, and the Goods or Services supplied, invoiced and paid for at the adjusted prices. The relevant adjustment will not be applied to Purchase Orders issued prior to the effective date.

F.1 (A) – FIRM PRICES

NOT APPLICABLE

F.1 (B) LOCAL SOUTH AFRICAN CONTENT – SEIFSA INDICES

1. Tenderers/Suppliers that are manufacturers of the tendered goods and that indicate CPA provision above based on SEIFSA Indices shall comply with the conditions specified below and shall complete Table F.1 (B).1: SEIFSA Base Material and Labour Prices in full.
2. Material, labour and / or road freight price variation shall be calculated based upon the SEIFSA base material, labour and / or road freight prices / indices and the price proportions indicated by the Tenderer/Supplier for the Goods tendered, as detailed in Table F.1 (B).1: SEIFSA Base Material and Labour Prices.
3. For items that are also subject to RoE and / or Overseas Pricelist / Quotation based CPA, the SEIFSA index based CPA **shall apply only to the South African Content portion**.
4. A minimum of 10% of the **South African Content portion** of the tender price shall be fixed and free of variation for the duration of the contract.
5. The contract price per item shall be adjusted **monthly** in advance of placement of orders, and the adjusted contract price shall be applicable for purchase orders placed during the following full calendar month.
6. Fluctuations in the prices of raw materials, labour and road freight will be acceptable for the item price in C.4 Price Schedule, CPA calculations.
7. The base month for CPA calculations shall be the calendar month prior to the month of the closing date for tenders, and SEIFSA indices published in this month shall be used.
8. Adjusted contract prices per item shall be calculated based upon the SEIFSA indices published in the calendar month of application for the amended item contract prices.
9. Material and labour price variation shall be calculated based upon the SEIFSA base material and labour indices and the stipulated price proportions as detailed in Table F.1 (B).1.
10. The process to be followed by Tenderers/Suppliers for claims for CPA in terms of SEIFSA shall be as follows:
 - a) The Tenderers/Suppliers shall approach the CCT in writing during the week following the third Friday of each month with an application for the adjustment of the contract prices in C.4 Price Schedule and the amended prices to be applicable to the contract during the following calendar month.
 - b) The application shall be based upon the SEIFSA indices published during the calendar month of application (those published on the Monday following the third Friday of the month and detailing the latest available indices) and shall detail the proposed adjusted unit prices for the Items and include detailed calculations indicating how the adjusted unit prices per item have been established.
 - c) Calculations of the CPA shall use the original tendered unit rates, the base indices, the indices published in the calendar month of application and the SEIFSA formula and shall contain no other factors or adjustments.
 - d) The CCT will check and approve the proposed unit prices for the following month prior to the last day of the month of application. The CCT will notify the Tenderers/Suppliers in writing of approval of the proposed prices.
 - e) All purchase orders for the contracted Items issued during a month shall be issued, invoiced and paid at the contract unit prices approved for that month and no further SEIFSA based contract price adjustment claims will be considered, irrespective of the actual month of delivery and whether or not deliveries were subject to any manufacturing or delivery delays.
 - f) The required delivery dates for orders placed by the Employer for the contracted Items will be determined based upon the date of issue of the purchase order and the contract delivery period. Delays in the delivery of the Items for orders placed by the CCT shall not entitle the Tenderers /Suppliers to any amendment of the approved contract price adjustment applicable to that order.
 - g) Failure by the Tenderers/Suppliers to submit claims for CPA within the timeframes detailed above will result in the unit rates for the items concerned being determined by the CCT in accordance with the published SEIFSA indices. The CCT however reserves the right in such a case not to amend the unit

rates for the item if it is not to the CCT's advantage.

- h) The successful Tenderers/Suppliers shall immediately upon notification of commencement date of contract (or date of issue of first PO) submit written application for approval of adjustment to the contract prices in C.4 Price Schedule that shall be applicable during the first calendar month of the contract. This application will be assessed in accordance with the process laid out above in order to determine approved contract prices for the first calendar month of the contract.
- i) Failure to submit such application within two working weeks of commencement of contract shall result in the tendered unit prices in C.4 Price Schedule being applied for orders placed during the first calendar month of the contract.
- j) Application for CPA thereafter shall follow the process detailed above.

