MEMO

Good day,

TENDER CLARIFICATION MEETING ADDENDA.

INVITATION TO TENDER No. E3112GXMPKUS

Replacement of CEMS at Kusile Power Station for 15 Months

Reference is made to enquiry number **E3112GXMPKUS** [Replacement of CEMS at Kusile Power Station for 15 Months]

On 07 July 2026, a compulsory clarification meeting was scheduled for CEMS Replacement at Kusile Power Station, and contractors attended. However, on the morning of the same day Kusile Power Station the turbine tripped due to ACCCT level above max 4, and boiler tripped due to low FWT level less than min 3 and to bring it back required all disciplines of Engineering to come together. All Engineers (Electrical, C&I and Mechanical) and Management were at the control room for the day in attempt to resolve the issue. That interruption affected the scheduled clarification meeting as the lead/ owners of the scope were not present to clarify some parts of the scope with the contractors. QS, and Quality Rep had sent apologies to join the meeting late but were unable to attend. SDL&I Rep is not based on site and was at another BU on the day.

It was then decided by the CFT that another clarification meeting should be scheduled via Microsoft Teams, and it will be established from that meeting if site visit to the plant will still be necessary and arrangements be made. The new date for clarification Meeting will be 16 July 2026 at 10:00 via Microsoft Teams on the link below:

<https://teams.microsoft.com/meet/35198287803451?p=3zO4FuUNbWj8my8JYy>

**The tender closing is extended to 24
July 2026 at 10:00**