TABLE F.1 (B).1: SEIFSA BASE MATERIAL AND LABOUR PRICES

Where Tender prices are subject to adjustment the prices quoted shall be subject to price variation based upon the SEIFSA base prices or indices for materials and labour detailed below.

For the purposes of this tender the **base month** shall be **INSERT BASE MONTH AND YEAR**

ITEM	DESCRIPTION	SEIFSA Table No:	Base Month Price / Index:
ALUMINIUM	99,7 EC GRADE ROD	R	
ALUMINIUM ALLOY	"SIMAG" REDRAW ROD	N	
COPPER ROD	7,90 mm	N

Schedule F.2: Certificate of Authority for Partnerships/ Joint Ventures/ Consortia

This schedule is to be completed if the tender is submitted by a partnership/joint venture/ consortium.

1. We, the undersigned, are submitting this tender offer as a partnership/ joint venture/ consortium and hereby authorize Mr/Ms _____, of the authorised entity _____, acting in the capacity of Lead Partner, to sign all documents in connection with the tender offer and any contract resulting from it on the partnership/joint venture/ consortium's behalf.

2. By signing this schedule the partners to the partnership/joint venture/ consortium:
 - 2.1 warrant that the tender submitted is in accordance with the main business and objectives of the partnership/joint venture/ consortium;
 - 2.2 agree that the CCT shall make all payments in terms of this Contract into the following bank account of the Lead Partner:
 Account Holder: _____
 Financial Institution: _____
 Branch Code: _____
 Account No.: _____
 - 2.3 agree that in the event that there is a change in the partnership/ joint venture/ consortium and/or should a dispute arise between the partnership/joint venture/ consortium partners, that the CCT shall continue to make any/all payments due and payable in terms of the Contract into the aforesaid bank account until such time as the CCT is presented with a Court Order or an original agreement (signed by each and every partner of the partnership/joint venture/ consortium) notifying the CCT of the details of the new bank account into which it is required to make payment.
 - 2.4 agree that they shall be jointly and severally liable to the CCT for the due and proper fulfilment by the successful tenderer/supplier of its obligations in terms of the Contract as well as any damages suffered by the CCT as a result of breach by the successful tenderer/supplier. The partnership/joint venture/ consortium partners hereby renounce the benefits of excussion and division.

		Signature..... Name..... Designation.....
		Signature..... Name..... Designation.....

Note: A copy of the Joint Venture Agreement shall be appended to *List of Other Documents Attached by Tenderer Schedule*.

Schedule F.3: Declaration for Procurement above R10 million

If the value of the transaction is expected to exceed R10 million (VAT included) the tenderer shall complete the following questionnaire, attach the necessary documents and sign this schedule:

1. Are you by law required to prepare annual financial statements for auditing? **(Please mark with X)**

YES		NO	
-----	--	----	--

If YES, submit audited annual financial statements:

- (i) For the past three years, or
(ii) Since the date of establishment of the tenderer (if established during the past three years)

By attaching such audited financial statements to **List of Other Documents Attached by Tenderer Schedule**.

2. Do you have any outstanding undisputed commitments for municipal services towards the CCT or other municipality in respect of which payment is overdue for more than 30 (thirty) days? **(Please mark with X)**

YES		NO	
-----	--	----	--

- 2.1 If NO, this serves to certify that the tenderer has no undisputed commitments for municipal services towards any municipality for more than three (3) (three) months in respect of which payment is overdue for more than 30 (thirty) days.

- 2.2 If YES, provide particulars:

3. Has any contract been awarded to you by an organ of state during the past five (5) years? **(Please mark with X)**

YES		NO	
-----	--	----	--

If YES, insert particulars in the table below including particulars of any material non-compliance or dispute concerning the execution of such contract. Alternatively attach the particulars to **List of Other Documents Attached by Tenderer** schedule in the same format as the table below:

Organ of State	Contract Description	Contract Period	Non-compliance/dispute (if any)

4. Will any portion of the goods or services be sourced from outside the Republic, and if so, what portion and whether any portion of payment from the CCT is expected to be transferred out of the Republic? **(Please mark with X)**

YES		NO	
-----	--	----	--

If YES, furnish particulars below

The tenderer hereby certifies that the information set out in this schedule and/or attached hereto is true and correct, and acknowledges that failure to properly and truthfully complete this schedule may result in steps being taken against the tenderer, the tender being disqualified, and/or (in the event that the tenderer is successful) the cancellation of the contract, restriction of the tenderer or the exercise by the CCT of any other remedies available to it.

Schedule F.4: Preference Points Claim Form In Terms Of the Preferential Procurement Regulations 2022

1. GENERAL CONDITIONS

- 1.1 The following preference point systems are applicable to invitations to tender:
- the 80/20 system for requirements with a Rand value of up to R50 000 000 (all applicable taxes included); and
 - the 90/10 system for requirements with a Rand value above R50 000 000 (all applicable taxes included).

1.2 To be completed by the organ of state

The applicable preference point system for this tender is the 90/10 preference point system.

- 1.3 Points for this tender (even in the case of a tender for income-generating contracts) shall be awarded for:
- (a) Price; and
 - (b) Specific Goals.

1.4 To be completed by the organ of state:

The maximum points for this tender are allocated as follows:

	POINTS
PRICE	90
SPECIFIC GOALS	10
Total points for Price and SPECIFIC GOALS	100

- 1.5 Failure on the part of a tenderer to submit proof or documentation required in terms of this tender to claim points for specific goals with the tender, will be interpreted to mean that preference points for specific goals are not claimed.
- 1.6 The organ of state reserves the right to require of a tenderer, either before a tender is adjudicated or at any time subsequently, to substantiate any claim in regard to preferences, in any manner required by the organ of state.

2. DEFINITIONS

The following definitions shall apply to this schedule:

- (a) "tender" means a written offer in the form determined by an organ of state in response to an invitation to provide goods or services through price quotations, competitive tendering process or any other method envisaged in legislation;
- (b) "price" means an amount of money tendered for goods or services, and includes all applicable taxes less all unconditional discounts;
- (c) "rand value" means the total estimated value of a contract in Rand, calculated at the time of bid invitation, and includes all applicable taxes;
- (d) "tender for income-generating contracts" means a written offer in the form determined by an organ of state in response to an invitation for the origination of income-generating contracts through any method envisaged in legislation that will result in a legal agreement between the organ of state and a third party that produces revenue for the organ of state, and includes, but is not limited to, leasing and disposal of assets and concession contracts, excluding direct sales and disposal of assets through public auctions; and
- (e) "The Act" means the Preferential Procurement Policy Framework Act, 2000 (Act No. 5 of 2000).

3. FORMULAE FOR PROCUREMENT OF GOODS AND SERVICES**POINTS AWARDED FOR PRICE****THE 80/20 OR 90/10 PREFERENCE POINT SYSTEMS**

A maximum of 80 or 90 points is allocated for price on the following basis:

80/20 or 90/10

Or

Where

Ps = Points scored for price of tender under consideration

Pt = Price of tender under consideration

Pmin = Price of lowest acceptable tender

4. FORMULAE FOR DISPOSAL OR LEASING OF STATE ASSETS AND INCOME GENERATING PROCUREMENT**POINTS AWARDED FOR PRICE**

A maximum of 80 or 90 points is allocated for price on the following basis:

80/20 or 90/10

Or

Where:

Ps = Points scored for price of tender under consideration

Pt = Price of tender under consideration

Pmax = Price of highest acceptable tender

5. POINTS AWARDED FOR SPECIFIC GOALS

5.1 In terms of Regulation 4(2); 5(2); 6(2) and 7(2) of the Preferential Procurement Regulations, preference points must be awarded for specific goals stated in the tender. For the purposes of this tender the tenderer will be allocated points based on the goals stated in table 1 below as may be supported by proof/documentation stated in the conditions of this tender:

5.2 In cases where organs of state intend to use Regulation 3(2) of the Regulations, which states that, if it is unclear whether the 80/20 or 90/10 preference point system applies, an organ of state must, in the tender documents, stipulate in the case of—

- (a) an invitation for tender for income-generating contracts, that either the 80/20 or 90/10 preference point system will apply and that the highest acceptable tender will be used to determine the applicable preference point system; or
- (b) any other invitation for tender, that either the 80/20 or 90/10 preference point system will apply and that the lowest acceptable tender will be used to determine the applicable preference point system,

then the organ of state must indicate the points allocated for specific goals for both the 90/10 and 80/20 preference point system.

Table 1: Specific Goals (SG) – Points Allocated and Claimed

Tenderers must indicate the preference points claimed for each specific goal applicable to them, for the purposes of this tender.

(Note to organs of state: Where either the 90/10 or 80/20 preference point system is applicable, corresponding points must also be indicated as such.)

The specific goals allocated points in terms of this tender	To be Completed by the Organ of State		To be Completed by the Tenderer	
	Number of points Allocated (90/10 system)		Number of points claimed (90/10 system)	
Promotion of Micro and Small Enterprises	4			
Enterprise Supplier Development and Socio-Economic Development	3			
Skills Development <u>OR</u> Employee Share Scheme	3			

DECLARATION WITH REGARD TO COMPANY/FIRM

5.3 Name of company/firm.....

5.4 Company registration number:

5.5 TYPE OF COMPANY/ FIRM

- Partnership/Joint Venture / Consortium
- One-person business/sole propriety
- Close corporation
- Public Company
- Personal Liability Company
- (Pty) Limited
- Non-Profit Company
- State Owned Company

[Tick applicable box]

5.6 I, the undersigned, who is duly authorised to do so on behalf of the company/firm, certify that the points claimed, based on the specific goals as advised in the tender, qualifies the company/ firm for the preference(s) shown and I acknowledge that:

- i) The information furnished is true and correct;
- ii) The preference points claimed are in accordance with the General Conditions as indicated in paragraph 1 of this form;
- iii) In the event of a contract being awarded as a result of points claimed as shown in paragraphs 4.1 and 4.2, the Supplier may be required to furnish documentary proof to the satisfaction of the organ of state that the claims are correct;
- iv) If the specific goals have been claimed or obtained on a fraudulent basis or any of the conditions of contract have not been fulfilled, the organ of state may, in addition to any other remedy it may have –
 - (a) disqualify the person from the tendering process;
 - (b) recover costs, losses or damages it has incurred or suffered as a result of that person's conduct;
 - (c) cancel the contract and claim any damages which it has suffered as a result of having to make less favourable arrangements due to such cancellation;
 - (d) recommend that the tenderer or Supplier, its shareholders and directors, or only the shareholders and directors who acted on a fraudulent basis, be restricted from obtaining business from any organ of state for a period not exceeding 10 years, after the audi alteram partem (hear the other side) rule has been applied; and
 - (e) forward the matter for criminal prosecution, if deemed necessary.

Table 2: Specific Goals – Declaration by the Tenderer

Tenderers must complete this table to declare the amounts and percentages applicable to the specific goals they are claiming.

NB: In completing Table 2 below, please consult **Notes for Verification** below

The specific goals allocated points in terms of this tender	To be Completed by the Tenderer	
	Refer to “Notes for verification”	Amount Declared (excluding VAT)
<u>SG1</u> Promotion of Micro and Small Enterprises	(i) Total Turnover	
<u>SG2</u> Enterprise Supplier Development and Socio Economic Development	(ii) Total Enterprise Supplier Development Expenditure	
	(iii) Total Socio Economic Development Expenditure	
	(iv) Total Expenditure	
<u>SG3.1</u> Skills Development	(v) Total Skills Development Expenditure	
	(vi) Total Profit	
OR <u>SG3.2</u> Employee Share Scheme	(vii) Employee Share Scheme Ownership %	

Tenderer Confirmation:

I confirm that the amounts declared in Table 2 above are accurate and in accordance with the *‘The Broad-Based Black Economic Empowerment (B-BBEE) Act 53 of 2003, as amended.* .

Signature of Tenderer (Authorised to represent the tenderer)	Date	Name and Surname	Address

Notes for Verification:

All amounts disclosed should be as per the most recent Annual Financial Statements (not older than 12 months) and defined as per the B-BBEE Act

- SG1 – Specific Goal 1
Promotion of Micro and Small Enterprises
 (i) Total Turnover
 Micro enterprises with a turnover of up to R20million and Small enterprises with a turnover up to R80 million, as per National Small Enterprise Act, 1996 (Act No.102 of 1996)

- SG2 – Specific Goal 2
Enterprise Supplier Development and Socio-Economic Development
 (ii) Total Enterprise Supplier Development Expenditure
 Qualifying expenditure as defined in the B-BBEE Act: Statement 400 “THE GENERAL PRINCIPLES FOR MEASURING ENTERPRISE AND SUPPLIER DEVELOPMENT”

 (iii) Total Enterprise Socio Economic Development Expenditure
 Qualifying expenditure as defined in the B-BBEE Act: Statement 500 “THE GENERAL PRINCIPLES FOR MEASURING THE SOCIO - ECONOMIC DEVELOPMENT ELEMENT”

 (iv) Total Expenditure
 Total Expenditure as per the most recent Annual Financial Statements (not older than 12 months)

- SG3.1 – Specific Goal 3
Skills Development
 (v) Total Skills Development Expenditure
 Qualifying expenditure as defined in the B-BBEE Act: Statement 300 “THE GENERAL PRINCIPLES FOR MEASURING SKILLS DEVELOPMENT”

 (vi) Total Profit
 Total Profit as per the most recent Annual Financial Statements (not older than 12 months)

- SG3.2 – Specific Goal 3
Employee Share Scheme
 (vii) Employee Share Scheme Ownership %
 Total employee ownership as per employee share certificate at the date of tender closing.

The below table (Table 3) must be completed by a B-BBEE Verification Agency (*Note 1) **OR** Commissioner of Oaths
 (Refer to *Note 3.2 for the detailed declaration):

Table 3:

Signature and Stamp	Date	Name and Surname	Address

***Note 1**

1.1 Tendering entity that undergoes B-BBEE verification

- Where a tendering entity undergoes B-BBEE verification, a B-BBEE certificate valid as at the date of tender closing, must be attached to the bid submission or must be made available upon request within the specified period.
- All amounts disclosed in Table 2, should be amounts used in the B-BBEE verification process undergone by the tendering entity
- The B-BBEE verification agency must complete Table 3 above, to confirm the following amounts disclosed by the bidder in Table 2:
 - (ii) Total Enterprise Supplier Development Expenditure;
 - (iii) Total Socio Economic Development Expenditure;
 - (v) Total Skills Development Expenditure
- Where the tendering entity is a Joint Venture/ Consortium, the amounts in Table 2 must be consolidated, with an accompanying consolidated B-BBEE certificate valid as at the date of tender closing must be attached to the bid submission or must be made available upon request within the specified period.

1.2 If the tendering entity does not undergo B-BBEE verification and qualifies as a B-BBEE Qualifying Small Enterprise (QSE) and Exempted Micro-Enterprises (EME)

- Table 3 must be completed by a Commissioner of Oaths to confirm the following amounts disclosed by the bidder in Table 2:
 - (ii) Total Enterprise Supplier Development Expenditure;
 - (iii) Total Socio Economic Development Expenditure;
 - (v) Total Skills Development Expenditure

***Note 2**

2.1 The tendering entity must attach with the bid submission or must be made available upon request within the specified period; the most recent (where applicable) audited financial statements to enable validation of the following amounts disclosed by the bidder in Table 2:

- (i) Total Turnover
- (iv) Total Expenditure
- (vi) Total Profit

2.2 Companies who are required to be audited by legislation, must submit audited financial statements, not older than 12 months with the bid submission or must be made available upon request within the specified period.

***Note 3**

Sworn affidavit to be deposed by the Commissioner of Oaths to the QSE or EME.

I, the undersigned,

Full Name and Surname <i>(Authorised to represent the tenderer)</i>	
Identity Number	

Hereby declare under oath as follows

3.1 The contents of this statement are to the best of my knowledge a true reflection of facts.

(f) Financial year end as per the enterprise's registration documents, which was used to determine the total revenue (financial year end to be stipulated by day/ month/ year).

(g) Date deponent signed and date of Commissioner of Oath must be the same.

(The sworn affidavit must be signed in the presence of the Commissioner of Oath. Furthermore the Commissioner must also sign ad stamp).

(h) Commissioner of Oath cannot be an employee or ex officio of the enterprise because, a person cannot by law, commission a sworn affidavit in which they have an interest.

If the relevant documentation/ information as stipulated in the enquiry is not submitted and/or does not meet the above requirements; tenderers will be disqualified.

Schedule F.5: Declaration of Interest – State Employees (MBD 4 amended)
--

1. No bid will be accepted from:
 - 1.1 persons in the service of the state¹, or
 - 1.2 if the person is not a natural person, of which any director, manager or principal shareholder or stakeholder is in the service of the state, or
 - 1.3 from persons, or entities of which any director, manager or principal shareholder or stakeholder, has been in the service of the City of Cape Town (CCT) during the previous twelve (12) months, or
 - 1.4 from an entity who has employed a former CCT employee who was at a level of T14 or higher at the time of leaving the CCT's employ and involved in any of the CCT's bid committees for the bid submitted, if:
 - 1.4.1 the CCT employee left the CCT's employment voluntarily, during the previous twelve (12) months;
 - 1.5 a person who was a CCT employee, or an entity that employs a CCT employee, if
 - 1.5.1 the CCT employee left the CCT's employment whilst under investigation for alleged misconduct, or
 - 1.5.2 was facing disciplinary action or potential disciplinary action by the CCT, or
 - 1.5.3 was involved in a dispute against the CCT during the previous thirty six (36) months.

2. Any person, having a kinship with persons in the service of the state, including a blood relationship, may make an offer or offers in terms of this invitation to bid. In view of possible allegations of favouritism, should the resulting bid, or part thereof, be awarded to persons connected with or related to persons in service of the state, it is required that the tenderer or their authorised representative declare their position in relation to the evaluating/adjudicating authority.

3. In order to give effect to the above, the following questionnaire must be completed and submitted with the bid.
 - 3.1 Full Name of tenderer or his or her representative: _____
 - 3.2 Identity Number: _____
 - 3.3 Position occupied in the Company (director, trustee, shareholder²): _____
 - 3.4 Company or Close Corporation Registration Number: _____
 - 3.5 Tax Reference Number: _____
 - 3.6 VAT Registration Number: _____
 - 3.7 The names of all directors / trustees / shareholders members, their individual identity numbers and state employee numbers must be indicated in paragraph 4 below.
 - 3.8 Are you presently in the service of the state? **YES / NO**
 - 3.8.1 If yes, furnish particulars: _____
 - 3.9 Have you been in the service of the state for the past twelve months? **YES / NO**
 - 3.9.1 If yes, furnish particulars: _____
 - 3.10 Do you have any relationship (family, friend, other) with persons in the service of the state and who may be involved with the evaluation and or adjudication of this bid? **YES / NO**
 - 3.10.1 If yes, furnish particulars: _____
 - 3.11 Are you, aware of any relationship (family, friend, other) between any other tenderer and any persons in the service of the state who may be involved with the evaluation and or adjudication of this bid? **YES / NO**
 - 3.11.1 If yes, furnish particulars: _____
 - 3.12 Are any of the company's directors, trustees, managers, principle shareholders or stakeholders in service of the state? **YES / NO**
 - 3.12.1 If yes, furnish particulars: _____

- 3.13 Are any spouse, child or parent of the company’s directors, trustees, managers, principle shareholders or stakeholders in service of the state? **YES / NO**
 3.13.1 If yes, furnish particulars: _____
- 3.14 Do you or any of the directors, trustees, managers, principle shareholders, or stakeholders of this company have any interest in any other related companies or business whether or not they are bidding for this contract? **YES / NO**

Schedule F.7: Declaration of Tenderer's Past Supply Chain Management Practices (MBD 8)

Where the entity tendering is a partnership/joint venture/consortium, each party to the partnership/joint venture/consortium must sign a declaration in terms of the Municipal Finance Management Act, Act 56 Of 2003, and attach it to this schedule.

- 1 The tender offer of any tenderer may be rejected if that tenderer or any of its directors/members have:**
- a) abused the municipality's / municipal entity's supply chain management system or committed any fraudulent conduct in relation to such system;
 - b) been convicted for fraud or corruption during the past five years;
 - c) willfully neglected, reneged on or failed to comply with any government, municipal or other public sector contract during the past five years; or
 - d) been listed in the Register for Tender Defaulters in terms of section 29 of the Prevention and Combating of Corrupt Activities Act (No 12 of 2004) or Database of Restricted Suppliers.
- 2 In order to give effect to the above, the following questionnaire must be completed and submitted with the bid.**

Item	Question	Yes	No
2.1	<p>Is the tenderer or any of its directors/members listed on the National Treasury's Database of Restricted Suppliers as companies or persons prohibited from doing business with the public sector?</p> <p>(Companies or persons who are listed on this Database were informed in writing of this restriction by the Accounting Officer/Authority of the institution that imposed the restriction after the <i>audi alteram partem</i> rule was applied).</p> <p>The Database of Restricted Suppliers now resides on the National Treasury's website (www.treasury.gov.za) and can be accessed by clicking on its link at the bottom of the home page.</p>	Yes <input type="checkbox"/>	No <input type="checkbox"/>
2.1.1	If so, furnish particulars:		
2.2	<p>Is the tenderer or any of its directors/members listed on the Register for Tender Defaulters in terms of section 29 of the Prevention and Combating of Corrupt Activities Act (No 12 of 2004) or Database of Restricted Suppliers?</p> <p>The Register for Tender Defaulters can be accessed on the National Treasury's website (www.treasury.gov.za) by clicking on its link at the bottom of the home page.</p>	Yes <input type="checkbox"/>	No <input type="checkbox"/>
2.2.1	If so, furnish particulars:		
2.3	<p>Was the tenderer or any of its directors/members convicted by a court of law (including a court of law outside the Republic of South Africa) for fraud or corruption during the past five years?</p>	Yes <input type="checkbox"/>	No <input type="checkbox"/>
2.3.1	If so, furnish particulars:		
Item	Question	Yes	No

2.4	Does the tenderer or any of its directors owe any municipal rates and taxes or municipal charges to the municipality / municipal entity, or to any other municipality / municipal entity, that is in arrears for more than three months?	Yes <input type="checkbox"/>	No <input type="checkbox"/>
2.4.1	If so, furnish particulars:		
2.5	Was any contract between the tenderer and the municipality / municipal entity or any other organ of state terminated during the past five years on account of failure to perform on or comply with the contract?	Yes <input type="checkbox"/>	No <input type="checkbox"/>
2.5.1	If so, furnish particulars:		

The tenderer hereby certifies that the information set out in this schedule and/or attached hereto is true and correct, and acknowledges that failure to properly and truthfully complete this schedule may result in steps being taken against the tenderer, the tender being disqualified, and/or (in the event that the tenderer is successful) the cancellation of the contract,, restriction of the tenderer or the exercise by the CCT of any other remedies available to it.

Schedule F.8: Authorisation for the Deduction of Outstanding Amounts Owed to the CCT

To: THE CITY MANAGER, City of Cape Town

From: _____
(Name of tenderer)

RE: AUTHORISATION FOR THE DEDUCTION OF OUTSTANDING AMOUNTS OWED TO THE CCT

The tenderer:

- a) hereby acknowledges that according to SCM Regulation 38(1)(d)(i) the City Manager may reject the tender of the tenderer if any municipal rates and taxes or municipal service charges owed by the tenderer (or any of its directors/members/partners) to the CCT, or to any other municipality or municipal entity, are in arrears for more than 3 (three) months; and
- b) therefore hereby agrees and authorises the CCT to deduct the full amount outstanding by the Tenderer or any of its directors/members/partners from any payment due to the tenderer; and
- c) confirms the information as set out in the tables below for the purpose of giving effect to b) above;

Physical Business address(es) of the tenderer	Municipal Account number(s)	Inside the CCT municipal boundary (Yes/No)

If there is not enough space for all the names, please attach the information to **List of other documents attached by tenderer** schedule in the same format:

Name of Director / Member / Partner	Identity Number	Physical residential address of Director / Member / Partner	Municipal Account number(s)	Inside the CCT municipal boundary (Yes/No)

The tenderer hereby certifies that the information set out in this schedule and/or attached hereto is true and correct, and acknowledges that failure to properly and truthfully complete this schedule may result in steps being taken against the tenderer, the tender being disqualified, and/or (in the event that the tenderer is successful) the cancellation of the contract, restriction of the tenderer or the exercise by the CCT of any other remedies available to it.

Schedule F.9: Certificate of Independent Tender Determination

I, the undersigned, in submitting this tender number [DP6169]/2023/24 and tender description: [THE SUPPLY, INSTALLATION, REPAIRS AND MAINTENANCE OF STEEL PLAY PARK EQUIPMENT FOR COMMUNITY SERVICES AND HEALTH DIRECTORATE] in response to the tender invitation made by THE CCT, do hereby make the following statements, which I certify to be true and complete in every respect:

I certify, on behalf of: _____ (Name of tenderer) that:

1. I have read and I understand the contents of this Certificate;
2. I understand that this tender will be disqualified if this Certificate is found not to be true and complete in every respect;
3. I am authorised by the tenderer to sign this Certificate, and to submit this tender, on behalf of the tenderer;
4. Each person whose signature appears on this tender has been authorised by the tenderer to determine the terms of, and to sign, the tender on behalf of the tenderer;
5. For the purposes of this Certificate and this tender, I understand that the word 'competitor' shall include any individual or organisation other than the tenderer, whether or not affiliated with the tenderer, who:
 - (a) has been requested to submit a tender in response to this tender invitation;
 - (b) could potentially submit a tender in response to this tender invitation, based on their qualifications, abilities or experience; and
 - (c) provides the same goods and services as the tenderer and/or is in the same line of business as the tenderer.
6. The tenderer has arrived at this tender independently from and without consultation, communication, agreement or arrangement with any competitor. However, communication between partners in a joint venture or consortium¹ will not be construed as collusive price quoting.
7. In particular, without limiting the generality of paragraphs 5 and 6 above, there has been no consultation, communication, agreement or arrangement with any competitor regarding:
 - (a) prices;
 - (b) geographical area where product or service will be rendered (market allocation);
 - (c) methods, factors or formulas used to calculate prices;
 - (d) the intention or decision to submit or not to submit a tender;
 - (e) the submission of a tender which does not meet the specifications and conditions of the tender; or
 - (f) tendering with the intention not to win the contract.
8. In addition, there have been no consultations, communications, agreements or arrangements with any competitor regarding the quality, quantity, specifications and conditions or delivery particulars of the products or services to which this tender invitation relates.
9. The terms of this tender have not been and will not be disclosed by the tenderer, directly or indirectly, to any competitor, prior to the date and time of the official tender opening or of the awarding of the contract.
10. I am aware that, in addition and without prejudice to any other remedy provided to combat any restrictive practices related to tenders and contracts, tenders that are suspicious will be reported to the Competition Commission for investigation and possible imposition of administrative penalties in terms of section 59 of the Competition Act, Act 89 of 1998, and/o/r may be reported to the National Prosecuting Authority (NPA) for criminal investigation, and/or may be restricted from conducting business with the public sector for a period not exceeding 10 (ten) years in terms of the Prevention and Combating of Corrupt Activities Act, Act 12 of 2004, or any other applicable legislation.

ANNEXURE 1: Quality Control Procedure

QUALITY CONTROL PROCEDURE		CITY OF CAPE TOWN ISIXEKO SASAKAPA STAD KAAPSTAD	
WORKSHOP FABRICATION INSPECTIONS			
QCP 1	01/02/2022	RECREATION AND PARKS	Version: 1 Page 168 of 1
COMPILED BY: C3PM, ESU		APPROVED BY:	

WORKSHOP FABRICATION INSPECTION

INSPECTION CHECKS	YES	NO
Workshop has a copy of the Works Project details and all drawings		
All steel work appears to be supplied as per specifications		
Service provider confirms all dimensions have been checked		
Steel cutting was done cleanly and steelwork properly prepared before welding		
Surface preparation was carried out correctly before any welding		
Tack welding was done on the structure to ensure alignment		
Welding appears good quality and free of pin holes, weld splatter and flux		
Grinding of welds has taken place to improve finish without compromising weld		
For galvanising, sufficient size hole in the top so no air can get trapped - if in doubt make more holes (imagine how it will be hung and dipped)		
For galvanising, sufficient size hole at the bottom to allow the zinc to flow		
There are no stickers, sticker glue, oil, koki, paint and boiler maker yellow chalk?		
There are no sealed air pockets/buff welded corners		
Any white chalk or Tippex?		
Fabrication is in order and ready to proceed to coating
